

# STUDY ABROAD WITH NYU

## Choose from 10 exciting global locations

- |                         |                        |
|-------------------------|------------------------|
| Accra, Ghana            | Prague, Czech Republic |
| Buenos Aires, Argentina | Shanghai, China        |
| Florence, Italy         | Sydney, Australia      |
| Madrid, Spain           | Tel Aviv, Israel       |
| Paris, France           | Washington, DC, US     |

## UNPARALLELED ACADEMICS

- ▶ Curricula include subjects not typically offered abroad—business, chemistry, biology, math, physics, prehealth, and more.
- ▶ Gain experience with a for-credit academic internship.
- ▶ Professors are top scholars, writers, professionals, and artists from the host countries.
- ▶ Credits on a traditional 4.0 scale appear on an NYU transcript for easy transfer to your home institution.

## STUDENT LIFE

- ▶ Participate in noncredit internships, volunteer opportunities, language exchanges, regional travel, and student clubs.
- ▶ Full-time staff provide support, organize events and activities, and assist students with any issues they may encounter while away.
- ▶ Dedicated facilities include classrooms, computer labs, and guaranteed housing (accommodations may include homestays, apartments, or residence halls).

## ELIGIBILITY

- ▶ No previous language study is required. Enroll in beginner-level language courses and navigate your new city with confidence.
- ▶ Join students from NYU and other US colleges who are all eager to explore a new culture.
- ▶ You may also be eligible to transfer financial aid from your school.

# BENEFIT FROM STUDYING WITHIN NYU'S GLOBAL NETWORK

## ACADEMICS

Students can select courses from a full array of disciplines taught by an exemplary faculty made up of local scholars, artists, and professionals. Classes are held on-site at NYU's own central locations. While most courses are taught in English, students may also select from courses offered in the host country's language. In some locations, affiliations with local universities allow students to enroll in one or two courses at the local university for NYU credit. The academic calendar at all locations closely aligns with the US university system. Learning outside the classroom is encouraged by interaction with the host culture through internships, community service, excursions, and cultural activities.

## FACILITIES

NYU's global locations boast newly renovated buildings usually within the city center. In addition to classrooms, offices, and computing facilities, these locations are equipped with all the amenities necessary for students to keep up with their studies, from listening and viewing stations to reading rooms, rehearsal spaces, art studios, and darkrooms. Housing is guaranteed but varies by location. Options include apartments, residence halls, or homestays, often in the most popular areas of each city.

## STUDENT EXPERIENCE

NYU is dedicated to the well-being of its students inside and outside the classroom. In addition to highly qualified academic support staff and noted faculty, full-time student life staff manage the safety and welfare of students at all locations. Knowledgeable staff are quick to respond to any emergency that may arise at any time and can direct students to local resources. In addition, the staff plan social events, trips, and activities for students to enjoy in their time outside of class.

## CULTURAL ENGAGEMENT

Internship and volunteer opportunities allow students to learn the language and local culture while gaining hands-on experience in various capacities. Other engagement opportunities include lectures, extracurricular activities with local students, and trips to neighboring cities and landmarks.

## ADMISSIONS

The admissions process ensures that all students studying with NYU are capable of performing to high academic standards. NYU's global locations draw an exceptional group of students from leading institutions throughout the United States. All students complete an online application, which includes a personal statement. Non-NYU students submit additional materials to support their online application, including an official college transcript and a letter of recommendation. Non-NYU students should research to confirm when the programs they are most interested in will be available.

## FINANCIAL AID

Visiting students may be able to transfer their financial aid from their home institution through a consortium agreement with NYU or receive institutional discounts.
