

New York University

2023-2024

Fixed Payment Plan Application

The Fixed Payment Plan is available to matriculated full-time undergraduate students who are not receiving any form of financial aid (including loans) or scholarship. The plan covers tuition.

Increases in other student charges, such as laboratory fees, academic support fees, and insurance fees, will be payable each registration, as incurred, at the then current rate.

This plan does not cover summer registration, winter session registration or part-time enrollment. Charges for these enrollments will be based on the then-current tuition rates.

Refunds will be made in full for unused semesters and in accordance with the University refund policy for any semester in which a student is currently registered.

Students transferring between schools of the University that have different tuition rates will be subject to adjustments based on differences existing during the first semester covered under the agreement.

TERMS OF THE AGREEMENT
You may elect to fix tuition costs. This application and lump sum check payment are due in the NYU Office of the Bursar by **August 8, 2023**.

The tuition prepayment is computed on the basis of tuition plus other school-wide charges that are in effect for the school of registration as established at the first semester of registration under the plan, multiplied by the number of semesters that are prepaid.

Entitlement under the plan will expire at the end of the consecutive number of semesters for which prepayment is made, starting with the first full-time semester of registration following the date of the agreement.

The charts on the next page will assist you in computing your prepayment amount.

If you wish to participate in this plan, please complete and return the form below by **August 8, 2023**. Your lump sum check payment must accompany the form below. Please send both to:

**New York University
Office of the Bursar
383 Lafayette Street, 1st Floor
New York, NY 10003**
