

**Facilities & Construction Management
Notice of Construction Activity
Cogeneration Plant Upgrade**

Description of Activity:

West 4th Street Closing – Saturday January 24

Notice Date:

01-22-09

Purpose:

The Office of Facilities and Construction Management is undertaking the upgrade and expansion of the NYU Cogeneration Plant. This work is required to remove mechanical debris from the central boiler plant.

Description of Construction Activity:

The construction barriers on West 4th Street will be relocated Saturday morning (January 24, 2009) to allow for the staging of a crane on West 4th Street, off the corner of Mercer Street. The crane will be removing mechanical debris from the Central Boiler Plant by the east side of Warren Weaver and loading it onto trucks for removal from site. This is the 3rd crane installation to remove this debris from the site. West 4th Street will be closed to vehicular traffic from Greene Street to Mercer Street. Pedestrians will be permitted on the North side of West 4th Street only.

Signage, flagmen, road cones and caution tape will be used to direct pedestrian and vehicular traffic as required.

Schedule:

The work will begin around 9AM. The crane will be operating from 9AM to 7PM in accordance with DOT requirements.

Disruptions:

- Noise - Minimal noise from intermittent crane engine.
- Dust - No impact.
- Utilities - No impact.
- Traffic - No vehicular traffic on West 4th Street from 9AM to 7PM. Pedestrians permitted only on north side of West 4th Street.
