

## STUDY AWAY INTERNSHIPS AND PART-TIME WORK

Use this handout as a guide to understanding the types of internships and part-time work opportunities available at each of NYU’s study away sites. It is important to note that eligibility for these opportunities will vary depending on an individual student’s legal status during their time at that site. Those without an associated footnote are open to all enrolled students. For more information regarding any of these opportunities, email [global.internships@nyu.edu](mailto:global.internships@nyu.edu).
