LON CHANEY PLAYS
DEVIL "DEVILISH"

What with the New Frontier and single-button suits, even Satan has to be modernized. Portraying old Mephistopheles himself in the motion picture "The Devil's Messenger," now screening at the—

Theater, Lon Chaney brings the sexual character right up to date. He plays the Devil with a sense of humor and a tongue-in-check approach. He hurls a bomb into the audience — a five hundred-ergon bomb. Thriller is based on the supernatural.

A beautiful young girl trapped in a glacier for thousands of years is the focal point for a scientist's quest, as he tries to free her and bring her back to life. Little does he realize that this is the doing of the Devil himself, LON CHANEY, who stars in "THE DEVIL'S MESSENGER," which is now playing at the —

Theater.

CHANEY FAMOUS NAME FOR HALF CENTURY OF PICTURE MAKING

Teenagers only connect the name "Chaney" with the dim-witted Lennie in "Of Mice and Men," and with a dis- tancing face connected with many a horror picture on the late-late show seen on TV. But their parents know the name "Lon Chaney" as that of a great artist and as a master of masquerade. His performances in "Hunchback of Notre Dame" and "Phantom of the Opera" are never to be forgotten. The skills required in creating the make-up for these characters and many others have never been duplicated, for Chaney was a genius both in the art of masquerade and in the art of make-up. As in the old country, father has handed down to son the secrets of his trade, and Lon Chaney, Jr. has applied them well to the characters he has portrayed in many horror picture. In recent years, Lon Chaney has turned in stellar performances in major television shows as well as straight dramatic roles in numerous feature films. And, his devoted years of study to his one love, the dramatic arts, Chaney has given outstanding perfor- mances in countless plays throughout the country and has played starring roles in over four hundred pictures.

Chaney received a new concept for the Devil in "The Devil's Messenger," now playing at your favorite theater. Playing a straight dramatic role, Chaney gives a chilling twist to the fictional Mephisto.

The unsuspecting photographer snaps a picture of a model with a cam- era that leads to a one-way ticket to hell. He is doing the bidding of "THE DEVIL'S MESSENGER," the thrill- packed picture now playing at the—

Theater.

SUPERNATURAL THRILLER FEATURES DEVIL AND DOOMSDAY BOMB

Murder, a brown female in a huge block of ice, Satan, his seductive Satyr, and a five hundred-ergon bomb all thrown into the plot to thrill and chill the movie-goer witnessing the "The Devil's Messenger" now playing at the—

Theater.

Starring Lon Chaney and Karen Kadler, "Devil" sets forth the premise that hell will be the final residence of all mankind, with its self-destructive use of the Big Bomb. Not satisfied with his tricky little thermoelectric device to do people in, Chaney in his underground basement dreams up some devilish delights to trap some innocent person on earth. A tiny little camera in the ordnance of a new sort of gun and a mind- pick and a crystal ball are the ordnance of a new sort of weapon. While it chills and thrills, the picture carries a basic moral: if ye go to sin, prepare for a stretch in hell.

"THE DEVIL'S MESSENGER," starring LON CHANEY, is a super- natural thriller with suspense-packed action. The Devil's messenger sets a friend against friend in the secret love affairs of the other. Film is crammed with the mood of mystery, and is now playing at the—

Theater.

Two-fisted action is the order of the day in "THE DEVIL'S MESSENGER," superb mystery thriller starring LON CHANEY as the Devil, who sets friend against friend in a matter of murder. It is now featured at the—

Theater.

SYNOPSIS

BLACK AND WHITE

ASPECT RATIO 1:85 TO 1
72 MINUTES

From the murky bowels of the earth, the Devil, LON CHANEY, meets out various forms of punishment to newly-arrived sinners. Selecting Satanya, KAREN KADLER, a beautiful, sly suicide, as his emissary to earth, the Devil instructs her to deliver entrapments to possible candidates for hell.

First, Satanya delivers a unique camera to a renowned but lustful photographer in New York City. He rapes and kills a young, beautiful female occupant of one of his illicit-life subjects, a quaint old farmhouse in New England. The murder is unsolved; however, the photographer, JOHN CRAWFORD, is driven to his own retribution by the repeated appearance of his victim’s picture in his prior-winning photographs of the old farmhouse.

Satanya is revealed by these satanical methods of entrap and condemn people to hell. Rather than he instrument of his devilish whims, she bids the Devil to send her to the fiery pit. He assures her that, if she fulfills his request, her case will be placed before a special tribunal. Handing her a miner’s pick, she sends him to Torshold, Sweden, where this devilish toy is used to uncover a lustful bit of femininity trapped in a glacier for millions of years. An anthropologist falls in love with this beauty from the past, and his one-way ticket to hell is murder, as he is thwarted from releasing her from her icy grave. His lust for her leads him to the pits of hell.

Now the Devil shows Satanya a diabolical plan. He gives her the means through a crystal ball to bring her love, the man for whom she searched her whole life, down into the bowels of perdition. She is delighted with this assignment. Once more, the two are assigned the task of delivering an envelope to you, the people of earth. With great glee, the Devil reveals that this envelope contains a formula for human destruction. This destruction is unleashed on the unsuspecting human race, leaving only a wandering black cat to face the future.

MYSTERY FILM SETTING LAID IN BOWELS OF EARTH

A new concept of hell is the setting for the film “The Devil’s Messenger,” now screening at the Theater. Fans of the supernatural will enjoy this fare. Plot concerns the Devil, LON CHANEY, and his emissary, Satanya, portrayed by director LON CHANEY and KAREN KADLER. Together they provide the devices which readily make earthlings candidates for perdition.

After providing several of their victims with gimmicks for murder, they watch with glee as their entrance to the pits of hell. Satanya cooks up her most fiendish plot; he wastes the entire human race to commit the long-stifled sin — mass suicide. Thus he devours Satanya, and her cohort in crime, and hurl these fateful words: “The formula is complete! It has been 44 years since we began work on the formula. Now it is complete!”

May the formers contain the secret of the five hidden ingredients. LON CHANEY plays the monster from hell to the hilt, and gives old Mephistopheles a new twist. Max KADER builds the role of a maniacal task with dramatic impact. Others in the cast find credence to their parts.
