

Summer 2008 Sex & Gender Course Guide

This course guide attempts to give students comprehensive access to a listing of classes offered in the Summer 2008 which deal with issues of gender and sexuality. Those courses offered through the [Gender and Sexuality Studies \(GSS\) Program](http://www.nyu.edu/fas/gender.sexuality/courses/courses.html) in the Department of Social and Cultural Analysis, an academic department in the University unaffiliated with the Office of LGBT Student Services, can be found at: <http://www.nyu.edu/fas/gender.sexuality/courses/courses.html>.

This document below lists additional courses that do not necessarily count towards a major or minor in Gender and Sexuality Studies. However, GSS courses are listed here and are also cross-listed, under their alternative department.

All classes are organized by school and department. Each listing contains course title, number of credits, registration number, and class time. For a description of each course, please refer to the appropriate school bulletin. Before registering, it is important to check with each school, department or instructor for any particular restrictions or information; those classes with restrictions are listed to the best of our ability.
