As this report confirms, we are enormously fortunate to have the support of a talented and dedicated team of public safety professionals who are committed to providing that environment for us. Please know that you can always count on them for assistance, and please do not hesitate to share your suggestions for how they can pursue their ongoing commitment to keep strengthening their vital work on our behalf.

Sincerely,

Jeffrey S. Lehman
Vice Chancellor, NYU Shanghai

FROM THE VICE PRESIDENT, GLOBAL CAMPUS SAFETY

Thank you for taking the time to read the NYU Shanghai 2017 Annual Security and Fire Safety Report (ASR), provided in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.

The Department of Public Safety is committed to providing safety and security for our University community and property, enabling the pursuit of academic and professional goals. We achieve our mission by working closely with University partners in academic and administrative units, as well as with local, state, and federal law enforcement agencies. These relationships are key to protecting our NYU community.

Within these pages is a wealth of information regarding safety and security at NYU Shanghai, including three years of crime statistics, information on available safety resources and programming, and the annual fire safety report. The ASR contains

descriptions of prevention and education programs and policies addressing alcohol and other drug use, campus safety, sexual misconduct, relationship violence, and stalking, among others.

We look forward to continuing to provide our diverse community with exceptional professional service. On behalf of Public Safety, I am dedicated to keeping our campuses safe places to live, work and learn, and I look forward to our continued partnership.

Marlon C. Lynch,

Vice President, Global Campus Safety

FROM THE DIRECTOR, NYU SHANGHAI PUBLIC SAFETY

Thank you for your attention to the NYU Shanghai Annual Campus Security and Fire Safety Report and to the safety of the NYU Shanghai community.

We expect to expand on that experience this year. Led by a team of highly experienced security professionals and staffed by trained security practitioners, the department operates 24 hours a day, serving the community by providing foot patrols, emergency response, building security, lost & found, and campus transportation services.

To protect its community, NYU Shanghai has equipped all our facilities with a sophisticated security technology infrastructure to support the uniformed bilingual (English and Mandarin) security personnel. The Public Safety team also maintains strong partnerships with the Shanghai Public Security Bureau, local embassies and

consulates, and East China Normal University (ECNU) Public Security. The Public Safety team is fully committed to creating a safe and secure environment for students, faculty, staff, and visitors to pursue their educational and professional goals while in Shanghai.

ANNUAL SECURITY REPORT

PREPARATION OF THE ANNUAL SECURITY REPORT AND DISCLOSURE OF CRIME STATISTICS

Colleges and universities are required by the federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (The Clery Act) and the Higher Education Opportunity Act (HEOA) to publish and distribute an annual security and fire safety report containing (i) campus security and student residence fire safety policies and procedures and (ii) campus crime and fire statistics. This report provides statistics for the previous three years concerning reported crimes that occurred on campus; and in certain off-campus buildings or property owned, leased or controlled by NYU Shanghai. This report also includes institutional policies concerning campus security, such as policies regarding sexual assault, alcohol and other drugs.

The NYU Department of Public Safety distributes a notice of the availability of this Annual Security and Fire Safety Report by October 1 of each year to every member of the NYU Shanghai community. Anyone, including prospective students and employees, may obtain a paper copy of this report by contacting the NYU Department of Public Safety at (212) 998-2222 or by visiting <http://www.nyu.edu/life/safety-health-wellness/be-safe/public-safety/2017-nyu-annual-campus-security-reports.html>.

This report has been prepared by the New York University Department of Public Safety in partnership with University professionals from the Office of General Counsel, the Office of Equal Opportunity/Title IX, the Student Health Center, including Counseling and Wellness Services, the Office of Global Programs, Environmental Health and Safety, and the Division of Student Affairs, including the Office of Student Community Standards and Residence Life. This group meets throughout the year to discuss security and safety issues and review existing policies.

REPORTING CRIMES AND OTHER EMERGENCIES

NYU Shanghai students, staff, and faculty are encouraged to promptly report all crimes and emergency situations in which they are a complainant or a witness to NYU Shanghai Public Safety, regardless of whether they occur on or off campus. NYU Shanghai facilitates the reporting of crimes and offers a number of ways for campus community members and visitors to report crimes, serious incidents, and other emergencies to University officials. Regardless of how and where you decide to report these incidents, it is critical for the safety of the entire NYU Shanghai community that you immediately report all incidents to the NYU Shanghai Department of Public Safety, 86-21-2059-5500, to ensure an effective investigation and appropriate follow-up actions, including issuing a Safety Alert or Emergency Notification.

Yangjing Police Station: 86-21-5852-0229

Huxi Police Station: 86-21-6260-5210

We encourage NYU Shanghai community members to report crimes promptly and to participate in and support crime prevention efforts. Victims and witnesses who do not want to pursue formal action may still consider making an anonymous report to NYU Shanghai Public Safety. If requested, Public Safety can file an internal report of the details of an incident without revealing the identity of the complainant or witness in the report. The purpose of an anonymous report is to comply with your wish to omit your personally identifying information, while taking steps to ensure your safety and the safety of others. Anonymous reports allow NYU Shanghai to compile accurate records on the number and types of incidents occurring on campus. Reports filed in this manner are counted and disclosed in the Annual Security and Fire Safety Report. In limited circumstances, the Department may not be able to assure anonymity, and will inform you in those cases.

Anyone may call the NYU Shanghai Department of Public Safety at 86-21-2059-5500 to report concerning information. Callers may remain anonymous.

REPORTING TO THE NYU SHANGHAI DEPARTMENT OF PUBLIC SAFETY

NYU Shanghai Department of Public Safety makes every effort to facilitate the reporting of crimes and emergency situations. As required under the Clery Act, reported incidents are included in the statistics regardless of whether there has been an adjudication of the matter.

Reports can be filed with NYU Shanghai 24 hours a day, seven days a week, in person at the Public Safety Command Center, located in Room 118 in the Academic Building, or by calling the Public Safety 24/7 hotline. All faculty, students, and staff are issued NYU Shanghai ID cards with the Command Center location and hotline number printed on the back. Public Safety also prepares emergency contact information cards that contain information about how to make security and emergency related reports which are available at the Command Center Reception Desk as needed for visitors to NYU Shanghai.

NYU Shanghai uses the information from incident reports to improve its campus protection program and shares the information with the proper law enforcement authorities and, where appropriate, University personnel. Public Safety analyzes the reports, compiles crime statistics, and develops strategies to reduce criminal incidents and enhance preventive measures.

Staff from Public Safety and the Offices of Student Life, Residential Life, and Health and Wellness meet weekly and as needed to discuss campus safety issues and to develop related crime prevention and safety programs.

REPORTING TO OTHER CAMPUS SECURITY AUTHORITIES

While NYU Shanghai prefers that community members promptly report all crimes and other emergencies directly to the NYU Shanghai Department of Public Safety [86-21-2059-5500], we also recognize that some may prefer to report to other individuals or offices within NYU Shanghai. The Clery Act recognizes certain University officials and offices as “Campus Security Authorities (CSA).” The Act defines these individuals as “official(s) of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.” The NYU Shanghai Department of Public Safety will review all crimes reported for timely warnings, will include the reported crime in the daily logs and will reflect the reported crime in the annual statistical disclosure.

NYU Shanghai officially designates the following offices as places where campus community members may report crimes:

OFFICE	ADDRESS	PHONE NUMBER
NYU Shanghai Department of Public Safety	Command Center, Room 118 Academic Building	86-21-2059-5500
NYU Department of Public Safety (24 hours)	7 Washington Place, New York, NY 10003	001-212-998-2222
Title IX Coordinator and Executive Director, Office of Equal Opportunity, Mary Signor For reports of sexual assault, relationship violence, and stalking.	726 Broadway, New York, NY 10003	001-212-998-2352

PASTORAL AND PROFESSIONAL COUNSELORS

According to the Clery Act, pastoral and professional counselors who are appropriately credentialed and hired by the University to serve in a counseling role are not considered Campus Security Authorities when they are acting in a counseling role. As a matter of policy, NYU Shanghai encourages pastoral and professional counselors to notify those whom they are counseling of the voluntary, confidential reporting options available to them.

ROLE, AUTHORITY, AND TRAINING

NYU SHANGHAI DEPARTMENT OF PUBLIC SAFETY

WORKING RELATIONSHIP WITH LOCAL, STATE, AND FEDERAL LAW ENFORCEMENT AGENCIES

INTERAGENCY COOPERATION

The NYU Shanghai Department of Public Safety enjoys the support and cooperation of numerous government law enforcement agencies in NYU Shanghai. This provides a balanced approach to crime related information, enabling appropriate communications to be given to the Shanghai community when necessary. Public Safety works closely with the Pudong Public Security Bureau and its subordinate police stations, along with other neighborhood partners, to safeguard the campus. Communications between the Director of Public Safety and the directors of local police stations take place regularly to ensure the ongoing safety of our community.

NYU Shanghai maintains communications with many of the foreign embassies located in Shanghai, which facilitates the international students' academic activities at NYU Shanghai and further supports NYU Shanghai's programs abroad.

CAMPUS SAFETY COMMITTEE

In December 2016, NYU Shanghai established the Campus Safety Committee, with its mission to consider and make recommendations for issues related to campus safety, improve safety in a university environment for all students, faculty, staff and visitors, and promote the culture and understanding of campus safety and security across the NYU Shanghai facilities and sites. By involving representatives from appropriate departments of NYU Shanghai, it aims at emphasizing responsibility and accountability within every department for promoting and protecting the well-being of the university community. Also, it is intended to be a proactive, rather than reactive, body pursuing creative methods of encouraging and promoting safety awareness.

The NYU Shanghai Campus Safety Committee will meet twice one semester. Ad-hoc meetings may be called from time to time to discuss specific safety/security issues as necessary.

CRIMES INVOLVING STUDENT ORGANIZATIONS AT OFF-CAMPUS LOCATIONS

NYU Shanghai Department of Public Safety relies on its close working relationships with local authorities to receive information about incidents involving NYU Shanghai students.

TIMELY WARNING REPORTS – CRIME ALERTS

In an effort to provide timely notice to the campus community, in the event of a Clery Act crime that may pose a serious or ongoing threat to members of the community, the NYU Shanghai Department of Public Safety issues "Timely Warnings." NYU Shanghai Department of Public Safety will generally issue Timely Warnings for the following crimes: arson; aggravated assault; criminal homicide; robbery; burglary; sex assaults; and hate crimes. The NYU Shanghai Department of Public Safety distributes these warnings through

a variety of ways, including but not limited to e-mails and text messages. NYU Shanghai Department of Public Safety also has the ability to send text message alerts to those who register their cell phone numbers. Text messaging can be a very effective way to send important information to the campus community.

NYU Shanghai Safety Alerts notify the campus community of incidents and provide information enabling community members to protect themselves from similar incidents. Factors governing whether NYU Shanghai will issue a Timely Warning include: 1) the nature of the crime; 2) whether the perpetrator has been apprehended; and 3) whether there is a substantial risk to the physical safety of others in the campus community. Such crimes include, but are not limited to: 1) Clery Act crimes that are reported to any Campus Security Authority or to Public Safety; or 2) incidents that NYU Shanghai determines represent an on-going threat to the campus community.

Additionally, NYU Shanghai Department of Public Safety may, in some circumstances, issue Timely Warnings when there is a pattern of crimes against persons or property. At NYU Shanghai, the Director of Public Safety will generally make the determination, in consultation with other University offices, if a Timely Warning is required. For incidents involving off-campus crimes, NYU Shanghai may issue a Timely Warning if the crime occurred in a location used and frequented by students.

EMERGENCY RESPONSE AND EVACUATION PROCEDURES

NYU EMERGENCY MANAGEMENT

In recognition of New York University's commitment to the safety and security of the University's students, faculty, and staff, NYU has developed emergency response plans that cover both evacuation and sheltering in place for all of its global sites. NYU has operational plans for responding to routine campus incidents such as personal injuries, small chemical spills, and fires. Departments, including Public Safety and Environmental Health and Safety, address such situations without declaring an emergency situation.

Emergency situations which may cause actual or imminent risks to safety, health, or security trigger the University's emergency response procedures. Such situations could include a large hazardous materials incident, a large fire, damage to a facility, severe weather, a violent event, or a health epidemic. The roles and responsibilities of the senior leadership of the University are established for such a declared emergency. The Vice President of Global Campus Safety, along with members of the University's Senior Leadership Team, determine the initial response and any additional resources that may be needed to mitigate the emergency.

The NYU Department of Public Safety in New York, located at 7 Washington Place is staffed with supervisory personnel on a 24/7 basis and is responsible for monitoring emergent events throughout the world and assessing their impact on the NYC campuses as well as all of the Global Academic Centers, NYU Abu Dhabi, NYU

Shanghai, and other international locations where members of the NYU community may be traveling. In the event of an emergency situation, the NYU Department of Public Safety will notify Senior Leadership or initiate mass emergency notifications. NYU has the capacity and ability to evacuate buildings in the event of an emergency. In New York City, academic and office buildings have regular drills for occupants to familiarize them with evacuation procedures.

The **NYU Evacuation Management Team (“EMT”)** in New York assists NYU Abu Dhabi, NYU Shanghai and all NYU Global Academic Centers with preparing for, responding to, and recovering from an evacuation or shelter in place need. NYU is contracted with a security evacuation and assistance company with a global presence that can coordinate and provide both security and physical evacuation from each site. The EMT serves as the primary command team and overall decision making authority for the management of an emergent event, with all decisions made in partnership with leadership at other locations. Information on potential emergencies is collected from local law enforcement and U.S. federal agencies such as the Departments of State, the Department of Homeland Security, the U.S. Consulate General’s offices, and U.S. embassies worldwide. Once received, the collected information is verified and analyzed for the development of an appropriate response plan.

The **NYU Evacuation and Coordination Plan** is reviewed, at a minimum, annually and training is provided for faculty, staff and students in an orientation setting. Elements of the plan are also tested annually, in tabletop exercise formats and drills. After all trainings and exercises, the EMT debriefs with participating trainees and an After Action Report is developed to address resulting issues, if any.

EMERGENCY PREPAREDNESS

NYU is committed to improving the preparedness of our University on an enterprise level as well as the preparedness of students, faculty, and staff on an individual level.

The University has an ongoing safety awareness campaign to educate the NYU community on emergency situations and provide resources to educate and provide guidance on personal preparedness. The campaign uses a variety of media to distribute its message: websites, email campaigns, paid social media advertisements, social media promotion through a variety of platforms, and in-person events.

During any emergency, the ability to effectively communicate is paramount to ensuring the safety of our community. NYU has developed robust, broad based approaches to communicate with students, faculty and staff including email, text messaging, social media and websites.

The University understands that emergencies, including natural disasters and events caused by individual or group action, can be unpredictable. NYU has been delivering Preventing Campus Violence training to all employees, and key departments have been

engaged in regular tabletop exercises to refine and strengthen response plans for active shooter and other violent situations. NYU Public Safety’s Emergency Management program is building upon that foundation by working to expand the scope and audience of trainings, and developing and implementing exercises to ensure that the University community is ready for any situation.

EMERGENCY RESPONSE PLAN AND EVACUATION

NYU Shanghai has an operational response plan in place for responding to campus emergencies. The Emergency Response Plan provides guidance for decision-makers in the event of an incident which interrupts or threatens the campus operation and the health and safety of community members of NYU Shanghai. The plan is designed to facilitate responses to incidents that directly impact the immediate health and safety of those involved and restores NYU Shanghai to normalcy as quickly as is practical. It is written in accordance with Chinese regulations and NYU policies, covering the following categories and incident levels regulated by the “Emergency Response Plan for Public Incidents in Education System” issued by China’s Ministry of Education:

INCIDENT LEVELS

Class IV: Incident

Class III: Developing Incident/Community Alert

Class II: Immediate Threat Incident

Class I: Campus Wide Incident

Emergency Notification and Communication Team: In order to ensure efficient and effective communications in the event of emergencies, NYU Shanghai established the Campus Emergency Communication Team, which provides decision-makers with immediate and accurate information that aids in making the best decision, at the right time, in the most appropriate way. The Emergency Notification and Communication Team is composed of four groups, which are activated according to the degree of urgency and emergency.

DRILLS, EXERCISES AND TRAINING

NYU Shanghai conducts an annual emergency management exercise to test emergency procedures and to ensure NYU Shanghai's emergency management plans remain current and actionable. The scenarios for these exercises change from year-to-year, and include several departments from across the campus.

These exercises may include tabletop drills, emergency operations center exercises, or full-scale emergency response exercises. NYU Shanghai conducts after-action reviews of all emergency management exercises.

EMERGENCY NOTIFICATION

EMERGENCY NOTIFICATION AND COMMUNICATION SYSTEM

NYU Shanghai, through its Department of Public Safety, maintains and operates a web-based mass emergency notification and communication system. Students are automatically enrolled in the system when they register for classes. In the event of an emergency, the message delivery is primarily via e-mail and SMS/text messaging to cell phones.

The messages are initiated on the advice of senior Public Safety management staff. The Director of Public Safety, in consultation with senior University officials, is responsible for message content and directing the issuance of the message. A test of the Emergency Notification and Communication System is conducted once a semester.

There are emergency public address systems in both the Academic Building and the student Residence Hall. In an emergency, the broadcasting function can be activated to play the evacuation instructions both in English and in Mandarin, either for the specific floors or for the whole building. In addition, a two-way radio system composed of several channels is built in at the Academic Building. Security personnel, the Facilities team, and the Property Management team use their assigned channels under normal

circumstances; in an emergency, all radios are required to be switched to one single emergency communication channel to facilitate the communication and coordination among the groups within the Academic Building and its surrounding areas.

SECURITY OF AND ACCESS TO NYU SHANGHAI FACILITIES

NYU Shanghai has constructed a well-designed and advanced safety infrastructure on campus and in our non-campus Residence Hall, to provide a safe and secure environment for the NYU Shanghai community. This includes an access control system that is composed of pedestrian turnstiles and card readers within the Academic Building and the Residence Hall, a vehicle barrier for the on-campus garage, and panic buttons in lobby areas and rest rooms. In addition, there is complete video surveillance camera monitoring coverage of the Academic Building, Residence Hall and their perimeters.

ACCESS CONTROL SYSTEM

The main entrances at the NYU Shanghai Academic Building and student Residence Hall are staffed with NYU Shanghai security officers around the clock. A valid NYU ID Card is required to swipe into the pedestrian turnstiles at both the Academic Building and the Residence Hall. In employing the same access control system as the NYU New York campus, the NYU Shanghai campus is able to share cardholder information within the NYU Global Network; all valid NYU ID cards, including those from other campuses and Global Academic Centers, can be used for building access at NYU Shanghai.

The NYU ID card is also used to allow authorized access to secured University locations, including the Data Center, laboratory, and parking garage, and to allow access to libraries and the Gym.

NYU Shanghai is committed to fostering a campus that is accessible to people with disabilities. Turnstiles that meet the Americans with Disabilities Act (ADA) standards are installed both in the Academic Building and the Residence Halls.

In 2016 and 2017, NYU Shanghai made adjustments to the access control system according to the actual needs of the campus community. All the labs are equipped with fire-proof egress locks which has the functionality of antitheft in case of breakdown or power-off. In addition, thirteen sets of access control of the campus community. are added to IMA Lab area; card readers are installed in the interview/teleconference suites of the Career Development Center so students can tap their cards to enter the area with pre-registration and authorization.

VIDEO SURVEILLANCE SYSTEM

All of the video surveillance cameras at NYU Shanghai report back to the Control Rooms of the Academic Building and the Residence Hall, providing direct feeds around the clock to the certified security officers. Recorded images are maintained for 30 days, in accordance with local regulation.

In the Academic Building, the University reinforces the monitoring coverage of key areas by adding video cameras at the teaching laboratories, Finance Department, Data Center, and Gym. The monitoring of main entrances and exits of the campus is strengthened by placement of cameras with 8 megapixel resolution to allow for a sharp and clear image under any circumstances.

In 2016 and 2017, the University upgraded its parking and vehicle management system. For all vehicles that enter campus, the plate recognition system can recognize the vehicle plate information, take down the time of entry, and capture an image of the vehicle via camera. Vehicles that have been registered with Public Safety will be authorized a free pass automatically; but vehicles that are not registered need to be signed in by the security guards after registration.

The University is also planning to upgrade the face recognition and analysis function based on the current video surveillance system. A blacklist feature will be developed: upload the pictures of “Persona Non Grata” into the system so the system will automatically send alert to security guards to respond when any “Persona Non Grata” is captured in the surveillance image.

EGRESS

In the event of emergency, the fire alarm will trigger the “fail safe” mechanism of the Access Control System, which releases all the electric locks automatically and retracts the glass wings into the body of the pedestrian turnstiles to ensure that people can exit the building smoothly. In crowded places such as the cafeteria and library, push-bar devices are installed to facilitate a smooth egress

during an emergency. On peripheral exit doors, electric mag-locks are replaced by the combination of push-bar devices and the electric trims, which can satisfy the requirements for emergency egress and the needs for effective access control at the same time.

VISITOR MANAGEMENT SYSTEM

NYU Shanghai utilizes a customized visitor management system. Visitors are signed in by Public Safety staff after providing valid photo identification and are issued a visitor’s pass that they must display while on NYU Shanghai premises.

SECURITY CONSIDERATIONS FOR THE MAINTENANCE OF CAMPUS FACILITIES

NYU Shanghai Department of Public Safety works jointly with the Campus and Facilities team to minimize hazardous conditions in the operation and maintenance of facilities. Public Safety personnel regularly patrol the campus and Residence Hall and report any identified building infrastructure issues and unsafe or abnormal physical conditions to Facilities staff for remediation. Campus and Facilities maintains a work order system where members of the university community are encouraged to report any malfunction or unsafe facilities condition, and the appropriate maintenance personnel are dispatched to correct the condition.

NYU SHANGHAI’S RESPONSE TO SEXUAL AND GENDER VIOLENCE

New York University is committed to maintaining a safe learning, living, and working environment. NYU prohibits sexual misconduct, including sexual or gender-based harassment, sexual assault and sexual exploitation, as well as relationship violence (dating and domestic violence), stalking, and retaliation against individuals who have made good faith reports of that prohibited conduct. The University educates its community members on issues of sexual assault, sexual harassment, sexual exploitation (together, “sexual misconduct”), relationship violence and stalking; and pursues disciplinary action against those who engage in acts of sexual misconduct, relationship violence, stalking or retaliation. Students or employees who are determined by NYU to have committed an act of sexual misconduct, relationship violence, or stalking, or retaliation based on a complaint, in violation of NYU’s policies are subject to sanctions, up to and including separation from the University.

NYU offers resources for both students and employees, whether as complainants or respondents, to provide support and guidance throughout the investigation and resolution of reported prohibited conduct. NYU also takes and/or makes available reasonable and appropriate measures to protect complainants and their access to NYU employment or educational programs and activities. Protective measures and accommodations, which may be temporary or permanent, may include separation orders, residence modifications, academic accommodations, work schedule modifications, leaves of absence, financial aid-related services and information, and loan

repayment, or other measures. NYU will provide written notification to students and employees containing a statement of applicable rights and options for existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services both at NYU and within the larger community.

Non-Confidential Support at NYU Shanghai: Student complainants can consult with the Title IX Coordinator and Executive Director of the NYU Office of Equal Opportunity, who can provide assistance concerning sexual misconduct, relationship violence, and stalking, on a non-confidential basis. Support includes providing information on access to resources and options, accompanying a complainant to receive medical services, as well as to potential on or off campus meetings or proceedings.

- Mary Signor, Title IX Coordinator and Executive Director, Office of Equal Opportunity, 212-998-2352, mary.signor@nyu.edu

The first priority when sexual assault, other sexual misconduct, or relationship violence occurs is to get the victim to a safe place and to provide emotional support as well as to inform them of resources available to them. NYU Shanghai encourages victims to contact Wellness counselors to discuss support, options, and referral to available resources, including medical attention. Students also may consult the Wellness Exchange hotline at 86-21-2059-9999 for guidance on medical and counseling services. Discussions with a Wellness counselor and the Wellness Exchange are confidential, except under certain legally recognized exceptions to confidentiality.

REPORTING AN INCIDENT

If a student, employee or visitor has been the victim of an incident of sexual violence they may report it to the Department of Public Safety at 86-21-2059-5500 or Room 118 in the Academic Building. In the case of an emergency or ongoing threat if possible get to a safe location and please report the incident by calling 110. Students may also report to the Office of the Dean of Students.

Employees may also report to Human Resources. Human Resources officials will assist any victim in identifying their reporting options, if they elect to do so. Complainants are also entitled not to report to law enforcement. Any student or employee who reports an incident of sexual violence, whether the offense occurred on or off campus, shall receive a written explanation of their rights and options. This written explanation identifies existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration

assistance, and other services available for victims, both within the institution and in the community; and describes options for available assistance in; and how to request changes to academic, living, transportation, and working situations or protective measures. NYU Shanghai will make such accommodations or provide such protective measures if the victim requests them and if they are reasonably available. NYU Shanghai maintains as confidential any accommodations or protective measures provided to the victim and completes publicly available record keeping without including personally identifying information.

PROCEDURES VICTIMS SHOULD FOLLOW

In incidents of sexual assault, domestic violence, dating violence or stalking, it is important to preserve evidence to aid in the possibility of a successful criminal prosecution or obtaining a protection order. Evidence of violence, such as bruising or other visible injuries, following an incident of domestic or dating violence should be documented including through the preservation of photographic evidence. Evidence of stalking including any communication, such as written notes, voice mail or other electronic communications should also be saved and not altered in any way.

ON & OFF CAMPUS RESOURCES

NYU Shanghai offers other important resources to the victims of sexual violence, including medical treatment, counseling and advocacy, if they so choose. The NYU Shanghai Health and Wellness Center, 86-21-2059-9999, is available to assist any student or employee free of charge and will help them consider their options and navigate through any resources or recourse they elect to pursue. A victim need not make a formal report to law enforcement or the Department of Public Safety to access these resources that include the following.

BYSTANDER INTERVENTION AND RISK REDUCTION

Action Zone Bystander Intervention Program: This is a primary prevention and awareness bystander intervention program that gives a framework for explaining bystander behavior and teaches skills for intervening. This is valuable because sexual assaults, alcohol-fueled incidents, and other challenging situations can be prevented or diffused with timely, skilled, and appropriate intervention. The program uses an interdisciplinary approach to heighten students’ awareness of challenging situations and the positive role they can play in helping support each other. This program addresses intervention in situations involving sexual and relationship violence as well as when alcohol and other drugs are being used. Action Zone Bystander intervention is mandatory for all Resident Assistants.

EDUCATION PROGRAMS

NYU is committed to increasing the awareness of and preventing sexual violence. All incoming students and new employees are provided with programming and strategies intended to prevent rape, acquaintance rape, sexual assault, domestic violence, dating violence, and stalking before such conduct occurs through the changing of social norms and other approaches; that includes a clear statement that NYU prohibits such acts, their definitions, the definition of consent, options for bystander intervention, information about risk reduction, and our policies and procedures for responding to these incidents. Ongoing prevention and awareness campaigns are also offered throughout the year. These programs include:

The Reality Show: The show is an integral part of NYU’s nationally recognized suicide prevention, health and wellness program. The Reality Show uses theater, written and performed by students, to engage their peers in subjects such as sexual assault, consent, bias and harassment, domestic violence and dating violence, alcohol and other drugs, mental health issues such as depression and anxiety, homesickness, as well as getting along with roommates

and feeling overwhelmed with classes. Presented at the beginning of each semester, “The Reality Show” is a required orientation program for all incoming NYU Shanghai students.

Safety Awareness Programming: Throughout the 2016 academic year, Public Safety developed safety awareness programs, including “Beware of Telephone Fraud,” “Protect Yourself from Online Student Loan Scams,” “Protect Your Private Information,” “Guidelines on Using Shuttle Buses,” “Safety Tips for Travelling in Breaks,” “Safety Tips for Using Bike-Sharing Program,” “Safety Tips for the History’s Strictest Traffic Law in Shanghai”, among others.

Think About It: In an effort to ensure that all students understand their rights and responsibilities in the important areas of sexual misconduct, relationship violence and stalking, NYU rolled out a mandatory online educational program on March 10, 2015 for the entire NYU student body attending any of the three NYU campuses (New York, Abu Dhabi and Shanghai) and Global Academic Centers. This online course examines the interconnected issues of healthy relationships, substance abuse, and sexual violence, among other topics, through a variety of scenarios and self-guided reflection.

Resident Assistants (RAs) in NYU residence halls offer programs for floor residents on the topic of sexual assault and relationship violence. RAs also provide referrals to services at other University offices. All RAs, as well as the professional Residence Hall staff receive Action Zone Bystander Intervention training, and have the option of offering the training to their residents.

Employee Programming: The NYU Office of Equal Opportunity (OEO) offers several different training courses for NYU staff that address Title IX reporting protocols and response obligations, including the “Preventing Harassment on Campus” and “Responding to Sexual Assault and Harassment” training courses, which are offered on a monthly basis. The trainings are open to the entire NYU community, and all new employees are expected to attend. Both courses provide an overview of NYU’s Title IX requirements regarding responding to reports of sexual misconduct, and outline various types of sexual harassment and sexual misconduct, obligations of responsible Employees, and information about confidential resources and other resources on campus, among other related topics. Both courses are also available online for University employees and staff.

CONDUCT PROCEEDINGS

NYU strictly prohibits all acts of sexual assault, domestic violence, dating violence, and stalking. In addition to facing possible criminal action, students, employees and other affiliates may also face disciplinary action by NYU. Individuals found responsible for having committed such a violation face permanent expulsion, termination of employment, suspension, probation, and being barred from NYU property. Incidents involving accused students are adjudicated by the NYU Office of Community Standards / Student Conduct, and

incidents involving accused employees/affiliates are adjudicated by the NYU Office of Equal Opportunity (“OEO”).

All conduct proceedings will include a prompt, fair and impartial investigation and resolution by officials who receive annual training on the nature and adjudication of these matters, conducting investigations, and hearings in a manner that protects the safety of both complainants and respondents and promotes accountability. The NYU Office of Student Conduct (“OSC”) and Community Standards and the NYU Office of Equal Opportunity (“OEO”) shall make all determinations of responsibility for students and employees respectively, using the preponderance of the evidence standard.

In all proceedings, including any related meetings, both the complainant and the respondent are entitled to the same opportunities and resources, including having others present during the hearing, including the right to be accompanied by an advisor of their choice. Complainants and respondents shall simultaneously be informed in writing of the determination made by OSC or OEO, of any applicable appeal procedures, of any change to the outcome prior to its becoming final, and the final notice of outcome.

Typically, hearings involving student-respondents will be conducted within sixty days of the initiation of the investigation and investigations involving employee-respondents will be completed within forty-five days. This timeframe may be extended for good cause as necessary to ensure the integrity and completeness of the investigation, to comply with a request by external law enforcement, to accommodate the availability of witnesses, to account for NYU breaks or vacations, to account for the complexities of a case, or for other legitimate reasons.

For additional information about student conduct proceedings, please consult the NYU Reporting, Investigating, and Resolving Sexual Misconduct, Relationship Violence, and Stalking-Complaint Against Students available at: <https://www.nyu.edu/about/policies-guidelines-compliance/policies-and-guidelines/reporting--investigating--and-resolving-sexual-misconduct--relat.html>.

For additional information about employee conduct proceedings, please consult the Sexual Misconduct, Relationship Violence, and Stalking Resource Guide for Employees available at: <http://www.nyu.edu/content/dam/nyu/compliance/documents/SexualMisconductResourceGuideforEmployees.9.30.15%20.pdf>.

PERSONAL SAFETY

Theft, disorderly conduct, and alcohol related offenses can be common occurrences in a University setting. However, more serious crimes may also occur on campus. It is important to report any suspicious incidents to the Public Safety and always remain alert and vigilant.

Often times serious crimes go unreported. It is important to know what these crimes are, because in many cases, victims do not realize that have been victimized. Additionally, crime victims may be hesitant to share incident details that are personal in nature. There are many guidelines to help you be more alert and aware of the situation to prevent such serious crimes. Such as:

- **Know your surroundings**
- Be alert
- Call for help
- Report any suspicious people and/or activity, immediately

SEX OFFENDER REGISTRATION – CAMPUS SEX CRIMES PREVENTION ACT

MEGAN'S LAW

Institutions of higher education are required by U.S. federal law to issue a statement advising their campus community where information concerning registered sex offenders may be obtained. China and Shanghai do not maintain a sex offender registry, and it is therefore not possible to obtain this information in Shanghai.

CAMPUS SECURITY POLICIES, CRIME PREVENTION & SAFETY AWARENESS PROGRAMS

NYU Shanghai employs a number of policies and procedures relating to ensuring a reasonably safe campus community. These policies include:

NYU Public Safety will contact local police and other law enforcement agencies no later than 24 hours after the University receives a report that any student is missing.

The Office of Student Affairs shall have the responsibility to make the provisions of this policy and the procedures set forth below available to students.

NYU SHANGHAI POLICIES GOVERNING ALCOHOL AND OTHER DRUG

ALCOHOL AND OTHER DRUG USE

The issue of safety touches on many other areas of campus and city life, among them the use and sale of illegal drugs, underage drinking, and abuse of alcohol. New York University is committed not only to educating students on issues concerning alcohol and drug use but also to responding to behavior that is in violation of the University's Policies on Substance Abuse and Alcoholic Beverages. NYU believes that the best way to maintain an appropriate campus environment with respect to drugs and alcohol is through preventive education about the dangers of drug abuse and compassionate attention to the needs of those who may require help with alcohol and other drug-related problems, and provides a variety of education, prevention, and support services in keeping with that philosophy.

At the same time, NYU expects that students will conduct themselves in accordance with basic principles of personal responsibility, respect for order, and consideration of the rights of others.

NYU policy prohibits students under the age of 21 from possessing alcoholic beverages in its facilities and at events sponsored by NYU or NYU organizations, regardless of location. A chart detailing the penalties for student alcohol policy violations can be found on pages 7–8 of the **Policies on Substance Abuse and Alcoholic Beverages**, <http://www.nyu.edu/about/policies-guidelines-compliance/policies-and-guidelines/substance-abuse-and-alcoholic-beverages.html>.

The unlawful possession, use, or distribution of drugs by students and employees is prohibited on premises owned or controlled by the University. If evidence of such activity by any student on University premises is found, NYU will take appropriate disciplinary action, including, but not limited to, probation, suspension, or expulsion. A chart detailing the penalties for student drug violations can be found on pages 8-9 of the Policies on Substance Abuse and Alcoholic Beverages, <http://www.nyu.edu/about/policies-guidelines-compliance/policies-and-guidelines/substance-abuse-and-alcoholic-beverages.html>. If any member of the faculty or staff is found to be unlawfully using, possessing, or distributing drugs on NYU premises, the University will take disciplinary action up to and including discharge. NYU employees are subject to NYU's Drug-Free Workplace Policy, which describes the consequences of drug and alcohol-related violations and lists resources available to employees seeking assistance with drug and alcohol abuse.

In addition to University sanctions, students, faculty or staff engaged in such activity may be subject to criminal prosecution under federal, state or local laws. Where appropriate or necessary, NYU will cooperate fully with law enforcement agencies if a student's use, possession, or distribution of a substance violates the national, state and/or local laws of the country in which the campus where the incident occurred is located.

ALCOHOL

Alcohol may not be consumed in any NYU Shanghai academic facilities, including the Student Center, under any circumstances. Students may not attend any NYU Shanghai events while intoxicated or bring any alcoholic beverages to any such events.

- Alcohol may not be sold or distributed in the Residence Halls.
- University funds allocated for Residence Hall government or programming activities may not be used for the purchase of alcohol.
- Students are responsible for the behavior of their guests, including any violation of the alcohol policy or any other policy.

- A resident may consume no more than one open container of alcohol at a time.
- Apart from those who reside there, no more than two people may consume alcohol at one time in any Residence Hall room or apartment. More than two guests consuming alcohol constitutes a party, which is a policy violation.

MARIJUANA AND OTHER DRUGS

Possession and use of illegal substances, including marijuana, are prohibited in all NYU Shanghai facilities. Any student who is found to be in possession of any illegal substances, or of any narcotics without a valid prescription, will face disciplinary action and possible criminal charges. Water pipes, bongos, hookahs and other paraphernalia commonly associated with drug use are also prohibited. Students must obey local laws regarding the use, sale, and distribution of controlled substances.

DRUG AND ALCOHOL ABUSE EDUCATION PROGRAMS

ALCOHOL AND DRUG USE PREVENTION AND AWARENESS PROGRAMS

AlcoholEdu: All incoming first-year NYU students are required to complete the two-part, three hour online course, AlcoholEdu for College. The course provides students with information about high-risk drinking behaviors and associated harms, debunks myths about college drinking, and directs students toward tools and resources for staying safe and looking out for friends such as Action Zone Bystander Intervention and the Wellness Exchange hotline. Students who do not complete the first part of the course have a hold put on their Spring semester course registration.

Action Zone Bystander Intervention, addresses alcohol misuse, both on its own and as it relates to sexual misconduct.

ANNUAL DISCLOSURE OF CRIME STATISTICS

Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC § 1092(f)) requires colleges and universities across the United States to disclose information about crime on and around their campuses.

CRIME STATISTICS REPORTING

NYU Shanghai Department of Public Safety maintains a timely updated online "Incident Report Log" and employs a web-based incident management system to record and track all reported incidents. In addition, NYU Shanghai maintains a daily Crime Log, which is kept at the Public Safety Command Center in the Academic Building. The Crime Log contains information reported by individuals and includes the reported nature, date, location and time of each incident. The crime log does not include the identities of the parties involved in a reported crime.

NYU Shanghai requests crime statistics from local law enforcement, but such statistics are not readily available from law enforcement in China and as such cannot be provided precisely. While there is no official agreement, Public Safety maintains a strong liaison with

Shanghai Police Force to facilitate the understanding of the current environment. NYU Shanghai Public Safety also maintains enduring cooperation with relevant governmental agencies including law enforcement and other emergency first responders such as the Fire Department as well as with local embassies and consulates in order to communicate frequently on security and crime related issues within China and Shanghai and to receive support in the event of emergency situations.

NYU SHANGHAI TRANSITION

NYU Shanghai operated as a interim degree-granting portal on the grounds of East China Normal University (ECNU) until August 2014, when it moved its base of operation to a new Academic Building (NYU Shanghai Pudong Campus) and opened a new non-campus Residence Hall for students. The crime statistics in the chart on page 23 reflects incidents at the ECNU interim campus from January 1 through August 15, 2014, and at NYU Shanghai Pudong Campus from August 16 through December 31, 2014. ANNUAL FIRE SAFETY REPORT

The Higher Education Opportunity Act, enacted on August 14, 2008, requires institutions that maintain on-campus student housing facilities to publish an annual fire safety report that contains information about campus fire safety practices and standards of the institution. The following report details all information required by this act for NYU Shanghai.

Fire safety is led by the NYU Shanghai Department of Public Safety, with full support from all departments within the University, as well as the property management team and the security guards from third-parties. The fire prevention officers and the 24/7 building fire inspectors are all certified and work closely with the local fire department. NYU Shanghai Public Safety promotes the community's awareness of fire safety by organizing drills, providing training, and promoting community awareness campaigns. Public Safety conducts fire safety inspections on a regular basis to mitigate fire hazards, to strengthen the reliability of fire safety systems, and to prevent fire emergencies.

FIRE STATISTICS

NYU Shanghai provides fire safety information about its non-campus student housing voluntarily and in the interest of transparency; U.S. federal law only requires the publication of this information for on campus student housing and NYU Shanghai has no on campus student housing. Detailed fire data for all student housing facilities can be found below. All reports of fires and fire alarms are recorded in the official database of the Shanghai Municipal Government, and the original hard copies of these reports are maintained in the central office for fire safety in each building.

DESCRIPTION OF ON-CAMPUS STUDENT HOUSING FIRE SAFETY SYSTEMS—RESIDENCE HALLS/APARTMENTS

All NYU Shanghai facilities comply with local Shanghai fire safety requirements and with NYU safety policies. Each building holds an up-to date fire certificate from local authorities and all the equipment is inspected and maintained regularly by security guards in accordance with applicable requirements. The Residence Hall has:

- A central fire alarm system complete with smoke detectors throughout the building and within each resident's room.
- Automatic wet sprinklers in all public corridors and all resident's rooms.
- Portable fire extinguishers throughout the building.
- Illuminated signage identifying exit routes, specific exit routes for each room, and push-bar device for all exit doors.
- All the exit doors are installed with the push-bar devices; the evacuation route charts are placed within each room.
- Monthly inspection of fire protection facilities and suppression equipment (all records are maintained within the NYU Shanghai Department of Public Safety).
- Fire drills conducted at the beginning of each fall semester.

Please see the table below for a list of all student residence halls and their fire safety systems, including fire detection and suppression systems, and fire drills conducted.

FIRE SAFETY EDUCATION AND TRAINING PROGRAMS FOR STUDENTS, FACULTY AND STAFF

POLICIES FOR FIRE SAFETY EDUCATION AND TRAINING PROGRAMS

FIRE SAFETY TRAINING

NYU Shanghai believes it is extremely important that residents familiarize themselves and their guests with all applicable fire safety procedures in their assigned building. Public Safety provides a series of fire safety workshops during student orientation, new staff orientation, and lab safety orientation, in collaboration with Human Resources, Student Affairs, Laboratory and contractors.

TRAINING SPECIFIC TO RESIDENTIAL STAFF AND RAS

The entire Residential Life staff, including the Residential Assistants (RA), are required to attend two fire safety training sessions organized by Public Safety and Residential Life Office before the Fall semester starts. Topics covered include the general fire safety plan, roles and responsibilities of Residential Life staff members, and evacuation procedures.

TRAINING SPECIFIC TO ALL RESIDENT STUDENTS

All NYU Shanghai student residents are educated about the fire systems, location of fire extinguishers, emergency exits and egress routes, and steps to take upon the activation of a fire alarm specific to their residence halls by the Residential Life professional staff and the Residential Assistants in their floor meetings in the first week of each semester. In addition, residents are advised of the evacuation charts posted inside every room and in the elevator hall, which show their location on the floor plan, and indicate the evacuation routes to the closest and the secondary exits on that floor.

Fire Safety information specific to each building is communicated to the resident students by Resident Assistants. Residents who fail to comply fully with applicable fire safety procedures, or who otherwise violate rules and regulations related to fire safety, will be subject to disciplinary action.

FIRE DRILLS

The University policy requires building occupants to evacuate the building in the event of fire alarms/emergencies. To facilitate the reinforcement of this requirement, NYU Shanghai Public Safety, in partnership with Student Life and facilities departments, organize fire drills in the first week of the fall semester to train the building occupants about the applicable evacuation procedures, in both the Academic Building and the Residence Halls.

FIRE SAFETY PROMOTION

Every year on November 9, which is China's National Fire Safety Day, NYU Shanghai Public Safety sends out a special issue of the Public Safety newsletter focusing on fire safety information, and organizes a contest on general fire safety knowledge and specific fire safety information for University buildings.

FIRE INCIDENT REPORTING

Students, faculty, and staff are instructed to call NYU Shanghai Public Safety in the event of a fire emergency in a University building.

- NYU Shanghai Command Center 86-21-2059 5500

In the event of an off-campus fire emergency, they are instructed to dial 119.

FIRE EMERGENCY PROCEDURES

If you discover a fire:

1. Activate the nearest fire alarm.
2. Notify your Supervisor and other occupants nearby.
3. Call 119 (Fire Department) and report the fire and location.

Fight the fire ONLY if:

1. The fire department has been notified of the fire, AND
2. The fire is small and confined to its area of origin, AND
3. You have a way out and can fight the fire with your back to the exit, AND
4. You have the proper extinguisher, in good working order, AND know how to use it.
5. If you're not sure of your ability or the fire extinguisher's capacity to contain the fire, leave the area.

If you hear a fire alarm:

1. Evacuate the area. Close windows, turn off gas jets, and close doors as you leave.
2. Leave the building and move away from exits and out of the way of emergency operations.
3. Assemble in a designated area.
4. Report to the monitor so he/she can determine that all personnel have evacuated your area.
5. Remain outside until competent authority states that it is safe to re-enter.

Evacuation Routes:

1. Learn at least two escape routes, and emergency exits from your area.
2. Never use an elevator as part of your escape route.
3. Learn to activate a fire alarm.
4. Learn to recognize alarm sounds.
5. Take an active part in fire evacuation drills

PLANS FOR FUTURE IMPROVEMENTS IN FIRE SAFETY

Fire safety is continually assessed to ensure compliance with all regulatory provisions and to identify areas for improvement. Fire safety facilities, fire suppression equipment, and fire signage are constructed according to Shanghai local standards. The University conducts an inspection of off campus housing before students move in to ensure the facilities are in full compliance with local fire codes. Inspections and facility improvements are conducted regularly.

The Residence Hall is well equipped and kitchens are open to students on each floor. In the preliminary phase of construction, the preventative measures against kitchen fires were taken into consideration, and both heat detectors and smoke detectors are installed in each kitchen to alarm fire emergencies. Automatic fire extinguishers are installed above the kitchen stoves. NYU Shanghai Public Safety also enhanced the fire safety orientation to students to promote their fire safety awareness when cooking and to teach them how to use the kitchen appliance appropriately. Fire safety posters are placed in every kitchen.
