

### HIPAA Compliant Authorization for Release of Medical Information and Confidential HIV-Related Information

This form authorizes release of medical information including HIV-related information. You may choose to release just your non-HIV medical information, just your HIV-related information, or both. Your information may be protected from disclosure by federal privacy law and state law. Confidential HIV-related information is any information indicating that a person has had an HIV-related test or has HIV infection, HIV-related illness or AIDS, or any information that could indicate a person has been potentially exposed to HIV.

Under New York State Law HIV-related information can only be given to people you allow to have it by signing a written release. This information may also be released to the following: health providers caring for you or your exposed child; health officials when required by law; insurers to permit payment; persons involved in foster care or adoption; official correctional, probation and parole staff, emergency or healthcare staff who are accidentally exposed to your blood, or by special court order. Under State law, anyone who illegally discloses HIV-related information may be punished by a fine of up to \$5,000 and a jail term of up to one year. However, some re-disclosures of medical and/or HIV-related information are not protected under federal law. For more information about HIV confidentiality, call the New York State Department of Health HIV Confidentiality Hotline at 1-800-962-5065; for information regarding federal privacy protection, call the Office for Civil Rights at 1-800-368-1019.

By checking the boxes below and signing this form, medical information and/or HIV-related information can be given to the people listed on page two (or additional sheets if necessary) of the form, for the reason(s) listed. Upon your request, the facility or person disclosing your medical information must provide you with a copy of this form.
