Class Description:

Pre requisites: Economics Principles

Aim of the Course is to offer a wide perspective on the main economic issues concerning the European economy. We will discuss the characteristics of the role of EU and the EU monetary union that comes from a long period of economic coordination in a globalized context. We will focus on the role of EU and main international institutions in the recent (and less recent) financial turmoil. We shall discuss the debt crisis and the possible policies to counteract it. We shall also discuss the ECB responses to the crisis. A special attention will be given to the consequences of “Brexit” for the UK and Eu countries.

We will deal with the long process of European Integration, the recent episodes of dissatisfaction with the current structure, the crisis linked to migration. We shall discuss whether further integration (especially fiscal) may represent a possible solution to the recent crises. We shall also examine EU China relations.

This course will highlights the different crises of the 2000s, focus on the long run causes, consequences and EU responses, conditionally on the characteristics of the countries involved (differences between countries will be highlighted).

Attendance Policy:
Study abroad at Global Academic Centers is an academically intensive and immersive experience, in which students from a wide range of backgrounds exchange ideas in discussion-based seminars. Learning in such an environment depends on the active participation of all students. And since classes typically meet once or twice a week, even a single absence can cause a student to miss a significant portion of a course. To ensure the integrity of this academic experience, class attendance at the centers is mandatory, and unexcused absences will be penalized with a two percent deduction from the student’s final course grade. Students are responsible for making up any work missed due to absence. Repeated absences in a course may result in failure.

For courses that meet once a week, one unexcused absence will be penalized by a two percent deduction from the student’s final course grade. For courses that meet two or more times a week, the same penalty will apply to the number of class times over a single week.
Excused Absences:
In case of absence, regardless of the reason, the student is responsible for completing missed assignments, getting notes and making up missed work in a timely manner based upon a schedule that is mutually agreed upon between the faculty member and the student. The only excused absences are those approved by the Office of Academic Support; they are as follows:

**Absence Due to Illness**
- If you are sick, please see a doctor. Contact the Office of Student Life for assistance.
- For absences that last for two or more consecutive days, a doctor’s certificate, “certificato medico” is required. The doctor will indicate in writing the number of days of bed rest required. Please note these certificates can only be obtained on the day you see the doctor and cannot be written for you afterwards.
- Absences can ONLY be excused if they are reported WITHIN 48 HRS of your return to class via the online NYU Florence Absence Form [insert new hyperlink]
- OAS will not accept a student email or telephone call regarding an absence due to illness
- OAS will only notify faculty of absences REPORTED on the ABSENCE FORM
- The Office of Student Life, when assisting you in cases of severe or extended illness, will coordinate with the Office of Academic Support to properly record your absences

**Due to Religious Observance**
- Students observing a religious holiday during regularly scheduled class time are entitled to miss class without any penalty to their grade. This is for the holiday only and does not include the days of travel that may come before and/or after the holiday
- Information regarding absences due to religious observance must be provided at least SEVEN DAYS PRIOR to the date(s) in question using the online NYU Florence Absence Form [insert new hyperlink]
- Please note that no excused absences for reasons other than illness can be applied retroactively.

**Due to a class conflict with a program sponsored lecture, event, or activity**
- All students are entitled to miss one class period without any penalty to their grade in order to attend a lecture, event or activity that is sponsored by La Pietra Dialogues, Acton Miscellany or the Graduate Lecture series.
- Information regarding absences due to a class conflict must be provided at least SEVEN DAYS PRIOR to the date(s) in question using the online NYU Florence Absence Form [insert new hyperlink]
- Please note that no excused absences for reasons other than illness can be applied retroactively.

Students with questions or needing clarification about this policy are instructed to contact a member of the Office of Academic Support located in Villa Ulivi or to email florence.academicsupport@nyu.edu
