

**Facilities & Construction Management
Notice of Construction Activity
Cogeneration Plant Upgrade**

Description of Activity: Pile Driving

Notice Date: 5/21/2008

Purpose:

The Office of Facilities and Construction Management is undertaking the upgrade and expansion of the NYU Cogeneration Plant. The work is required to begin the excavation of the site.

Description of Construction Activity:

The excavation contractor intends to begin pile driving the week of June 23rd, 2008. This work will be closely monitored for vibration levels in accordance with the NYU-250 Mercer Street agreement. All work will be in accordance with DOT and DOB regulations. The piles will be augured to about 15' below street elevation and then driven. The work will be occurring throughout the day but the pile driving will be intermittent as the driving rig completes a pile and moves to the next location. A total of 28 piles will be installed.

Dates / Start and End Times of Work:

The pile driving is scheduled to begin the week of June 23rd and should be completed within five or six working days. All pile driving will be performed between the hours of 7AM and 4PM, Monday thru Friday.

Disruptions:

- Noise - The pile driving is loud. All work will be in accordance with DOT and DOB regulations.
- Traffic - No impact on traffic as all work will be performed within the construction barriers.
- Dust - No impact
- Utilities - No impact
