

- U** The passing grade for master's program core courses and non-clinical advanced practice core courses is a C (74-76).
  - Students must register to repeat a failed course in the immediate semester following the failure or as soon as the respective course is offered; students are prohibited from taking any other course for which the failed course is a pre or co-requisite until they have successfully passed the failed course.
  - Students may only fail two (2) core or non-clinical advanced practice core course. Dismissal from the master's program follows upon failing a 3<sup>rd</sup> core and/or non-clinical advanced practice core course.
  - Students may reapply to any master's degree program one year from the time of dismissal, including the program from which he/she was dismissed.
- V** The passing grade for master's program clinical advanced practice core courses and specialty component courses is B- (80-83).
- W** In specialty component courses with a theory and clinical component, the clinical component is taken Pass/Fail (P/F), a "Pass" (P) is required in the clinical component and a minimum grade of B- (80-83%) or better is required to pass the course.
- X** Specialty component practicum courses are taken Pass/Fail (P/F).
- Y** Students who have failed a clinical advanced practice core course or specialty component course (i.e., specialty component courses, specialty component courses with a theory and clinical component, and specialty component clinical courses) may repeat only one (1) clinical advanced practice core course or specialty component course.
  - Students must register to repeat the course in the immediate semester following the failure or as soon as the course is offered and are prohibited from taking any other course for which the failed course is a pre or co-requisite until they have successfully passed the failed course.
  - Upon failing a repeated clinical advanced practice core course or specialty component course, the student will be automatically dismissed from the program.
  - NOTE: Students who have previously failed two (2) core and/or non clinical advanced practice courses OR one (1) clinical advanced practice core or specialty component course will be automatically dismissed from the program with no opportunity to repeat the failed clinical advanced practice core or specialty component course.
  - Students dismissed from the program may reapply to any master's degree program one year from the time of dismissal, including the program from which he/she was dismissed.
- Z** Pass/Fail is an option for this course: Pass/Fail forms must be completed and signed by the student's advisor prior to the end of the fifth (5<sup>th</sup>) week of the semester for Fall and Spring Term courses and prior to the fifth (5<sup>th</sup>) meeting of the class for Summer Term courses.

**Pre & Co-Requisites:**

**APN: Adult Primary Care, APN: Adult Acute Care, APN: Geriatrics, APN: Adult Primary Care/Geriatrics, Adult PC/Holistic**

- 1** Statistics for the Health Professions (N41.2005) fulfills the Graduate Statistics requirement; it is recommended when possible for students to take Statistics and Research in Nursing in their 1<sup>st</sup> semester of study.
- 1a** *Research in Nursing (N41.2303)*: Statistics are pre or co- requisites.
- 1b** *Population Focused Care (N41.2011)*: Statistics for the Health Professions (N41.2005) and Research in Nursing (N41.2303) are pre or co requisites. Nursing Issues & Trends Within the Health Care Delivery System (N41.2041) is a prerequisite.
- 2** Advanced Pathophysiology I (N41.2020) and II (N41.2022) are independent courses and may be taken in any order.
- 2a** *Clinical Pharmacotherapeutics (N41.2021)*: Either Advanced Pathophysiology I or II (N41.2020 or N41.2022) are prerequisites.
- 2b** *Advanced Comprehensive Health & Physical Assessment (N41.2012)*: Advanced Pathophysiology I (N41.2020), Advanced Pathophysiology II (N41.2022), and Clinical Pharmacotherapeutics (N41.2021) are pre or co-requisites. (Full-time students are exempted.)
- 3** *Nursing Strategies: Adult & Aged (N41.2036)*: Advanced Pathophysiology I or II (N41. 2020 or N41.2022) is a co-requisite.
- 3a** *Common Health Problems Across the Adult Lifespan (N41.2037)*: Advanced Comprehensive Health & Physical Assessment (N41.2012), Nursing Strategies: Adult & Aged (N41.2036) and Advanced Pathophysiology I or II (N41. 2020 or N41.2022) are prerequisites and Clinical Pharmacotherapeutics (N41. 2021) is a co-requisite; students who are not required to take Nursing Strategies: Adult & Aged for their program may take Common Adult Problems cross the Adult Lifespan with permission of their advisor.
- 4** *Adult Primary II & II (N41.2016/2017), Adult Acute II & II (N41.2116/2117), Adult-Geriatrics Primary Care II (N41.2025), Geriatrics II & II (N41.2026/2027)*: Common Health Problems Across the Adult Lifespan (N41.2037) is a pre-requisite to all of these courses.
- 4a** Students enrolled in the combined APN: Adult Primary Care/Geriatrics Program must complete (two) Geriatric Practicum II & III (N41.2027 & N41.2029) and either APN: Adult Primary Care Practicum II (N41.2017) or APN: Adult Primary Care Practicum III (N41.2019).
- hc** Health Clearance Required: Prior to beginning Practicum courses, a completed Health Clearance Application must be submitted to the Program Coordinator. The application can be downloaded from [www.nyu.edu/nursing](http://www.nyu.edu/nursing) or retrieved from the Program Administrative Assistant. Students are responsible for submitting updated information of expired portions of their Health Clearance Application while enrolled in Practicum courses. In addition, current New York State R.N. Licensure is required for students enrolled in Practicum courses.

**Expected Practicum Start Date:** \_\_\_\_\_  
Semester/YR

**Expected Graduation Date:** \_\_\_\_\_  
Semester/YR
