NYU in Manhattan
Council District 1

Pre-K through 12 Outreach and Tutoring
Primarily geared toward New York City’s under-served students and schools, NYU programs support the educational experience of Pre-K through 12 students across the city. University students and faculty participate in a range of programs including tutoring, student teaching, teacher technical assistance, college preview programs and more.

District 1 Impact:

- 55,200 hours of tutoring by 300 NYU undergraduate and graduate students in public schools and early childhood centers.
- 168 Hours of Campus tours conducted for students from 8 NYC public schools.
- Student teaching assistance to 15 schools.
- 7,140 hours worth of NYU classes taken by NYC public high school students.

Student Volunteers
NYU students spend thousands of hours volunteering across the City, in an effort to improve their world and their communities. Outreach efforts are focused at New York City’s smaller non-profit organizations where helping hands contribute the most. These programs encourage effective citizenship, develop student leaders and create a sense of community for the students and the people they work with.

District 1 Impact:

- 3,000 hours performed by 32 NYU students in government agencies.
- 76 student volunteer projects within a broad range of organizations.
- 23,000 service hours with 700 NYU Civic Team volunteers providing ongoing support to 30 non-profit organizations.

Health and Wellness
From mobile vans that can travel to serve high need areas around the City and State, to direct outreach provided by social workers, educational experts, nurses, dentists and doctors in training, NYU’s training practitioners and faculty provide extensive assistance to some of New York’s neediest communities of all ages.

District 1 Impact:

- Oral Health Dental screenings to 3 organizations including the Confucius Plaza NORC’s (Naturally Occuring Retirement Communities).

Non-Profit, School, and Small Business Assistance
By providing real-world opportunities and pre-professional experiences for students, NYU’s coordinated efforts also offer much needed support to local non-profits, schools and small businesses. Projects and services range from direct counseling support, art, drama, and music education, to operational assessments and studies, to management and governing assistance.

District 1 Impact:

- 14 year-long student team consultant projects serving non-profits.
- Social work field placements at 80 social service agencies.
- Assistance to 108 organizations by students of the College of Arts and Science.
- 9 Law Clinics serving the public interest.
- Assistance to 18 organizations through volunteer projects through the School of Continuing and Professional Studies.
- Assistance to 25 organizations through art, music, and occupational therapy student placements.

Direct Support
In addition to the “in-kind” support that the University coordinates and supplies through its student, faculty and administrative efforts, direct financial contributions are also made to demonstrated needy organizations throughout the City. Through individual school and division efforts as well as the annually coordinated fundraising drive, hundreds of thousands of dollars are provided in direct support to various non-profit and community organizations.

District 1 Impact:

- $52,800 of grant awards to 44 non-profit organizations through annual employee-based campaign.
- $18,000 of NYU sponsorships and direct support to local nonprofit organizations.
- $28,000 donated through the United Way of New York City by full-time employees.
