ACADEMICS

Students can select courses from a full array of disciplines taught by an exemplary faculty made up of local scholars, artists, and professionals. Classes are held on-site at NYU's own central locations. While most courses are taught in English, students may also select from courses offered in the host country's language. In some locations, affiliations with local universities allow students to enroll in one or two courses at the local university for NYU credit. Learning outside the classroom is encouraged by interaction with the host culture through internships, community service, excursions, and cultural activities.

FACILITIES

NYU's global locations boast newly renovated buildings usually within the city center. In addition to classrooms, offices, and computing facilities, these locations are equipped with all the amenities necessary for students to keep up with their studies, from listening and viewing stations to reading rooms, rehearsal spaces, art studios, and darkrooms. Housing is guaranteed and varies by location. Options include apartments, residence halls, or homestays, often in the most popular areas of each global location.

STUDENT EXPERIENCE

NYU is dedicated to the well-being of its students inside and outside the classroom. In addition to highly qualified academic support staff and noted faculty, full-time

student life staff manage the safety and welfare of students at all locations. Knowledgeable staff are quick to respond to any emergency that may arise at any time and can direct students to local resources. In addition, staff plan social events, trips, and activities for students to enjoy in their free time.

CULTURAL ENGAGEMENT

Internship and volunteer opportunities allow students to become familiar with the language and local culture while gaining hands-on experience in various capacities. Other engagement opportunities include lectures, extracurricular activities with local students, and trips to neighboring cities and landmarks.

ADMISSIONS

The admissions process ensures that all students studying with NYU are capable of performing to high academic standards. All students complete an online application, which includes a personal statement.

SCHOLARSHIPS AND FINANCIAL AID

Students receive the same financial assistance package at all NYU locations. Those who are offered admission by the Office of Global Programs and who have a FAFSA or CSS Profile on file will automatically be reviewed for a variety of scholarships, like the NYU Global Pathways Scholarship. Global Programs staff are also available to assist students with external scholarship opportunities. Please visit the financial aid section of our website at nyu.edu/global-programs/financial-aid for further information.
