

NYU SUPPLEMENT TO THE COMMON APPLICATION

WELCOME TO NEW YORK UNIVERSITY, truly the world's first global network university. As an applicant to NYU, you will be asked to select a portal campus of entry, and if you are an applicant to our campus in New York, you will be asked to select a primary school, college, or program of interest.

All applicants must complete and submit this form with their Common Application. You should submit the Common Application and NYU Supplement to the Common Application in paper form only if you do not have access to the Internet. To be considered for admission, applicants must complete this checklist:

- A Common Application and NYU Supplement to the Common Application
- A School Report and transcripts of all high school and college work
- Standardized test scores that meet our requirements
- One Teacher Evaluation (freshman applicants) or Instructor Evaluation (transfer applicants)
- Additional credentials that may be required by specific NYU programs

3 PORTAL CAMPUS SELECTION

You may apply to one or both of NYU’s campuses in Abu Dhabi and New York, the primary portals of entry into our Global Network University. You do not enhance or diminish your chances of admission based simply on whether you select one or both portal campuses. You could be admitted to one or both portal campuses based on the strength of your application.

Students applying Early Decision and who express interest in an alternate NYU campus will not be bound by the Early Decision agreement if offered admission to an alternate NYU campus only and not their primary NYU campus of interest. They will only be expected to enroll at NYU if they choose to confirm their enrollment and pay their deposit.

Please indicate the portal campus to which we should give your application primary consideration.

- Abu Dhabi New York City

Would you be interested in being considered for admission to the alternate portal campus as well?

- Yes No

4 SCHOOL, COLLEGE, OR PROGRAM OF INTEREST

A. Applicants to NYU Abu Dhabi will declare an academic area of study upon arrival and do not have to declare their specific academic intentions at this time. Applicants to NYU in New York City, however, must select one of our nine schools, colleges, or programs of interest.

For the first time ever, students who apply to NYU’s portal campus in New York can select our program in Liberal Studies.

Liberal Studies at NYU offers students an opportunity to complete their general education bachelor’s degree requirements through our Core Program, a rigorous, interdisciplinary curriculum. Our freshman and sophomore two-year course of study emphasizes the Great Books, focusing on the masterworks of world cultures. The curriculum is writing-intensive and interdisciplinary, embracing literature, history, philosophy, art, architecture, and music, with faculty attention and small classes (typically fewer than 25 students) as hallmarks. Distinct to Liberal Studies, students can begin their studies in New York or at our global academic centers in London, Paris, Florence, or Shanghai. In the second year, students begin to take courses in the College of Arts and Science, Global Liberal Studies, or in another school or program, depending on their interests and ability to meet prerequisites, academic performance standards, or artistic talent.

Please select—choosing only one option—your primary school, college, or program of interest if you are applying to NYU in New York City:

- College of Arts and Science
 - College of Nursing
 - Gallatin School of Individualized Study
 - Leonard N. Stern School of Business
 - Preston Robert Tisch Center for Hospitality, Tourism, and Sports Management
 - Silver School of Social Work
 - Steinhart School of Culture, Education, and Human Development
 - Tisch School of the Arts
- Liberal Studies:
 - The Core Program
 - Global Liberal Studies

B. If, after reviewing your application, we are unable to offer you admission to the school, college, or program you have selected and we believe another school, college, or program at NYU may be a better fit based on your qualifications, would you like to be considered for admission to another school, college, or program?

- Yes No

Students applying Early Decision and who express interest in an alternate NYU school, college, or program will not be bound by the Early Decision agreement if offered admission to an alternate NYU school, college, or program and not their primary NYU school, college, or program of interest. They will only be expected to enroll at NYU if they choose to confirm their enrollment and pay their deposit.

5 ANTICIPATED AREA OF STUDY

Please indicate your anticipated area of study from the majors we offer. A listing of majors and information on each are accessible through the Academic Programs section of the Undergraduate Admissions website. Please be aware that certain artistic majors in the Steinhardt School of Culture, Education, and Human Development and the Tisch School of the Arts have very specific audition or portfolio requirements. Please be sure to consult these requirements before identifying an area of study below:

6 ALTERNATE PROGRAMS OF INTEREST

A. For students with an interest in engineering, technology, or the physical sciences, NYU offers a unique opportunity to be considered for admission to our affiliate, the Polytechnic Institute of New York University. NYU-Poly is a comprehensive school of engineering and technology. Students applying Early Decision and who express interest in NYU-Poly will *not* be bound by the Early Decision agreement if offered admission to NYU-Poly and not their primary school, college, or program.

Would you like to be considered for admission to NYU-Poly if we are unable to offer you admission to your primary or alternate portal campus, school, or college of interest?

Yes No

B. For transfer applicants, NYU offers the opportunity for adult students to be considered for admission to the Paul McGhee Division of our School of Continuing and Professional Studies. NYU's McGhee Division welcomes transfer applications from nontraditional students on a rolling basis for spring, summer, and fall admission.

Would you like to be considered for admission to the McGhee Division if you are a transfer applicant and we are unable to offer you admission to your school, college, or program of interest?

Yes No

7 FRESHMAN YEAR SITE SELECTION

Each year, we select students admitted to our program in Liberal Studies and offer them the opportunity to begin their NYU studies at one of our global academic centers in London, Florence, Paris, or Shanghai, where they will be taught by NYU faculty and live in NYU residence halls. Though space is extremely limited, admitted students may have this option of spending their first year at one of our global academic centers before continuing their studies at NYU's campus in New York City. Students must be 18 by August 15, 2012, to begin their studies at one of our global academic centers.

If you are admitted to the program in Liberal Studies and would like to indicate a preference for where you would begin your NYU studies, please rank your preference using the numbers 1 to 4 (with 1 being the most desirable location to you). If you do not have an interest in spending your freshman year at one of our global academic centers, you can skip to Section 8.

Please indicate if you are interested in spending your freshman year at any of our global academic centers and rank order your choices (1-4) below:

NYU London NYU Florence NYU Paris NYU Shanghai

8 ADDITIONAL CONSIDERATION FOR NEW YORK STATE RESIDENTS

Please indicate if you are a New York State resident who has an interest in being considered for either the Higher Education Opportunity Program (HEOP) or the Collegiate Science, Technology and Engineering Program (C-STEP). To be eligible for the HEOP Program, you must meet specific income guidelines. If you do not meet these guidelines, you cannot be considered for this program. Please be sure to determine your family's income before requesting consideration.

If you are interested in being considered for either HEOP or C-STEP and are a resident of New York State, please check here.

SHORT-ANSWER ESSAYS

Please respond to each of the following questions using a maximum of 1,500 characters in the space provided.

A. Why NYU?

B. Regardless of whether or not you have an intended major or concentration, please elaborate on an academic area of interest and how you wish to explore it at NYU's campuses in New York or Abu Dhabi or at one of our global academic centers around the world. Please share any activities or experiences you have had that have cultivated your intellectual interests leading you to choose to study at the NYU campus of your choice.

C. What intrigues you? Tell us about one work of art, scientific achievement, piece of literature, method of communication, or place in the world (a film, book, performance, website, event, location, etc.), and explain its significance to you.
