Help & guidance on both the content of the research for my thesis and the process of writing a thesis were very valuable.

I think the class would have benefited from more rigorous training in statistics and programming for statistics.

Beber is an AMAZING thesis advisor. He was incredibly organized, always willing to assist when we had problems, extremely knowledgeable, approachable, and supportive. The BEST J

course wise - IR/Politics majors would benefit enormously from a more in-depth STATA training prior to taking senior seminar.

Professor Beber always had time for me, a great teacher and even greater person! Very happy with teaching style. TA also amazing. She helped every day and was also always available. I don't think I could've gotten through this course without both of their supports

Professor & TA were extremely supportive!
The honors thesis seminar should have a few
more prerequisites. Most students were
unfamiliar with Stata, and this could have
been covered in an earlier statistics course.

Professor Brambor and TA KJ Shin were the key to success in this course. They were incredibly helpful, knowledgeable and available. Their guidance was the only reason most of us made it through the class.
