

NYURefer
information technology referral program

Put the NYU torch in good hands. Think of everyone you know—a friend, relative, neighbor, roommate—anyone who has the talent to become a valued member of NYU’s information technology professional staff. If your referral is hired and successfully completes 6 months in an eligible professional IT position at NYU, you’ll receive a reward check for \$1,000. And, of course, the more successful referrals you make, the greater your reward. So, don’t pass up the opportunity to pass the torch!
