

Personnel Policies and Contract Issues Committee Report

Nov. 30, 2021

NYU Libraries:

We recently received the NYU Libraries' Reappointment & Promotion Policy for our review. We will meet with c-faculty from Libraries and draft our recommendations over the winter break. Once we have a draft document, we will meet with the T-FSC Personnel Policies and Tenure Modifications Committee. Our hope, as always, is to submit a joint set of recommendations to the Provost.

Global Public Health:

Our council submitted our recommendations on March 25, 2021. Recently, our steering committee followed up with the Provost's office. We were informed by Vice-Provost Kristin Day that the school's FAP-C Committee may want to look at the revised guidelines a final time before the guidelines go to a school-wide vote. They are hopeful that the revisions to the policy will be finalized soon.

Courant:

Courant's reappointment and promotion policy was voted down by the c-faculty in early November of 2021. At present, the process seems to be on hold by the Director of Courant. Courant still does not have a faculty governance structure as recommended by our council in a letter (July 9, 2020) to the Director of Courant and the Provost. (The Steering Committee may have more news on this issue.)

We expect to receive the following Reappointment & Promotion Policies for our review in the near future:

- Silver C faculty policy
- Steinhardt C faculty policy

Respectfully submitted,

Heidi White, Chair
