Important Information Regarding Availability of Coverage

No services are covered under this Booklet in the absence of payment of current premiums subject to the Grace Period and the Premium section of the Group Insurance Policy.

Unless specifically provided in any applicable termination or continuation of coverage provision described in this Booklet or under the terms of the Group Insurance Policy, the plan does not pay benefits for a loss or claim for a health care, medical or dental care expense incurred before coverage starts under this plan.

This plan will not pay any benefits for any claims, or expenses incurred after the date this plan terminates.

This provision applies even if the loss, or expense, was incurred because of an accident, injury or illness that occurred, began or existed while coverage was in effect.

Please refer to the sections, “Termination of Coverage (Extension of Benefits)” and “Continuation of Coverage” for more details about these provisions.

Benefits may be modified during the term of this plan as specifically provided under the terms of the Group Insurance Policy or upon renewal. If benefits are modified, the revised benefits (including any reduction in benefits or elimination of benefits) apply to any expenses incurred for services or supplies furnished on or after the effective date of the plan modification. There is no vested right to receive any benefits described in the Group Insurance Policy or in this Booklet beyond the date of termination or renewal including if the service or supply is furnished on or after the effective date of the plan modification, but prior to your receipt of amended plan documents.

Coverage for You and Your Dependents (GR-9N-02-020-02)

Health Expense Coverage

Benefits are payable for covered health care expenses that are incurred by you or your covered dependents while coverage is in effect. An expense is “incurred” on the day you receive a health care service or supply. This plan provides coverage for the following:

- Medical Plan

Coverage under this plan is non-occupational. Only non-occupational injuries and non-occupational illnesses are covered. Conditions that are related to pregnancy may be covered under this plan.

Refer to the What the Plan Covers section of the Booklet for more information about your coverage.

Treatment Outcomes of Covered Services (GR-9N-02-020-02)

Aetna is not a provider of health care services and therefore is not responsible for and does not guarantee any results or outcomes of the covered health care services and supplies you receive. Except for Aetna RX Home Delivery LLC, providers of health care services, including hospitals, institutions, facilities or agencies, are independent contractors and are neither agents nor employees of Aetna or its affiliates.
Throughout this section you will find information on who can be covered under the plan, how to enroll and what to do when there is a change in your life that affects coverage. In this section, “you” means the employee.

Who Can Be Covered

Employees
To be covered by this plan, the following requirements must be met:

- You will need to be in an “eligible class”, as defined below; and
- You will need to meet the “eligibility date criteria” described below.

Determining if You Are in an Eligible Class
You are in an Eligible Class if you are a regular full-time faculty and administrators of New York University and its Affiliates on short or long-term international assignment and employee participating in this plan working a minimum of 25 hours per week and you reside outside the United States or Bermuda.

Determining When You Become Eligible
You become eligible for the plan on your eligibility date, which is determined as follows.

On the Effective Date of the Plan
If you are in an eligible class on the effective date of this plan, your coverage eligibility date is the effective date of the plan.

After the Effective Date of the Plan
If you are hired after the effective date of this plan, your coverage eligibility date is the date you are hired.

If you enter an eligible class after the effective date of this plan, your coverage eligibility date is the date you enter the eligible class.

Obtaining Coverage for Dependents
Your dependents can be covered under your plan. You may enroll the following dependents:

- Your legal spouse; or
- Your domestic partner who meets the rules set by your employer; and
- Your dependent children; and
- Dependent children of your domestic partner.

Aetna will rely upon your employer to determine whether or not a person meets the definition of a dependent for coverage under the plan. This determination will be conclusive and binding upon all persons for the purposes of this plan.
Coverage for Domestic Partner (GR.9N 29.010.01)
A domestic partner is a person who certifies the following as of the date of enrollment:

- He or she is your sole domestic partner and intends to remain so indefinitely.
- He or she is not married or legally separated from anyone else.
- He or she has not registered as a member of another domestic partnership within the past six months.
- He or she is of the age of consent in your state of residence.
- He or she is not a blood relative to a degree of closeness that would prohibit legal marriage in the state in which you legally reside.
- He or she has cohabitated and resided with you in the same residence for the past six months and intends to cohabitate and reside with you indefinitely.
- He or she is engaged with you in a committed relationship of mutual caring and support, and is jointly responsible for your common welfare and living expenses.
- He or she is not in the relationship solely for the purpose of obtaining the benefits of coverage.
- He or she can demonstrate interdependence with you by submitting proof of at least three of the following:
  - Common ownership of real property (joint deed or mortgage agreement) or a common leasehold interest in property;
  - Common ownership of a motor vehicle;
  - Driver’s license listing a common address;
  - Proof of joint bank accounts or credit accounts;
  - Proof of designation as the primary beneficiary for life insurance or retirement benefits, or primary beneficiary designation under your will; or

- Any children for whom you are responsible under court order;
- Your grandchildren in your court-ordered custody; and
- Any other child who lives with you in a parent-child relationship.

Coverage for a handicapped child may be continued past the age limits shown above. See Handicapped Dependent Children for more information.

Important Reminder
Keep in mind that you cannot receive coverage under this Plan as:

- Both an employee and a dependent; or
- A dependent of more than one employee.
How and When to Enroll (GR-9N 29.015-02)

Initial Enrollment in the Plan
You will be provided with plan benefit and enrollment information when you first become eligible to enroll. You will need to enroll in a manner determined by Aetna and your employer. To complete the enrollment process, you will need to provide all requested information for yourself and your eligible dependents. You will also need to agree to make required contributions for any contributory coverage. Your employer will determine the amount of your plan contributions, which you will need to agree to before you can enroll. Your employer will advise you of the required amount of your contributions and will deduct your contributions from your pay. Remember plan contributions are subject to change.

You will need to enroll within 31 days of your eligibility date. Otherwise, you may be considered a Late Enrollee. If you miss the enrollment period, you will not be able to participate in the plan until the next annual enrollment period, unless you qualify under a Special Enrollment Period, as described below.

If you do not enroll for coverage when you first become eligible, but wish to do so later, your employer will provide you with information on when and how you can enroll.

Newborns are automatically covered for 31 days after birth. To continue coverage after 31 days, you will need to complete a change form and return it to your employer within the 31-day enrollment period.

Late Enrollment
If you do not enroll during the Initial Enrollment Period, or a subsequent annual enrollment period, you and your eligible dependents may be considered Late Enrollees and coverage may be deferred until the next annual enrollment period. If, at the time of your initial enrollment, you elect coverage for yourself only and later request coverage for your eligible dependents, they may be considered Late Enrollees.

You must return your completed enrollment form before the end of the next annual enrollment period.

However, you and your eligible dependents may not be considered Late Enrollees under the circumstances described in the “Special Enrollment Periods” section below.

Annual Enrollment
During the annual enrollment period, you will have the opportunity to review your coverage needs for the upcoming year. During this period, you have the option to change your coverage. The choices you make during this annual enrollment period will become effective the following year.

If you do not enroll yourself or a dependent for coverage when you first become eligible, but wish to do so later, you will need to do so during the next annual enrollment period, unless you qualify under one of the Special Enrollment Periods, as described below.

Special Enrollment Periods
You will not be considered a Late Enrollee if you qualify under a Special Enrollment Period as defined below. If one of these situations applies, you may enroll before the next annual enrollment period.
Loss of Other Health Care Coverage
You or your dependents may qualify for a Special Enrollment Period if:

- You did not enroll yourself or your dependent when you first became eligible or during any subsequent annual enrollments because, at that time:
  - You or your dependents were covered under other **creditable coverage**; and
  - You refused coverage and stated, in writing, at the time you refused coverage that the reason was that you or your dependents had other **creditable coverage**; and
- You or your dependents are no longer eligible for other **creditable coverage** because of one of the following:
  - The end of your employment;
  - A reduction in your hours of employment (for example, moving from a full-time to part-time position);
  - The ending of the other plan’s coverage;
  - Death;
  - Divorce or legal separation;
  - Employer contributions toward that coverage have ended;
  - U.S. COBRA coverage ends;
  - The employer's decision to stop offering the group health plan to the eligible class to which you belong;
  - Cessation of a dependent’s status as an eligible dependent as such is defined under this Plan; or
  - You or your dependents have reached the lifetime maximum of another Plan for all benefits under that Plan.
- You will need to enroll yourself or a dependent for coverage within 31 days of when other **creditable coverage** ends. Evidence of termination of **creditable coverage** must be provided to Aetna. If you do not enroll during this time, you will need to wait until the next annual enrollment period.

New Dependents
You and your dependents may qualify for a Special Enrollment Period if:

- You did not enroll when you were first eligible for coverage; and
- You later acquire a dependent, as defined under the plan, through marriage, birth, adoption, or placement for adoption; and
- You elect coverage for yourself and your dependent within 31 days of acquiring the dependent.

Your spouse or child who meets the definition of a dependent under the plan may qualify for a Special Enrollment Period if:

- You did not enroll them when they were first eligible; and
- You later elect coverage for them within 31 days of a court order requiring you to provide coverage.

You will need to report any new dependents by completing a change form, which is available from your employer. The form must be completed and returned to Aetna within 31 days of the change. If you do not return the form within 31 days of the change, you will need to make the changes during the next annual enrollment period.

If You Adopt a Child
Your plan will cover a child who is placed for adoption. This means you have taken on the legal obligation for total or partial support of a child whom you plan to adopt.

Your plan will provide coverage for a child who is placed with you for adoption if:

- The child meets the plan's definition of an eligible dependent on the date he or she is placed for adoption; and
- You request coverage for the child in writing within 31 days of the placement.
• Proof of placement will need to be presented to Aetna prior to the dependent enrollment.
• Any coverage limitations for a pre-existing condition will not apply to a child placed with you for adoption provided that the placement occurs on or after the effective date of your coverage.

**When You Receive a Qualified Child Support Order**

A Qualified Medical Child Support Order (QMCSO) is a court order requiring a parent to provide health care coverage to one or more children. A Qualified Domestic Relations Support Order (QDRSO) is a court order requiring a parent to provide dependent’s life insurance coverage to one or more children. Your plan will provide coverage for a child who is covered under a QMCSO or a QDRSO, if:

• The child meets the plan’s definition of an eligible dependent; and
• You request coverage for the child in writing within 31 days of the court order.

Coverage for the dependent will become effective on the date of the court order. Any coverage limitations for a pre-existing condition will not apply, as long as you submit a written request for coverage within the 31-day period.

If you do not request coverage for the child within the 31-day period, you will need to wait until the next annual enrollment period.

Under a QMCSO or QDRSO, if you are the non-custodial parent, the custodial parent may file claims for benefits. Benefits for such claims will be paid to the custodial parent.

**When Your Coverage Begins** *(GR-9N-29-025-01)*

**Your Effective Date of Coverage**

If you have met all the eligibility requirements, your coverage takes effect on the later of:

• The date you are eligible for coverage; or
• The date your enrollment form is received; and
• The date your required contribution is received by Aetna.

If your completed enrollment information is not received within 31 days of your eligibility date, the rules under the Special or Late Enrollment Periods section will apply.

**Important Notice:**
You must pay the required contribution in full.

**Your Dependent’s Effective Date of Coverage** *(GR-9N 29-025-02)*

Your dependent’s coverage takes effect on the same day that your coverage becomes effective, if you have enrolled them in the plan.

**Note:** New dependents need to be reported to Aetna within 31 days because they may affect your contributions. If you do not report a new dependent within 31 days of his or her eligibility date, the rules under the Special or Late Enrollment Periods section will apply.
How Your Medical Plan Works

It is important that you have the information and useful resources to help you get the most out of your Aetna medical plan. This Booklet explains:

- Definitions you need to know;
- How to access care, including procedures you need to follow;
- What expenses for services and supplies are covered and what limits may apply;
- What expenses for services and supplies are not covered by the plan;
- How you share the cost of your covered services and supplies; and
- Other important information such as eligibility, complaints and appeals, termination, continuation of coverage, and general administration of the plan.

Important Notes

- Unless otherwise indicated, “you” refers to you and your covered dependents.
- Your health plan pays benefits only for services and supplies described in this Booklet as covered expenses that are medically necessary.
- This Booklet applies to coverage only and does not restrict your ability to receive health care services that are not or might not be covered benefits under this health plan.
- Store this Booklet in a safe place for future reference.

Common Terms

Many terms throughout this Booklet are defined in the Glossary section at the back of this document. Defined terms appear in bolded print. Understanding these terms will also help you understand how your plan works and provide you with useful information regarding your coverage.

About Your Comprehensive Medical Plan (GR-9N-08-015-02)

This Aetna medical plan is designed to cover a range of medical services and supplies for the treatment of illness and injury and other preventive and routine medical expenses. It does not provide benefits for all medical care.

The plan will pay for covered expenses up to the maximum benefits shown in this Booklet-Certificate. Coverage is subject to all the terms, policies and procedures outlined in this Booklet-Certificate. Not all medical expenses are covered under the plan. Exclusions and limitations apply to certain medical services, supplies and expenses. Refer to the What the Plan Covers, Exclusions and Schedule of Benefits sections to determine if medical services are covered, excluded, or limited.

Using the Plan (GR-9N-08-015-02)

- When you need medical care, you can go to physicians, hospitals and other health care providers of your choice for covered services and supplies under the plan.

- You may have to pay the provider or facility and submit a claim to receive reimbursement from the plan. You will be responsible for completing and submitting claim forms for reimbursement of covered expenses you paid directly to the provider. Aetna will reimburse you for a covered expense up to the recognized charge, less any cost sharing required by you.
We will send you a notice of what the plan has paid toward your covered expenses. It will show any amounts you owe towards your deductible, payment percentage or other non-covered expenses you have incurred. You may choose to receive this notice by e-mail, or through the mail. Call or e-mail Member Services if you have questions regarding your statement.

Cost Sharing

Important Note:
You share in the cost of your care. Cost Sharing amounts and provisions are described in the Schedule of Benefits.

- You must satisfy any applicable deductibles before the plan begins to pay benefits.
- After you satisfy any applicable deductible, you will be responsible for any applicable coinsurance for covered expenses that you incur. You will be responsible for your coinsurance up to the coinsurance limit applicable to your plan.
- Your coinsurance will be based on the recognized charge. If the health care provider you select charges more than the recognized charge, you will be responsible for any expenses above the recognized charge.
- Once you satisfy the coinsurance limit, the plan will pay 100% of the covered expenses that apply toward the limit for the rest of the Calendar Year. Certain designated out-of-pocket expenses may not apply to the coinsurance limit. Refer to your Schedule of Benefits section for information on what expenses do not apply to the limit and specific dollar limits that apply to your plan.
- The plan will pay for covered expenses, up to the maximums shown in the What the Plan Covers or Schedule of Benefits sections. You are responsible for any expenses incurred over the maximum limits outlined in the What the Plan Covers or Schedule of Benefits sections.

Emergency and Urgent Care (GR-9N-27-005-01)

You have coverage 24 hours a day, 7 days a week for:

- An emergency medical condition; or
- An urgent condition.

In Case of a Medical Emergency

When emergency care is necessary, please follow the guidelines below:

- Seek the nearest emergency room, or dial 911 or your local emergency response service for medical and ambulatory assistance. If possible, call your physician provided a delay would not be detrimental to your health.
- After assessing and stabilizing your condition, the emergency room should contact your physician to obtain your medical history to assist the emergency physician in your treatment.
- If you are admitted to an inpatient facility, notify your physician as soon as reasonably possible.
Coverage for Emergency Medical Conditions
Refer to Coverage for Emergency Medical Conditions in the What the Plan Covers section.

In Case of an Urgent Condition (GR-9N-27-010-01)

Call your physician if you think you need urgent care. Physicians usually provide coverage 24 hours a day, including weekends and holidays for urgent care. You may contact any physician or urgent care provider, for an urgent care condition if you cannot reach your physician.

If it is not feasible to contact your physician, please do so as soon as possible after urgent care is provided. If you need help finding an urgent care provider you may call Member Services at the toll-free number on your I.D. card, or you may access Aetna’s online provider directory at www.aetnainternational.com.

Coverage for an Urgent Condition
Refer to Coverage for Urgent Medical Conditions in the What the Plan Covers section.

To keep your out-of-pocket costs lower, your follow-up care should be provided by a physician.

Important Notice
Follow up care, which includes (but is not limited to) suture removal, cast removal and radiological tests such as x-rays, should not be provided by an emergency room facility.
Requirements For Coverage

To be covered by the plan, services and supplies and prescription drugs must meet all of the following requirements:

1. The service or supply or prescription drug must be covered by the plan. For a service or supply or prescription drug to be covered, it must:
   - Be included as a covered expense in this Booklet;
   - Not be an excluded expense under this Booklet. Refer to the Exclusions sections of this Booklet for a list of services and supplies that are excluded;
   - Not exceed the maximums and limitations outlined in this Booklet. Refer to the What the Plan Covers section and the Schedule of Benefits for information about certain expense limits; and
   - Be obtained in accordance with all the terms, policies and procedures outlined in this Booklet.

2. The service or supply or prescription drug must be provided while coverage is in effect. See the Who Can Be Covered, How and When to Enroll, When Your Coverage Begins, When Coverage Ends and Continuation of Coverage sections for details on when coverage begins and ends.

3. The service or supply or prescription drug must be medically necessary. To meet this requirement, the medical services, supply or prescription drug must be provided by a physician, or other health care provider, exercising prudent clinical judgment, to a patient for the purpose of preventing, evaluating, diagnosing or treating an illness, injury, disease or its symptoms. The provision of the service or supply must be:
   (a) In accordance with generally accepted standards of medical practice;
   (b) Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient’s illness, injury or disease; and
   (c) Not primarily for the convenience of the patient, physician or other health care provider;
   (d) And not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient’s illness, injury, or disease.

For these purposes “generally accepted standards of medical practice” means standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, or otherwise consistent with physician specialty society recommendations and the views of physicians practicing in relevant clinical areas and any other relevant factors.

Important Note
Not every service, supply or prescription drug that fits the definition for medical necessity is covered by the plan. Exclusions and limitations apply to certain medical services, supplies and expenses. For example some benefits are limited to a certain number of days, visits or a dollar maximum. Refer to the What the Plan Covers section and the Schedule of Benefits for the plan limits and maximums.

**When Coverage Ends (GR-9N-30-015-04)**

Coverage under your plan can end for a variety of reasons. In this section, you will find details on how and why coverage ends, and how you may still be able to continue coverage.

**When Coverage Ends for Employees**

Your coverage under the plan will end if:

- The plan is discontinued;
- You voluntarily stop your coverage;
- The group policy ends;
- You are no longer eligible for coverage;
- You do not make any required contributions;
- You become covered under another plan offered by your employer;
- You have exhausted your overall maximum lifetime benefit under your medical plan, if your plan contains such a maximum benefit; or
- Your employment stops. This will be either the date you stop active work, or the day before the first premium due date that occurs after you stop active work. However, if premium payments are made on your behalf, your coverage may continue until stopped by your employer as described below:
  - If you are not at work due to illness or injury, your coverage may continue, but not beyond the end of the next policy month after the policy month in which your absence started. A “policy month” is defined in the group policy on file with your employer.
  - If you are not at work due to temporary lay-off or leave of absence, your coverage will stop on your last full day of active work before the start of the lay-off or leave of absence.
- The date you become a resident in the United States or Bermuda.

It is your employer’s responsibility to let Aetna know when your employment ends. The limits above may be extended only if Aetna and your employer agree, in writing, to extend them.

**Your Proof of Prior Medical Coverage (GR-9N-30-010-01)**

Under the Health Insurance Portability and Accountability Act of 1996, your employer is required to give you a certificate of creditable coverage when your employment ends. This certificate proves that you were covered under this plan when you were employed. Ask your employer about the certificate of creditable coverage.

**When Coverage Ends for Dependents (GR-9N-30-015-02)**

Coverage for your dependents will end if:

- You are no longer eligible for dependents’ coverage;
- You do not make your contribution for the cost of dependents’ coverage;
- Your own coverage ends for any of the reasons listed under *When Coverage Ends for Employees*. (This does not apply if you use up your overall lifetime maximum, if included);
Your dependent is no longer eligible for coverage. Coverage ends at the end of the calendar month when your dependent does not meet the plan’s definition of a dependent; or
As permitted under applicable federal and state law, your dependent becomes eligible for like benefits under this or any other group plan offered by your employer.

In addition, a "domestic partner" will no longer be considered to be a defined dependent on the earlier to occur of:

- The date this plan no longer allows coverage for domestic partners.
- The date of termination of the domestic partnership.

Coverage for dependents may continue for a period after your death. Coverage for handicapped dependents may continue after they reach any limiting age. See Continuation of Coverage for more information.

**Continuation of Coverage** *(GR.9N-31-015-05)*

**Continuing Health Care Benefits** *(GR.9N-31-015-06)*

**Handicapped Dependent Children** *(GR.9N-31-015-01)*

Health Expense Coverage for your fully handicapped dependent child may be continued past the maximum age for a dependent child. However, such coverage may not be continued if the child has been issued an individual medical conversion policy.

Your child is fully handicapped if:

- he or she is not able to earn his or her own living because of mental retardation or a physical handicap which started prior to the date he or she reaches the maximum age for dependent children under your plan; and
- he or she depends chiefly on you for support and maintenance.

Proof that your child is fully handicapped must be submitted to Aetna no later than 90 days after the date your child reaches the maximum age under your plan.

Coverage will cease on the first to occur of:

- Cessation of the handicap.
- Failure to give proof that the handicap continues.
- Failure to have any required exam.
- Termination of Dependent Coverage as to your child for any reason other than reaching the maximum age under your plan.

Aetna will have the right to require proof of the continuation of the handicap. Aetna also has the right to examine your child as often as needed while the handicap continues at its own expense. An exam will not be required more often than once each year after 2 years from the date your child reached the maximum age under your plan.
Extension of Benefits (GR-9N 31-020 01)

Coverage for Health Benefits
If your health benefits end while you are totally disabled, your health expenses will be extended as described below, but, with respect to medical benefits, only as to expenses incurred in connection with the injury or illness that caused the total disability. To find out why and when your coverage may end, please refer to When Coverage Ends.

“Totally disabled” means that because of an injury or illness:
- You are not able to work at your own occupation and you cannot work at any occupation for pay or profit.
- Your dependent is not able to engage in most normal activities of a healthy person of the same age and gender.

Extended Health Coverage (GR-9N 31-020 01)

Medical Benefits (other than Basic medical benefits): Coverage will be available while you are totally disabled, but only for the condition that caused the disability, for up to 12 months.

Prescription Drug Benefits: Coverage will be available while you are totally disabled for up to 12 months.

When Extended Health Coverage Ends
Extension of benefits will end on the first to occur of the date:
- You are no longer totally disabled, or become covered under any other group plan with like benefits.
- Your dependent is no longer totally disabled, or he or she becomes covered under any other group plan with like benefits.

(This does not apply if coverage ceased because the benefit section ceased for your eligible class.)
Coordination of Benefits - What Happens When There is More Than One Health Plan

When Coordination of Benefits Applies

This Coordination of Benefits (COB) provision applies to this plan when you or your covered dependent has health coverage under more than one plan. “Plan” and “This plan” are defined herein. The Order of Benefit Determination Rules below determines which plan will pay as the primary plan. The primary plan pays first without regard to the possibility that another plan may cover some expenses. A secondary plan pays after the primary plan and may reduce the benefits it pays so that payments from all group plans do not exceed 100% of the total allowable expense.

Getting Started - Important Terms

When used in this provision, the following words and phrases have the meaning explained herein.

**Allowable Expense** means a health care service or expense, including, coinsurance and **copayments** and without reduction of any applicable **deductible**, that is covered at least in part by any of the Plans covering the person. When a Plan provides benefits in the form of services (for example an HMO), the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense or service that is not covered by any of the Plans is not an allowable expense. Any expense that a health care provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an allowable expense. The following are examples of expenses and services that are not allowable expenses:

1. If a covered person is confined in a private **hospital** room, the difference between the cost of a semi-private room in the **hospital** and the private room is not an allowable expense. This does not apply if one of the Plans provides coverage for a private room.
2. If a person is covered by 2 or more Plans that compute their benefit payments on the basis of reasonable or recognized charges, any amount in excess of the highest of the reasonable or recognized charges for a specific benefit is not an allowable expense.
3. If a person is covered by 2 or more Plans that provide benefits or services on the basis of negotiated charges, an amount in excess of the highest of the negotiated charges is not an allowable expense.
4. The amount a benefit is reduced or not reimbursed by the primary Plan because a covered person does not comply with the Plan provisions is not an allowable expense. Examples of these provisions are second surgical opinions, precertification of admissions, and preferred provider arrangements.
5. If all Plans covering a person are high deductible Plans and the person intends to contribute to a health savings account established in accordance with section 223 of the Internal Revenue Code of 1986, the primary high deductible Plan’s deductible is not an allowable expense, except as to any health expense that may not be subject to the deductible as described in section 223(c)(2)(C) of the Internal Revenue Code of 1986.

If a person is covered by one Plan that computes its benefit payments on the basis of reasonable or recognized charges and another Plan that provides its benefits or services on the basis of negotiated charges, the primary plan’s payment arrangements shall be the allowable expense for all the Plans. However, if the secondary plan has a negotiated fee or payment amount different from the primary plan and if the provider contract permits, that negotiated fee will be the allowable expense used by the secondary plan to determine benefits.
When a plan provides benefits in the form of services, the reasonable cash value of each service rendered shall be deemed an allowable expense and a benefit paid.

Closed Panel Plan(s). A plan that provides health benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the plan, and that limits or excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.

Custodial Parent. A parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.

Plan. Any Plan providing benefits or services by reason of health care or treatment, which benefits or services are provided by one of the following:

- Group or nongroup, blanket, or franchise health insurance policies issued by insurers, including health care service contractors;
- Other prepaid coverage under service Plan contracts, or under group or individual practice;
- Uninsured arrangements of group or group-type coverage;
- Labor-management trustee Plans, labor organization plans, employer organization Plans, or employee benefit organization Plans;
- Medical benefits coverage in a group, group-type, and individual automobile “no-fault” and traditional automobile “fault” type contracts;
- Medicare or other governmental benefits;
- Other group-type contracts. Group type contracts are those which are not available to the general public and can be obtained and maintained only because membership in or connection with a particular organization or group.

If the Plan includes medical, prescription drug, dental, vision and hearing coverage, those coverages will be considered separate plans. For example, Medical coverage will be coordinated with other Medical plans, and dental coverage will be coordinated with other dental plans.

This Plan is any part of the policy that provides benefits for health care expenses.

Primary Plan/Secondary Plan. The order of benefit determination rules state whether This Plan is a Primary Plan or Secondary Plan as to another Plan covering the person.

When This Plan is a primary Plan, its benefits are determined before those of the other Plan and without considering the other Plan’s benefits.

When This Plan is a Secondary Plan, its benefits are determined after those of the other Plan and may be reduced because of the other Plan’s benefits.

When there are more than two Plans covering the person, this Plan may be a Primary Plan as to one or more other Plans, and may be a Secondary Plan as to a different Plan or Plans.
Which Plan Pays First (GR-9N 33.010 01)

When two or more plans pay benefits, the rules for determining the order of payment are as follows:

- The primary plan pays or provides its benefits as if the secondary plan or plans did not exist.
- A plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary. There is one exception: coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.
- A plan may consider the benefits paid or provided by another plan in determining its benefits only when it is secondary to that other plan.
- The first of the following rules that describes which plan pays its benefits before another plan is the rule to use:

1. Non-Dependent or Dependent. The plan that covers the person other than as a dependent, for example as an employee, member, subscriber or retiree is primary and the plan that covers the person as a dependent is secondary. However, if the person is a U.S. Medicare beneficiary and, as a result of U.S. federal law, U.S. Medicare is secondary to the plan covering the person as a dependent; and primary to the plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two plans is reversed so that the plan covering the person as an employee, member, subscriber or retiree is secondary and the other plan is primary.

2. Child Covered Under More than One Plan. The order of benefits when a child is covered by more than one plan is:

   A. The primary plan is the plan of the parent whose birthday is earlier in the year if:

      i. The parents are married or living together whether or not married;
      ii. A court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage or if the decree states that both parents are responsible for health coverage. If both parents have the same birthday, the plan that covered either of the parents longer is primary.

   B. If the specific terms of a court decree state that one of the parents is responsible for the child’s health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. If the parent with responsibility has no health coverage for the dependent child’s health care expenses, but that parent’s spouse does, the plan of the parent’s spouse is the primary plan.

   C. If the parents are separated or divorced or are not living together whether or not they have ever been married and there is no court decree allocating responsibility for health coverage, the order of benefits is:

      - The plan of the custodial parent;
      - The plan of the spouse of the custodial parent;
      - The plan of the noncustodial parent; and then
      - The plan of the spouse of the noncustodial parent.

For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits should be determined as outlined above as if the individuals were the parents.
3. Active Employee or Retired or Laid off Employee. The plan that covers a person as an employee who is neither laid off nor retired or as a dependent of an active employee, is the primary plan. The plan covering that same person as a retired or laid off employee or as a dependent of a retired or laid off employee is the secondary plan. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule will not apply if the Non-Dependent or Dependent rules above determine the order of benefits.

4. Continuation Coverage. If a person whose coverage is provided under a right of continuation provided by federal or state law also is covered under another plan, the plan covering the person as an employee, member, subscriber or retiree (or as that person's dependent) is primary, and the continuation coverage is secondary. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule will not apply if the Non-Dependent or Dependent rules above determine the order of benefits.

5. Longer or Shorter Length of Coverage. The plan that covered the person as an employee, member, subscriber longer is primary.

6. If the preceding rules do not determine the primary plan, the allowable expenses shall be shared equally between the plans meeting the definition of plan under this provision. In addition, this plan will not pay more than it would have paid had it been primary.

How Coordination of Benefits Works

In determining the amount to be paid when this plan is secondary on a claim, the secondary plan will calculate the benefits that it would have paid on the claim in the absence of other health insurance coverage and apply that amount to any allowable expense under this plan that was unpaid by the primary plan. The amount will be reduced so that when combined with the amount paid by the primary plan, the total benefits paid or provided by all plans for the claim do not exceed 100% of the total allowable expense.

In addition, a secondary plan will credit to its plan deductible any amounts that would have been credited in the absence of other coverage.

Under the COB provision of This Plan, the amount normally reimbursed for covered benefits or expenses under This Plan is reduced to take into account payments made by other plans. The general rule is that the benefits otherwise payable under This Plan for all covered benefits or expenses will be reduced by all other plan benefits payable for those expenses. When the COB rules of This Plan and another plan both agree that This Plan determines its benefits before such other plan, the benefits of the other plan will be ignored in applying the general rule above to the claim involved. Such reduced amount will be charged against any applicable benefit limit of this coverage.

If a covered person is enrolled in two or more closed panel plans COB generally does not occur with respect to the use of panel providers. However, COB may occur if a person receives emergency services that would have been covered by both plans.

Right To Receive And Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits under this plan and other plans. Aetna has the right to release or obtain any information and make or recover any payments it considers necessary in order to administer this provision.
**Facility of Payment**
Any payment made under another plan may include an amount, which should have been paid under this plan. If so, **Aetna** may pay that amount to the organization, which made that payment. That amount will then be treated as though it were a benefit paid under this plan. **Aetna** will not have to pay that amount again. The term “payment made” means reasonable cash value of the benefits provided in the form of services.

**Right of Recovery**
If the amount of the payments made by **Aetna** is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.
This section explains how the benefits under This Plan interact with benefits available under Medicare.

Medicare, when used in this Booklet-Certificate, means the health insurance provided by Title XVIII of the Social Security Act, as amended. It includes Health Maintenance Organization (HMO) or similar coverage that is an authorized alternative to Parts A and B of Medicare

You are eligible for Medicare if you are:

- Covered under it by reason of age, disability, or
- End Stage Renal Disease.

If you are eligible for Medicare, the plan coordinates the benefits it pays with the benefits that Medicare pays. Sometimes, the plan is the primary payor, which means that the plan pays benefits before Medicare pays benefits. Under other circumstances, the plan is the secondary payor, and pays benefits after Medicare.

### Which Plan Pays First

The plan is the primary payor when your coverage for the plan’s benefits is based on current employment with your employer. The plan will act as the primary payor for the Medicare beneficiary who is eligible for Medicare:

- Solely due to age if the plan is subject to the Social Security Act requirements for Medicare with respect to working aged (i.e., generally a plan of an employer with 20 or more employees);
- Due to diagnosis of end stage renal disease, but only during the first 30 months of such eligibility for Medicare benefits. This provision does not apply if, at the start of eligibility, you were already eligible for Medicare benefits, and the plan’s benefits were payable on a secondary basis;
- Solely due to any disability other than end stage renal disease; but only if the plan meets the definition of a large group health plan as outlined in the Internal Revenue Code i.e., generally a plan of an employer with 100 or more employees.

The plan is the secondary payor in all other circumstances.

### How Coordination With Medicare Works

#### When the Plan is Primary

The plan pays benefits first when it is the primary payor. You may then submit your claim to Medicare for consideration.

#### When Medicare is Primary

Your health care expense must be considered for payment by Medicare first. You may then submit the expense to Aetna for consideration.
Aetna will calculate the benefits the plan would pay in the absence of Medicare:

The amount will be reduced so that when combined with the amount paid by Medicare, the total benefits paid or provided by all plans for the claim do not exceed 100% of the total allowable expense.

This review is done on a claim-by-claim basis.

Charges used to satisfy your Part B deductible under Medicare will be applied under the plan in the order received by Aetna. Aetna will apply the largest charge first when two or more charges are received at the same time.

Aetna will apply any rule for coordinating health care benefits after determining the benefits payable.

Right to Receive and Release Required Information (GR.9N.S-33-025-01)
Certain facts about health care coverage and services are required to apply coordination of benefits (COB) rules to determine benefits under This Plan and other plans. Aetna has the right to obtain or release any information, and make or recover any payments it considers necessary, in order to administer this provision.
Type of Coverage

Coverage under the plan is non-occupational. Only non-occupational accidental injuries and non-occupational illnesses are covered. The plan covers charges made for services and supplies only while the person is covered under the plan.

Physical Examinations

Aetna will have the right and opportunity to examine and evaluate any person who is the basis of any claim at all reasonable times while a claim is pending or under review. This will be done at no cost to you.

Legal Action

No legal action can be brought to recover payment under any benefit after 3 years from the deadline for filing claims. Aetna will not try to reduce or deny a benefit payment on the grounds that a condition existed before your coverage went into effect, if the loss occurs more than 2 years from the date coverage commenced. This will not apply to conditions excluded from coverage on the date of the loss.

Confidentiality

Information contained in your medical records and information received from any provider incident to the provider-patient relationship shall be kept confidential in accordance with applicable law. Information may be used or disclosed by Aetna when necessary for your care or treatment, the operation of the plan and administration of this Booklet, or other activities, as permitted by applicable law. You can obtain a copy of Aetna’s Notice of Information Practices by calling Aetna’s toll-free Member Service telephone.

Additional Provisions

The following additional provisions apply to your coverage.

- This Booklet-Certificate applies to coverage only, and does not restrict your ability to receive health care services that are not, or might not be, covered.
- You cannot receive multiple coverage under the plan because you are connected with more than one employer.
- In the event of a misstatement of any fact affecting your coverage under the plan, the true facts will be used to determine the coverage in force.
- This document describes the main features of the plan. Additional provisions are described elsewhere in the group policy. If you have any questions about the terms of the plan or about the proper payment of benefits, contact your employer or Aetna.
- Your employer hopes to continue the plan indefinitely but, as with all group plans, the plan may be changed or discontinued with respect to your coverage.
Assignments  *(GR-9N 32-005-05-NE)*

Coverage may be assigned only with the written consent of Aetna. To the extent allowed by law, Aetna will not accept an assignment to a provider or facility including but not limited to, an assignment of:

- The benefits due under this group insurance policy;
- The right to receive payments due under this group insurance policy; or
- Any claim you make for damages resulting from a breach or alleged breach, of the terms of this group insurance policy.

Misstatements  *(GR-9N-32-005-03)*

If any fact as to the Policyholder or you is found to have been misstated, a fair change in premiums may be made. If the misstatement affects the existence or amount of coverage, the true facts will be used in determining whether coverage is or remains in force and its amount.

All statements made by the Policyholder or you shall be deemed representations and not warranties. No written statement made by you shall be used by Aetna in a contest unless a copy of the statement is or has been furnished to you or your beneficiary, or the person making the claim.

Aetna’s failure to implement or insist upon compliance with any provision of this policy at any given time or times, shall not constitute a waiver of Aetna’s right to implement or insist upon compliance with that provision at any other time or times. This includes, but is not limited to, the payment of premiums. This applies whether or not the circumstances are the same.

Incontestability

As to Accident and Health Benefits:

Except as to a fraudulent misstatement, or issues concerning Premiums due:

- No statement made by the Policyholder or you or your dependent shall be the basis for voiding coverage or denying coverage or be used in defense of a claim unless it is in writing after it has been in force for 2 years from its effective date.
- No statement made by the Policyholder shall be the basis for voiding this Policy after it has been in force for 2 years from its effective date.
- No statement made by you, an eligible employee or your dependent shall be used in defense of a claim for loss incurred or starting after coverage as to which claim is made has been in effect for 2 years.

Recovery of Overpayments  *(GR-9N-30-015-01)*

Health Coverage

If a benefit payment is made by Aetna, to or on your behalf, which exceeds the benefit amount that you are entitled to receive, Aetna has the right:

- To require the return of the overpayment; or
- To reduce by the amount of the overpayment, any future benefit payment made to or on behalf of that person or another person in his or her family.

Such right does not affect any other right of recovery Aetna may have with respect to such overpayment.
Reporting of Claims

A claim must be submitted to Aetna in writing. It must give proof of the nature and extent of the loss. Your employer has claim forms.

All claims should be reported promptly. The deadline for filing a claim is 90 days after the date of the loss.

If, through no fault of your own, you are not able to meet the deadline for filing claim, your claim will still be accepted if you file as soon as possible. Unless you are legally incapacitated, late claims for health benefits will not be covered if they are filed more than 2 years after the deadline.

Payment of Benefits (GR-9N-32:02-S-02)

Benefits will be paid as soon as the necessary proof to support the claim is received. Written proof must be provided for all benefits.

All covered health benefits are payable to you. However, Aetna has the right to pay any health benefits to the service provider. This will be done unless you have told Aetna otherwise by the time you file the claim.

Aetna will notify you in writing, at the time it receives a claim, when an assignment of benefits to a health care provider or facility will not be accepted.

Any unpaid balance will be paid within 30 days of receipt by Aetna of the due written proof.

Aetna may pay up to $1,000 of any other benefit to any of your relatives whom it believes are fairly entitled to it. This can be done if the benefit is payable to you and you are a minor or not able to give a valid release. It can also be done if a benefit is payable to your estate.

Records of Expenses (GR-9N-32:030-02)

Keep complete records of the expenses of each person. They will be required when a claim is made.

Very important are:

- Names of physicians, dentists and others who furnish services.
- Dates expenses are incurred.
- Copies of all bills and receipts.

Effect of Benefits Under Other Plans *(GR-9N 32.035.01)*

**Effect of An Health Maintenance Organization Plan (HMO Plan) On Coverage**

If you are in an eligible class and have chosen coverage under an HMO Plan offered by your employer, you will be excluded from medical expense coverage (except Vision Care), if any, on the date of your coverage under such HMO Plan.

If you are in an eligible class and are covered under an HMO Plan, you can choose to change to coverage for yourself and your covered dependents under this plan. If you:

- Live in an HMO Plan enrollment area and choose to change coverage during an open enrollment period, coverage will take effect on the group policy anniversary date after the open enrollment period. There will be no rules for waiting periods or preexisting conditions.
- Live in an HMO Plan enrollment area and choose to change coverage when there is not an open enrollment period, coverage will take effect only if and when Aetna gives its written consent.
- Move from an HMO Plan enrollment area or if the HMO discontinues and you choose to change coverage within 31 days of the move or the discontinuance, coverage will take effect on the date you elect such coverage. There will be no restrictions for waiting periods or preexisting conditions. If you choose to change coverage after 31 days, coverage will take effect only if and when Aetna gives its written consent.

Any extensions of benefits under this plan for disability or pregnancy will not always apply on and after the date of a change to an HMO Plan providing medical coverage. They will apply only if the person is not covered at once under the HMO Plan because he or she is in a hospital not affiliated with the HMO. If you give evidence that the HMO Plan provides an extension of benefits for disability or pregnancy, coverage under this plan will be extended. The extension will be for the same length of time and for the same conditions as the HMO Plan provides. It will not be longer than the first to occur of:

- The end of a 90 day period; and
- The date the person is not confined.

No benefits will be paid for any charges for services rendered or supplies furnished under an HMO Plan.

**Effect of Prior Coverage - Transferred Business** *(GR-9N 32.040.01)*

If your coverage under any part of this plan replaces any prior coverage for you, the rules below apply to that part.

"Prior coverage" is any plan of group coverage that has been replaced by coverage under part or all of this plan; it must have been sponsored by your employer (e.g., transferred business). The replacement can be complete or in part for the eligible class to which you belong. Any such plan is prior coverage if provided by another group contract or any benefit section of this plan.

Coverage under any other section of this plan will be in exchange for all privileges and benefits provided under any like prior coverage. Any benefits provided under such prior coverage may reduce benefits payable under this plan.
Discount Programs (GR-9N 32.045.07)

Discount Arrangements
We can offer you discounts on health care related goods or services. Sometimes, other companies provide these discounted goods and services. These companies are called "third party service providers". These third party service providers may pay us so that they can offer you their services.

The third party service providers are independent contractors. The third party service provider is responsible for the goods or services they deliver.

We have the right to change or end the arrangements at any time.

These discount arrangements are not insurance. We don't pay the third party service providers for the services they offer. You are responsible for paying for the discounted goods or services.

Wellness and Other Incentives (GR-9N 32.045.07)

Aetna may encourage you to access certain medical services, use tools (online and others) that enhance your coverage and services, and continue participation as an Aetna member through incentives. You and your physician can talk about these medical services and tools and decide if they are right for you. In connection with a wellness or health improvement program, Aetna may provide incentives based on your participation and your results. Incentives may include but are not limited to:

- Modifications to copayment, deductible, or coinsurance amounts
- Premium discounts or rebates
- Contributions to a health savings account
- Fitness center membership reimbursement
- Merchandise
- Coupons
- Gift cards
- Debit cards, or
- Any combination of the above.

**Recognized Charge**
The amount of an out-of-network provider's charge that is eligible for coverage. You are responsible for all amounts above the recognized charge. The recognized charge may be less than the provider’s full charge.

In all cases, the recognized charge is determined based on the Geographic Area where you receive the service or supply.

Except as otherwise specified below, the recognized charge for each service or supply is the lesser of what the provider bills and:

- For professional services and for other services or supplies not mentioned below:
  - The reasonable amount rate
- For services of hospitals and other facilities:
  - The reasonable amount rate
- For prescription drugs:
  - 110% of the Average wholesale price (AWP)
The **recognized charge** is the **negotiated charge** for **providers** with whom we have a direct contract but are not **network providers** or, if there is no direct contract, with whom we have a contract through any third party that is not an affiliate of **Aetna**.

If your ID card displays the National Advantage Program (NAP) logo, the **recognized charge** is the rate we have negotiated with your NAP provider. Your out-of-network cost sharing applies when you get care from NAP **providers**, except for emergency services.

A NAP **provider** is a **provider** with whom we have a contract through any third party that is not an affiliate of **Aetna** or through the Coventry National or First Health Networks. However, a NAP **provider** listed in the NAP directory is not a **network provider**.

We have the right to apply **Aetna** reimbursement policies. Those policies may further reduce the **recognized charge**. These policies take into account factors such as:

- The duration and complexity of a service
- When multiple procedures are billed at the same time, whether additional overhead is required
- Whether an assistant surgeon is necessary for the service
- If follow up care is included
- Whether other characteristics modify or make a particular service unique
- When a charge includes more than one claim line, whether any services described by a claim line are part of or incidental to the primary service provided and
- The educational level, licensure or length of training of the **provider**

**Aetna** reimbursement policies are based on our review of:

- The Centers for Medicare and Medicaid Services’ (CMS) National Correct Coding Initiative (NCCI) and other external materials that say what billing and coding practices are and are not appropriate
- Generally accepted standards of medical and dental practice and
- The views of **physicians** and dentists practicing in the relevant clinical areas

We use commercial software to administer some of these policies. Some policies are different for professional services than for facility services.

**Special terms used**

Average wholesale price (AWP), FCR Rate, Geographic area, Medicare allowable rates, and Reasonable amount rate are defined as follows:

**Average wholesale price (AWP)**

Is the current average wholesale price of a **prescription drug** listed in the Medi-span weekly price updates (or any other similar publication chosen by **Aetna**).

**FCR Rate**

The Facility Charge Review (FCR) Rate is an amount that we determine is enough to cover the **provider’s** estimated costs for the service and leave the **provider** with a reasonable profit. For **hospitals** and other facilities which report costs (or cost-to-charge ratios) to CMS, the FCR Rate is based on what the facilities report to CMS. For facilities which do not report costs (or cost-to-charge ratios) to CMS, the FCR Rate is based on statewide averages of the facilities that do report to CMS. We may adjust the formula as needed to maintain the reasonableness of the **recognized charge**. For example, we may make an adjustment if we determine that in a particular state the charges of ambulatory surgery centers (or another class of facility) are much higher than charges of facilities that report costs (or cost-to-charge ratios) to CMS.

**Geographic area**

The Geographic area made up of the first three digits of the U.S. Postal Service zip codes. If we determine we need more data for a particular service or supply, we may base rates on a wider Geographic area such as an entire state.
Medicare allowable rates
Except as specified below, these are the rates CMS establishes for services and supplies provided to Medicare enrollees. We update our systems with these revised rates within 180 days of receiving them from CMS. If Medicare does not have a rate, we will determine the rate as follows:

- Use the same method CMS uses to set Medicare rates.
- Look at what other providers charge.
- Look at how much work it takes to perform a service.
- Look at other things as needed to decide what rate is reasonable for a particular service or supply.

Reasonable amount rate:
There is not a single “reasonable” amount. Your plan establishes the “reasonable” amounts as follows:

- For professional services:
  - The 80th percentile value reported in a database prepared by FAIR Health, a nonprofit company. FAIR Health changes these rates periodically. We update our systems with these changes within 180 days after receiving them from FAIR Health. If the FAIR Health database becomes unavailable, we reserve the right to substitute an alternative. If the alternative data source does not contain a value for a particular service or supply, we will base the recognized charge on the Medicare allowable rate.
- For inpatient and outpatient charges of hospitals:
  - The FCR rate.
- For inpatient and outpatient charges of facilities other than hospitals
  - The FCR rate

ERISA Rights
As a participant in the group insurance plan you are entitled to certain rights and protections under the U.S. Employee Retirement Income Security Act of 1974. ERISA provides that all plan participants shall be entitled to:

Receive Information about Your Plan and Benefits
Examine, without charge, at the Plan Administrator's office and at other specified locations, such as worksites and union halls, all documents governing the Plan, including insurance contracts, collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) that is filed by the Plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

Obtain, upon written request to the Plan Administrator, copies of documents governing the operation of the Plan, including insurance contracts, collective bargaining agreements, and copies of the latest annual report (Form 5500 Series), and an updated Summary Plan Description. The Administrator may make a reasonable charge for the copies.

Receive a summary of the Plan’s annual financial report. The Plan Administrator is required by law to furnish each participant with a copy of this summary annual report.

Receive a copy of the procedures used by the Plan for determining a qualified domestic relations order (QDRO) or a qualified medical child support order (QMCSO).

Prudent Actions by Plan Fiduciaries
In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your Plan, called “fiduciaries” of the Plan, have a duty to do so prudently and in your interest and that of other plan participants and beneficiaries. No one, including your employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforce Your Rights
If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA there are steps you can take to enforce the above rights. For instance, if you request materials from the Plan and do not receive them within 30 days you may file suit in a federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay up to $110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the Administrator.

If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court. In addition, if you disagree with the Plan’s decision or lack thereof concerning the status of a domestic relations order or a medical child support order, you may file suit in a federal court.

If it should happen that plan fiduciaries misuse the Plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

Assistance with Your Questions
If you have any questions about your Plan, you should contact the Plan Administrator.
If you have any questions about this statement or about your rights under ERISA, you should contact:

- the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory; or

You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

Statement of Rights under the U.S. Newborns' and Mothers' Health Protection Act

Under U.S. federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under U.S. federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under U.S. federal law, require that you, your physician, or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, you may be required to obtain precertification for any days of confinement that exceeds 48 hours (or 96 hours). For information on precertification, contact your plan administrator.

Notice Regarding the U.S. Women's Health and Cancer Rights Act

Under this health plan, as required by the Women's Health and Cancer Rights Act of 1998, coverage will be provided to a person who is receiving benefits in connection with a mastectomy and who elects breast reconstruction in connection with the mastectomy for:

1. all stages of reconstruction of the breast on which a mastectomy has been performed;
2. surgery and reconstruction of the other breast to produce a symmetrical appearance;
3. prostheses; and
4. treatment of physical complications of all stages of mastectomy, including lymphedemas.

This coverage will be provided in consultation with the attending physician and the patient, and will be provided in accordance with the plan design, limitations, copays, deductibles, and referral requirements, if any, as outlined in your plan documents.

If you have any questions about our coverage of mastectomies and reconstructive surgery, please contact the Member Services number on your ID card.

Continuation of Coverage During an Approved Leave of Absence Granted to Comply With Federal Law

This continuation of coverage section applies only for the period of any approved family or medical leave (approved FMLA leave) required by Family and Medical Leave Act of 1993 (FMLA). If your Employer grants you an approved leave for a period in excess of the period required by FMLA, any continuation of coverage during that excess period will be subject to prior written agreement between Aetna and your Employer.

If your Employer grants you an approved FMLA leave in accordance with FMLA, you may, during the continuance of such approved FMLA leave, continue Health Expense Benefits for you and your eligible dependents.

At the time you request FMLA leave, you must agree to make any contributions required by your Employer to continue coverage. Your Employer must continue to make premium payments.

If Health Expense Benefits has reduction rules applicable by reason of age or retirement, Health Expense Benefits will be subject to such rules while you are on FMLA leave.

Coverage will not be continued beyond the first to occur of:

- The date you are required to make any contribution and you fail to do so.
- The date your Employer determines your approved FMLA leave is terminated.
- The date the coverage involved discontinues as to your eligible class. However, coverage for health expenses may be available to you under another plan sponsored by your Employer.

Any coverage being continued for a dependent will not be continued beyond the date it would otherwise terminate.

If Health Expense Benefits terminate because your approved FMLA leave is deemed terminated by your Employer, you may, on the date of such termination, be eligible for Continuation Under Federal Law on the same terms as though your employment terminated, other than for gross misconduct, on such date. If the group contract provides any other continuation of coverage (for example, upon termination of employment, death, divorce or ceasing to be a defined dependent), you (or your eligible dependents) may be eligible for such continuation on the date your Employer determines your approved FMLA leave is terminated or the date of the event for which the continuation is available.

If you acquire a new dependent while your coverage is continued during an approved FMLA leave, the dependent will be eligible for the continued coverage on the same terms as would be applicable if you were actively at work, not on an approved FMLA leave.

If you return to work for your Employer following the date your Employer determines the approved FMLA leave is terminated, your coverage under the group contract will be in force as though you had continued in active employment rather than going on an approved FMLA leave provided you make request for such coverage within 31 days of the date your Employer determines the approved FMLA leave to be terminated. If you do not make such request within 31 days, coverage will again be effective under the group contract only if and when Aetna gives its written consent.

If any coverage being continued terminates because your Employer determines the approved FMLA leave is terminated, any Conversion Privilege will be available on the same terms as though your employment had terminated on the date your Employer determines the approved FMLA leave is terminated.

Any bills incurred by you or your eligible dependents relating to assistance services must be submitted to AI in order to obtain payment consideration.

Note: As used throughout this section, the term "emergency" shall be defined to mean a situation when, in the professional opinion of your physician, a clear and significant risk of death or imminent serious injury or harm to you or your eligible dependents exists.
