FSC Review of *Statement of Policy and Guidelines on Educational and Research Uses of Copyrighted Materials*

Approved 11/14/13

At the November 14, 2013 meeting of the Faculty Senators Council, the Council approved the following review and recommendation by the FSC Educational Policies Committee and Administration & Technology Committee:

After a thorough review, the FSC Educational Policies Committee and Administration & Technology Committee endorsed the contents and guidelines of the “Statement of Policy and Guidelines on Educational and Research Uses of Copyrighted Materials”.

Some of the specific legal strictures and categories governing fair use might be unclear and unknown to faculty. To address this possibility, our recommendation is that a document be prepared by the Provost’s Office with bullet points for faculty to more easily reference the applicable rules governing the use of copyrighted materials.
