## 2020-2021

### Fixed Payment Plan Application

The Fixed Payment Plan is available to matriculated full-time undergraduate students who are not receiving any form of financial aid (including loans) or scholarship. The plan covers tuition, registration and services fees, room, and board.

Increases in fees, such as laboratory fees, academic support fees, and insurance fees, will be payable each registration, as incurred, at the then current rate.

This plan does not cover summer registration, winter session registration or part-time enrollment. Charges for these enrollments will be based on the then-current tuition rates.

Refunds will be made in full for unused semesters and in accordance with the University refund policy for any semester in which a student is currently registered.

Students transferring between schools of the University that have different tuition rates and those students who change on-campus residence halls, room types, and/or meal plans, also resulting in different rates, will be subject to adjustments based on differences existing during the first semester covered under the agreement.

#### TERMS OF THE AGREEMENT

You may elect to fix tuition costs, fix room and board costs, or fix both. This application and lump sum check payment are due in the NYU Office of the Bursar by **August 11, 2020**.

Students with fixed room/board charges must still comply with all housing deadlines. Participation in this plan does not guarantee eligibility for specific room types, housing options, or meal plans.

The fixed payment room/board plan does not cover costs associated with early check-in or school breaks.

The tuition prepayment is computed on the basis of tuition and registration and services fees plus other school-wide fees that are in effect for the school of registration as established at the first semester of registration under the plan, multiplied by the number of semesters that are prepaid.

The room and board prepayment is computed on the basis of residence hall, room type, (traditional or apartment), and meal plan selected for the first semester under the plan multiplied by the number of semesters that are prepaid.

Entitlement under the plan will expire at the end of the consecutive number of semesters for which prepayment is made, starting with the first full-time semester of registration following the date of the agreement.

The charts on the reverse side will assist you in computing your prepayment.

If you wish to participate in this plan, please complete and return the form below by **August 11, 2020**. Your lump sum check payment must accompany the form below. Please send both to:

**New York University  
Office of the Bursar
