Typically, the entire security clearance process takes approximately 6-8 weeks to complete. The estimated timeframe is based on all required documents being received without delays due to document retrieval, or due to time zone variance, varying work week schedules or public holidays (including the holy month of Ramadan) in the country where your documents originate from and within the UAE.
LEGALIZATION OF DOCUMENTS

What is Legalization?

Legalization is a process whereby a document’s authority is verified by several governmental bodies and finally by the UAE Embassy/Consulate in the country in which it was issued. The public officials and government departments participating in the legalization process may be different depending on the country, but the process involves similar steps: notarization, attestation, authentication and legalization by the UAE Embassy in the country of where the document originated from.

FINAL STEPS INSIDE THE UAE

Once your legalization process is completed internationally, our recommended agent will courier your legalized documents to NYUAD for continuation of the local Security Clearance process (as listed below). Your original documents – if used in the process – will be kept securely on file with NYUAD Immigration Services until you collect them after your arrival. All employee immigration files are secure and confidentially maintained.

MINISTRY OF FOREIGN AFFAIRS (MoFA)

NYUAD submits your educational documents to the Ministry of Foreign Affairs for local attestation where the documentation from the legalization process is again verified. This takes approximately 1-2 business days.

ARABIC TRANSLATION

Prior to the submission the security clearance authorities in Abu Dhabi, NYUAD will have your documents translated into Arabic by a professional service approved by the UAE government. This process takes approximately 1-2 business days (Step 3, Page 3).

SUBMISSION TO THE MINISTRY OF HIGHER EDUCATION AND SCIENTIFIC RESEARCH (MoHE)

The NYUAD Immigration team will submit your complete file (i.e. all required documents listed on page 2) to the UAE Ministry of Higher Education And Scientific Research for a final decision, which takes approximately 2-3 weeks from submission (Step 4, Page 3).

FINAL SELECTION PROCESS

Following the Security Clearance decision, you will be notified by your recruiter or NYUAD representative. Please note security clearance approval does not guarantee an offer from NYUAD; however, candidates whose security clearance is denied cannot receive employment offers from NYUAD.

If at any time during the process, you have questions, please contact Mutaz Awad: mutaz@nyu.edu or +971 2 628 4285
PLEASE NOTE: As with all immigration related processes and procedures, these conditions are subject to change from time to time as per the UAE government.

There are a few types of conditions or circumstances for which the UAE government has some restrictions. Currently, UAE law includes the restrictions listed below, and we feel it is in your best interest to ensure that you are aware of them prior to accepting an offer of employment from NYUAD. An applicant or their dependents who come to the UAE under any of these circumstances will not qualify to be legal residents of the UAE. Should any of these conditions apply to you or your dependents relocating to Abu Dhabi, please contact the individuals mentioned at the end of the section immediately to discuss your concerns.

Security Clearance

All those to be employed in designated sectors are required to be cleared through a UAE government security clearance process prior to receiving an offer. As a higher education institution, NYUAD falls within such designated sectors. Those to be employed in NYUAD must pass this clearance as part of the hiring process. Failure to pass security clearance disqualifies a person from being employed with NYUAD. If you have not received security clearance, please contact your HR contact at NYUAD to ensure this is completed as soon as possible.

*Please note: In rare cases individuals can pass a Security Clearance; however, be denied a visa by the UAE Immigration.

Health Status

As mentioned previously, a medical test is required as a part of the residence visa process for an employee, as well as for his/her relocating spouse and/or dependents age 18 or above. According to the Health Authority Abu Dhabi (HAAD), the test includes, physical examination, screening to detect pulmonary tuberculosis by chest x-ray and blood test for HIV/AIDS. For more information, please visit HAAD Website (http://www.haad.aehaad.tabid/1200/default.aspx). A positive test result for HIV/AIDS, and Tuberculosis would bar someone from obtaining a residence visa in the UAE, and therefore would mean they would be ineligible for employment by NYUAD. **We recommend that you undergo similar medical tests prior to your acceptance of employment with NYUAD and prior to your departure for Abu Dhabi so that you can be optimally informed about your own health status and that of your spouse and/or eligible dependents.**

As per current UAE Immigration rules, citizens of Sri Lanka, India, Bangladesh, Egypt, Kenya and Indonesia are required to undergo a medical test in their home countries prior to their relocation to the UAE. After obtaining the test result, it has to be attested by the UAE Embassy in the above countries and then email a color copy to the NYUAD Immigration Services (nyuad.immigration@nyu.edu). For Indian citizen the entry visa will be granted by the UAE embassy/consulates in New Delhi or Kerala. For further details on the medical test, and location of the medical facilities, please contact any of the following GAMCA (GCC Approved Medical Centers’ Association) offices below. Similarly, you may follow the below link for list of medical centers in all GAMCA counties. (https://gcchmc.org/Gcc/Login.aspx)

Health Insurance

If you elect NYUAD Health Insurance Coverage, and you are either transferring from an Abu Dhabi or Al Ain visa or you are sponsored by a relative in the UAE, we would require a Continuity of Health Insurance Certificate from your previous health insurance provider in order to process your health insurance enrollment. If this is applicable to you, please obtain a certificate from your sponsor/employer and submit this to NYUAD prior to your start date. If you are unable to obtain this certificate, please notify the Recruitment Manager before you accept our employment offer. If a lapse of insurance coverage occurs, you will be responsible for paying any fines associated with the break in insurance coverage. Failure to pay fines can result in not obtaining your NYUAD work permit in Abu Dhabi. To contest a fine, a grievance can be filed with the Health Authority of Abu Dhabi (HAAD).

Relationships Ineligible for Dependent Sponsorship

Under UAE law, a male employee who is a member of a heterosexual married couple can sponsor his spouse/dependents for the residence visa. However, please note that sponsorship of a spouse and/or dependents by a female employee who is a member of heterosexual married couple may be limited to female employees in certain professions (e.g. teacher, physician, and nurse). From time to time, female employees in other job titles have been granted sponsorship approvals by the UAE government for their spouses/children, but this is arbitrary and cannot be guaranteed. Please contact nyuad.immigration@nyu.edu if you need to discuss.

An employee, male or female, with an unmarried domestic partner of any sexual orientation will not be able to sponsor his/her partner. However, his/her partner may work and live in the UAE if they obtain their own employment through which they can be sponsored for a residence visa.

Similarly, a legal resident on an employment visa may sponsor biological children, females at any age until they get married, and males up to 18 years only (The same job categories for female employees, wishing to sponsor dependents, apply as mentioned above). The sponsorship of legally adopted children is granted only at the sole discretion of the UAE government on a case-by-case basis. Please note: Step-children do not qualify for sponsorship unless one of their biological parents has a residence visa with NYUAD (Please contact nyuad.immigration@nyu.edu for important instructions regarding supporting documentation).

Abu Dhabi Residency Visa Regulations

With different versions of the rules abounding, it is a possibility that one may need to furnish a tenancy contract from Abu Dhabi to apply or renew a residence visa in the capital. Please contact nyuad.immigration@nyu.edu if you need to discuss.

Israeli Passports

Currently, the UAE does not have diplomatic relations with Israel and therefore does not recognize Israeli passports for the purposes of entry into the country. Citizens of other nations, who have traveled to Israel and therefore have Israeli stamps in their passports, will not be affected.

If you have questions or would like to discuss any of aforementioned matters further, please contact:

Mohammad Al Ramahi, Director, Immigration & Relocation Services, +971 2 628 4069, mar25@nyu.edu
1) Do all new employees need to have their educational certificates legalized?

Yes. All new employees need to complete legalization of their highest academic degree certificate (diploma or degree) as a part of their security clearance.

2) If I am too busy to accomplish the legalization process on my own and I choose to submit my original documents (e.g., university degree certificate) for legalization, how do I know they are safe in transit? When will I get my original documents returned to me at the end of the attestation process?

The immigration services firms which will be handling your documents are very experienced at handling valuable original documents and will transport them in secure packaging carefully tracked and monitored for safe delivery. Both the originals and/or the legalized copies will be returned to NYUAD within one week after the completion of legalization. The Immigration Services Team will notify you once they have been received so you can collect them in Abu Dhabi or arrange further delivery.

3) Does my relocating spouse/partner need his/her degree legalized?

No, this is not a requirement in order for you to sponsor him/her; however, you will need to have your marriage license and children’s birth certificates attested for family sponsorship. In order to begin your family sponsorship process the following needs to happen: you must pass your security clearance, receive an offer of employment and return the signed offer to NYUAD.

4) I am not relocating internationally: I am joining from another institution here in the UAE. Is my process different?

Yes, somewhat different. There are additional documents required that you will need to secure from within the UAE and provide to NYUAD. (See page 2, “Required Documents.”)

5) I might need to begin work sooner than the typical timeframe described for completing the necessary Security Clearance prior to the job offer. Is that possible?

Because NYUAD follows standards of compliance in accordance with UAE immigration policies, employees and supervisors will need to adhere to the established timeframes and prerequisites for the hiring process.

6) If I am unable to locate my original degree certificate, what should I do?

You can contact your university/college to issue an official letter confirming the award of your degree and this letter should be legalized by the UAE Embassy (See pages 4 & 5, “Legalization of Documents”)

7) Is there anything else I should know while I am undergoing Security Clearance?

Yes – if you are offered a position with NYUAD, there are several UAE restrictions related to obtaining a residence visa for employment purposes, with which you should familiarize yourself prior to accepting our offer. This information can be found in the section “UAE Legal Restrictions Regarding Residence Visas and Sponsorship” listed above on page 9.
8) I have questions about filling out the Security Clearance Form:

What should I list for my salary?

You should list your current salary and the currency. If you are not currently employed at the moment than you should write “NA”; however if your resume shows that you are currently employed you are required to list your current salary.

What should I list for my job title?

You should list your current job title as written on your resume. If you are not currently employed, then write “NA”.

What should I list for Date of Entry to UAE and Port of Entry?

If you currently have a residence visa then you will list the issuance date of your first residence visa (even if it was from 10 years ago) and the Emirate that it was issued in for the Port of Entry. If you don’t have an active residence visa then you list “NA” for both questions (even if you have traveled to the UAE in the past, you still need to list “NA”).

What should I list for sponsor upon entry?

If you have a residence visa then you will list your sponsor from your first residence visa (even if it was from 10 years ago). If you don't have a residence visa then you will list New York University in Abu Dhabi.

What should I list if I’m currently single or engaged; but I will be married when I arrive?

You should not list a spouse as this application is based on your current situation (thus single). Once you are married, this does not change the outcome of your application with the MoHE.

Why are you asking me for my relatives’ and friends’ information?

Your relatives and friends will not be contacted; however they are basically used as references. Any individuals’ information that you provide could be looked up within several different countries’ databases as well as social information that is available through the Internet.

Why do you need my vehicle information?

Your vehicle information is required regardless of where you reside. If you own a vehicle in any country you are required to list the information. This is another way to identify you and find additional information on you. This application is about transparency. Even if you don’t intend on importing your vehicle within the UAE or using the vehicle while you are an employee of NYUAD, you must still list at least once vehicle (if applicable) that is registered under your name.
