Microfilm Guide

This is a complete list of all the shoots from which negatives in this collection have been microfilmed. It is arranged in shoot ID order. Next to each shoot ID is a corresponding reel number and frame number or frame numbers. To locate microfilmed images from a given shoot, select the reel number indicated next to the shoot number. When you view this reel, go to the frame number (or frame numbers) indicated next to the reel number in the entry for that shoot ID. If you do not see a shoot number listed here, then no images from that shoot have been microfilmed.
