In April 2018, NYU will make improvements to its Retirement Program which will:

- Improve and simplify participants' retirement planning experience

- Merging of employee deferrals provides participants:
 - Greater account balance available for loans
 - Increased access to withdraw money as an active faculty member or employee after attaining age 59 ½

What is changing?

Why TIAA?

Enhanced TIAA customer service and program benefits including:

- Simplified enrollment, account management and investment election experiences for participants
- Access to all currently offered TIAA and Vanguard funds

- Engaged an independent consultant to conduct a comprehensive review of NYU's retirement plans and an RFP of service providers conducted in Fall 2016
- Peer institutions including NYU Langone, Yale University and Princeton University have successfully implemented these improvements
- Finalist Vendor Presentations with Senators Council representation held in January 2017
- Retirement Plan Committee Approval February 2017
- Cross-functional Project Team and Steering Committee formed for 12-month project, with anticipated implementation in April 2018
