New Member Education Program Template

Fraternity/Sorority (e.g., Alpha Beta Gamma): Kappa Sigma Fraternity
Chapter (e.g., Alpha Rho Chapter): Gamma-Zeta Chapter
Semester: Spring 2018
Beginning and End Date: February 23, 2018 – April 20, 2018

Summary: Our primary objective for new member education program is to acclimate our new members to the fraternity and our values: fellowship, leadership, scholarship, and service. Additionally, it is our expectation that our new members strive to be a leader on campus and in their organizations, an upstanding citizen, and a helper to those in need. By the end of the program, our new members will be expected to have a thorough understanding of the necessity to achieve academic excellence, give to the community, and support members of the fraternity, the school, and the community. Our program is carefully crafted to ensure our members learn the values of both the fraternity and NYU Greek Life each week and must display their understanding and embodiment of these values throughout the weeks in various activities, whether within the class, fraternity, or NYU community.

NME Session #1
Introduction
Please provide a paragraph description of the session the learning outcomes or what new members will learn in bullet points below:
Outcomes:
