Pre-K through 12 Outreach and Tutoring
Primarily geared toward New York City’s under-served students and schools, NYU programs support the educational experience of Pre-K through 12 students across the city. University students and faculty participate in a range of programs including tutoring, student teaching, teacher technical assistance, college preview programs and more.

**District 10 Impact:**
- 7,140 hours worth of NYU classes taken by NYC public high school students.

Health and Wellness
From mobile vans that can travel to serve high need areas around the City and State, to direct outreach provided by social workers, educational experts, nurses, dentists and doctors in training, NYU’s training practitioners and faculty provide extensive assistance to some of New York’s neediest communities of all ages.

**District 10 Impact:**
- One student/faculty volunteer outreach project.

Direct Support
In addition to the “in-kind” support that the University coordinates and supplies through its student, faculty and administrative efforts, direct financial contributions are also made to demonstrated needy organizations throughout the City. Through individual school and division efforts as well as the annually coordinated fundraising drive, hundreds of thousands of dollars are provided in direct support to various non-profit and community organizations.

**District 10 Impact:**
- $138,000 of NYU sponsorships and direct support to local nonprofit organizations.
- $28,000 donated through the United Way of New York City by full-time employees.

Non-Profit, School, and Small Business Assistance
By providing real-world opportunities and pre-professional experiences for students, NYU’s coordinated efforts also offer much needed support to local non-profits, schools and small businesses. Projects and services range from direct counseling support, to operational assessments and studies, to management and governing assistance.

**District 10 Impact:**
- Social work assistance to 6 organizations.
- Assistance to 2 organizations by students of the College of Arts and Science.
- Assistance to 5 organizations through art, drama, music, occupational and counseling therapy student placements.
- 1 Law clinic serves the public interest.
