THE LAST FRONTIER OF GOLD RUSH SHOWN IN WANYE PICTURE

Kerrville, Texas — The spectacular discovery of gold in California every few years acts as a magnet to the gold seeker, who is always seeking the path that will lead him to his goal. Duly, the discovery of gold in the Panhandle of Texas has done much to increase the population of this section of the country.

But today, Kerrville stands, the same Kerrville that was yesterday, and the same Kerrville that will be tomorrow. It is a town of 3,000 people, consisting of a main street, a business section, a courthouse, and a few small buildings.

The story of John Wayne is one of the most exciting stories of the West. He was born in Texas, and from an early age, he was interested in the West. He was a horseman, a hunter, and a warrior. He was a man of action, and he was always ready to adventure.

He was the son of a wealthy businessman, and he was given every advantage in life. But, he chose to follow the path of adventure, and he became a successful businessman in his own right.

The story of John Wayne is one of the most inspiring stories of the West. He was a man of action, and he was always ready to adventure. He was a man of principle, and he was always ready to stand up for what was right. He was a man of courage, and he was always ready to face the challenges of life.
