**Student Borrowers**

Undergraduate and Graduate students must maintain at least half-time enrollment in order to retain eligibility for all federal loans. Graduate students who are enrolled in less than six credits and have been approved by their advisor for full or part-time equivalency are eligible for federal loans.

☐ If credit denied, please see the information below for your options.

PARENT PLUS LOANS – EXISTING BORROWERS

☐ The student will accept the desired loan(s) on NYU Albert (Accept/Decline Financial Aid link) and assign each loan to a parent borrower by selecting the existing borrower from the drop down box.

☐ If credit approved, within approximately two business days of the student accepting the loan(s), a PLUS Confirmation email (subject line “NYU PLUS Loan Confirmation Instructions”) will be sent to the designated parent. Complete the PLUS Confirmation email from NYU by clicking the link in the email and following the instructions.

☐ If credit denied, please see the information below for your options.

GRADUATE OR PARENT PLUS LOAN CREDIT DENIALS

The NYU Office of Financial Aid is not provided with the specific reason for the denial. If your PLUS Loan is credit denied there are three options:

1. Appeal the credit decision with the lender, Direct Loans, by documenting extenuating circumstances at https://studentloans.gov.

3. For parents who have been denied, the student may request additional Unsubsidized Loan in the student’s name from the NYU Office of Financial Aid. The additional loan will be $4,000-$5,000 depending on the student’s grade level. If at a later time during the academic year a parent becomes eligible or is approved with an endorser for a Parent PLUS loan, the additional Unsubsidized Stafford Loan will be cancelled.

4. Pursue a private educational loan in the student’s name.

Graduate Students or Parents who are originally credit denied for a PLUS Loan, but have obtained approval by appeal or endorser are required to:

☐ Complete an online PLUS Credit Counseling session. The federal Department of Education will contact the borrower in these cases and direct them to https://studentloans.gov to complete PLUS Credit Counseling. Your PLUS Loan cannot disburse to your Bursar bill until you have completed the PLUS Credit Counseling.

☐ Complete a new PLUS Loan Loan Agreement (Master Promissory Note). Any PLUS Loan that has been approved with an endorser must have its own PLUS Loan Agreement (Master Promissory Note). Direct Loans will not disburse your loan funds without this.
