Search Tips

If you know the schedule you would like to select, such as Monday to Friday from 9:00AM to 5:00PM, try the following search tips.

○ Enter the abbreviations for weekdays (MTWRF) followed by the start hours.
  ○ For example, **MTWRF 9AM**.
  ○ This will narrow the selection to options that match Monday-Friday starting at 9AM.

○ Important: When your search includes a start or end time, do not include a space between hour and AM/PM - e.g. “9AM” - and this will specifically return all schedules regularly starting or ending at 9AM.
