Summer 2008

The rules for Summer 2008 automatic enrollment differ from the rules for Fall 2007/Spring 2008.

Students in a degree-granting program who register for **at least (1) credit** during the summer will be enrolled automatically in and charged for an NYU-sponsored Student Health Insurance Plan unless:

- a) they previously were enrolled and charged the previous term for spring/summer coverage, or
- b) they waived the NYU plans before the summer deadline.

Voluntary Enrollment - If you are eligible for coverage in an NYU-sponsored Student Health Insurance Plan, but are not enrolled automatically, you have the option to choose a plan before the enrollment deadline. You may do so by completing the online enrollment process at www.nyu.edu/health/insurance.

Waiving the NYU-Sponsored Plans - If you maintain other insurance coverage that meets the University's requirements including coverage for inpatient and outpatient medical and mental health services equal to or greater than those of the Basic Plan, you may choose to waive the NYU-sponsored Student Health Insurance Plans by the semester deadline. See pages 30-37 for waiver process details.

Important note for students enrolled in an NYU plan for the Fall semester

- If you are registered for classes for Spring 2008 you will be enrolled in the same plan and billed the appropriate Spring/Summer 2008 insurance fee, regardless of your credit load.
- If you are not registered for classes for Spring 2008, you will not be enrolled automatically or billed for an NYU plan.
