Instructions for Completing Form ACC1000
FY18 Year-End Close

Invoices for goods received or services performed during FY18 may be submitted for payment to Accounts Payable / nyu.invoices@nyu.edu (AP) through 12:00pm on Friday, September 7, 2018 for the expense to be automatically charged to the department’s 2018 budget.

All invoices mailed directly to AP with a service date prior to September 1st will automatically be charged to the department’s FY18 budget.

If you do not want an invoice or a request for payment charged to FY18, indicate at the top of the form that the charge should be made to FY19.

For goods received or services performed during FY18 for which no invoice has been received, please complete Form ACC1000 and submit the form to AP no later than 12:00pm on Thursday, September 20, 2018.

** In lieu of submitting multiple ACC1000 forms, please utilize this excel spreadsheet and email along with supporting documentation, if available, to AskFinanceLink@nyu.edu. If the invoice is in a foreign currency, you must supply the US dollar amount, the foreign amount and the currency type. Please ensure that you copy the designated approver for your department on the email as AP will use this as the approval to process the spreadsheet.

The Subject Line on the email MUST state “2018 Accruals”

Timely receipt by AP of this form will ensure that this purchase is accrued as of August 31st and charged to the department’s 2018 budget. The accrual will be automatically reversed in FY19 to ensure that payments processed against this accrual will have a $0 impact on the department’s FY19 budget.

Do not use Form ACC1000 wherever purchasing guidelines apply.

If the department receives an invoice after it has submitted Form ACC1000 to AP, the department should immediately forward the invoice to AP along with a copy of the previously submitted form.

All information must be received in AP by 12:00pm on Thursday, September 20, 2018.
