

Committee on Faculty Benefits and Housing
Report for the C-FSC meeting of October 15, 2020
Vincent Renzi, chair

On September 24th, I took part in the Retirement Plan Investment Committee meeting together with the observers from the AMC and the T-FSC.

The roll-out of the retirement plan investment streamlining continues to be planned for 2021, with details to follow.

The University continues to consider suspension of matching employee retirement plan contributions as a possible response to the fiscal situation. (Langone is not entertaining this possibility.) Note that matching contributions continued to be made as of October 1st.

On October 2nd, I met via Zoom with Trish Halley, Assistant Vice President for Global Benefits, and Work-Life director Grace Protos, to hear about the University's plans for enhanced child care support for those facing increased expenses due to the novel corona virus response. The University hopes to finalize plans and announce the application process as soon as possible.

The committee will meet jointly with its T-FSC counterpart to meet the new United Health Care account representatives on October 29th.
