SERVICES

Medical Services .............................................(212) 443-1000
nyu.edu/health | health.center@nyu.edu

Students have access to Primary Care and Women’s Health services at both the Washington Square and Brooklyn locations. Appointments can be scheduled at whichever location is most convenient. All students are assigned a Primary Care Provider (PCP) and Medical Home team for continuity during their time at NYU. Students can visit with their PCP or other members of their Medical Home team to manage all healthcare needs (including vaccines and preventive care), coordinate with home providers, and receive referrals as needed. Urgent Care services are available on the 3rd floor of 726 Broadway for an additional fee. In-house specialty services include dermatology, pulmonology, gastroenterology, orthopedics, sports medicine, physical therapy, neurology, endocrinology, allergy/immunology, and travel medicine. Additional medical services include confidential HIV testing, nutrition, physical therapy, optometry, and care management.

Counseling and Wellness Services ......................(212) 998-4780
nyu.edu/counseling

Counseling and Wellness Services (CWS) provides consultations, short-term psychotherapy, long-term psychiatric services, group therapy, toolkits and outreach services. Though we do not provide long-term psychotherapeutic services, our counselors can provide referrals for long-term care and help students utilize a variety of options in the community. CWS also provides walk-in counseling as well as emergency response for NYU students.

Wellness Exchange.............................................(212) 443-9999
nyu.edu/wellness | wellness.exchange@nyu.edu

The award-winning Wellness Exchange is your key to accessing NYU’s extensive health and mental health resources. A central feature common to all these services is a private, 24/7 hotline that puts students in touch with professionals who can help them address day-to-day challenges as well as other health-related concerns including medical issues, academic stress, depression, sexual assault, anxiety, alcohol and other drug dependence, sexually transmitted infections, and eating disorders. The Wellness Exchange is also available for students who just need to talk — for whatever reason. You can access the Wellness Exchange anytime at (212) 443-9999.

Health Promotion.............................................(212) 443-1234
nyu.edu/health/promotion | health.promotion@nyu.edu

Health Promotion supports the health and wellbeing of NYU students, whether they come to the Student Health Center or not. Staff members plan and implement initiatives on a variety of topics including stress, alcohol and other drugs, mental and sexual health, healthy eating, sexual assault prevention, and bystander intervention. The department works directly with students to promote healthy behaviors, encourage healthy living, and create a healthier campus environment at NYU.

Moses Center for Students with Disabilities.........(212) 998-4980
nyu.edu/csd | moses.csd@nyu.edu

NYU is committed to providing equal educational opportunity and participation for students with disabilities. The Moses Center works with qualified students to obtain appropriate accommodations and services, and strives to empower each student to become as independent as possible. Reasonable accommodations include, but are not limited to, testing accommodations, supplemental note-taking services, use of a computer for exams, classroom materials in alternate formats, communication accommodations, and housing accommodations.

Important Dates

2017-2018

AT NYU...

We look forward to welcoming you to campus!

We are thrilled to welcome you and your family into the NYU community!

As you embark on this exciting chapter filled with new opportunities for personal, social, and academic advancement, I want you to know that we are here to support you and make your transition to our campus as positive, healthy, and successful as possible. We are dedicated to addressing your physical, mental, social, and emotional needs and promoting your academic success—which is inextricably linked to health and wellbeing.

We look forward to helping you maintain an optimal level of health and wellness during your time here: we are here to help you feel your best so you can do your best! In the meantime, I am pleased to introduce you to our award-winning health programs and services. Our services and resources are designed and delivered with our students’ unique needs in mind. Student-centeredness is at the core of NYU’s philosophy, and dictates our approach to addressing and enhancing the health and wellbeing of all NYU students.

I also want to make you aware of the health requirements you must complete, and the initial actions you can take to support your health and wellbeing.

We look forward to welcoming you to campus!

Best Wishes,

Carlo Ciotoli, M.D., MPA
Associate Vice President, Student Health
Executive Director of the Student Health Center
New York University
NYU’s Student Health Center (SHC) is a campus resource and service center for all matriculated students. We offer universal, hassle-free appointment-based and walk-in medical and counseling services at either no cost or very reduced cost to all NYU students, regardless of insurance coverage. Our goal is to add value to the NYU experience, and provide comfort in knowing that a safety net for basic healthcare exists at NYU.

The SHC is accredited by the Accreditation Association for Ambulatory Health Care, placing it among the top university health centers in the country.

MISSION
Enhance the health and wellbeing of NYU students in support of their learning and success.

VISION
The first college health today so that our students can become the leaders of tomorrow.

DIVERSITY
Health is central to the personal, academic, and professional success of students, and healthcare is not a one-size fits all endeavor. NYU’s student body is diverse in race, ethnicity, country of origin, language, faith, socioeconomic background, gender identity, sexual orientation, age, and even course of study, so it is especially critical for the Student Health Center to take a student-centered and whole-person approach to carefully meet the specific needs of each individual student. Respect and inclusion are foundational.

All of our staff work to enhance our own cultural competency, and regularly collaborate with the Center for Multicultural Education and Programs, the Office of Global Spiritual Life, and the LGBTQ Student Center in order to better serve our student body. Additionally, diverse identities are represented among our clinicians and other staff members at the Student Health Center.

EASY ACCESS TO HEALTH INFORMATION AND SERVICES
A core set of primary care, psychological, and health promotion services are offered on campus at no cost or very reduced cost, at the NYU Student Health Center (SHC). The SHC also offers on-site specialty services and a full-service pharmacy. Students can often see a provider on the same day, and will have the ability to speak to an SHC medical or mental health provider 24 hours a day 7 days a week.

WHOLE-STUDENT CARE
Decisions are in the context of students’ individual preferences, needs, and values.

ENHANCED COORDINATION OF RESOURCES AND SERVICES
Many students come to NYU having never accessed healthcare services on their own. It is our role to help students navigate effectively and efficiently through the healthcare system to meet the full spectrum of their health and wellness needs.

EMPOWERMENT AND SUPPORT
We want all students to learn to make lifestyle choices that support their personal goals, bolster their health, and prevent illness.

IMPORTANT HEALTH DATES
AUGUST 1
Immunization and Student Health History Forms Due
New York State deadlines for completion of immunization documentation are strict. Failure to meet these deadlines may affect your ability to attend class and move into your residence hall. For more information and instructions on submitting required documentation, visit nyu.edu/health/requirements.

Deadline for completion of Mandatory Online Health Modules
Health Requirements and Forms
- Alcohol Edu - Part 1
- Think About It

September 30
Last Day to Enroll or Waive Student Health Insurance
Most students are automatically enrolled in an NYU-sponsored Student Health Insurance Plan. You can use the online process, beginning on June 21st, to change your NYU plan option or to waive the NYU plan if you maintain alternate insurance coverage that meets the University’s criteria.
nyu.edu/health/insurance

September 30
Due August 1
Student Immunization History Form
Immunization documentation is required by the State of New York. Follow the process outlined on the health requirements page.

Due August 1
Student Health History Form
Complete the Online Student Health History form.

Due August 1
Think About It
You will receive an email in early July with instructions to complete this online course or sexual misconduct prevention and response at NYU.

Due August 1
Alcohol/Edu for College (undergraduate students only)
You will receive an email in early July with instructions to complete this online course on alcohol and other drugs.

Due August 1
Treatment of a Minor Form (under 18 years of age only)
Submit this form granting parental consent to treat if under 18 years of age.

Due September 30
Student Health Insurance
Elect to enroll in or to waive out of the NYU sponsored student health insurance plan. Students who waive out of the required plan should review their benefits and assure full plan coverage in New York City.

Recommendations
Ongoing Treatment for Medical or Mental Health Challenges
If you have a chronic medical condition or are in treatment with a psychotherapist and/or psychiatrist, please let us know so that a college health specialist may assist in connecting you with on and off-campus specialized support services before the start of the semester. Feel free to contact the Wellness Exchange at (212) 443-9999 or email wellness.exchange@nyu.edu to arrange support before your arrival. If at any time you experience emotional or physical difficulties, before or after your arrival, please reach out to the Student Health Center for help and support. We are here for you.

TRANSITION YOUR CARE
It is important that you continue any mental health counseling or medical treatment while you are at NYU (and continue to take any medication you may already be taking). If your medical history includes a chronic medical condition or treatment by a psychotherapist and/or psychiatrist, please let us know so that a college health specialist may assist in connecting you with on and off-campus specialized support services before the start of the semester. Feel free to contact the Wellness Exchange at (212) 443-9999 or email wellness.exchange@nyu.edu to arrange support before your arrival. If at any time you experience emotional or physical difficulties, before or after your arrival, please reach out to the Student Health Center for help and support. We are here for you.

SELECT A HEALTH INSURANCE PLAN BY SEPTEMBER 30, 2017
You are required to maintain adequate health insurance coverage that includes medical and mental health benefits in the New York City area. Most students are automatically enrolled in one of the NYU-sponsored Student Health Insurance Plan as part of the course registration process. To learn more about the NYU Sponsored Student Health Insurance Plan, to change enrollment options, or to waive out of the plan, visit www.nyu.edu/health/insurance. If you are thinking about waiving out of the NYU plan, consider the “out of area” coverage, including the out-of-pocket costs and/or deductibles, the referrals/pre-approval process, and the copay policy. Regardless of your insurance plan, please ensure that you have an insurance card and other relevant insurance information.

WATCH FOR WARNING SIGNS AND KNOW YOUR RESOURCES
If you become aware that something is wrong, the Wellness Exchange at (212) 443-9999 is ready to assist and respond to your questions and concerns 24 hours a day 7 days a week. In an emergency, please call 911 and NYU Public Safety at (212) 998-2222 to get the immediate assistance you need. If you are aware of an emergency, call NYU Public Safety at (212) 998-2222.

ACTION ITEMS
COMPLETE ALL HEALTH REQUIREMENTS BEFORE THEIR DEADLINES
You can find a list of health requirements and submission deadlines by visiting nyu.edu/health/requirements. Lack of compliance by the deadline jeopardizes your enrollment status.

KNOW THE RESOURCES AVAILABLE
Nationally recognized through numerous awards and accolades, and with over 225 full-time college health specialists, the Student Health Center offers a comprehensive set of medical, psychological, health promotion, disability, and ancillary services to address the full spectrum of your health and wellness needs.

ARRANGE SUPPORT BEFORE ARRIVAL
Coming to NYU is an excellent educational opportunity, but new academic and social experiences may cause you to experience some emotional or physical distress. Students who manage these challenges successfully, or have experienced such issues in the past, benefit from the ongoing assistance available and/or mental health professionals. Students who manage these issues and seek help manage to achieve success.

Students who manage these issues and seek help manage to achieve success.
