GHP (Formerly Thames Printing Company)

GHP is a commercial sheet fed printing company operating for over seventy-five years in Southern Connecticut. The company employs 140 people and operates out of a sixty thousand (60,000) square foot facility with an off-site warehouse.

GHP is a G-7 Certified Master Printer servicing colleges and universities, corporations, businesses, museums, and non-profits. GHP partners with clients to devise the precise blend of technologies to deliver maximum impact and response from every project. The company specializes in printing six color plus AQ, five color, four color, one and two color as well as smaller format digital printing, foil stamping, embossing and engraving. Full service finishing operations include die-cutting, saddle binding, mailing/fulfillment and hand assembly.

GHP has an extensive prepress operation providing digital photography, file transfer, image editing, color correcting, flatbed and drum scanning, automated workflow, database publishing service, typography and cross media [QR quick response]. The GHP staff brings many years of experience to help clients plan, design and produce high quality, cost effective printed materials using environmentally friendly inks, paper and energy.
