

ASSIGNED RESPONSIBILITIES / CHARGE
Green Grants Committee
NYU Sustainability Task Force
2008-2009

Charge

The Green Grants Committee is tasked with planning and executing a competitive grant program for project proposals from NYU students, faculty and staff, in collaboration with alumni, community groups, and others. The committee evaluates the submitted proposals and selects the best ones for funding, as well as evaluates and tracks the progress of funded projects.

Selected projects function to directly reduce NYU's adverse environmental impacts, educate and engage the university community, demonstrate the viability of best practices and technologies, and advance applied research or educational goals.

Priority Projects / Topics for Development of Recommendations

- Revise and execute the *2008-09 Green Grants RFP*
- Review progress on 2006-07 and 2007-08 Green Grants projects
- As needed, identify funding / finance-related challenges related to sustainability or the Task Force, and direct them to the Steering Committee for resolution
