

Tips for using a wireless lavalier microphone in a classroom

1. Make sure the microphone pack is powered on.
2. Make sure the receiver in rack is powered on.
3. Make sure the volume in rack is turned up.
4. Make sure the microphone pack isn't muted.
5. Check battery meter on microphone pack.
6. Check to see that microphone pack and receiver are set to the same channel and frequency.
7. Make sure the antenna on the microphone pack is uncovered.
