MESSAGE FROM THE PRESIDENT

Dear Members of the NYU Community:

Even as crime rates continue to drop to historically low levels in New York City, ensuring the safety of our students, faculty, staff, and visitors, continues to be a top priority at NYU. Our Department of Public Safety is a well-led corps of security professionals, equipped with the personnel, resources, technology, and ongoing training to help keep our campus safe and prepared.

As a large urban university with multiple locations throughout New York City, NYU is also fortunate to have close ties with the New York City Police Department. In recent years, crime has been dramatically reduced in New York City, and the neighborhoods where our students and employees live and work—including

Greenwich Village, the East Side of Manhattan, and Downtown Brooklyn—are among the safest in America's safest large city. The NYU Department of Public Safety continues to develop strong partnerships with the NYPD, with state and federal law enforcement agencies, and with other colleges and universities to coordinate our efforts and be aware of best practices in the field.

Even as we stay focused on protecting our campus community in New York, NYU has the added responsibility of ensuring the safety of our thousands of students and faculty and staff who are at our degree-granting campuses in Abu Dhabi and Shanghai and the 11 Global Academic Centers abroad and in Washington, DC. Our priority is to provide a safe and secure environment to pursue academic endeavors in each and every location.

And the Department of Public Safety is constantly innovating to help improve safety. Whether through the newly developed Safe NYU Mobile Campus Safety App or the NYU Alert notification system, Public Safety knows that communication is critical to keep NYU community members safe and informed.

Aware of the challenges to personal safety any one of us may confront, NYU will continue to strive every day to be vigilant and responsive in keeping students, faculty, staff, and administrators safe and secure.

Andrew Hamilton
President, New York University

MESSAGE FROM THE VICE PRESIDENT, GLOBAL CAMPUS SAFETY

Thank you for taking the time to read New York University's 2017 Annual Security and Fire Safety Report (ASR), provided in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.

The Department of Public Safety is committed to providing safety and security for our University community and property, enabling the pursuit of academic and professional goals. We achieve our mission by working closely with University partners in academic and administrative units, as well as with local, state, and federal law enforcement agencies. These relationships are key to protecting our NYU Community.

Within these pages is a wealth of information regarding safety and security at NYU, including three years of crime statistics, information on available safety resources and

programming, and the annual fire safety report. The ASR also contains descriptions of prevention and education programs and policies addressing alcohol and other drug use, campus safety, sexual misconduct, relationship violence, and stalking, among others.

We look forward to continuing to provide our diverse community with exceptional professional service. On behalf of Public Safety, I am dedicated to keeping our campuses safe places to live, work, and learn and I look forward to our continued partnership.

Marlon C. Lynch,

Vice President, Global Campus Safety

MESSAGE FROM NEW YORK CITY POLICE COMMISSIONER JAMES O'NEILL

New York City is the safest large city in the United States. That accomplishment largely stems from the hard work and dedication of the New York City Police Department, other law enforcement agencies, and community partners like the New York University Department of Public Safety.

NYU is one of the city's premier and most-lauded academic institutions. Ensuring the safety of the students, faculty, and staff who work and learn there is a top priority for the NYPD, and NYU's Department of Public Safety is a critical partner in making that happen. Over the last 20 years, the area around NYU has become exceptionally safe. This was only possible because of unceasing collaboration between the NYPD and the NYU Department of Public Safety's highly-skilled, qualified officers, and the public we collectively serve.

I am excited about what we can achieve when our two organizations work together to improve public safety even further.

Sincerely,

James P. O'Neill

Police Commissioner

ANNUAL SECURITY REPORT

PREPARATION OF THE ANNUAL SECURITY REPORT AND DISCLOSURE OF CRIME STATISTICS

Colleges and universities are required by the federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (The Clery Act) and the Higher Education Opportunity Act (HEOA) to publish and distribute an annual security and fire safety report containing (i) campus security and student residence fire safety policies and procedures and (ii) campus crime and fire statistics. This report provides statistics for the previous three years concerning reported crimes that occurred on campus; and in certain off-campus buildings or property owned, leased, or controlled by NYU. This report also includes institutional policies concerning campus security, such as policies regarding sexual assault, alcohol, and other drugs.

The NYU Department of Public Safety distributes a notice of the availability of this Annual Security and Fire Safety Report by October 1st of each year to every member of NYU community. Anyone, including prospective students and employees, may obtain a paper copy of this report by contacting the:

- NYU Department of Public Safety at 212-992-6970 or by visiting <http://www.nyu.edu/life/safety-health-wellness/be-safe/public-safety/2017-nyu-annual-campus-security-reports.html>.

This report has been prepared by the New York University Department of Public Safety in partnership with University professionals from the Office of General Counsel, the Office of Equal Opportunity/Title IX, the Student Health Center, including Counseling and Wellness Services, the Office of Global Programs, Environmental Health and Safety, and the Division of Student Affairs, including the Office of Student Community Standards and Residence Life. This group meets throughout the year to discuss security and safety issues and review existing policies. In addition, Public Safety meets regularly with local precincts to discuss safety in the area and the crime statistics included in this report.

REPORTING CRIMES AND OTHER EMERGENCIES

REPORTING TO THE NYU DEPARTMENT OF PUBLIC SAFETY

NYU students, staff, and faculty are encouraged to promptly report all crimes, suspicious activity and emergency situations in which they are a victim or a witness to the Department of Public Safety and to the police, regardless of whether the incident occurred on or off campus. Public Safety facilitates the reporting of crimes and offers a number of ways for campus community members and visitors to report crimes, serious incidents, and other emergencies to University Officials. Public Safety offers support and assistance to

victims and witnesses, and collaborates with local law enforcement agencies and the NYU Community to reduce crime on and around campus.

Regardless of how and where you decide to report these incidents, it is critical for the safety of the entire NYU Community that you immediately report all incidents to the NYU Department of Public Safety by calling 212-998-2222, to ensure an effective investigation and appropriate follow-up actions, including issuing a Safety Alert or Emergency Notification. If you find yourself in an emergency, first contact police and then report to Public Safety.

Victims and witnesses who do not want to pursue formal action may still consider making an anonymous report to Public Safety. If requested, Public Safety can file an internal report of the details of an incident without revealing the identity of the complainant or witness in the report. The purpose of an anonymous report is to comply with your wish to omit your personally identifying information, while taking steps to ensure your safety and the safety of others. Anonymous reports allow Public Safety to compile accurate records on the number and types of incidents occurring on campus. Reports filed in this manner are counted and disclosed in the Annual Security and Fire Safety Report. In limited circumstances, the Department may not be able to assure anonymity, and will inform you in those cases.

Reports can be filed with Public Safety 24 hours a day, seven days a week, or in person at the Department of Public Safety, located at 7 Washington Place, or, by telephone at 212-998-2222.

AFTER A REPORT IS FILED

When reports are received by the Department of Public Safety or by a Campus Security Authority (CSA), the following actions are taken:

- Victims are referred to the appropriate offices or agencies on and off-campus, including law enforcement, counseling and wellness, medical services, the Title IX Coordinator (for sexual offenses, relationship violence and stalking), and the Office of Community Standards.
- Incident reports concerning students are promptly sent to Student Affairs, the Office of Community Standards, Residential Life, University Health Center, Counseling and Wellness Services, and the Dean of Students of the relevant schools, with victim-identifying information withheld, as appropriate.
- Incident reports concerning staff and faculty are sent to appropriate administrative or academic departments for review and follow-up, with victim identifying information withheld, as appropriate.

EMERGENCY CALL BOXES

REPORTING TO OTHER CAMPUS SECURITY AUTHORITIES

While NYU prefers that community members promptly report all crimes and other emergencies directly to the NYU Department of Public Safety by calling 212-998-2222, we also recognize that some may prefer to report to other individuals or offices within the University. The Clery Act recognizes certain NYU officials and offices as “Campus Security Authorities” (CSAs). The Act defines these individuals as an “official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.” The Department of Public Safety will review all crimes reported for timely warnings, will include the reported crime in the daily logs and will reflect the reported crime in the annual statistical disclosure.

NYU officially designates the following offices as places where campus community members may report crimes:

PASTORAL AND PROFESSIONAL COUNSELORS

According to the Clery Act, pastoral and professional counselors who are appropriately credentialed and hired by NYU to serve in a counseling role are not considered Campus Security Authorities when they are acting in the counseling role. As a matter of policy, NYU encourages pastoral and professional counselors to notify individuals whom they are counseling of the voluntary, anonymous reporting options available to them.

ABOUT THE DEPARTMENT OF PUBLIC SAFETY

ROLE, AUTHORITY, AND TRAINING

New York University plays a vibrant role in New York City, and our students, faculty, and staff are actively engaged in learning, teaching, research, and providing health care in New York and around the world. Most members of our community and visitors to our campus do not experience crime at NYU. However, despite our best efforts, on occasion crimes do occur. This report is published and distributed as a demonstration of our commitment to the safety and security of the NYU community and in compliance with the federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act ("The Clery Act") and the Higher Education Opportunity Act ("HEOA").

The NYU Department of Public Safety ("Public Safety") provides security for NYU in cooperation with the New York City Police Department ("NYPD"). Under the leadership of the Vice President for Global Campus Safety, Public Safety has a security staff of over 300 uniformed officers. Public Safety operates 24 hours a day, seven days a week, 365 days a year, serving on campus and non-campus locations with vehicular and foot patrols, emergency response, building security, and the Safe Ride program.

NYU Public Safety officers are all New York State-certified security guards. As such, their authority to reasonably detain individuals suspected of criminal activity on University property is the same as the authority of any property owner or property owner's designee. Public Safety officers' exercise authority when not on or in NYU property that of any citizen, and they may employ citizen arrest procedures as appropriate and necessary.

NYU's main campus at Washington Square is located in Greenwich Village, which is one of New York City's lowest-crime neighborhoods. The NYU Tandon School of Engineering is located in the MetroTech Center in downtown Brooklyn, another low-crime area. Public Safety officers patrol NYU facilities and around the campuses. NYU employs a wide range of measures to provide extensive safety and protection services to NYU students, faculty, and staff. Services provided by NYU Public Safety include:

- Mobile and foot patrols

A Special Victim Liaison available to assist students, faculty and staff who have been victims of relationship violence, sexual assault, stalking and other crimes in reporting their experiences to police

and/or prosecutors, obtaining orders of protection, and navigating other aspects of the criminal justice system

- Orientation programs, including Safety in the City seminars
- Transportation between the Washington Square campus and outlying residence halls, the College of Dentistry, the NYU Rory Meyers College of Nursing, and the NYU School of Medicine, as well as the NYU Tandon School of Engineering and the Center for Urban Science and Progress ("CUSP") in Brooklyn
- Overnight on-demand Safe Ride transports and safety escorts for students
- Crime Prevention and Awareness programs

The Public Safety webpage includes safety tips and other useful information.

WORKING RELATIONSHIP WITH LOCAL, STATE, AND FEDERAL LAW ENFORCEMENT AGENCIES

Public Safety maintains professional relationships with local, state, and federal law enforcement agencies. Public Safety personnel work closely with the NYPD in the precincts where NYU facilities are located. Regular communications take place between members of Public Safety and individual precincts, borough command, specialized units and the Office of the Police Commissioner. There is no memorandum of understanding with local or area law enforcement.

CRIMES INVOLVING STUDENT ORGANIZATIONS AT OFF-CAMPUS LOCATIONS

Local police agencies are asked to report any criminal activity involving NYU students or personnel at off-campus locations to Public Safety. In addition, students report to Public Safety crimes occurring off-campus and Public Safety in turn offers assistance and support to students who choose to report to NYPD, whether as a victim or a witness.

TIMELY WARNING NOTIFICATIONS – SAFETY ALERTS

Public Safety distributes information about campus crime to the NYU community through the publication of a daily crime log online and through campus media. When serious crimes or crime patterns or trends such as robberies or assaults occur on campus and where appropriate, Public Safety promptly distributes Timely Warning Notifications / NYU Safety Alerts to the campus community electronically through email blasts and posts on the NYU Public Safety website. The NYU Public Safety Facebook page and Twitter account are also used to provide initial and updated information about crimes that may pose a continuing danger. Since NYU's campus and other New York locations are situated "in and of the city," Public Safety may distribute NYU Safety Alerts regarding serious crimes posing an ongoing danger that occur around the Washington Square campus and near other University facilities

in other parts of the city so that NYU community members are equipped with the information necessary to protect themselves.

NYU Safety Alerts notify the campus community of incidents and provide information enabling community members to protect themselves from similar incidents. Factors governing whether NYU will issue a Timely Warning include: 1) the nature of the crime; 2) whether the perpetrator has been apprehended; and 3) whether there is a substantial risk to the physical safety of others in the campus community. Such crimes include, but are not limited to: 1) Clery Act crimes that are reported to any campus security authority or to Public Safety; or 2) incidents that NYU determines represent an on-going threat to the campus community.

The Vice President for Global Campus Safety, in consultation with University leadership, will make the determination if a Timely Warning is required. In emergency situations, the Vice President of Global Campus Safety, or his designee, may authorize a notification. Victims' names are not included in these notifications, to maintain confidentiality.

EMERGENCY RESPONSE AND EVACUATION PROCEDURES

EMERGENCY RESPONSE AND EVACUATION POLICY STATEMENT

In recognition of New York University's commitment to the safety and security of the University's students, faculty, and staff, NYU has developed emergency response plans that cover both evacuation and sheltering in place for all of its campuses and global sites. NYU has operational plans for responding to routine campus incidents such as personal injuries, small chemical spills, and fires. Departments, including Public Safety and Environmental Health and Safety, address such situations without declaring an emergency situation.

Emergency situations that may cause actual or imminent risks to safety, health, or security trigger the University's emergency response procedures. Such situations could include significant hazardous materials incident, a large fire, damage to a facility, severe weather, a violent event, or a health epidemic. The roles and responsibilities of the senior leadership of the University are established for such a declared emergency. The Vice President of Global Campus Safety, along with the Senior Vice President for Student Affairs, the Executive Vice President for Finance and Information Technology, and the Vice President of Public Affairs, determine the initial response and any additional resources that may be needed to mitigate the emergency.

The NYU Department of Public Safety at 7 Washington Place in New York City is staffed with supervisory personnel on a 24/7 basis and is responsible for monitoring emergent events throughout the world and assessing their impact on the NYC campuses as well as all of the Global Academic Centers, NYU Abu Dhabi, NYU Shanghai, and other international locations where members of the NYU

community may be traveling. In the event of an emergency situation, the Command Center will notify the appropriate senior leadership or initiate mass emergency notifications. NYU has the capacity and ability to evacuate buildings in the event of an emergency. In New York City, academic and office buildings have regular drills for occupants to familiarize them with evacuation procedures.

The **NYU Evacuation Management Team ("EMT")** in New York assists NYU Abu Dhabi, NYU Shanghai, and all NYU Global Academic Centers with preparing for, responding to, and recovering from an evacuation or shelter in place need. NYU is contracted with a security evacuation and assistance company with a global presence that can coordinate and provide both security and physical evacuation from each site. The EMT serves as the primary command team and overall decision-making authority for the management of an emergent event, with all decisions made in partnership with leadership at other locations. Information on potential emergencies is collected from local law enforcement and U.S. federal agencies such as the Departments of State, the Department of Homeland Security, the U.S. Consulate General's offices, and U.S. embassies worldwide. Once received, the collected information is verified and analyzed for the development of an appropriate response plan.

The **NYU Evacuation and Coordination Plan** is reviewed, at a minimum, annually and training is provided for faculty, staff, and students in an orientation setting. Elements of the plan are also tested annually, in tabletop exercise formats and drills. After all trainings and exercises, the EMT debriefs with participating trainees and an After Action Report is developed to address resulting issues, if any.

EMERGENCY MANAGEMENT AT NYU

The Comprehensive Emergency Management Plan (CEMP) for New York University provides the framework to structure the response and resources of the New York University academic and administrative community to any emergency incident affecting New York University. The Department of Public Safety or the University's Senior Leadership Team activates the CEMP when an emergency affecting New York University reaches proportions that cannot be handled by established measures. This emergency may be sudden and unforeseen, or there may be varying periods of warning. New York University intends the CEMP to be sufficiently flexible to accommodate contingencies of all types, magnitudes, and durations.

Our priorities are:

- Life safety, infrastructure integrity, and continuation of the University's research and educational mission;
- Effectively integrating the University's diverse schools and departments into a centralized emergency response organization;
- Leveraging local, state and federal assets through existing mutual aid agreements to ensure a positive University response and recovery effort.

EMERGENCY PREPAREDNESS

NYU is committed to improving the preparedness of our University on an enterprise level as well as the preparedness of students, faculty, and staff on an individual level.

The University has an ongoing safety awareness program designed to educate the NYU community on emergency situations and provide resources to educate and provide guidance on personal preparedness. The program is incorporated in orientation briefings and a variety of media is used to distribute its message: websites, email, social media, and in-person events.

The University understands that emergencies, including natural disasters and events caused by individual or group action, can be unpredictable. NYU provides a Preventing Campus Violence training to all employees. NYU Public Safety's Emergency Management program is building upon that foundation by working to expand the scope and audience of trainings, and developing and implementing exercises to ensure that the University community is ready for any situation.

EVACUATION AND RELOCATION

New York University has operational response plans in place for responding to campus emergencies. Departmental evacuation plans provide more detailed information about the evacuation procedures for individual buildings. If necessary, transportation of persons shall be coordinated with appropriate Department of Public Safety personnel for the purpose of evacuation and relocation of persons threatened by or displaced by the incident. The CEMP designates key functions and critical roles and assigns them based upon situational factors.

Emergency Response and Evacuation Plans are written in accordance with emergency management best-practices and are designed to facilitate incident response that directly impacts the immediate health and safety of those involved and to help restore NYU to normalcy as quickly as is practical. The **NYU Evacuation and Coordination Plan** includes information on supporting an evacuation, shelter in place, or temporary relocation of students, faculty, and staff. The plan discusses the methods for command and control, critical decision-making, notification procedures and how to best achieve a common operating picture across NYU locations.

The plans define threat levels and formulate response accordingly:

- **Low Threat Level:** Small-scale demonstrations, security issues and threats quickly controlled by local authorities, US, International Media, or Government issued travel advisories, among other similar incidents, are considered low threat events, requiring active monitoring of the event.
- **Medium Threat Level:** Loss of utilities (power, water) with a long duration estimate for restoration, food or water shortages, bomb threats, among other similar incidents, are considered medium threat events, requiring coordination by the Evacuation Management Team and NYU staff.

- **High Threat Level:** Natural disasters (earthquakes, epidemic / pandemic), violent demonstrations, US or local agency evacuation advisories, among other similar incidents, are considered high threat level events, requiring phased or immediate evacuation and/ or shelter-in-place.
- **Real-Life Crises:** Civil war or armed conflict, the evacuation of US Embassies, and the disruption of business continuity, are considered real-life crises, requiring immediate evacuation.

DRILLS, EXERCISES AND TRAINING

To ensure New York University's emergency management plans remain current and actionable, New York University conducts annual emergency management exercises. They may include tabletop drills, emergency operations center exercises, or full-scale emergency response exercises. New York University conducts after-action reviews of all emergency management exercises.

EMERGENCY NOTIFICATION

Public Safety will respond to all reports of emergencies or dangerous situations on campus. Upon confirmation by Public Safety representatives of an emergency or dangerous situation involving an imminent threat to the health or safety of students or employees, Public Safety personnel will request and coordinate the response of additional resources, where necessary, and make appropriate notifications.

Public Safety will, without delay, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of the Emergency Management Team, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. Specifically, Public Safety, in consultation with the Office of Public Affairs, will determine the appropriate segment or segments of the campus to receive the notification; determine the content of the notification including recommendations to shelter in place, evacuate a facility, avoid portions of the campus, or other appropriate actions; and utilize the University's mass notification (text messaging) system to notify the campus community. The text messaging system is tested at least three times a year.

SECURITY OF AND ACCESS TO NYU FACILITIES

NYU has incorporated a program of integrated safety equipment and infrastructure within its facilities providing a high level of safety and security to the NYU community. Services provided to protect the NYU community include electronic card readers and turnstiles for access control at residence halls and various academic and administrative facilities; video surveillance systems in various outdoor and indoor locations, including residence hall lobbies; panic alarm buttons in common rest rooms; emergency call boxes located near NYU facilities; posted Public Safety Officers and contract guards (around the clock in all residence halls and select administrative buildings); secured bicycle parking areas; and

an electronic card access system for off-hour access into certain academic and administrative buildings and facilities.

RESIDENCE HALLS

NYU residence halls are staffed around the clock by NYU Public Safety Officers at the front desk. Graduate residence halls have either a door attendant or 24-hour security coverage. Only residents, guests, and authorized visitors are permitted into the residence halls. Most of the residence halls are equipped with turnstiles tied to the University access control system which allows resident students access with their University identification cards and PIN numbers. Commuter students seeking access to a residence hall must be accompanied by a resident student; their NYU IDs are swiped in conjunction with the resident student's card for tracking purposes. Other guests must be in the presence of a resident student to gain admission to a residence hall and must provide a photo ID issued by a government agency or another college or university; that ID will be retained by the Public Safety Officer until the guest is signed out by the host. All persons seeking entry, including staff and faculty, are checked for proper identification. Guests to buildings must identify themselves and be announced.

Residents must respond to residence hall lobbies to accept their deliveries. Graduate students residing in residence halls with door attendants may use a package room for deliveries or approve deliveries to their doors.

NYU does not have any officially recognized student organizations with off campus housing facilities. NYU's Fraternity & Sorority Life community has a living and learning community that includes suites incorporated in Residence Halls.

If the New York Police Department ("NYPD") is contacted about off campus criminal activity involving NYU students, it may notify Public Safety. However, there is no official NYPD policy requiring such notification. Students suspected and/or accused in these cases may be subject to arrest by the NYPD and to University student disciplinary proceedings.

CLASSROOMS

Public Safety Officers are assigned to the lobbies of most NYU buildings that contain classrooms and monitor access.

MAINTENANCE OF CAMPUS FACILITIES

NYU campus facilities are maintained in a manner that minimizes hazardous conditions. Department of Public Safety personnel regularly patrol the campus and report malfunctioning lights and other unsafe physical conditions. Notification is provided to the appropriate building personnel for corrective action. The Office of Facilities and Construction Management maintains a work order system to which members of the University community can report problems via email. Upon notification, appropriate maintenance personnel are dispatched to correct the condition.

NYU'S RESPONSE TO SEXUAL AND GENDER VIOLENCE

NYU's Sexual Misconduct, Relationship Violence, and Stalking Policy is in effect at all of its campuses and Global Academic Centers. The policy prohibits sexual misconduct, including sexual or gender-based harassment, sexual assault and sexual exploitation, as well as relationship violence (dating and domestic violence), stalking, and retaliation against individuals who have made good faith reports of such prohibited conduct. The University educates its community members on issues of sexual assault, sexual harassment, sexual exploitation (together, "sexual misconduct"), relationship violence, and stalking; and pursues disciplinary action against those who engage in acts of sexual misconduct, relationship violence, stalking, or retaliation. Students or employees who are determined by NYU to have committed an act of sexual misconduct, relationship violence, stalking, or retaliation, in violation of NYU's policy are subject to sanctions, up to and including separation from the University.

NYU offers resources for both students and employees, whether as complainants or respondents, to provide support and guidance throughout the investigation and resolution of reported prohibited conduct. NYU also takes and/or makes available reasonable and appropriate measures to protect complainants and their access to NYU employment or educational programs and activities. Protective measures and accommodations, which may be temporary or permanent, may include separation orders, residence modifications, academic accommodations, work schedule modifications, leaves of absence, financial aid-related services and information, and loan repayment, or other measures. NYU will provide written notification to students and employees containing a statement of applicable rights and options for existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services both at NYU and within the larger community.

Investigative and disciplinary procedures at NYU are based on whether the accused is a student, employee, or third party. Procedures concerning complaints against students can be found in Reporting, Investigating and Resolving Sexual Misconduct, Relationship Violence, and Stalking – Complaints Against Students. Procedures concerning complaints against employees can be found in Reporting, Investigating and Resolving Sexual Misconduct, Relationship Violence, and Stalking – Complaints Against Employees.

REPORTING AN INCIDENT

Incidents of sexual misconduct, relationship violence, and stalking may be reported directly to the NYU Title IX Coordinator. Reports can also be made to the NYU Department of Public Safety, which will provide support and assistance to any victim or witness if requested. In the case of an emergency or ongoing threat, if possible get to a safe location and please report the incident by calling 911.

Employees may also report to NYU Human Resources. Human Resources officials will assist any victim in identifying their reporting options, if they elect to do so. Complainants are also entitled not to report to law enforcement.

Any student or employee who reports an incident of sexual violence, whether the offense occurred on or off campus, shall receive a written explanation of their rights and options. This written explanation identifies existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, and other services available for victims, both within the institution and in the community; and describes options for available assistance in; and how to request changes to academic, living, transportation, and working situations or protective measures. NYU will make such accommodations or provide such protective measures if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to the NYU Department of Public Safety or local law enforcement. NYU maintains as private any accommodations or protective measures and completes publicly available record keeping without including personally identifying information.

NYU's Title IX website and Sexual Respect website provide victims of sexual assault with easy access to NYU and non-NYU campus resources and provides general information for individuals seeking guidance about Title IX. For more information about and/or to make a request for an interim measure or accommodation (as described on this page) because of an incident of sexual misconduct, relationship violence, and/or stalking, you may contact:

PROCEDURES VICTIMS SHOULD FOLLOW

In incidents of sexual assault, domestic violence, dating violence or stalking, it is important to preserve evidence to aid in the possibility of a successful criminal prosecution or obtaining a protection order. Evidence of violence, such as bruising or other visible injuries, following an incident of domestic or dating violence should be documented including through the preservation of photographic evidence. Evidence of stalking including any communication, such as written notes, voice mail or other electronic communications should also be saved and not altered in any way.

Local medical providers can also provide emergency and follow-up medical services to address physical well-being or health concerns and also conduct forensic sexual assault examinations. A medical exam obtained from a hospital or sexual assault response center serves two purposes: first, to diagnose and treat the full extent of any injury or physical effect (sexually transmitted infection (STI) or possibility of pregnancy) and, second, to properly collect and preserve evidence. The exam may include testing and prophylactic treatment for HIV/AIDS, STIs, and pregnancy, a vaginal/anal examination, collection of fingernail scrapings and/or clippings, examination for injuries, and blood testing. There is a limited window of time (typically 72 to 96 hours) following an incident of sexual assault to preserve physical and other forms of evidence. Taking the step to gather evidence immediately does not commit an individual to any course of action. The decision to seek medical attention and gather any evidence will preserve the full range of options to seek resolution through NYU's complaint processes or criminal action.

VICTIM CONFIDENTIALITY

NYU recognizes the sensitive nature of sexual violence and is committed to protecting the privacy of any individual who reports an incident of sexual violence. Different officials on campus are, however, able to offer varying levels of privacy protection to victims. Privacy generally means that information related to a report of misconduct will be shared with a limited circle of individuals who “need to know” in order to assist in the active review, investigation, resolution of the report, and related issues. All NYU employees who are involved in NYU’s Title IX response receive specific training and guidance about safeguarding private information in accordance with applicable laws. NYU will not release names in the issuance of “Timely Warnings,” or “Emergency Notifications,” or in the “Daily Crime Log,” each of which are required by the Clery Act, and any accommodation or protective measure will be confidential unless it interferes with the measure’s implementation. Reports made to medical professionals and licensed mental health counselors will not be shared with third parties without the permission of the disclosing individual except in cases of (1) imminent danger to self or others; (2) conduct involving suspected abuse of a minor; or (3) as otherwise required or permitted by law.

BYSTANDER INTERVENTION AND RISK REDUCTION

Action Zone Bystander Intervention: This is a primary prevention and awareness bystander intervention program that gives a framework for explaining bystander behavior and teaches skills for intervening offered to all members of the NYU community. This is valuable because sexual assaults, alcohol-related incidents, and other challenging situations can be prevented or diffused with timely, skilled, and appropriate intervention. The program uses an interdisciplinary approach to heighten students’ awareness of challenging situations and the positive role they can play in helping support each other. This program addresses intervention

in situations involving sexual and relationship violence as well as when alcohol and other drugs are being used. The Action Zone initiative consists of a one to two hour training program (available upon request as well as hosted by Health Promotion at least once per semester), and information available online, including resources and tools.

EDUCATION PROGRAMS

NYU is committed to increasing the awareness of and preventing sexual violence. All incoming students and new employees are provided with programming and strategies intended to prevent rape, acquaintance rape, sexual assault, domestic violence, dating violence, and stalking before such conduct occurs through the changing of social norms and other approaches; that includes a clear statement that NYU prohibits such acts, their definitions, the definition of consent, options for bystander intervention, information about risk reduction, and our policies and procedures for responding to these incidents. Ongoing prevention and awareness campaigns are also offered throughout the year. These programs include:

The Reality Show: During Welcome Week, all incoming students attend this mandatory orientation session. The show is an integral part of NYU's nationally recognized suicide prevention, health and wellness program. The Reality Show uses theater, written and performed by students, to engage their peers in subjects such as sexual assault, consent, bias and harassment, domestic violence and dating violence, alcohol and other drugs, mental health issues such as depression and anxiety, homesickness, as well as getting along with roommates and feeling overwhelmed with classes. Each year, a new Reality Show is written and performed by a talented cast of NYU Tisch School of the Arts undergraduates, sometimes with other schools represented, including Steinhardt. The show is directed by Preston Martin, a Tisch alum who starred in the first Reality Show, 12 years ago.

The **Think About It** online educational program, which is mandatory for all first-year students, helps ensure that students understand

their rights and responsibilities in the important area of sexual misconduct. This training is mandatory for the entire NYU student body, including students attending any of the three NYU campuses (New York, Abu Dhabi and Shanghai) or Global Academic Centers.

Center for Sexual Misconduct Support Services: NYU provides prevention, awareness and confidential assistance to complainant students at the S.P.A.C.E. (Sexual misconduct Prevention, Assistance, Counseling and Education). Assistance includes accompanying complainants to medical appointments at their request, connecting them with mental health care, providing information about resources and options, and/or attending campus meetings or proceedings with them. Staff at the Center for Sexual Misconduct Support Services – which includes Crisis Response Counselors at the Wellness Exchange – are licensed mental health professionals who can act as students' personal liaisons throughout the process of accessing care and services following an incident of sexual misconduct.

NYU student leaders, from certain designated groups, are required to complete in-person training focused on sexual misconduct in an effort to introduce a more robust prevention effort around that topic. The student leaders include, Resident Assistants and members of Residence Hall Councils, all Varsity athletes, all members of Greek organizations, all leaders of student clubs and organizations registered with NYU, and members of student government bodies.

Resident Assistants (RAs) in NYU residence halls offer programs for floor residents on the topic of sexual assault and relationship violence. RAs also provide referrals to services at other University offices. All RAs, as well as the professional Residence Hall staff receive Action Zone Bystander Intervention training, and have the option of offering the training to their residents.

Employee Programming: The NYU Office of Equal Opportunity (OEO), in collaboration with NYU Human Resources, offers several different training courses for NYU staff that address Title IX reporting protocols and response obligations, including the "Preventing

Harassment on Campus” and “Responding to Sexual Assault and Harassment” training courses, which are offered on a monthly basis. The trainings are open to the entire NYU community, and all new employees are expected to attend. Both courses provide an overview of NYU’s Title IX requirements regarding responding to reports of sexual misconduct, and outline various types of sexual harassment and sexual misconduct, obligations of Responsible Employees, and information about confidential resources and other resources on campus, among other related topics.

CONDUCT PROCEEDINGS

NYU, at all of its campuses and Global Academic Centers, strictly prohibits all acts of sexual assault, domestic violence, dating violence, and stalking. In addition to facing criminal action, students, employees, and other affiliates may also face disciplinary action by NYU. Individuals found responsible for having committed such a violation face permanent expulsion, termination of employment, suspension, probation, and barred from NYU property. Third parties who violate NYU policy may have their relationship with NYU terminated and/or their privilege of being on NYU premises withdrawn. Other sanctions include, but are not limited to: (1) written warning, (2) censure, (3) disciplinary probation, (4) restitution, (5) monetary fine, (6) suspension of privileges, (7) suspension from the University, (8) transcript notation, (9) No Contact Directive, and/or, (1) dismissal from the University.

All conduct proceedings will include a prompt, fair and impartial investigation and resolution by officials who receive annual training on the nature and adjudication of these matters and conducting investigations, and hearings in a manner that protects the safety of both complainants and respondents and promotes accountability. The NYU Office of Student Conduct (“OSC”) and Community Standards and the NYU Office of Equal Opportunity (“OEO”) shall handle determinations of responsibility for students and employees respectively, using the preponderance of the evidence standard. OEO investigators conduct the investigations regardless of whether the respondent is a student or an employee. In all proceedings, including any related meetings, both the complainant and the respondent are entitled to the same opportunities and resources, including the right to be accompanied by an advisor of their choice. In matters involving student respondents, matters go to a hearing when investigators find that a reasonable fact-finder could determine that there is sufficient evidence to support a finding that a policy violation occurred. Complainants and respondents shall simultaneously be informed in writing of the determination made by OSC or OEO, of any applicable appeal procedures, of any change to the outcome prior to its becoming final, and the final notice of outcome. Typically, hearings involving student-respondents will be conducted within sixty days of the initiation of the investigation and investigations involving employee-respondents will be completed within forty-five days. This timeframe may be extended for good cause as necessary to ensure the integrity and completeness of the investigation, to comply with a request by external law enforcement, to accommodate the availability of witnesses, to account for NYU

breaks or vacations, to account for the complexities of a case, or for other legitimate reasons.

For additional information about student conduct proceedings please consult the NYU Reporting, Investigating, and Resolving Sexual Misconduct, Relationship Violence, and Stalking-Complaint Against Students available at: <http://www.nyu.edu/content/dam/nyu/studentAffairs/documents/studentCommunityStandards/Sexual%20Misconduct%20-%20Procedures%20for%20Student%20Respondent%202016-10-13.pdf>. SEXUAL ASSAULT PREVENTION EDUCATION PROGRAMS

Multiple offices across NYU, including the Counseling and Wellness Center, OEO, and the Office of Residential Life and Housing Services offer sexual assault education and awareness programming throughout the year. Together, these offices offer a variety of programming focusing on sexual and gender violence:

- **The Student Health Center (SHC)** educates students and other members of the NYU community on matters of sexual assault and prevention through its Sexual Assault Prevention and Response website, which provides detailed information about sexual and relationship violence, including definitions, emergency contact information, advice about what to do to first after being the victim of sexual assault, understanding the experience of being victimized, helping someone who has been a victim, and resources within the NYU community and in New York City. All healthcare clinicians at the SHC are able to actively initiate confidential discussions about sexual assault and relationship violence issues when such matters appear to be of concern, rather than waiting for patients to self-report. SHC patients and clients who are victims of sexual or relationship violence are provided, by secure electronic message, written documentation of their rights and resources available both on and off campus.
- **Center for Sexual Misconduct Support Services:** NYU provides prevention, awareness, and confidential assistance to complainant students at the S.P.A.C.E. (Sexual Misconduct, Prevention, Assistance, Counseling and Education). Assistance includes accompanying complainants to medical appointments at their request, connecting them with mental health care, providing information about resources and options, and/or attending campus meetings or proceedings with them. Staff at the Center for Sexual Misconduct Support Services – which includes Crisis Response Counselors at the Wellness Exchange – are licensed mental health professionals who can act as students’ personal liaisons throughout the process of accessing care and services following an incident of sexual misconduct.
- **The Health Promotion Office** plans, implements and supports initiatives and programs to create a healthier campus

community. The department addresses topics including stress, alcohol and other drugs, mental and sexual health and bystander intervention for sexual assault primary prevention. Interactive, engaging information empowers students to make informed and healthy choices for themselves and to help their peers while at NYU and beyond. The Health Promotion Office is located at 726 Broadway, New York, NY 10003 or call 212-443-1234.

DISCLOSURE OF DISCIPLINARY PROCEEDING OUTCOME TO VICTIMS (OR NEXT OF KIN) OF SEX CRIMES OR OF VIOLENCE

NYU will provide the victim of a crime of violence, [i.e. an offense that has as an element the use, attempted use, or threatened use of physical force against the person or property of another, or any other offense that is a felony and that, by its nature, involves a substantial risk that physical force against the person or property of another may be used in the course of committing the offense (18 U.S. Code § 16)] or a non-forcible sex offense, a statement of the results of any disciplinary proceeding conducted by NYU against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased, as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

CAMPUS SECURITY POLICIES, CRIME PREVENTION & SAFETY AWARENESS PROGRAMS

Safety information is provided to the NYU community in a variety of ways, some of which are specific to students and some that are specific to employees. Throughout the year, the following is available to the entire community:

- General information and tips for being safe on campus and in New York City are provided online by the NYU Department of Public Safety at: <https://www.nyu.edu/life/safety-health-wellness/be-safe/public-safety/campus-safety-tips.html>
- Updates concerning specific safety related matters on the NYU campus, in the local community, and in relation to events in New York City, are issued online, through the NYU Public Safety Facebook page, Twitter account, and through emails, texts and other media.
- Articles about crime and safety on campus are published periodically in the student newspaper, *The Washington Square News*.
- Special reports on campus safety are periodically published in NYU Today, a monthly newsletter. A daily Crime Log is available on the NYU Public Safety webpage and at the Public Safety Command Center. The Crime Log reflects criminal incidents reported to Public Safety and includes the nature of the incidents, the dates on which they occurred and were reported, the times at which they occurred, the general location of occurrence, and the disposition.
- Safety Alerts and Timely Warning Notifications are distributed as necessary to inform the community about safety-related issues, risk-reducing precautions, and sources of help and additional information.
- Throughout the academic year, Peer Educators affiliated with the Student Health Center, the Wellness Exchange, and the Center for Multicultural Education and Programs facilitate educational workshops for students in the residence halls, student organizations, and other University offices. Peer Educators undergo a training program on issues related to sexual assault, such as rape culture, consent in sexually intimate relationships, date rape drugs, and how to help a friend who has been sexually assaulted. Peer Educators present factual information and stimulate non-judgmental conversation.
- Workshops on "Safety in the City" are lead and facilitated by Public Safety.
- Various NYU offices and student organizations co-sponsor annual awareness events through the academic year such as "Sexual Assault Awareness Week."
- Resident Assistants receive initial training from Public Safety on Clery Act requirements, the role of Public Safety Officers, and other related topics during their orientation each summer and on an on-going basis.
- Public Safety has a designated Special Victim Liaison who is specially trained in working with crime victims, including sexual assault victims.

MISSING STUDENT NOTIFICATION POLICY

NYU investigates any report of a missing student who is enrolled and attending classes at any NYU campus or Global Academic Center. This policy, with its accompanying procedures, establishes

a framework for cooperation among members of the University community aimed at locating and assisting students who are reported missing.

A student will be deemed missing when reported absent from the University at any of its campuses, global sites, or NYU sponsored travel programs without any known reason. All reports of missing students enrolled at the New York campus and at the Global Academic Centers must be directed to NYU's Department of Public Safety at 212-998-2222; in these instances, Public Safety in New York will take the lead in investigating each report and make a determination whether the student is missing in accordance with this policy. All reports of missing students at NYU Abu Dhabi (NYUAD) must be directed to the NYUAD Department of Public Safety at +97-12-628-7777; NYUAD Public Safety will lead the investigation of each report and make a determination as to whether the student is missing in accordance with this policy. All reports of missing students at NYU Shanghai must be directed to the NYU Shanghai Department of Public Safety at 86-21-2059-5500; NYU Shanghai Public Safety will lead the investigation of each report and make a determination as to whether the student is missing in accordance with this policy.

All students have the option to identify a confidential contact person or persons who will be notified within 24 hours in the event that a determination is made by one of the NYU campus Public Safety departments that the student is missing. This contact information may be added through "Albert," the portal to NYU's student information system. Only authorized campus officials and law enforcement officers in furtherance of a missing person investigation may have access to this information.

If a missing student is under 18 years of age, and not an emancipated individual, the University will notify a custodial parent or guardian of the missing student not later than 24 hours after the determination by an NYU Public Safety department that the student is missing.

NYU Public Safety will contact local police and other law enforcement agencies no later than 24 hours after the University receives a report that any student is missing.

There is a variety of University student housing options and staffing patterns. Much of NYU student housing is configured for apartment-style living, and there is no formal procedure or prescribed timelines for monitoring whether students are present in their assigned student housing. Student welfare and safety is paramount to the University; however, the University recognizes and makes known its limitations in obtaining accurate and timely information on the whereabouts of students.

The Office of Student Affairs shall have the responsibility to make the provisions of this policy and the procedures set forth below available to students.

PROCEDURES

Any report of a missing student, from whatever source, must immediately be directed to the appropriate NYU Public Safety department.

When a student is reported missing, the appropriate NYU Public Safety department will:

- initiate an investigation to determine the validity of the missing person report;
- inform the Office of Student Affairs;
- make a determination as to the status of the missing student;
- notify local police or other appropriate law enforcement agencies within 24 hours after the University receives a report that the student is missing.

If the student reported missing is studying at a Global Academic Center, NYU Public Safety in New York will coordinate with the site's director to facilitate the investigation, including communication with hospitals, law enforcement, and other relevant agencies.

Upon determining the student is missing and upon notification by the relevant NYU Public Safety department, the Office of Student Affairs will:

- Notify the person(s) identified by the missing student as the confidential contact within 24 hours of making the determination that the student is missing;
- If the missing student is under the age of 18, and not an emancipated individual, notify the student's custodial parent or guardian as contained in the records of the University within 24 hours of the determination that the student is missing;
- Inform other University units, such as the school in which the student is enrolled, as needed; and
- Initiate whatever other action is deemed appropriate under the circumstances to be in the best interest of the missing student.

CRIME PREVENTION AND SAFETY AWARENESS PROGRAMS

In an effort to promote safety awareness, Public Safety maintains strong working relationships within the community. Public Safety fosters these relationships by offering a variety of safety and security programs and services and crime prevention programming. If you or your organization would like to request a specific Crime Prevention and Safety Awareness program, please contact Public Safety.

NYU POLICIES GOVERNING ALCOHOL AND OTHER DRUGS

NYU ALCOHOL AND DRUG POLICY

ALCOHOL AND OTHER DRUG USE

The issue of safety touches on many other areas of campus and city life, among them the use and sale of illegal drugs, underage drinking, and abuse of alcohol. New York University is committed not only to educating students on issues concerning alcohol and drug use but also to responding to behavior that is in violation of the

University's Policies on Substance Abuse and Alcoholic Beverages. NYU believes that the best way to maintain an appropriate campus environment with respect to drugs and alcohol is through preventive education about the dangers of drug abuse and compassionate attention to the needs of those who may require help with alcohol and other drug-related problems, and provides a variety of education, prevention, and support services in keeping with that philosophy.

At the same time, NYU expects that students will conduct themselves in accordance with basic principles of personal responsibility, respect for order, and consideration of the rights of others.

NYU policy prohibits students under the age of 21 from possessing alcoholic beverages in its facilities and at events sponsored by NYU or NYU organizations, regardless of location. A chart detailing the penalties for student alcohol policy violations can be found on pages 7–8 of the Policies on Substance Abuse and Alcoholic Beverages at <https://www.nyu.edu/about/policies-guidelines-compliance/policies-and-guidelines/substance-abuse-and-alcoholic-beverages.html>

The unlawful possession, use, or distribution of drugs by students and employees is prohibited on premises owned or controlled by the University. If evidence of such activity by any student on University premises is found, NYU will take appropriate disciplinary action, including, but not limited to, probation, suspension, or expulsion. A chart detailing the penalties for student drug violations can be found on pages 8-9 of the Policies on Substance Abuse and Alcoholic Beverages (see link in last paragraph). If any member of the faculty or staff is found to be unlawfully using, possessing, or distributing drugs on NYU premises, the University will take disciplinary action up to and including discharge. NYU employees are subject to NYU's Drug-Free Workplace Policy, which describes the consequences of drug and alcohol-related violations and lists resources available to employees seeking assistance with drug and alcohol abuse.

In addition to University sanctions, students, faculty, or staff engaged in such activity may be subject to criminal prosecution under federal and state laws. Where appropriate or necessary, NYU will cooperate fully with law enforcement agencies if a student's use, possession, or distribution of a substance violates the national, state, and/or local laws of the country in which the campus where the incident occurred is located.

ALCOHOL AND DRUG USE PREVENTION AND AWARENESS PROGRAMS

AlcoholEdu: All incoming first-year NYU students are required to complete the two-part, three-hour online course, AlcoholEdu for College. The course provides students with information about

high-risk drinking behaviors and associated harms, debunks myths about college drinking, and directs students toward tools and resources for staying safe and looking out for friends such as Action Zone Bystander Intervention and the Wellness Exchange hotline. Students who do not complete the first part of the course have a hold put on their spring semester course registration.

Small group programming: The Health Promotion Office leads workshops called “Dicey Decisions” and “Imagine That” which are formatted as interactive quiz shows and deliver health and safety information, as well as, NYU resource information to students who may be at higher risk. The workshops focus heavily on alcohol and other drugs.

The SAFE (Substance Assessment, Feedback and Evaluation) program, created by Counseling and Wellness Services (“CWS”), helps students examine their own substance-related behaviors in a safe, judgment-free environment. The focus of the SAFE program is to help students reduce high-risk behaviors and harmful consequences related to their use of alcohol or other drugs, identify motivations and triggers related to their use, and build skills to help promote change.

SAFE program services are provided by a multi-disciplinary clinical team within CWS, and are non-judgmental, non-labeling, and confidential. The SAFE program offers a range of services including individual and group counseling, psychiatric evaluations, and medication management by an addictions psychiatrist, and referrals for outside treatment such as detoxification, rehabilitation, and long-term therapy. Informal clinical consultation to address patients’ substance use issues is offered between the treating therapist and any CWS SAFE Team member.

The SAFE program offers Choices and Change, a harm-reduction group designed to help students explore and discuss any concerns about their substance use and to provide them with information and tools to help make informed choices, and Recovery and Me, a forum where students who are seeking to bolster and maintain their recovery from substance abuse/dependence can seek support around and talk about what recovery means to them; Cannabis Harm-Reduction Support Group, a harm-reduction group designed to help students explore their cannabis (marijuana) use in a supportive, nonjudgmental environment; and Mindfulness-Based Relapse Prevention, a toolkit designed to bring practices of mindful awareness to relapse prevention.

Programs & Activities without Substances (PAWS) provides funding for student groups to sponsor substance-free activities at NYU. The central purpose of PAWS is to provide alternative, substance-free opportunities during weekends and other times of high alcohol and other drug consumption.

RESOURCES FOR FACULTY AND STAFF

NYU offers all employees access to the Carebridge Employee Assistance Program, which provides a range of support services, referrals to alcohol and substance abuse treatment. Emails

regarding these services are sent to all employees multiple times, throughout the year.

ANNUAL DISCLOSURE OF CRIME STATISTICS

Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC § 1092(f)) requires colleges and universities across the United States to disclose information about crime on and around their campuses.

CRIME STATISTICS REPORTING

Statistics for this report are collected from a variety of sources, including:

1. Daily incidents reported to the NYU Department of Public Safety, including those made anonymously, regardless of whether there has been an adjudication of the matter;
2. Incidents reported to designated Campus Security Authorities, including those made anonymously, regardless of whether there has been an adjudication of the matter; and,
3. Crime information gathered from local law enforcement authorities.

REPORTING AREAS

NYU’s statistics include all reports of incidents that are alleged to have occurred in its on-campus and non-campus facilities, as well as crimes that occur on campus public property. Because NYU is an urban university with no walls around its campus, this poses the challenge of reporting crime incidents when, in most cases, these incidents are not on University property and do not involve members of the NYU community.

This Campus Security Report contains maps that show the campus area (as defined by the Higher Education Amendments of 1998), a list of non-campus facilities, and charts providing crime statistics from campus, non-campus, and public property areas. Each incident reported as having occurred in residence halls located on campus and in non-campus locations is listed under both the category of the geographic area and as residence halls in the geographic area.

On-Campus: NYU’s on-campus properties include facilities that fall within the borders of the on-campus map. On-campus properties also include facilities within one-mile of the campus center. These are owned and controlled (by lease or other written agreement) by NYU and are used primarily for supporting the University’s educational purposes.

Non-Campus: NYU’s non-campus properties include facilities that are owned or controlled (by lease or other written agreement) by the University and primarily used for University purposes, but are not defined as on-campus. These facilities include academic buildings, residence halls, and administrative buildings in New York City outside of Greenwich Village.

Public Property: This category includes all streets, sidewalks, and thoroughfares adjacent to on-campus facilities. For NYU, this means including sidewalks and streets that are traveled by thousands of New York City residents and tourists every day, as well as Washington Square Park, a public park that is visited by thousands of people each day. NYU shares responsibility with the NYPD for safety in all of these public places, but does not have jurisdiction over them. While this expanded area of reporting increases the number of incidents disclosed in NYU's statistical reporting, only a very small percentage involve members of the NYU community.

DEFINITIONS OF REPORTABLE CRIMES

Murder/Manslaughter: The willful killing of one human being by another.

Negligent Manslaughter: The killing of another person through gross negligence.

Rape: Penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

Fondling: The touching of the private parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

Incest: Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory Rape: Sexual intercourse with a person who is under the statutory age of consent.

Affirmative Consent (as defined by the NYU Sexual Misconduct, Relationship Violence, and Stalking Policy): A knowing, voluntary, and mutual decision among all participants to engage in sexual activity. Affirmative consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant's sex, sexual orientation, gender identity, or, gender expression.

Consent may be initially given, but withdrawn at any time. When consent is withdrawn or can no longer be given, sexual activity must cease. Prior consent does not imply current or future consent; consent to any sexual act or prior consensual sexual activity does not necessarily constitute consent to any other sexual act.

Domestic violence includes felony or misdemeanor crimes of violence committed by—

- A current or former spouse or intimate partner of the reporting party;
- By a person with whom the reporting party shares a child in common;
- By a person who is cohabitating with or has cohabitated with the reporting party as a spouse;
- By a person similarly situated to a spouse of the reporting party under the domestic or family violence laws of the jurisdiction in which the crime occurred; or,

- By any other person against an adult or youth who is protected from that person's acts under the domestic of family violence laws of the jurisdiction in which the crime occurred.

Dating violence: Violence committed by a person who is or has been in a social relationship of a romantic or intimate relationship with the victim.

Stalking: Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for their safety or the safety of others or suffer substantial emotional distress.

Robbery: The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Larceny/Theft: Includes, pocket picking, purse snatching, shoplifting, theft from building, theft from motor vehicle, theft of motor vehicle parts or accessories, and all other larceny.

Simple Assault: An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration or loss of consciousness.

Intimidation: To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct but without displaying a weapon or subjecting the victim to actual physical attack.

Destruction/Damage/Vandalism or Property (except Arson): To willfully or maliciously destroy, damage, deface or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

CATEGORIES OF BIAS:

- Race. A preformed negative attitude toward a group of persons who possess common physical characteristics, e.g., color of skin, eyes, and/or hair; facial features, etc., genetically transmitted by descent and heredity which distinguish them as a distinct division of humankind, e.g., Asians, blacks or African Americans, whites.

- Religion. A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being, e.g., Catholics, Jews, Protestants, atheists.
- Sexual Orientation. A preformed negative opinion or attitude toward a group of persons based on their actual or perceived sexual orientation. Sexual Orientation is the term for a person's physical, romantic, and/or emotional attraction to members of the same and/or opposite sex, including lesbian, gay, bisexual, and heterosexual (straight) individuals.
- Gender. A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender (e.g., male or female).
- Gender Identity. A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender identity, e.g., bias against transgender or gender non-conforming individuals. Gender non-conforming describes a person who does not conform to the gender-based expectations of society, e.g., a woman dressed in traditionally male clothing or a man wearing makeup. A gender non-conforming person may or may not be a lesbian, gay, bisexual, or transgender person but may be perceived as such.
- Ethnicity. A preformed negative opinion or attitude toward a group of people whose members identify with each other, through a common heritage, often consisting of a common language, common culture (often including a shared religion) and/or ideology that stresses common ancestry. The concept of ethnicity differs from the closely related term "race" in that "race" refers to a grouping based mostly upon biological criteria, while "ethnicity" also encompasses additional cultural factors.
- National Origin. A preformed negative opinion or attitude toward a group of people based on their actual or perceived country of birth. This bias may be against people that have a name or accent associated with a national origin group, participate in certain customs associated with a national origin group, or because they are married to or associate with people of a certain national origin.
- Disability. A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments,

whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced age or illness.

NEW YORK STATE LAW DEFINITIONS

CONSENT: Lack of consent results from: forcible compulsion; or incapacity to consent; or where the offense charged is sexual abuse or forcible touching, any circumstances, in addition to forcible compulsion or incapacity to consent, in which the victim does not expressly or impliedly acquiesce in the actor's conduct. Where the offense charged is rape in the third degree, a criminal sexual act in the third degree, or forcible compulsion in circumstances under which, at the time of the act of intercourse, oral sexual conduct or anal sexual conduct, the victim clearly expressed that he or she did not consent to engage in such act, and a reasonable person in the actor's situation would have understood such person's words and acts as an expression of lack of consent to such act under all the circumstances. A person is incapable of consent when he or she is: less than 17 years old; or mentally disabled; or mentally incapacitated; or physically helpless; or committed to the care and custody of the state department of correctional services, a hospital, the office of children and family services and is in residential care, or the other person is a resident or inpatient of a residential facility operated by the office of mental health, the office for people with development disabilities, or the office of alcoholism and substance abuse services, and the actor is an employee, not married to such person, who knows or reasonably should know that such person is committed to the care and custody of such department or hospital.

DATING VIOLENCE: New York State does not specifically define "dating violence." However, under New York Law, intimate relationships are covered by the definition of domestic violence when the act constitutes a crime listed elsewhere in this document and is committed by a person in an "intimate relationship" with the victim. See "Family or Household Member" for definition of "intimate relationship."

Such acts are alleged to have been committed by a family member. The victim can be anyone over the age of sixteen, any married person or any parent accompanied by his or her minor child or children in situations in which such person or such person's child is a victim of the act.

Factors that may be considered in determining whether a relationship is an "intimate relationship" include, but are not limited to: the nature or type of relationship regardless of whether the relationship is sexual in nature; the frequency of interaction between the persons; and the duration of the relationship. Neither a casual acquaintance nor ordinary fraternization between two individuals in business or social contexts shall be deemed to constitute an "intimate relationship"; any other category of individuals deemed to be a victim of domestic violence as defined by the office of children and family services in regulation. Intimate relationship status shall be applied to teens, lesbian/gay/bisexual/transgender, and elderly individuals, current and formerly married and/or dating heterosexual individuals who were, or are in an intimate relationship.

ANNUAL FIRE SAFETY REPORT

The Higher Education Opportunity Act enacted on August 14, 2008, requires institutions that maintain on-campus student housing facilities to publish an annual fire safety report that contains information about campus fire safety practices and standards of the institution. The following report details all information required by this act for NYU.

DEFINITIONS

The following terms are used within this report. Definitions have been obtained from the Higher Education Opportunity Act:

On-Campus Student Housing: A student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within a reasonable contiguous area that makes up the campus.

Fire: Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

Fire Drill: A supervised and scheduled orderly evacuation of faculty, students and staff from a facility for the purpose of ensuring the safety of occupants during an actual emergency. Fire Drills are conducted at various times throughout the year to provide occupants familiarization with a facility's fire safety features and avenues of egress.

Fire Log: A bound log intended to chronologically record any occurrence of fire within an on-campus student housing facility. The log shall record the time and date that a fire occurred, as well as the general location and nature of the fire. The most recent seven (7) days of recordings must be readily available for review. The most recent sixty (60) days of recordings must be available for review within two (2) business days of the request.

Fire-related death: Any death occurring as a direct result of a fire occurring in an on-campus student housing facility, including any individual who dies within one (1) year of such incident.

Fire-related injury: Any injury sustained as a direct result of a fire occurring in an on campus housing facility, which, as a result, requires medical treatment at a medical facility.

Fire Safety system: Any devices, systems or combinations of systems designed and intended to detect fire, and activate alarms, and suppress, or control fires. Such systems may include smoke detectors, heat detectors, sprinklers, or other similar systems.

Sprinklered Building: A building in which all parts including dwelling units, common areas, refuse chutes and utility rooms are protected by an automatic wet sprinkler system.

Partially Sprinklered Building: Buildings in which only select areas are protected by an automatic wet sprinkler system.

Smoke Detector: A device intended to sound an audible alarm upon sensing products of combustion. A smoke detector may also activate a visible signal and may sound locally or transmit a signal to a central station.

Property Loss: Any damage to the structure and contents of an on campus housing facility as a direct result of an occurrence of a fire therein. Included in any assessment shall be any damage resulting from fire suppression efforts.

RESIDENCE HALL FIRE DRILLS

STUDENT HOUSING EVACUATION AND DRILLS

Residents receive residence hall specific information about fire safety and evacuation procedures at the beginning of each term from the Office of Residential Life and Housing Services.

The following evacuation procedures are posted on the back of all apartment entry doors:

In the event of a fire, remain calm. Notify the fire department and follow the directions of Fire Department personnel. If you must take immediate action, use your judgment as to the safest course of action, guided by the following information:

If The Fire Is In Your Apartment

- Close the door to the room where the fire is located and leave the apartment.
- Make sure EVERYONE leaves the apartment with you.
- Take your keys.
- Close the entrance door as you exit, but do not lock.
- Alert people on your floor by knocking on doors on your way to the exit.
- Use the nearest stairway to leave the building.
- DO NOT USE THE ELEVATOR
- Call 911 once you reach a safe location. Do not assume the fire has been reported unless firefighters are on the scene.
- Meet the members of your household at a pre-determined location outside the building. Notify responding emergency personnel if anyone is unaccounted for.

If The Fire Is Not In Your Apartment

- Stay inside your apartment and listen for instructions from firefighters, unless conditions become dangerous.
- If you must exit your apartment, first feel your apartment door and doorknob with the back of your hand. If they are not hot, open the door slightly to check if there is any flame or smoke in the hallway.
- If you can safely exit your apartment, follow the instructions for a "fire in your apartment."
- If you cannot safely exit your apartment or building, call 911 or the Fire Department Dispatcher and inform them of your situation. Provide the address, floor, apartment number, and the number of persons present.

- Seal the front door with wet sheets or towels. Seal air ducts and any other openings where smoke may enter.
- Open windows a few inches at the top and bottom unless flames or smoke is coming from below.
- Do not break any windows; they may need to be closed later.
- If conditions in the apartment appear life threatening, open a window and wave a bed sheet or towel side-to-side to attract the attention of firefighters.
- If smoke conditions worsen before help arrives, get down on the floor and take short breaths through your nose. If possible, retreat to a balcony or terrace away from the source of the flames, heat or smoke.

FIRE DRILLS

University policy requires building occupants to evacuate the building in the event of fire alarms/emergencies. To facilitate reinforcement of this requirement, NYU Environmental Health and Safety, in partnership with the Department of Public Safety and NYU Facilities and Construction Management, organize fire drills throughout the year to train the building occupants about the applicable evacuation procedures, in Academic and Administrative Buildings and the Residence Halls.

DESCRIPTION OF ON-CAMPUS STUDENT HOUSING FIRE SAFETY SYSTEMS—RESIDENCE HALLS/APARTMENTS

All NYU facilities comply with the local fire safety requirements and with NYU safety policies. Each building holds an up-to date fire certificate from local authorities and all the equipment is inspected and maintained regularly by security guards in accordance with applicable requirements.

The Residence Halls have:

- Central fire alarm systems complete with smoke detectors throughout the building and within each resident's room.
- Automatic wet sprinklers in all public corridors and all resident's rooms.
- Portable fire extinguishers throughout the building.
- Illuminated signage identifying exit routes, specific exit routes for each room, and push-bar device for all exit doors.
- All exit doors are installed with the push-bar devices with evacuation route charts are placed within each room.
- Monthly inspection of fire protection facilities and suppression equipment.
- Fire drills conducted throughout the year.

Please see the table below for a list of all student residence halls and their fire safety systems, including fire detection and suppression systems, and fire drills conducted.

FIRE SAFETY POLICIES

NYU takes Fire Safety very seriously and continues to enhance its programs to NYU community through education, engineering, and enforcement. Educational programs are presented throughout the year to faculty, staff, and students so they are aware of the rules and safe practices. These programs, which are available at all campus locations, include identification and prevention of fire hazards, actual building evacuation procedures and drills, specific occupant response to fire emergencies and hands-on use of fire extinguishers.

All NYU residence halls have emergency evacuation plans and conduct fire drills once a semester to allow occupants to become familiar with and practice their evacuation skills.

NYU has been a leader in ensuring the safety of students, faculty, staff and visitors who live and work in NYU operated residences. Automatic sprinkler systems and fire alarm systems are recognized engineered building features that help to provide for a fire safe living environment. All NYU operated residence halls and apartments are provided with automatic sprinkler systems, smoke detectors, and building fire alarm systems to provide early detection and warning of a possible fire emergency. Additionally, Food Service staff members at NYU are trained annually on hands-on use of fire extinguishers and emergency procedures in the event of a fire.

NYU maintains and tests all fire alarms and automatic fire suppression systems in accordance with the appropriate National Fire Protection Association Standard to insure system readiness and proper operation in the event of a fire emergency.

PORTABLE ELECTRICAL APPLIANCES

Electric heaters, air conditioners, hot plate burners, and Halogen lighting equipment are prohibited in residence halls.

SMOKING

Smoking is prohibited in all areas of all University residence halls. Smoking devices, including, but not limited to, pipes, bonges, and hookahs, are not permitted in the residence halls.

OPEN FLAME

Candles, incense, outdoor grills, or any other type of open flame or open coil device are prohibited in all University residence halls.

FIRE SAFETY EDUCATION AND TRAINING PROGRAMS FOR STUDENTS, FACULTY AND STAFF

POLICIES FOR FIRE SAFETY EDUCATION AND TRAINING PROGRAMS

NYU believes it is extremely important that residents familiarize themselves and their guests with all applicable fire safety procedures in their assigned building. Students are educated on the Fire Safety Plan for their residence halls and New York University Safety Plans within the first ten days of each semester. This training is done by Resident Assistants. Residents who fail to comply fully with applicable fire safety procedures or who otherwise violate rules and

regulations related to fire safety are subject to disciplinary action. Students who fail to abide by building emergency evacuation procedures are subject to disciplinary action. In general, residents are expected to maintain reasonable standards of cleanliness to avoid fire hazards and must not obstruct sidewalks, entrances, passages, fire escapes, elevators, lobbies, stairways, corridors, or halls with personal property. The following items are prohibited in the residence halls and will be confiscated:

- Flammable decorations
- Natural or artificial evergreens
- Electric heaters, air conditioners, hot plate burners
- Halogen lighting equipment
- Candles, incense, outdoor grills, or any other type of open flame or open coil device
- Explosives, fireworks, firearms, or ammunition

Students found in possession of prohibited items or who fail to evacuate during a drill or emergency are subject to disciplinary action and referral to a fire safety education workshop.

CRIME PREVENTION TIPS

While the NYU campus is a reasonably safe environment, crimes do occur. In addition to the Clery Act crime statistics, other common crimes that occur on campus are outlined below:

THEFT

Theft is a common occurrence on college campuses. Oftentimes this is due to the fact that theft is a crime of opportunity. Confined living arrangements, recreation facilities, and many open classrooms and laboratories provide thieves with effortless opportunities. Occupants of the residence halls often feel a sense of security and home atmosphere and become too trusting of their peers, while others leave classrooms and laboratories unlocked when not occupied for short periods of time.

It is important to be very vigilant when it comes to suspicious persons. Never leave items and valuables lying around unsecured. Doors should be locked at all times. The following is a list of suggestions to help you avoid becoming the victim of theft:

- Keep doors to residence halls, labs, classrooms locked when not occupied
- Don't provide access to unauthorized persons in buildings or classrooms
- Do not keep large amounts of money with you.
- Lock all valuables, money, jewelry, checkbooks in a lock box or locked drawer
- Keep a list of all valuable possessions including the makes, models, and serial numbers
- Take advantage of the Engraving Programs to have all valuables engraved with specific identifying marks
- Don't leave laptop computers or textbooks unattended in labs or libraries, even if it is for a short period of time
- Don't lend credit cards or identification cards to anyone
- Report loitering persons or suspicious persons to Public Safety immediately; don't take any chances

IDENTITY THEFT

Identity theft is a crime in which someone wrongfully obtains and uses another person's personal information in ways that involve fraud or deception, typically for economic gain. This personal data could be a Social Security number, bank account, or credit card information.

Persons involved in identity theft often use computers or other forms of media to assist them.

There are measures you can take to prevent this from happening to you:

- Do not give anyone your personal information unless there is a reason to trust them and the release is for good reason.
- Never give your credit card information, date of birth, or other information over the telephone, unless you can confirm the person receiving that information.
- Complete a credit check frequently to assure there is no suspicious activity.
- Examine financial information often to assure all transactions are authorized and accounted for.
- Use of computer security software on computers and installation of firewalls are good.

REPORT ON SAFETY AND SECURITY AT NYU'S GLOBAL ACADEMIC CENTERS

New York University currently maintains Global Academic Centers in Accra, Ghana; Berlin, Germany; Buenos Aires, Argentina; Florence, Italy; London, United Kingdom; Madrid, Spain; Paris, France; Prague, Czech Republic; Sydney, Australia; Tel Aviv, Israel; and in Washington, D.C. Crime statistics from these centers are contained in this report and are obtained directly from each site administrators' office. Personnel identified as Campus Security Authorities at the Global Academic Centers are trained annually on Clery Act compliance and incident report preparation.

Due to the cultural differences in each of the countries in which NYU Global Academic Centers are located, students who become the victims of crimes are encouraged to contact the appropriate site staff who will assist them in reporting to local law enforcement. In the event of an emergency, law enforcement should be immediately contacted. If a crime occurs that requires a Timely Warning Notice, the Academic Centers' designated Campus Security Authority, in consultation with the Office of Global Programs and the NYU Department of Public Safety, will issue a site-specific Safety Alert to advise community members of the event and potential risks. Incidents are also documented and sent to NYU Public Safety in New York for review and additional consultation with site staff whenever necessary.

NYU Public Safety in New York closely monitors travel advisories issued by the U.S. Department of State as well as other governmental and international agencies, and responds appropriately. Public Safety has been granted privileges by the Overseas Security Advisory Council under the U.S. Department of State. These privileges allow for access to in-depth, current information on global affairs. Members of Public Safety and the Office of Global Programs have access to this information and to key personnel in the U.S. Department of State. Designated staff at each Global Academic Center abroad remain in contact with the local United States Embassy, as well as with local authorities, for guidance on security matters. The staff at each Center is instructed to closely monitor and adhere to both U.S. and local advisories. Similar vigilance from our exchange partner universities is requested. Appropriate announcements are communicated to students through a variety of mechanisms at each site. In addition, security is assessed at all Global Academic Centers by NYU Public Safety in New York.

Each site's academic building is staffed by security guards who monitor access into the facility. While systems for access to facilities and overall security vary from site to site, entry is restricted to individuals holding NYU identification, and outside guests to the Centers are announced. Modes of access into student housing facilities range from keys used at front doors of apartment buildings to lobby front desk security coverage. All problems, comments, and observations can be reported to site administration. Additional information about NYU Global Academic Centers can be found at <http://www.nyu.edu/global/global-academic-centers.html>.

POLICIES

All NYU student conduct policies are applicable to the Global Academic Centers. These policies and site-specific security policies and programs are discussed in orientation sessions. Students are encouraged to remain vigilant and be responsible for their personal safety. Students seeking to report incidents or obtain assistance regarding an incident involving one of these policies are advised to contact the appropriate site administrator, as noted above.

DRUG AND ALCOHOL PREVENTION AND AWARENESS

All incoming students are required to complete a Wellness orientation online training that addresses issues of alcohol and drug use, safety in the city, mental health services, and sexual misconduct before arriving on site, followed by a one hour face to face orientation when they arrive at the program.

AlcoholEdu: All incoming freshman at NYU are required to complete the two-part, three hour online course, AlcoholEdu for College. The course provides students with information about high-risk drinking behaviors and associated harms, debunks myths about college drinking, and directs students toward tools and resources for staying safe and looking out for friends such as Action Zone Bystander Intervention and the Wellness Exchange hotline. Incoming students are required to complete the first part of AlcoholEdu prior to their arrival in the Fall semester. The second part of the course tests knowledge retention and must be completed six weeks into the Fall term. Failure to complete AlcoholEdu affects students' spring semester course registration.

SEXUAL MISCONDUCT, RELATIONSHIP VIOLENCE, AND STALKING

PREVENTION AND AWARENESS

All students enrolled at each of NYU's Global Academic Centers completed an interactive, online training module that provides education related to sexual harassment, sexual assault, dating violence, domestic violence, and stalking. Students are advised on where to go to receive free and confidential assistance and on where to go to make a formal report to the University if they experience this type of violence. The module also addresses the importance of obtaining consent for sexual activity, and bystander intervention. After completing the online component of the module, students participated in active debriefing seminar with local Student Life and Wellness staff during which they can learn more and ask clarifying questions, particularly around issues of obtaining consent for sexual activity.

The **Think About It** online educational program, which is mandatory for all students, helps ensure that students understand their rights and responsibilities in the important area of sexual misconduct. The online educational program is mandatory for the entire NYU student body attending any of the three NYU campuses (New York, Abu Dhabi and Shanghai) or Global Academic Centers.

This online course examines the interconnected issues of healthy relationships, substance abuse, and sexual violence, among other topics, through a variety of scenarios and guided self-reflection.

Student leaders are exposed to an additional layer of training with a mandatory Bystander Intervention or Consent Workshop. Through the participation in these workshops and in their roles as leaders, these important lessons will be spread to their peers.

Access to the Academic Center and all other facilities on the NYU Accra campus is through the main security gate, which is controlled by a security guard. The security guard inspects NYU ID cards and confirms visitors' identities before permitting entry.

Maintenance and repairs of the security devices are performed by the Technical Manager of the Intercon Security Company. When a malfunctioning security device is detected, the NYU Accra Community Resource Assistant informs the Internship/Community Service and Security Coordinator and immediate action is taken by Intercon to repair the faulty equipment. The Internship/Community Service and Security Coordinator is responsible for seeing that

security equipment is functioning well and that faulty equipment is repaired immediately.

Landscaping and trimming of hedges are performed by the Sparklean maintenance company, as are door lock repairs. The Finance and Facilities Manager is responsible for the maintenance of the general repair work, assisted by the Assistant Facilities Manager and Library Assistant.

Students are provided with a form to complete when items in the residences are broken. The form is sent to the Facilities Manager for prompt action to be taken on the repair.

SECURITY AND ACCESS IN NYU BUENOS AIRES HOUSING

Students studying at NYU Buenos Aires are housed in approximately seventy-five (75) University-provided homestays, which are spread throughout in the city of Buenos Aires—mainly in the Palermo, Barrio Norte and Recoleta neighborhoods—and are non-campus housing.

SECURITY AND ACCESS AT CAMPUS FACILITIES

NYU Buenos Aires Anchorena

The operating hours for the site are Monday through Friday from 8 a.m. to 10 p.m., and Sundays from 2 p.m. to 10 p.m. The site is closed on Saturdays (except shortly before final exams) and on holidays.

Access is achieved through security personnel posted at the front entrance. Identification must be displayed upon entry. Visitors, guests and deliveries are announced to the site staff by telephone

and their ID information is taken down by the security personnel.

There are security cameras, which can be accessed by the security personnel and online by designated staff, placed throughout the Academic Center. There are panic buttons placed in all bathrooms and at the security desk. The security consultants hired by NYU Buenos Aires, GermanBoris, are responsible for the development of the access policy and its enforcement. The secondary means of egress are secured by motion detectors and are locked when there is no one in the building. The main entrance is monitored by an alarm system and is also locked once there is no staff or students in the building.

Building maintenance is done by an outsourced company, mostly on weekends. Security personnel are responsible for giving maintenance workers instructions and access to the building.

All problems regarding facilities are reported to the Assistant Director of Finance and Administration, and/or the Assistant Director of Student Life, and to the GermanBoris security consultants.

ICAPA BUILDING ANCHORENA

NYU Buenos Aires leases classrooms in the ICAPA building (Aeronautical Personnel Training Institute) located a half a block from the Academic Center. The number of rooms rented by NYU Buenos Aires varies by semester; one classroom was rented in Fall 2015 and four were rented in Spring 2016. Access to the building is controlled by the ICAPA receptionist, who opens the magnetic lock on the front door via buzzer and authorizes access to classrooms and ICAPA administration offices. The ICAPA building is open from 9 a.m. to 7 p.m. Monday to Friday and has security cameras which are controlled and accessed by ICAPA management. Classrooms rented by NYU Buenos Aires are for exclusive use by NYU staff, faculty, and students; they are kept locked when not in use. Common areas such as bathrooms, reception, patio, and hall are used staff, faculty, and students of by both NYU and ICAPA.

SECURITY AND ACCESS IN NYU FLORENCE HOUSING

Students studying at NYU Florence have a variety of housing options, including on-campus dormitories, non-campus residences, and homestays.

The on-campus housing, Villa Natalia and Villa Colletta, is located on the campus grounds, with persons accessing through the Villa Natalia gate entrance. Access to on-campus housing is achieved through card readers, security staff posted at the front gate and inside Villa Natalia and Villa Colletta, a security alarm system, and identification displayed upon entry. Guests must be met by their host, sign in, leave valid photo identification, and take a guest pass. They must sign out and leave the property by 11:00 p.m.

Visitors and deliveries must be authorized by staff to enter before accessing the campus. Students must show NYU Florence identification to the guard in order to gain access. The gate is staffed 24 hours a day, seven days a week. The Villa Natalia reception is also staffed 24 hours a day, seven days a week when

the program is in session. The Villa Colletta reception is staffed 24 hours a day, seven days a week when the building is occupied. Security technology includes cameras, card readers placed both on entrances and on floors where students live, and panic buttons in the gym and in the student lounges.

In addition to the security staff at the reception areas and gate, there is a roving guard who surveys the entire estate 24 hours a day. The roving guard also does daily checks in the area between the Villa Natalia gate and the nearest bus stop.

The Office of Student Life and the Office of Facilities Management work together to develop and enforce the access policy in collaboration with the security providers. Other entrances to the campus property are locked and/or automated and monitored via video cameras. On the campus property, card readers are used which allow access only to staff and students who live or work in these facilities. Emergency exits allow egress when the buildings are closed. When the program is not in session, the street gate is closed and locked, and visitors must call or ring a bell to speak to security staff to be admitted.

Maintenance, alterations, and repairs are organized by the Office of Facilities Management and conducted both in-house and by local providers. The grounds are maintained by the gardening staff and their providers. Students report issues directly to the Facilities Management Office by filling out an online form at <https://www.nyu.edu/global/forms/maintenance/>, sending an e-mail to florence.techsupport@nyu.edu, calling 055-5007395, or visiting the Office of Facilities Management in the Villa Ulivi Annex, which is open Monday through Friday from 9:00 a.m. to 6:00 p.m.

A listing of non-campus housing locations is provided to NYU Public Safety. In most non-campus properties, the main building doors are locked 24 hours a day. In buildings with offices that require the main doors to be open during operating hours, the doors are locked at night and on weekends. Students must access the buildings and

individual living spaces using their keys. Some apartment doors have peep holes, but this is not standard. Some buildings have daytime porters hired by the building administration. Guests are permitted between 7:00 a.m. and 11:00 p.m. There is an off-campus roving guard that checks NYU non-campus housing buildings between 9:00 p.m. and 7:00 a.m. each night when students are assigned to non-campus housing. Students are responsible for their guests' access and behavior. The Office of Student Life staff enforces policies related to responsible access to non-campus housing.

SECURITY AND ACCESS AT CAMPUS FACILITIES

The hours of operations for campus services vary. The Office of Student Life is open Monday through Friday from 9:00 a.m. to 5:00 p.m., but staff is present in the office from 9:00 a.m. to 7:00 p.m. during the academic year and from 9:00 a.m. to 6:00 p.m. during the summer.

The Academic Center is open Monday through Thursday from 8:00 a.m. to 9:00 p.m., and Fridays from 8:00 a.m. to 6:00 p.m. The academic offices are open Monday through Friday from 8:00 a.m. to 6:00 p.m. and on Saturdays and Sundays from 2:00 p.m. to 8:00 p.m. during the academic year. Summer and January Term hours vary based on program needs. To access the Center, students and visitors enter through the Villa Natalia, Via Bolognese 106 gate, and walk through the campus internally to arrive at the doors, which are open during operating hours. Deliveries are addressed via a camera and intercom system at the Villa Ulivi, Via de' Bruni 27 gate. Reception staff (or guard staff after office hours) must authorize entry and open the automated gate in order for delivery vehicles to enter. Some visitors with vehicles may also enter this way. There is a guard stationed at the Villa Ulivi gate from 8:30 a.m. to 9:00 p.m. during the academic year and from 9:00 a.m. to 1:00 p.m. and from 2:00 p.m. to 6:00 p.m. during summer and January Term.

The reception staff and Facilities Management Office collaborate to develop access policies, and the reception staff and guard staff enforce the policies. Security technology at the Academic Center includes a security alarm system that is activated when the building is closed, cameras, and an external intercom system. Secondary means of ingress/egress to the buildings only permit exit via emergency doors, and for the property, all other gates are locked and must be opened by guards or staff. When the building is closed, the gate and main entrance are locked with keys, and the security alarm is activated remotely by the guard company headquarters based on a predetermined schedule.

Maintenance, alterations, and repairs are organized by the Office of Facilities Management and conducted both in-house and by local providers. The grounds are maintained by the gardening staff and their providers. Issues may be reported to the Villa Ulivi reception desk (tel. 055-5007300) or to the Facilities Management Office by filling out an online form available at <https://www.nyu.edu/global/forms/maintenance/>, by e-mailing florence.techsupport@nyu.edu, by calling 055-5007395, or by visiting the Office of Facilities

Management in the Villa Ulivi Annex, which is open Monday through Friday from 9:00 a.m. to 6:00 p.m.

Villa La Pietra is a house museum and office building with classroom space and guest accommodations. A 24-hour armed security guard monitors the building, surrounding grounds, and controls access of the main gates, garden, and building doors. A porter is present at night and during the weekend when guests are in residence. Security technology includes surveillance cameras, a security alarm system, and an intercom system. The security alarm is activated when the offices or the museum are closed and is connected to the guard company headquarters. The administrative offices are open from 9:00 a.m. to 6:00 p.m. from Monday through Friday.

Guests, visitors, and deliveries are addressed by the Villa La Pietra security guards via an intercom system. Students enter the property through the Villa Natalia gate mentioned above and walk through the campus internally to arrive at Villa La Pietra, where access is then controlled by the security staff.

The main gate is located at Via Bolognese 120. A guard is stationed at the main gate from 7:00 a.m. to 11:00 p.m. daily. A secondary gate, which is used only under special circumstances, is located at Vicolo di San Marco Vecchio 29. Both gates are locked, automated, and controlled remotely by the armed security guard. An additional internal automated gate is locked when offices are closed, and the building doors are locked except when events or tours (which are always upon reservation) take place, in which case, a guard or staff member is stationed at the entrance. The administrative offices at Villa La Pietra are responsible for the development of the access policy, and the security staff enforces it. Secondary means of ingress to the building are locked and must be opened by guards or staff; secondary means of egress may be opened from the inside of the building.

Maintenance, alterations, and repairs are organized by the Office of Facilities Management and conducted both in-house and by local providers. The grounds are maintained by the Villa La Pietra gardening staff and their providers. Issues may be reported to the Facilities Management Office by filling out an online form at <https://www.nyu.edu/global/forms/maintenance/>, sending an e-mail to florence.techsupport@nyu.edu, calling 055-5007395, or visiting the Office of Facilities Management in the Villa Ulivi Annex, which is open Monday through Friday from 9:00 a.m. to 6:00 p.m.

Villa Sassetti is a conference center that is also used for classrooms and office space. The building is locked, and access is controlled via a key or card reader unless class is in session, in which case the door is open. Security technology includes surveillance cameras, a security alarm system, and an intercom system. Opening hours vary based on class times. Offices in this building are open Monday through Friday from 8:30 a.m. to 6:00 p.m. Students access the facility through the gate at Villa Natalia and walk through the campus internally to arrive at Villa Sassetti.

Guests, visitors, and deliveries are addressed by the Villa Sassetti administrative offices and the security staff at Villa La Pietra. The gate utilized for access is that of Villa La Pietra (see above); the main gate to Villa Sassetti is locked and accessible by guards or staff only. The administrative offices at Villa Sassetti and Villa La Pietra are responsible for the development of the access policy, and the Villa Sassetti staff and Villa La Pietra security staff enforce it. Secondary means of ingress/egress to the buildings only permit exit via emergency doors, and for the property, all gates are locked and must be opened by the Villa La Pietra guard staff. A security alarm, connected to the Villa La Pietra guard post and the guard company headquarters, is activated when the building is closed.

Maintenance, alterations, and repairs are organized by the Office of Facilities Management and conducted both in-house and by local providers. The grounds are maintained by the Villa La Pietra gardening staff and their providers. Issues may be reported to the Facilities Management Office by filling out an online form at <https://www.nyu.edu/global/forms/maintenance/>, sending an e-mail to florence.techsupport@nyu.edu, calling 055-5007395, or visiting the Office of Facilities Management in the Villa Ulivi Annex, which is open Monday through Friday from 9:00 a.m. to 6:00 p.m.

SECURITY AND ACCESS CONTROL IN UNIVERSITY HOUSING

In 2016, a majority of students lived in NYU London's two residences—Byron Court and Guilford House. Both residences have plaques by the main entrance stating that they are NYU residences.

Byron Court and **Guilford House** each have a single main entrance. Access control procedures are almost identical at both residences.

Students are provided with keycards to open the front door (as well as to the door to their assigned apartment) which is otherwise locked at all times. Once inside the building, students have to show their ID cards to security staff members, who enforce site access and are located at the front desk in the reception area 24 hours a day (except when conducting patrols). At Byron Court, a second guard patrols the area outside the residence during the

night hours of Thursday, Friday and Saturday; this is to try to ensure that students in the vicinity or returning to the residence behave appropriately for a quiet residential area. ID cards for students and faculty are produced by Card Services at NYU. Visitors and guests must report to reception and sign the visitors' book.

Deliveries are handled by reception staff. Surveillance cameras are located throughout the communal areas of the residence. Footage is monitored by security staff and is recorded for possible future use in investigations.

Problems are usually reported to reception and from there directed to the appropriate member of staff.

There are a number of non-NYU affiliates living on the first floor of the Byron Court residence; they are private tenants who have lived in the building for many years.

Students can report maintenance problems using an online maintenance form. Private contracts have been set up with external security and housekeeping providers. Students can also seek help with any other problems from the full-time Residential Life Assistants who work and reside in the buildings, or from student Resident Assistants (RAs). The number of RAs varies each semester, depending upon interest. Residential staff have a duty rotation for 24/7 coverage of the residences; this supplements the usual emergency contact number held by all students.

NYU London has access policies for the two residences, which are enforced and managed locally. The main entrances for the buildings are both on main streets. Security staff conducts regular patrols within the residence hall corridors and communal areas throughout the day and night. Security staff also handles deliveries. There are no peepholes on main apartment doors. Daytime visitors and guests have to sign in with security staff in the presence of the resident they are visiting to gain access to the building. Students must complete overnight guest forms in advance and have their roommate(s) sign them before overnight guests are permitted.

NYU London students are also housed at the Urbanest residence facility, situated in the King's Cross area of London.

All buildings have a single entrance which can only be accessed with a keycard. Security staff is posted in the lobby area at a reception desk. Unite employs security, maintenance and housekeeping staff. Upon making a maintenance request, students agree to permit maintenance staff to enter their rooms to carry out repairs. Students can seek help with any other problems from staff who work on site during set office hours. Additionally, NYU London has a member of the Student Life staff (and one student RA) living on site in each building to assist students with any problems or emergencies.

The three residence providers are responsible for developing and enforcing access control policies. The main entrance to each building is off the main street, and the doors to enter the buildings are accessible 24/7. Once inside the lobby area, there are swipe card mechanisms to enter the main building and to use the lifts. Security staff is stationed at the front desk 24 hours a day, except when called away for emergencies, but the front desk is always manned. There are multiple security monitoring rooms, with CCTV outside and inside of the building. Regular patrols are carried out within the residence hall corridors and communal areas throughout the day and night. Security staff also handles deliveries. Daytime visitors and guests have to show identification and sign in with security staff in the presence of the resident they are visiting to gain access to the building.

SECURITY AND ACCESS IN NYU MADRID HOUSING

Students studying at NYU Madrid have two housing options. They may live in homestays at which they pay rent directly to the home owner, or, as of Fall 2016, they may live in a non-campus residence hall, **Claraval Residence**. The majority of NYU Madrid students live in apartments in the residence hall, which is a single building dedicated to housing for international and Spanish students currently enrolled in tertiary education courses of study. NYU contracts for use of the building and all of its services with a third-party company.

Residence staff posted at the entry to the residence hall control access to the building at its main entrance from 8 a.m. to 8 p.m. daily, and contract security guards control access at other times. Students receive keycards that open the front door and their assigned apartments. Visitors and guests must report to the reception desk and sign in, and the hosting student must report to the lobby in order for a guest to be granted entry. Students must fill out a form and obtain their roommates' approval 24 hours in advance before being granted permission for overnight guests.

Security staff conducts regular patrols within the residence hall corridors and communal areas throughout the day and night. Surveillance cameras are located throughout the communal areas of the residence; video footage is monitored by security staff and is recorded for possible future use in investigations.

Residence staff is responsible for maintenance of the building. Any repairs are scheduled by staff in advance. Students may report maintenance issues to the NYU Resident Assistants, who live in the building, or directly to the residence staff.

SECURITY AND ACCESS AT CAMPUS FACILITIES

The Academic Center, made up of two buildings connected by a courtyard, is located in the residential neighborhood of El Viso. The building hours are from 8:30 a.m. to 8:45 p.m. on Monday through Thursday and from 9 a.m. to 2:45 p.m. on Fridays. All students are given an access code for the main entrance. During the orientation week, students must show ID to gain access and all guests must be registered. All deliveries are made at the front door and received by staff.

There are six 24-hour surveillance cameras on the premise, as well as an alarm system that is activated after hours. There are panic buttons in the bathrooms of both buildings. Secondary means of egress that lead out onto the street are doors equipped with panic bars, and cannot be opened from the outside. A patio connects the two buildings; on one side is a path that leads out onto Cidacos Street, a dead-end street. There is a gate, which opens from the inside only, and surveillance cameras. All buildings are secured by an alarm system when the facility is closed.

All major maintenance is outsourced and carried out under strict vigilance of the building maintenance staff. All regular maintenance of the grounds, the sprinkler system, and the air-conditioning system is outsourced to various companies who come to campus on Fridays when there are no classes.

SECURITY AND ACCESS IN NYU PARIS HOUSING

Students studying at NYU Paris have a variety housing options.

Many students are housed in an NYU vetted and contracted residence hall run by the Estudines group and located in Eastern Paris. While this residence was used throughout 2016, it is scheduled to be discontinued in the fall of 2017. This residence hall is protected with security cameras and access is controlled by keyed and coded entries. The entrance is unlocked when the reception desk is staffed, and locked on nights and weekends. Residence staff is present at the front entrance to welcome deliveries during the day on Monday through Friday from approximately 9:30 a.m. to 12:30 p.m., and from 2 p.m. to 7 p.m., as well as on Saturday morning until 12:30 p.m. Each student is housed in an individual studio with a triple-lock door and a peephole.

NYU Paris has also housed students in the Residence Montsouris since Fall 2015. The residence hall is reserved for NYU students

only. It is protected with security cameras and access is controlled by keyed and coded entries. The front entrance is staffed 24 hours a day/7 days a week by a residence staff member and by a security agent at night. Students are housed in individual studios, singles in a suite, and double rooms.

Major maintenance issues are reported to RAs, who then alert Residence Hall staff so that they can call technicians as necessary. Some maintenance issues require payment of fees. Students receive the RA on-call number and RAs' email addresses upon arrival. All services related to common areas of the Residence Hall are dealt with by Residence Hall staff and their technicians.

A small number of students live in the Fondation des Etats-Unis (FEU), a residential building located within the Cité Internationale Universitaire de Paris. NYU contracts with a third-party company for use of the single rooms and all of its services. The building is protected with security cameras and access is controlled by keyed and coded entries. The front entrance is staffed 24 hours a day, 7 days a week, by residence staff during the day and by a security agent at night. The FEU front entrance is closed at night and students can have access through the Cité Universitaire security entrance after 1:15 a.m.

Cité Internationale University of Paris will be a new residence hall option offered to students as of Fall 2017.

A number of students live in homestays, studios, shared apartments, or chambres de bonne throughout the city, which they rent and pay for separate from NYU Paris. In 2017, the program will be discontinuing use of studios, shared apartments, and chambres de bonne, but students will still have the option to live in a homestay. All housing arrangements are visited and vetted by NYU staff prior to student arrival to ensure that they are clean and safe. These apartments are in residential buildings with other French residents.

SECURITY AND ACCESS AT CAMPUS FACILITIES

The **NYU Paris Academic Center** is located at 57 Boulevard St. Germain in the 5th Arrondissement, an area that is home to many French universities. There is no sign for NYU Paris on the street. The Welcome Center is open Monday through Friday from 8:30 a.m. to 5:30 p.m. The Academic Center is open from 8 a.m. to 8 p.m. The library generally remains open until 8 p.m., except on Fridays when it closes at 5:30 p.m. The building is closed on Saturday and Sunday. There are two full-time security officers at the entrance of the main academic building to monitor visitors and deliveries.

Maintenance, alterations and repairs are dealt with by NYU Paris staff who outsource to technicians with whom NYU Paris has developed a positive working relationship throughout its 40 years of existence. Students and faculty generally report problems to the NYU Paris staff, who then inform the appropriate entities, such as the Director or Assistant Director, before calling a technician.

The NYU Paris emergency phone is available to students 24 hours a day, seven days a week, for after-hours emergencies.

SECURITY AND ACCESS IN NYU SYDNEY HOUSING

Students enrolled at NYU Sydney all live in a single building dedicated to housing for international and Australian students currently enrolled in tertiary education courses of study. NYU contracts for use of the building and all of its services with a third-party company.

Staff posted at the entry to the residence survey access to the building. Building staff issue keycards for tenant access, and visitors may be admitted by reception staff. An intercom system announces the arrival of guests, and tenants must go to the lobby for a guest to enter the building. Guests can be admitted through the building by front desk personnel during the hours the desk is staffed. There are 12 surveillance cameras throughout the residence. Video streams

to the back office and to the Duty Manager's computer.

Residence staff is responsible for maintenance of the building. Any repairs are scheduled by staff in advance. Students have the option to report issues to the Student Services Program Manager at NYU Sydney or directly to the residence staff via an online form.

SECURITY AND ACCESS AT THE ACADEMIC CENTER

The operating hours for the Academic Center are from 8:00 a.m. to 8:00 p.m. Monday through Friday.

Tenants and students gain access to the building with keycard "fobs". Guests must sign in with the security officer and are required to stay with their hosts for the duration of their visits. Tenants in the floors of the building above the NYU Sydney levels also have keycards and can open the front door remotely to admit guests. Non-NYU tenants and their guests predominantly use the elevators to access their floors, but may alternatively use a common central staircase. Spaces on each NYU level are secured by additional NYU-only keycard readers.

Security cameras are placed throughout the building. The video camera feed is saved remotely and retained for 70 days. This buffered video can be accessed by NYU Sydney staff. There are emergency call buttons in both elevators.

NYU Sydney staff members are designated as fire wardens for the NYU levels in the building. They have been trained by TrimEvac, a consulting company commissioned by property manager Sydney Harbour Foreshore Authority (SHFA). The secondary means of egress are labeled with illuminated exit signs.

Cleaning and maintenance are outsourced to an external company, which works in several SHFA-owned sites.

SECURITY AND ACCESS IN NYU TEL AVIV HOUSING

Students studying at NYU Tel Aviv must reside in NYU Tel Aviv housing, on the premises of a youth hostel. Students enter through a gate with a code pad; the access code is given only to students, NYU Tel Aviv staff, and maintenance personnel. The housing facility has a security guard at the entrance 24 hours a day, seven days a week. Students must present their NYU ID cards to gain access, and visitors are required to provide proof of identity. The main door of the facility is locked if the guard is not present.

The housing facility is equipped with hallway and entrance cameras monitored by security personnel and the hostel's manager. All deliveries are received at the reception desk and distributed to members of the NYU Tel Aviv staff, who then distribute them to students. The front-desk is staffed 24 hours a day, seven days a week.

The majority of the maintenance is done by one person on site, who reports to the hostel's manager. Gardening is done by another person, who also reports to the manager. These are permanent employees who are on the premise every day. Students report problems to NYU Tel Aviv staff members either by email, phone or in person, depending on availability and time of day. Students may call staff members' cellphone numbers at any time necessary.

SECURITY AND ACCESS AT CAMPUS FACILITIES

NYU Tel Aviv administrative offices, classrooms and dorms are all situated in the same facility on Bnei Dan Street in Tel Aviv. The official operating hours of the building are Sunday through Thursday from 9:30 a.m. to 5:30 p.m. A Resident Assistant (RA) lives on the premise and is available to the students at all times.

NYU Tel Aviv also rents space from the Tel Aviv Conservatory of Music, located two blocks from the main campus, for classes during the morning.

In Fall 2017, NYU Tel Aviv will be utilizing a new academic facility.
