

NYU ABU DHABI

Located at the crossroads of the world, NYU Abu Dhabi combines the best of a research university curriculum with the advantages of a liberal arts and sciences education. Subject courses are taught in English, and language courses are available in Arabic, Chinese, and French. Students experience the United Arab Emirates and the neighboring region through regional academic seminars, extracurricular activities, athletic competitions, and personal travel during school breaks.

**NYU
GLOBAL
PROGRAMS**

WHEN

Fall/spring/academic year/Summer Session/January Term.* Opportunities during Summer Sessions and January Term are often specialized programs with different admissions processes and academic offerings than the fall and spring semesters or full academic year. Visit the Global Programs website to learn more.

ACADEMICS

Courses are crafted to uphold the academic rigor expected from NYU. Students can select courses from a rich array of disciplines taught by an exemplary faculty of scholars, artists, and professionals.

Students earn 12 to 18 NYU credits per semester. Subject areas listed on the reverse side are generally offered during the fall and spring semesters.

THE PROGRAM

Students are invited to join the community of more than 1,300 NYU Abu Dhabi students from over 120 countries, work with full-time faculty in classes that have fewer than 12 students on average, and select from over 600 courses. Students enjoy the support of superior career services, academic advising, athletics programs, student government, and clubs.

Unique among study abroad offerings is the wide selection of science, mathematics, and engineering courses that NYU Abu Dhabi offers at both lower- and upper-division levels. Instructional labs include multipurpose wet and dry labs, organic chemistry and engineering labs, three digital manufacturing labs, a nanoparticle research lab, a smart environment lab, and a robotics lab.

ENGAGEMENT WITH THE LOCAL COMMUNITY

Many students volunteer with organizations in Abu Dhabi. These students develop a deeper connection to and understanding of the local community, hone leadership skills, and give back to the local society. Through the Career Development Center, students are supported in internships on and off campus. Weekend excursions and athletics events bring students closer to different communities in the United Arab Emirates.

CAMPUS

The campus, located on Saadiyat Island—a 6,672-acre natural island less than a mile by bridge from the main island of Abu Dhabi—is designed to promote interaction between the academic disciplines and foster community among the students, faculty, and staff. State-of-the-art facilities include a variety of instructional spaces such as experimental laboratories in the sciences and engineering, an interactive media space, film production rooms, digital recording studios, art studios, art exhibition spaces, performance spaces, a black box theatre, and music practice and production rooms as well as student and faculty accommodations. These facilities ensure that students have ample opportunities to supplement their classroom learning. The library, student center, health and wellness center, dining halls, recreation and athletic facilities, and performing arts center all enrich the campus community.

HOUSING

Students live in apartment-style residences within walking distance to classrooms and centers of student activity.

HOW TO APPLY

Apply at nyu.edu/global-programs. Application deadlines are posted online. The NYU Office of Global Programs reviews completed applications in multiple phases. Students are advised to apply by the earliest deadline.

ADMISSIONS

The admissions process ensures that all students studying with NYU are capable of performing to high academic standards. All students complete an online application, which includes a personal statement.

2019-2020 EXPENSES (PER SEMESTER)

NYU Abu Dhabi tuition and fees are \$26,655, with the following exceptions: Tandon School of Engineering, Stern School of Business, and Tisch School of the Arts students pay their regular school charges. The costs of a visa application and required textbooks are included in tuition and fees. Airfare, housing, meals, personal travel, and other related expenses are additional costs.

SCHOLARSHIPS AND FINANCIAL AID

Students receive the same financial assistance package at all NYU locations. Those who are offered admission by the Office of Global Programs and who have a FAFSA or CSS Profile on file are automatically reviewed for a variety of scholarships. Global Programs staff are also available to assist students with external scholarship opportunities. Please visit the financial aid section of our website at nyu.edu/global-programs/financial-aid for further information.

Course offerings and housing accommodations at all global locations are subject to change. See the website for the most up-to-date information.

*Studying at NYU Abu Dhabi is open only to NYU students.
