Assignment 3: 3-5 pages

Due Tuesday, Sept 26th at 8 P.M. Use Classes to submit this assignment. If you have a problem with Classes, send it by email to your preceptor.

Remember:
- Put your student number but not your name on your assignment. Assignments will be graded anonymously.
- You must do one of the first 3 assignments.
- No late papers.
- Use your own words—no quotations or paraphrases.

Answer all of the questions. Of course, your responses will have to be very brief. Think of your responses as showing someone who already knows the answers that you know the answers too.

1. What is the epistemic gap?
2. What is the ontological gap?
3. Chalmers describes 3 arguments from the epistemic gap to the ontological gap. Briefly summarize one of them.
4. Why do some think that an appeal to phenomenal concepts might avoid the argument from the epistemic gap to the ontological gap?
