

Report from C-CFSC Administration & Technology Committee

Date: December 12, 2017

The committee agreed that a subcommittee would draft Best Practices around the use of social media in teaching and learning. This subcommittee would also compile a more robust list of scenarios/anecdotes to supplement the Guidance. The members from the C-FSC of the subcommittee are as follows: Vicky Steeves (co-chair), Ed Kleinert (co-chair), and Antonius Wiriadjaja. This document is currently undergoing review by the larger committee.

If any Counselor on the C-FSC uses social media in the classroom, please reach out to Vicky, Ed, or Antonious to share how social media is being leveraged for teaching, especially if making an account on a social media site is a requirement for the course.

Respectfully submitted,

Vicky Steeves
