New York City Department of Health & Mental Hygiene Bureau of Immunization
MMR Immunization Walk-in Clinics*

Immunization clinics will be closed on the following days:

Monday, May 28, 2012	Memorial Day
Wednesday, July 4, 2012	Independence Day
Thursday, July 12, 2012	Mandatory Training Day
Monday, September 3, 2012	Labor Day

Immunization clinics are open for patient registration from 8:30am to 2:30pm. No appointment is necessary; persons will be seen on a first come first served basis. Please plan to arrive early in the day. Due to heavy demand during flu season, clinics may be forced to close early if patient volume exceeds our ability to operate safely.

The Health Department walk-in immunization clinics provide immunizations required for school attendance and other vaccines for adults, including:

- **Hepatitis B, Td, Tdap, MMR (meningitis offered free of charge for 18 years of age and under only), and pneumococcal vaccines**
- **Influenza vaccine** is available from mid September through June 30th, 2011 (H1N1 is now contained in the seasonal influenza vaccine). Thimerosal-free vaccine is available at all locations.
- **HPV vaccine** is available to girls and women 9 through 26 years of age and meningococcal vaccine for 11 through 18 years of age.
- **Hepatitis A vaccine** is available for high-risk adults.

***Please bring your vaccination record and insurance information with you, if available.**

Travel immunizations, including yellow fever and typhoid and malaria prophylaxis are not provided at the Department of Health and Mental Hygiene Immunization Clinics. For information about travel immunizations, malaria prophylaxis and for locations of travel clinics, go to the Centers for Disease Control and Prevention website.

TB tests: TB tests are not provided at the Department of Health Immunization Clinics. For information about TB testing and TB test sites go to <http://www.nyc.gov/html/doh/html/tb/tbcc.shtml>

For information about vaccination record or the Citywide Immunization Registry or other available Immunization services, call **212-676-2323**.

*** Please bring your vaccination record and insurance information with you, if available.**
