## ACADEMICS

Students can select courses from a full array of disciplines taught by an exemplary faculty made up of local scholars, artists, and professionals. The majority of classes are held on-site at NYU's own central locations. While most courses are taught in English, students may also select from courses offered in the host country's language. Some locations have affiliations with local universities where students can enroll in one or two courses for NYU credit. Learning outside the classroom is encouraged by interaction with the host culture through internships, community service, excursions, and cultural activities.

## FACILITIES

NYU's global locations boast newly renovated buildings usually within the city center. In addition to classrooms, offices, and computing facilities, these locations are equipped with all the amenities necessary for students to keep up with their studies, from listening and viewing stations to reading rooms, rehearsal spaces, art studios, and darkrooms. Housing is guaranteed and varies by location. Options include apartments, residence halls, or homestays, often in the most popular areas of each global location.

## STUDENT WELLNESS

NYU is dedicated to the well-being of its students inside and outside the classroom. Highly qualified academic support staff, noted faculty, and full-time student life staff manage the safety and welfare of students at all locations. On-site clinical psychologists or global wellness counselors are available at nearly all global locations. Knowledgeable staff are quick to respond to any emergency that may arise at any time and can direct students to local resources.

## CULTURAL ENGAGEMENT

Internship and volunteer opportunities allow students to become familiar with the local language and culture while gaining practical experience in various capacities. Other engagement opportunities include lectures, extracurricular activities with local students, and trips to neighboring cities and landmarks.

## STUDY AWAY PROCESS

Students interested in studying away can visit the NYU Office of Global Programs website at [nyu.edu/global-programs](https://nyu.edu/global-programs) and submit a brief online interest form. The Office of Global Programs considers the unique program requirements and each student's complete academic and university records when reviewing student submissions.

## SCHOLARSHIPS AND FINANCIAL AID

Students receive the same financial assistance package at all NYU locations. Those who are offered admission by the Office of Global Programs and who have a FAFSA or CSS Profile on file will automatically be reviewed for a variety of scholarships, like the NYU Global Pathways Scholarship. Global Programs staff are also available to assist students with external scholarship opportunities. Please visit the financial aid section of our website at [nyu.edu/global-programs/financial-aid](https://nyu.edu/global-programs/financial-aid) for further information.
