UNPARALLELED ACADEMICS

➤ Curricula include subjects not typically offered abroad—business, chemistry, biology, math, physics, prehealth, and more.  
➤ Gain experience with a for-credit academic internship.  
➤ Learn from professors who are top scholars, writers, professionals, and artists in their host countries.  
➤ Easily transfer credits to your home institution with the traditional 4.0 scale on an NYU transcript.

STUDENT LIFE

➤ Participate in noncredit internships, volunteer opportunities, language exchanges, regional travel, and student clubs.  
➤ Full-time staff provide support, organize events and activities, and assist students with any issues they may encounter while away.  
➤ Dedicated facilities include classrooms, computer labs, and guaranteed housing (accommodations may include homestays, apartments, or residence halls).

ELIGIBILITY

➤ No previous language study is required. Enroll in beginner-level language courses and navigate your new city with confidence.  
➤ Join students from NYU and other US colleges who are eager to explore a new culture.  
➤ You may also be eligible to transfer financial aid from your school.

BENEFIT FROM STUDYING WITHIN NYU’S GLOBAL NETWORK

ACADEMICS
Students can select courses from a full array of disciplines taught by an exemplary faculty made up of local scholars, artists, and professionals. Classes are held on-site at NYU’s own central locations. While most courses are taught in English, students may also select from courses offered in the host country’s language. Some locations have affiliations with local universities where students can enroll in one or two courses for NYU credit. The academic calendar for all locations closely aligns with the US university system. Learning outside the classroom is encouraged by interaction with the host culture through internships, community service, excursions, and cultural activities.

FACILITIES
NYU’s global locations boast newly renovated buildings usually within the city center. In addition to classrooms, offices, and computing facilities, these locations are equipped with the amenities necessary for students to keep up with their studies, from listening and viewing stations to reading rooms, rehearsal spaces, art studios, and darkrooms. Housing is guaranteed but varies by location. Options include apartments, residence halls, or homestays, often in the most popular areas of each city.

STUDENT WELLNESS
NYU is dedicated to the well-being of its students inside and outside the classroom. Highly qualified academic support staff, noted faculty, and full-time student life staff manage the safety and welfare of students at all locations. On-site clinical psychologists or global wellness counselors are available at nearly all global locations. Knowledgeable staff are quick to respond to any emergency that may arise at any time and can direct students to local resources.

CULTURAL ENGAGEMENT
Internship and volunteer opportunities allow students to learn the language and local culture while gaining practical experience in various capacities. Other engagement opportunities include lectures, extracurricular activities with local students, and trips to neighboring cities and landmarks.

STUDY ABROAD PROCESS
NYU’s global locations draw an exceptional group of students from leading institutions throughout the United States. Students interested in studying abroad can visit the NYU Office of Global Programs website at nyu.edu/studyabroad and submit a brief online form. The Office of Global Programs considers the unique program requirements and each student’s complete academic and university records when reviewing student submissions.

FINANCIAL AID
Visiting students may be able to transfer their financial aid from their home institution through a consortium agreement with NYU or receive institutional discounts.
