

# SECURE MESSAGING

As part of an ongoing effort to improve services at the Student Health Center, we have begun using secure messaging in order to provide the most safe and convenient method of communication regarding your health care. Secure messaging may be used by your provider for general information or follow-up instructions.

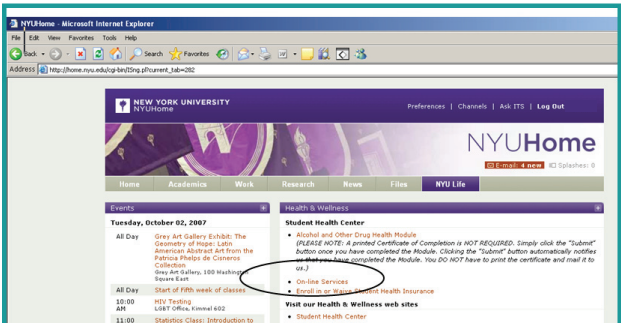

Notification will appear like this in your email inbox - "Secure Message from SHC"

1

If you have received a secure message, you will receive notification in your NYU email inbox.
