

Facility Name: Control/Robotics Research Laboratory
Location: SOE, 5MTC, LC029, Brooklyn, NY 11201
Contact: Farshad Khorrami
Website: http://crrl.poly.edu/

Description: The Control/Robotics Research Laboratory is located at Polytechnic School of Engineering, NYU, Brooklyn, New York. The laboratory was set up in 1989 by Prof. Farshad Khorrami. The CRRL has been supported by the University and through grants and equipment donation from NSF, ARO, IBM, AT&T Foundation, and many other industrial organizations.

Research areas include:

- Autonomous Unmanned Vehicles
- Smart structures
- Robotics
- High speed positioning applications
- Large scale systems and decentralized control
- Adaptive and nonlinear systems
- Flexible structures
- Microprocessor based control and instrumentation

Equipment	Quantity
Impedance Analyzer	1
