The LGBTQ Student Center works to record and report instances of conflict related to sexual orientation and gender identity and expression on New York University campuses, as well as all our global site and study abroad programs. The Center staff works with other University departments to facilitate fast and effective responses to such incidents.

We ensure that all students have equitable access to available campus services. The Student Center is especially committed to advising and counseling transgender, gender nonconforming and gender-questioning students, faculty and staff in how to navigate the University.

The LGBTQ Student Center is a place where students can meet, discuss, learn and voice the LGBTQ issues they encounter on a daily basis. We exist to create campus environments that are inclusive and supportive of student diversity in the areas of sexual orientation and gender identity and expression.

- The David Bohnett Cyber Center features four desktop computers, free printing and a scanner.
- The LGBTQ Lounge serves as a second home for our students with comfy chairs, coffee and a big TV.
- Our lending library offers an extensive collection of books, magazines and DVDs.
- OUTPost is our electronic newsletter that compiles events and announcements from the NYU, New York City and national LGBTQ communities.

Advocacy

Anti-Harassment Policy

New York University is committed to maintaining a learning and working environment that is free of bias, prejudice, and harassment—an environment that supports, nurtures, and rewards career and educational advancement on the basis of ability and performance.

Harassment based upon race, gender and/or gender identity or expression, color, creed, religion, age, national origin, ethnicity, disability, veteran or military status, sex, sexual orientation, marital status, citizenship status, or any other legally protected basis is prohibited by law and undermines the character and purpose of the University. Such harassment is illegal, against University policy, and will not be tolerated.
