NYU GLOBAL ACADEMIC CENTERS ANNUAL FIRE SAFETY REPORT.................................................89
 ON-CAMPUS STUDENT HOUSING FIRE SAFETY SYSTEMS ..........................................................89
 GLOBAL ACADEMIC CENTERS ON-CAMPUS STUDENT HOUSING ANNUAL FIRE STATISTICS .................................................................89
The first face many of us see on campus each morning is quite often that of a Public Safety officer. They are kind, concerned, and a skilled presence there to come to our aid when we’re injured, sick, or simply in need of directions. If we fall victim to a crime, they provide comfort and support, as well as speedy access to medical care and assistance navigating the criminal justice system. They understand and act in line with our University’s values and concerns.

Behind the scenes, NYU’s Department of Public Safety brings professionalism, dedication, and vigilance to their role, spotting and responding to security threats before we’re even aware of them. The Department’s recent communications innovations, including the Safe NYU Mobile Campus Safety App or the NYU Alert notification system, play a critical role in keeping our community safe and informed during all types of emergencies.

Not least of all, as the world continues to struggle through this evolving global pandemic and many of us have had the luxury of sheltering at home, Public Safety personnel have continued to show up every day as essential workers. This steadfast commitment to service is the embodiment of NYU’s motto—to persevere and to excel—and I heartily believe that they do us all proud.

Andrew Hamilton
President, New York University
FROM THE VICE PRESIDENT, GLOBAL CAMPUS SAFETY

We are pleased to present New York University’s 2020 Annual Security and Fire Safety Report (ASR), created by the Department of Public Safety (DPS) and distributed to our community in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. We at DPS are committed to providing safety and security for our University community and property, enabling the pursuit of academic and professional goals.

DPS is accredited by CALEA, the Commission on Accreditation for Law Enforcement Agencies, and operates within a framework of standards, processes, and procedures to ensure the consistent delivery of high-quality services to our community.

To further our mission, we partner with colleagues and community members from across the University, ensuring our students, faculty, and staff have a positive and safe educational experience while on campus. We continue to foster and grow these relationships as we strive to maintain a high level of safety and security.

The document that follows is a complete resource for safety and security data and information at NYU, including three years of crime statistics, details on our safety services and programs, and the annual fire safety report. The ASR also contains helpful information for our community about our operations, including descriptions of prevention and education programming and policies addressing alcohol and other drug use, campus safety, sexual misconduct, relationship violence, and stalking, among others.

We at DPS are honored to serve our diverse NYU community with professionalism and excellence. As a team of more than 350 personnel, we are focused every day on keeping our campuses and community safe, and supporting them as inclusive and equitable environments for all of our students, faculty, and staff.

Our campuses, and the areas surrounding NYU’s footprint in New York City, are some of the safest in one of the safest big cities in the world. We take pride in keeping our campuses safe and will continue to work diligently to ensure they remain so into the future.

Fountain Walker,
Vice President, Global Campus Safety
ACCESSIBILITY TO INFORMATION AND NON-DISCRIMINATION STATEMENT

New York University, in accordance with applicable Federal and State law and University policy, does not discriminate on the basis of race, color, national origin, religion, sex, gender identity, pregnancy¹, physical or mental disability, medical condition, ancestry, marital status, age, sexual orientation, citizenship, or service in the uniformed services.² The University also prohibits sexual harassment. This nondiscrimination policy covers admission, access, and treatment in University programs and activities. Please direct inquiries regarding the University’s nondiscrimination policies to the following:

- Sex Discrimination, Sexual Harassment, Disability Discrimination and Access: Mary Signor, Title IX Coordinator / Assistant Vice President, Office of Equal Opportunity, 212-998-2352, mary.signor@nyu.edu.

- All other concerns about discrimination or harassment may be directed to the Title IX/Office of Equal Opportunity, equal.opportunity@nyu.edu, 212-998-2370.

Inquiries concerning the Violence Against Women Reauthorization Act of 2013 or the Clery Act may also be referred to the United States Department of Education, Assistant Secretary, Office for Civil Rights, at OCR@ed.gov or (800) 421-3481.

RETALIATION

NYU prohibits retaliation against individuals for exercising their rights or responsibilities under the Clery Act and/or other NYU policies governing sexual harassment and sexual or gender violence. Students, faculty and staff, and non-affiliated individuals who report sexual assault, dating or domestic violence, or stalking; assist someone with such a report; or participate in any manner in an investigation or resolution of such will be reasonably protected from retaliation.

¹Pregnancy includes pregnancy, childbirth, and medical conditions related to pregnancy or childbirth.
²Service in the uniformed services includes membership, application for membership, performance of service, application for service, or obligation for service in the uniformed services.
ANNUAL SECURITY REPORT

PREPARATION OF THE ANNUAL SECURITY REPORT AND DISCLOSURE OF CRIME STATISTICS

Colleges and universities are required by the federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (The Clery Act) and the Higher Education Opportunity Act (HEOA) to publish and distribute an annual security and fire safety report containing (i) campus security and student residence fire safety policies and procedures and (ii) campus crime and fire statistics. This report provides statistics for the previous three years concerning reported crimes that occurred on campus; and in certain off-campus buildings or property owned, leased, or controlled by NYU. This report also includes institutional policies concerning campus security, such as policies regarding sexual assault, alcohol, and other drugs.

The NYU Department of Public Safety distributes a notice of the availability of this Annual Security and Fire Safety Report by October 1st of each year to every member of NYU community. Anyone, including prospective students and employees, may obtain a paper copy of this report by contacting the:

- NYU Department of Public Safety at 212-992-6970 or by visiting https://www.nyu.edu/life/safety-health-wellness/public-safety/clery-act-reporting.html

This report has been prepared by the New York University Department of Public Safety in partnership with University professionals from the Office of General Counsel, the Office of Equal Opportunity/Title IX, the Student Health Center, including Counseling and Wellness Services, the Office of Global Programs, Environmental Health and Safety, and the Division of Student Affairs, including the Office of Student Community Standards and Residence Life. This group meets throughout the year to discuss security and safety issues and review existing policies. In addition, Public Safety meets regularly with local precincts to discuss safety in the area and the crime statistics included in this report.

REPORTING CRIMES AND OTHER EMERGENCIES

REPORTING TO THE NYU DEPARTMENT OF PUBLIC SAFETY

NYU students, staff, and faculty are encouraged to promptly report all crimes, suspicious activity and emergency situations in which they are a victim or a witness to the Department of Public Safety and to the police, regardless of whether the incident occurred on or off campus. Public Safety facilitates the reporting of crimes and offers a number of ways for campus community members and visitors to report crimes, serious incidents, and other emergencies to University Officials. Public Safety offers support and assistance to victims and witnesses, and collaborates with local law enforcement agencies and the NYU Community to reduce crime on and around campus.

Regardless of how and where you decide to report these incidents, it is critical for the safety of the entire NYU Community that you immediately report all incidents of crime to the NYU Department of Public Safety by calling 212-998-2222, to ensure an effective investigation and appropriate follow-up actions, including issuing a Safety Alert or Emergency Notification. If you find yourself in an emergency, first contact police and then report to Public Safety.

Victims and witnesses who do not want to pursue formal action may still consider making an anonymous report to Public Safety. If requested, Public Safety can file an internal report of the details of an incident without revealing the identity of the complainant or witness in the report. The purpose of an anonymous report is to comply with your wish to omit your personally identifying information, while allowing NYU to take steps to address safety concerns. Anonymous reports allow Public Safety to compile accurate records on the number and types of incidents occurring on campus. Reports filed in this manner are counted and disclosed in the Annual Security and Fire Safety Report. In limited circumstances, the Department may not be able to assure anonymity, and will inform you in those cases. Reports can be filed with Public Safety 24 hours a day, seven days a week, or in person at the Department of Public Safety, located at 561 LaGuardia Place, or, by telephone at 212-998-2222.

AFTER A REPORT IS FILED

When reports are received by the Department of Public Safety or by a Campus Security Authority (CSA), the following actions are taken:

- Victims are referred to the appropriate offices or agencies on and off-campus, including law enforcement, counseling and wellness, medical services, the Title IX Coordinator (for sexual offenses, relationship violence and stalking), and the Office of Community Standards.

- Incident reports concerning students are promptly sent to Student Affairs, the Office of Community Standards, Residential Life, University Health Center, Counseling and Wellness Services, and the Dean of Students of the relevant schools, with victim-identifying information withheld, as appropriate.

- Incident reports concerning staff and faculty are sent to appropriate administrative or academic departments for review and follow-up, with victim identifying information withheld, as appropriate.

EMERGENCY CALL BOXES

For immediate communication with the NYU Department of Public Safety, use one of the emergency call boxes located around the Washington Square Campus.

The 20 boxes placed around campus provide a link to safety along well-traveled routes to, from, and within the Washington Square area.

Box Features:

- One button triggers an immediate response from the 24/7/365 Public Safety command center
- A strobe light flashes when emergency button is pushed
- A blue light at the top of the box illuminates the surrounding area
- Two-way communication allows our Public Safety Officer to speak directly with you
- NYU-distinct branding highlights the boxes against the New York City streetscape

You should push the emergency button if:

- You’re feeling unsafe on campus.
- You feel your safety is being threatened.
- You feel as if you’re being followed.
- You’re experiencing an emergency.
- Your phone has died and you have an emergency.

What will happen when you push the emergency button?

- The emergency call box strobe light will flash, further illuminating the area.
- A member of the NYU Public Safety team will answer your call and assist you in an emergency. The team is available 24/7/365.

CALL BOXES ARE AT THE FOLLOWING LOCATIONS:

- 111-113 2nd Avenue (front, Tisch School of the Arts)
- College of Dentistry (rear, East 25th Street)
- 6 Washington Square North
- University Hall (Rear East 13th Street)
- 238 Thompson Street (corner of Washington Square South)
- 721-725 Broadway (Waverly Place between Broadway and Mercer Street)
- Furman Hall (on West 3rd Street between Sullivan Street and Thompson Street)
- Warren Weaver Hall (West 4th Street, Gould Plaza)
- Hayden Hall, 240 Mercer Street (at West 3rd Street)
- Houston Street Garage (half block West of Mercer Street)
- NYU Mail Services, 547 LaGuardia Place
- Schwartz Plaza at Shimkin Hall Entrance (between Washington Square South and West 3rd Street)
- Silver Center, 31 Washington Place
- Washington Square Village (at Wooster Street)
- Washington Square Village (playground)
- 1 Washington Square Village (on West 3rd Street)
- 2 Washington Square Village on Mercer Street
- Weinstein (rear, at Greene Street)
- Dental Courtyard 1 (Between 25th and 26th Streets, 1st Avenue)
- Dental Courtyard 2 (Between 25th and 26th Streets, 1st Avenue)

REPORTING TO OTHER CAMPUS SECURITY AUTHORITIES

While NYU prefers that community members promptly report all crimes and other emergencies directly to the NYU Department of Public Safety by calling 212-998-2222, we also recognize that some may prefer to report to other individuals or offices within the University. The Clery Act recognizes certain NYU officials and offices as “Campus Security Authorities” (CSAs). The Act defines these individuals as an “official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.” The Department of Public Safety will review all crimes reported for timely warnings, will include the reported crime in the daily logs and will reflect the reported crime in the annual statistical disclosure.
NYU officially designates the following offices as places where campus community members may report crimes:

PASTORAL AND PROFESSIONAL COUNSELORS

Pursuant to the Clery Act, pastoral and professional counselors who are appropriately credentialed and hired by NYU to serve in a counseling role are not considered Campus Security Authorities when they are acting in the counseling role. As a matter of policy, NYU encourages pastoral and professional counselors to notify individuals whom they are counseling of the voluntary, anonymous reporting options available to them.

ABOUT THE DEPARTMENT OF PUBLIC SAFETY

ROLE, AUTHORITY, AND TRAINING

New York University plays a vibrant role in New York City, and our students, faculty, and staff are actively engaged in learning, teaching, research, and providing health care in New York and around the world. Most members of our community and visitors to our campus do not experience crime at NYU. However, despite our best efforts, on occasion crimes do occur. This report is published and distributed as a demonstration of our commitment to the safety and security of the NYU community and in compliance with the federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (“The Clery Act”) and the Higher Education Opportunity Act (“HEOA”).

The NYU Department of Public Safety (“Public Safety”) provides security for NYU in cooperation with the New York City Police Department (“NYPD”). Under the leadership of the Senior Vice President, Campus Services and Safety, Public Safety has a security staff of over 300 uniformed officers. Public Safety operates 24 hours a day, seven days a week, 365 days a year, serving on campus and non-campus locations with vehicular and foot patrols, emergency response, building security, and the Safe Ride program.

NYU Public Safety officers are all New York State-certified security guards. As such, their authority to reasonably detain individuals suspected of criminal activity on University property is the same as the authority of any property owner or property owner’s designee. Public Safety officers’ exercise authority when not on or in NYU property that of any citizen, and they may employ citizen arrest procedures as appropriate and necessary.

NYU’s main campus at Washington Square is located in Greenwich Village, which is one of New York City’s lowest-crime neighborhoods. The NYU Tandon School of Engineering is located in the MetroTech Center in downtown Brooklyn, another low-crime area. Public Safety officers patrol NYU facilities and around the campuses. NYU employs a wide range of measures to provide extensive safety and protection services to NYU students, faculty, and staff. Services provided by NYU Public Safety include:

- Mobile and foot patrols
- A Special Victim Liaison is available to assist students, faculty and staff who have been victims of relationship violence, sexual assault, stalking and other crimes in reporting their experiences to police and/or prosecutors, obtaining orders of protection, and navigating other aspects of the criminal justice system
- Orientation programs, including Safety in the City seminars
- Transportation between the Washington Square campus and outlying residence halls, the College of Dentistry, the NYU Rory Meyers College of Nursing, and the NYU Grossman School of Medicine, as well as the NYU Tandon School of Engineering and the Center for Urban Science and Progress (“CUSP”) in Brooklyn
- Overnight on-demand Safe Ride transports and safety escorts for students
- Crime Prevention and Awareness programs

The Public Safety webpage includes safety tips and other useful information.

WORKING RELATIONSHIP WITH LOCAL, STATE, AND FEDERAL LAW ENFORCEMENT AGENCIES

Public Safety maintains professional relationships with local, state, and federal law enforcement agencies. Public Safety personnel work closely with the New York City Police Department in the precincts where NYU facilities are located. Regular communications take place between members of Public Safety and individual precincts, borough command, specialized units and the Office of the Police Commissioner. New York University holds a Memorandum of Understanding with the NYPD that outlines the scope of actions necessary to respond to and report crime on campus.

CRIMES INVOLVING STUDENT ORGANIZATIONS AT OFF-CAMPUS LOCATIONS

Local police agencies are asked to report any criminal activity involving NYU students or personnel at off-campus locations to Public Safety. In addition, students report to Public Safety crimes occurring off-campus and Public Safety in turn offers assistance and support to students who choose to report to NYPD, whether as a victim or a witness.

TIMELY WARNING NOTIFICATIONS – SAFETY ALERTS

Public Safety distributes information about campus crime to the NYU community through the publication of a daily crime log online and through campus media. When serious crimes or crime patterns or trends such as robberies or assaults occur on campus and where appropriate, Public Safety promptly distributes Timely Warning Notifications / NYU Safety Alerts to the campus community electronically through email blasts and posts on the NYU Public Safety website. The NYU Public Safety Facebook page and Twitter account are also used to provide initial and updated information about crimes that may pose a continuing danger. Since NYU’s campus and other New York locations are situated “in and of the city,” Public Safety may distribute NYU Safety Alerts regarding serious crimes posing an ongoing danger that occur around the
Washington Square campus and near other University facilities in other parts of the city so that NYU community members are equipped with the information necessary to protect themselves.

NYU Safety Alerts notify the campus community of incidents and provide information enabling community members to protect themselves from similar incidents. Factors governing whether NYU will issue a Timely Warning include: 1) the nature of the crime; 2) whether the perpetrator has been apprehended; and 3) whether there is a substantial risk to the physical safety of others in the campus community. Such crimes include, but are not limited to: 1) Clery Act crimes that are reported to any campus security authority or to Public Safety; or 2) incidents that NYU determines represent an on-going threat to the campus community.

The Senior Vice President, Campus Services and Safety, in consultation with University leadership, will make the determination if a Timely Warning is required. In emergency situations, the Senior Vice President, Campus Services and Safety, or his designee, may authorize a notification. Victims’ names are not included in these notifications, to maintain confidentiality.

**EMERGENCY RESPONSE AND EVACUATION PROCEDURES**

**EMERGENCY RESPONSE AND EVACUATION POLICY STATEMENT**

In recognition of New York University’s commitment to the safety and security of the University’s students, faculty, and staff, NYU has developed a Comprehensive Emergency Management Plan (CEMP) and emergency response plans for all of its campuses and global sites. Further, NYU Environmental Health and Safety has also developed building-specific emergency procedures for responding to routine campus incidents such as personal injuries, small chemical spills, and fires. In summary, plans are in place to support building evacuation, campus evacuation and/or evacuation from a global site or portal campus.

Emergency situations that may cause actual or imminent risks to safety, health, or security trigger the University’s CEMP. Such situations could include significant hazardous materials incident, a large fire, damage to a facility, severe weather, a violent event, or a health epidemic. The roles and responsibilities of the Executive Policy Committee (EPC), which includes select members of the University’s senior leadership, as well as the Incident Management Team (IMT), which is composed of members of departments performing Emergency Support Functions (ESFs) as outlined in the CEMP, and Emergency Coordinators are established for such a declared emergency. The EPC and IMT determine the initial response and any additional resources that may be needed to mitigate the emergency.

In the event of a major evacuation, response would follow the Incident Command System and be managed by an Incident Commander from Public interfacing with first responders and coordinating other university response departments as required.

For global evacuations, the University also maintains a Global Evacuation Plan that is reviewed, at a minimum, annually and training is provided for faculty, staff, and students. Elements of the plan are tested once every three years, in tabletop exercise formats and drills.

The NYU Department of Public Safety has established Communications Centers in New York, Abu Dhabi and Shanghai to serve as the 24 hour answering points for any emergency throughout the University’s global footprint Coupled with the Global Security Operations Center (GSOC) located in New York, the Department of Public Safety effectively monitors the world for emergent events, assessing their impact on the NYC campuses as well as all of the Global Academic Centers, NYU Abu Dhabi, NYU Shanghai, and other international locations where members of the NYU community may be traveling. In the event of an emergency situation, the Communications Center or GSOC will notify the appropriate senior leadership or initiate mass emergency notifications. NYU has the capacity and ability to evacuate buildings in the event of an emergency. In New York City, academic and office buildings have regular drills for occupants to familiarize them with evacuation procedures.

The Department of Public Safety also regularly coordinates with local law enforcement and US federal agencies such as the Department of State, the Department of Homeland Security, the US Consulate General’s offices, and US embassies worldwide. These interactions serve to keep NYU abreast of potential emergent concerns and allow for close collaboration when needed.

**EMERGENCY MANAGEMENT AT NYU**

The CEMP for New York University provides the framework for responding to any emergency incident affecting New York University. The Department of Public Safety or the University’s Senior Leadership Team activates the CEMP when an emergency affecting New York University reaches proportions that cannot be handled by a single ESF response department. This emergency may be sudden and unforeseen, or there may be varying periods of warning. New York University intends the CEMP to be sufficiently flexible to accommodate contingencies of all types, magnitudes, and durations.

Our priorities are:

- Life safety, infrastructure integrity, and continuation of the University’s research, educational and public service mission;
- Effectively integrating the University’s diverse schools and departments into a centralized emergency response organization;
- Leveraging local, state and federal assets through existing mutual aid agreements to ensure a positive University response and recovery effort.

**EMERGENCY PREPAREDNESS**

NYU is committed to improving the preparedness of our University on an institutional level as well as the preparedness of students,
faculty, and staff on an individual level. To that end, the Department of Public Safety launched the Safe NYU mobile campus safety app. This app is designed to provide the NYU Community with critical emergency preparedness guidance, a mobile blue-light, the ability to chat with the Public Safety Communications Center, and key transportation information.

The University has an ongoing safety awareness program designed to educate the NYU community on emergency situations and provide resources to educate and provide guidance on personal preparedness. The program is incorporated in orientation briefings and a variety of media is used to distribute its message: websites, email, social media, and in-person events.

The University understands that emergencies, including natural disasters and events caused by individual or group action, can be unpredictable. NYU Public Safety’s Emergency Management program is building upon that foundation by working to expand the scope and audience of trainings, and developing and implementing exercises to ensure that the University community is ready for any situation.

**EVACUATION AND RELOCATION**

New York University has operational response plans in place for responding to campus emergencies. Building evacuation plans provide more detailed information about the evacuation procedures for individual buildings. If necessary, transportation of persons shall be coordinated with appropriate Department of Public Safety personnel for the purpose of evacuation and relocation of persons threatened by or displaced by the incident. The CEMP designates key functions and critical roles and assigns them based upon situational factors.

Building evacuation plans are written in accordance with emergency management best-practices and are designed to facilitate incident response that directly impacts the immediate health and safety of those involved and to help restore NYU to normalcy as quickly as is practical. Building evacuations are conducted routinely in response to fire alarm activations and for drills without activation of the CEMP. In cases where the CEMP is activated, additional resources are provided through activation of the Emergency Operations Center. The CEMP addresses the methods for command and control, critical decision-making, notification procedures and how to best achieve a common operating picture across NYU locations.

Emergency Response and Evacuation Plans are written in accordance with emergency management best-practices and are designed to facilitate incident response that directly impacts the immediate health and safety of those involved and to help restore NYU to normalcy as quickly as is practical. The NYU Evacuation and Coordination Plan includes information on supporting an evacuation, shelter in place, or temporary relocation of students, faculty, and staff. The plan discusses the methods for command and control, critical decision-making, notification procedures and how to best achieve a common operating picture across NYU locations.

**DRILLS, EXERCISES AND TRAINING**

To ensure New York University’s emergency management plans remain current and actionable, New York University conducts scheduled annual emergency management exercises designed for assessment and evaluation of emergency plans and capabilities. They may include tabletop drills, emergency operations center exercises, or full-scale emergency response exercises. New York University conducts after-action reviews of all emergency management exercises, including documentation of the exercise description/type, the date the exercise was held, the time the exercise started and ended, and whether the exercise was announced or unannounced.

**EMERGENCY NOTIFICATION**

Public Safety will respond to all reports of emergencies or dangerous situations on campus. Upon confirmation by Public Safety representatives of an emergency or dangerous situation involving an imminent threat to the health or safety of students or employees, Public Safety personnel will request and coordinate the response of additional resources, where necessary, and make appropriate notifications.

Public Safety will, without delay, determine the content of the notification and initiate the University’s emergency notification system (NYU Alert), which includes text messaging, e-mail and social media. Initial messages may include recommendations to shelter in place, evacuate a facility, avoid portions of the campus, or other appropriate actions, unless issuing a notification will, in the professional judgment of the Emergency Management Team, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. Subsequent messages will be developed, in consultation with the Office of Public Affairs, to reach the appropriate segment or segments of the campus; Incident Command working with Public Affairs will determine the content of the notification including recommendations to shelter in place, evacuate a facility, avoid portions of the campus, or other appropriate actions; and utilize NYU Alert (text messaging, e-mail and social media) to notify the campus community. NYU Alert is tested at least twice a year.

**SECURITY OF AND ACCESS TO NYU FACILITIES**

NYU has incorporated a program of integrated safety equipment and infrastructure within its facilities providing a high level of safety and security to the NYU community. Services provided to protect the NYU community include electronic card readers and turnstiles for access control at residence halls and various academic and administrative facilities; video surveillance systems in various outdoor and indoor locations, including residence hall lobbies; panic alarm buttons in common rest rooms; emergency call boxes located near NYU facilities; posted Public Safety Officers and contract guards (around the clock in all residence halls and
RESIDENCE HALLS

NYU residence halls are staffed around the clock by NYU Public Safety Officers at the front desk. Graduate residence halls have either a door attendant or 24-hour security coverage. Only residents, guests, and authorized visitors are permitted into the residence halls. Most of the residence halls are equipped with turnstiles tied to the University access control system which allows resident students access with their University identification cards and PIN numbers. Commuter students seeking access to a residence hall must be accompanied by a resident student; their NYU IDs are swiped in conjunction with the resident student’s card for tracking purposes. Other guests must be in the presence of a resident student to gain admission to a residence hall and must provide a photo ID issued by a government agency or another college or university; that ID will be retained by the Public Safety Officer until the guest is signed out by the host. All persons seeking entry, including staff and faculty, are checked for proper identification. Guests to buildings must identify themselves and be announced.

Residents must respond to residence hall lobbies to accept their deliveries. Graduate students residing in residence halls with door attendants may use a package room for deliveries or approve deliveries to their doors.

NYU does not have any officially recognized student organizations with off campus housing facilities. NYU's Fraternity & Sorority Life community has a living and learning community that includes suites incorporated in Residence Halls. If the New York Police Department (“NYPD”) is contacted about off campus criminal activity involving NYU students, it may notify Public Safety. However, there is no official NYPD policy requiring such notification. Students suspected and/or accused in these cases may be subject to arrest by the NYPD and to University student disciplinary proceedings.

CLASSROOMS

Public Safety Officers are assigned to the lobbies of most NYU buildings that contain classrooms and monitor access.

MAINTENANCE OF CAMPUS FACILITIES

NYU campus facilities are maintained in a manner that minimizes hazardous conditions. Department of Public Safety personnel regularly patrol the campus and report malfunctioning lights and other unsafe physical conditions. Notification is provided to the appropriate building personnel for corrective action. The Office of Facilities and Construction Management maintains a work order system to which members of the University community can report problems via email. Upon notification, appropriate maintenance personnel are dispatched to correct the condition.

NYU'S RESPONSE TO SEXUAL AND GENDER VIOLENCE

NYU’s Sexual Misconduct, Relationship Violence, and Stalking Policy is in effect at all of its campuses and Global Academic Centers. The policy prohibits sexual misconduct, including sexual assault and sexual exploitation, as well as relationship violence (dating and domestic violence), stalking, and retaliation against individuals who have made good faith reports of such prohibited conduct. The University educates its community members on issues of sexual assault, sexual exploitation, relationship violence, and stalking; and pursues disciplinary action against those who engage in acts of sexual assault, relationship violence, stalking, or retaliation. Students or employees who are determined by NYU to have committed an act of sexual assault, relationship violence, stalking, or retaliation, in violation of NYU’s policy are subject to sanctions, up to and including separation from the University.

NYU offers resources for both students and employees, whether as complainants or respondents, to provide support and guidance throughout the investigation and resolution of reported prohibited conduct. NYU will provide reasonably available supportive measures to a Complainant, and where applicable, to a Respondent. Supportive measures may include counseling, extensions of deadlines or other course related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures.

Investigative and disciplinary procedures at NYU are based on whether the accused is a student, employee, or third party. Procedures concerning complaints against students can be found in Reporting, Investigating and Resolving Sexual Misconduct, Relationship Violence, and Stalking – Complaints Against Students. Procedures concerning complaints against employees can be found in Reporting, Investigating and Resolving Sexual Misconduct, Relationship Violence, and Stalking – Complaints Against Employees.

NYU SEXUAL MISCONDUCT, RELATIONSHIP VIOLENCE AND STALKING POLICY

NYU STUDENT CONDUCT POLICIES

REPORTING AN INCIDENT
Incidents of sexual assault, relationship violence, and stalking may be reported directly to the NYU Title IX Coordinator. Reports can also be made to the NYU Department of Public Safety, which will provide support and assistance to any victim or witness if requested.

In the case of an emergency or ongoing threat, if possible get to a safe location and please report the incident by calling 911.

Employees may also report to NYU Human Resources. Human Resources officials will assist any victim in identifying their reporting options, if they elect to do so.

Complainants may also report, or choose not to report, an incident to law enforcement.

Any student or employee who reports an incident of sexual violence, relationship violence, or stalking whether the offense occurred on or off campus, shall receive a written explanation of their rights and options. This written explanation identifies existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, and other services available for victims, both within the institution and in the community; and describes options for available assistance in; and how to request changes to academic, living, transportation, and working situations or protective measures. NYU will make such accommodations or provide such protective measures if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to the NYU Department of Public Safety or local law enforcement. NYU maintains as private any accommodations or protective measures and completes publicly available record keeping without including personally identifying information.

NYU’s Title IX website and Sexual Respect website provide victims of sexual assault with easy access to NYU and non-NYU campus resources and provides general information for individuals seeking guidance about Title IX. For more information about and/or to make a request for an interim measure or accommodation (as described on this page) because of an incident of sexual misconduct, relationship violence, and/or stalking, you may contact:

- Confidential Resources:
  - NYU Wellness Exchange: 212-443-9999
  - NYU Center for Sexual Misconduct Support Services: 212-443-9999

- Non-Confidential Resource:
  - Title IX Coordinator, 212-998-2352

PROCEDURES VICTIMS SHOULD FOLLOW
In incidents of sexual assault, domestic violence, dating violence or stalking, it is important to preserve evidence to aid in the possibility of a successful criminal prosecution or obtaining a protection order. Evidence of violence, such as bruising or other visible injuries, following an incident of domestic or dating violence should be documented including through the preservation of photographic evidence. Evidence of stalking including any communication, such as written notes, voice mail or other electronic communications should also be saved and not altered in any way.

Local medical providers can also provide emergency and follow-up medical services to address physical well-being or health concerns and also conduct forensic sexual assault examinations. A medical exam obtained from a hospital or sexual assault response center serves two purposes: first, to diagnose and treat the full extent of any injury or physical effect (sexually transmitted infection (STI) or possibility of pregnancy) and, second, to properly collect and preserve evidence. The exam may include testing and prophylactic treatment for HIV/AIDS, STIs, and pregnancy, a vaginal/anal examination, collection of fingernail scrapings and/or clippings, examination for injuries, and blood testing. There is a limited window of time (typically 72 to 96 hours) following an incident of sexual assault to preserve physical and other forms of evidence. Taking the step to gather evidence immediately does not commit an individual to any course of action. The decision to seek medical attention and gather any evidence will preserve the full range of options to seek resolution through NYU’s complaint processes or criminal action.

ON & OFF CAMPUS RESOURCES
- Non-Confidential Support: Student complainants can consult with the NYU Title IX Coordinator, who can provide assistance concerning sexual misconduct, relationship violence, and stalking on a non-confidential basis. Support includes providing information about resources and options, accompanying a complainant to receive medical services, as well as to potential on or off campus meetings or proceedings.
  - Title IX Coordinator: Mary.Signor@nyu.edu, (212) 998-2352
  - In Person: Office of Equal Opportunity, 665 Broadway, Floor 12, New York, NY 10003

VICTIM CONFIDENTIALITY

NYU is committed to protecting the privacy of all individuals involved in a report under the Sexual Misconduct Policy. All employees who are involved in the University’s response to reports of sexual assault, domestic violence, dating violence or stalking, including the Title IX Coordinator; investigators; adjudicators; and members of Sexual Misconduct Appeals Panels receive specific training and guidance about safeguarding private information, including the protections set forth in Title IX, the Clery Act, and the Family Educational Rights and Privacy Act (FERPA). Privacy and confidentiality have distinct meanings under the Sexual Misconduct Policy. Privacy refers to the discretion that will be exercised by the University in the course of any investigation or disciplinary processes under this policy. Information related to a report under the Sexual Misconduct Policy will be handled discreetly and will be shared with a limited circle of individuals “who need to know” in order to assist in the active review, investigation, resolution of the report, and related issues. Confidentiality means that information shared by an individual with designated campus or community professionals cannot be revealed to any other individual without express permission of the individual, or as otherwise permitted by law. These individuals, including medical professionals and licensed mental health counselors, must maintain confidentiality unless (i) they are given permission to do so by the person who disclosed the information; (ii) there is an imminent threat of harm to self or others; (iii) the conduct involves suspected abuse of a minor under the age of 18, or (iv) as otherwise required or permitted by law or court order.

If a report of sexual assault, domestic violence, dating violence or stalking discloses a serious or continuing threat to the campus community, the University will issue a timely notification to the community to protect the health and safety of the community as required by the Clery Act. In Timely Warnings, Emergency Notifications, as well as in the Daily Crime Log, information is reported in a manner that does not include personally identifying information about persons involved in an incident, unless identification of a Respondent is required to provide sufficient warning or notification.

BYSTANDER INTERVENTION AND RISK REDUCTION

Action Zone Bystander Intervention: This is a primary prevention and awareness bystander intervention program that gives a framework for explaining bystander behavior and teaches skills for intervening offered to all members of the NYU community. This is valuable because sexual assaults, alcohol-related incidents, and other challenging situations can be prevented or diffused with timely, skilled, and appropriate intervention. The program uses an interdisciplinary approach to heighten students’ awareness of challenging situations and the positive role they can play in helping support each other. This program addresses intervention in situations involving sexual and relationship violence as well as when alcohol and other drugs are being used. The Action Zone initiative consists of a one to two hour training program (available upon request as well as hosted by Health Promotion at least once per semester), and information available online, including resources and tools.

EDUCATION PROGRAMS

NYU is committed to increasing the awareness of and preventing sexual violence. All incoming students and new employees are provided with programming and strategies intended to prevent rape, acquaintance rape, sexual assault, domestic violence, dating violence, and stalking before such conduct occurs through the changing of social norms and other approaches; that includes a clear statement that NYU prohibits such acts, their definitions, the definition of consent, options for bystander intervention, information about risk reduction, and our policies and procedures for responding to these incidents. Ongoing prevention and awareness campaigns are also offered throughout the year. These programs include:

The Reality Show: During Welcome Week, all incoming students attend this mandatory orientation session. The show is an integral part of NYU’s nationally recognized suicide prevention, health and wellness program. The Reality Show uses theater, written and performed by students, to engage their peers in subjects such as sexual assault, consent, bias and harassment, domestic violence and dating violence, alcohol and other drugs, mental health issues such as depression and anxiety, homesickness, as well as getting along with roommates and feeling overwhelmed with classes. Each year, a new Reality Show is written and performed by a talented cast of NYU Tisch School of the Arts undergraduates, sometimes with other schools represented, including Steinhardt.

The Think About It online educational program, which is mandatory for all first-year students, helps ensure that students understand their rights and responsibilities in the important area of sexual misconduct. This training is mandatory for the entire NYU student body, including students attending any of the three NYU campuses (New York, Abu Dhabi and Shanghai) or Global Academic Centers.

Center for Sexual Misconduct Support Services: NYU provides prevention, awareness and confidential assistance to complainant students at the S.P.A.C.E. (Sexual misconduct Prevention, Assistance, Counseling and Education). Assistance includes accompanying complainants to medical appointments at their request, connecting them with mental health care, providing information about resources and options, and/or attending campus meetings or proceedings with them. Staff at the Center for Sexual Misconduct Support Services – which includes Crisis Response Counselors at the Wellness Exchange – are licensed mental health professionals who can act as students’ personal liaisons throughout the process of accessing care and services following an incident of sexual misconduct.

NYU student leaders, from certain designated groups, are required to complete in-person training focused on sexual misconduct in an effort to introduce a more robust prevention effort around that topic. The student leaders include, Resident Assistants and members of Residence Hall Councils, all Varsity athletes, all members of Greek organizations, all leaders of student clubs and organizations registered with NYU, and members of student government bodies.

Resident Assistants (RAs) in NYU residence halls offer programs for floor residents on the topic of sexual assault and relationship violence. RAs also provide referrals to services at other University offices. All RAs, as well as the professional Residence Hall staff receive Action Zone Bystander Intervention training, and have the option of offering the training to their residents.

Employee Programming: The NYU Office of Equal Opportunity (OEO), in collaboration with NYU Human Resources, offers several different training courses for NYU staff that address Title IX reporting protocols and response obligations, including the “Preventing Harassment on Campus” and “Responding to Sexual Assault and Harassment” training courses, which are offered on a monthly basis. The trainings are open to the entire NYU community, and all new employees are expected to attend. Both courses provide an overview of NYU’s Title IX requirements regarding responding to reports of sexual misconduct, and outline various types of sexual harassment and sexual misconduct, obligations of Responsible Employees, and information about confidential resources and other resources on campus, among other related topics.
CONDUCT PROCEEDINGS

NYU, at all of its campuses and Global Academic Centers, strictly prohibits all acts of sexual assault, domestic violence, dating violence, and stalking. In addition to facing criminal action, students, employees, and other affiliates may also face disciplinary action by NYU. Individuals found responsible for having committed such a violation face permanent expulsion, termination of employment, suspension, probation, and being barred from NYU property. Third parties who violate NYU policy may have their relationship with NYU terminated and/or their privilege of being on NYU premises withdrawn. For students, potential sanctions include: Warning, Censure, Educational Reassignment, University Probation, Restitution, Suspension of Privileges, Residential Probation, Study Away Site Probation, Residence Hall Reassignment, Deferred Suspension from University Housing, Suspension from NYU, Suspension from Study Away Site, Dismissal from Housing, Expulsion from NYU, and Transcript Notation. Potential sanctions for a violation of the Policy also include requiring the Respondent to engage in a course of counseling, education or training.

Sanctions for Employee Respondents include verbal or written Warning, Reprimand, Censure, Removal of Privileges, Education/Counseling, No Contact Directive, Suspension, and/or Termination from NYU employment.

All conduct proceedings will include a prompt, fair and impartial investigation and resolution by officials who receive annual training on the nature and adjudication of these matters and conducting investigations, and hearings in a manner that protects the safety of both complainants and respondents and promotes accountability. Determinations of responsibility for students and employees are made using the preponderance of the evidence standard. NYU Office of Equal Opportunity ("OEO") investigators conduct the investigations regardless of whether the respondent is a student or an employee. In all proceedings, including any related meetings, both the complainant and the respondent are entitled to the same opportunities and resources, including the right to be accompanied by an advisor of their choice. During any hearing held to determine responsibility for a violation of the Sexual Misconduct Policy, the Complainant and Respondent will each have the opportunity to question the other party, the witnesses, and the Investigator through their advisor of choice directly, verbally and in real time. In matters involving student respondents, matters go to a hearing when the experience of being victimized, helping someone who has been a victim, and resources within the NYU community and in New York City. All healthcare clinicians at the SHC are able to actively initiate confidential discussions about sexual assault and relationship violence issues when such matters appear to be of concern, rather than waiting for patients to self-report. SHC patients and clients who are victims of sexual or relationship violence are provided, by secure electronic message, written documentation of their rights and resources available both on and off campus.

SEXUAL ASSAULT PREVENTION EDUCATION PROGRAMS

Multiple offices across NYU, including the Counseling and Wellness Center, OEO, and the Office of Residential Life and Housing Services offer sexual assault education and awareness programming throughout the year. Together, these offices offer a variety of programming focusing on sexual and gender violence:

- The Student Health Center (SHC) educates students and other members of the NYU community on matters of sexual assault and prevention through its Sexual Assault Prevention and Response website, which provides detailed information about sexual and relationship violence, including definitions, emergency contact information, advice about what to do first after being the victim of sexual assault, understanding the experience of being victimized, helping someone who has been a victim, and resources within the NYU community and in New York City. All healthcare clinicians at the SHC are able to actively initiate confidential discussions about sexual assault and relationship violence issues when such matters appear to be of concern, rather than waiting for patients to self-report. SHC patients and clients who are victims of sexual or relationship violence are provided, by secure electronic message, written documentation of their rights and resources available both on and off campus.

- The Health Promotion Office plans, implements and supports initiatives and programs to create a healthier campus community. The department addresses topics including stress, alcohol and other drugs, mental and sexual health and bystander intervention for sexual assault primary prevention. Interactive, engaging information empowers students to make informed and healthy choices for themselves and to help their peers while at NYU and beyond. The Health Promotion Office is located at 726 Broadway, New York, NY 10003 or call 212-443-1234.
SEX OFFENDER REGISTRATION – CAMPUS SEX CRIMES PREVENTION ACT

SEX OFFENDER REGISTRY INFORMATION – NEW YORK STATE’S “MEGAN’S LAW”

Information regarding registered sex offenders can be obtained by calling the New York State Sex Offender Registry Information Line at 1-800-262-3257 or online. Callers must be at least 18 years old and must provide their name, address, and telephone number in order to receive information. The Sex Offender Registry Information Line is open on Mondays through Fridays from 8:00 a.m. to 5:00 p.m. To learn the status of a specific individual, callers must provide the individual’s name and at least one of the following identifiers: the individual’s street address and apartment number, driver’s license number, social security number, or date of birth. When seeking information about a specific individual through the New York State Sex Offender Registry online system, users must provide that individual’s name and county.

Nationwide information about registered sex officers is available on the U.S. Department of Justice National Sex Offender Public Website (NSOPW).

DISCLOSURE OF DISCIPLINARY PROCEEDING OUTCOME TO VICTIMS (OR NEXT OF KIN) OF SEX CRIMES OR OF VIOLENCE

NYU will provide the victim of a crime of violence, [i.e. an offense that has as an element the use, attempted use, or threatened use of physical force against the person or property of another, or any other offense that is a felony and that, by its nature, involves a substantial risk that physical force against the person or property of another may be used in the course of committing the offense (18 U.S. Code § 16)] or a non-forcible sex offense, a statement of the results of any disciplinary proceeding conducted by NYU against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased, as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.
CAMPUS SECURITY POLICIES, CRIME PREVENTION & SAFETY AWARENESS PROGRAMS

Safety information is provided to the NYU community in a variety of ways, some of which are specific to students and some that are specific to employees. Throughout the year, the following is available to the entire community:

• General information and tips for being safe on campus and in New York City are provided online by the NYU Department of Public Safety at: https://www.nyu.edu/life/safety-health-wellness/public-safety/safety-and-security.html.

• Updates concerning specific safety related matters on the NYU campus, in the local community, and in relation to events in New York City, are issued online, through the NYU Public Safety Facebook page, Twitter account, and through emails, texts and other media.

• Articles about crime and safety on campus are published periodically in the student newspaper, The Washington Square News.

• Special reports on campus safety are periodically published in NYU Today, a monthly newsletter. A daily Crime Log is available on the NYU Public Safety webpage and at the Public Safety Command Center. The Crime Log reflects criminal incidents reported to Public Safety and includes the nature of the incidents, the dates on which they occurred and were reported, the times at which they occurred, the general location of occurrence, and the disposition.

• Safety Alerts and Timely Warning Notifications are distributed as necessary to inform the community about safety-related issues, risk-reducing precautions, and sources of help and additional information.

• Throughout the academic year, Peer Educators affiliated with the Student Health Center, the Wellness Exchange, and the Center for Multicultural Education and Programs facilitate educational workshops for students in the residence halls, student organizations, and other University offices. Peer Educators undergo a training program on issues related to sexual assault, such as rape culture, consent in sexually intimate relationships, date rape drugs, and how to help a friend who has been sexually assaulted. Peer Educators present factual information and stimulate non-judgmental conversation.

• Workshops on “Safety in the City” are lead and facilitated by Public Safety throughout the year. Workshops include security procedures, crime prevention tips, and encourage community members to be responsible for their own safety.

• Various NYU offices and student organizations co-sponsor annual awareness events through the academic year such as “Sexual Assault Awareness Week.”

• Resident Assistants receive initial training from Public Safety on Clery Act requirements, the role of Public Safety Officers, and other related topics during their orientation each summer and on an on-going basis.

• Public Safety has a designated Special Victim Liaison who is specially trained in working with crime victims, including sexual assault victims.

MISSING STUDENT NOTIFICATION POLICY

NYU investigates any report of a missing student who is enrolled and attending classes at any NYU campus or Global Academic Center. This policy, with its accompanying procedures, establishes a framework for cooperation among members of the University community aimed at locating and assisting students who are reported missing.

A student will be deemed missing when reported absent from the University at any of its campuses, global sites, or NYU sponsored travel programs without any known reason. All reports of missing students enrolled at the New York campus and at the Global Academic Centers must be directed to NYU’s Department of Public Safety at 212-998-2222; in these instances, Public Safety in New York will take the lead in investigating each report and make a determination whether the student is missing in accordance with this policy. All reports of missing students at NYU Abu Dhabi (NYUAD) must be directed to the NYUAD Department of Public Safety at +97-12-628-7777; NYUAD Public Safety will lead the investigation of each report and make a determination as to whether the student is missing in accordance with this policy. All reports of missing students at NYU Shanghai must be directed to the NYU Shanghai Department of Public Safety at 86-21-2059-5500; NYU Shanghai Public Safety will lead the investigation of each report and make a determination as to whether the student is missing in accordance with this policy.

All students have the option to identify a confidential contact person or persons who will be notified within 24 hours in the event that a determination is made by one of the NYU campus Public Safety departments that the student is missing. This contact information may be added through “Albert,” the portal to NYU’s student information system. Only authorized campus officials and law enforcement officers in furtherance of a missing person investigation may have access to this information.

If a missing student is under 18 years of age, and not an emancipated individual, the University will notify a custodial parent or guardian of the missing student not later than 24 hours after the determination by an NYU Public Safety department that the student is missing. NYU Public Safety will contact local police and other law enforcement agencies no later than 24 hours after the University receives a report that any student is missing.

There is a variety of University student housing options and staffing patterns. Much of NYU student housing is configured for apartment-style living, and there is no formal procedure or prescribed timelines for monitoring whether students are present in their assigned student housing. Student welfare and safety is paramount to the University; however, the University recognizes and makes known its limitations in obtaining accurate and timely information on the whereabouts of students.
The Office of Student Affairs shall have the responsibility to make the provisions of this policy and the procedures set forth below available to students.

PROCEDURES

Any report of a missing student, from whatever source, must immediately be directed to the appropriate NYU Public Safety department.

When a student is reported missing, the appropriate NYU Public Safety department will:

- initiate an investigation to determine the validity of the missing person report;
- inform the Office of Student Affairs;
- make a determination as to the status of the missing student;
- notify local police or other appropriate law enforcement agencies within 24 hours after the University receives a report that the student is missing.

If the student reported missing is studying at a Global Academic Center, NYU Public Safety in New York will coordinate with the site's director to facilitate the investigation, including communication with hospitals, law enforcement, and other relevant agencies.

Upon determining the student is missing and upon notification by the relevant NYU Public Safety department, the Office of Student Affairs will:

- Notify the person(s) identified by the missing student as the confidential contact within 24 hours of making the determination that the student is missing;
- If the missing student is under the age of 18, and not an emancipated individual, notify the student’s custodial parent or guardian as contained in the records of the University within 24 hours of the determination that the student is missing;
- Inform other University units, such as the school in which the student is enrolled, as needed; and
- Initiate whatever other action is deemed appropriate under the circumstances to be in the best interest of the missing student.

CRIME PREVENTION AND SAFETY AWARENESS PROGRAMS

In an effort to promote safety awareness, Public Safety maintains strong working relationships within the community. Public Safety fosters these relationships by offering a variety of safety and security programs and services and crime prevention programming. If you or your organization would like to request a specific Crime Prevention and Safety Awareness program, please contact Public Safety.

NYU POLICIES GOVERNING ALCOHOL AND OTHER DRUGS

NYU ALCOHOL AND DRUG POLICY

ALCOHOL AND OTHER DRUG USE

The issue of safety touches on many other areas of campus and city life, among them the use and sale of illegal drugs, underage drinking, and abuse of alcohol. New York University is committed not only to educating students on issues concerning alcohol and drug use but also to responding to behavior that is in violation of the University’s Policies on Substance Abuse and Alcoholic Beverages. NYU believes that the best way to maintain an appropriate campus environment with respect to drugs and alcohol is through preventive education about the dangers of drug abuse and compassionate attention to the needs of those who may require help with alcohol and other drug-related problems, and provides a variety of education, prevention, and support services in keeping with that philosophy.

At the same time, NYU expects that students will conduct themselves in accordance with basic principles of personal responsibility, respect for order, and consideration of the rights of others.

NYU policy prohibits students under the age of 21 from possessing alcoholic beverages in its facilities and at events sponsored by NYU or NYU organizations, regardless of location. A chart detailing the penalties for student alcohol policy violations can be found on pages 7–8 of the Policies on Substance Abuse and Alcoholic Beverages at https://www.nyu.edu/about/policies-guidelines-compliance/policies-and-guidelines/substance-abuse-and-alcoholic-beverages.html

The unlawful possession, use, or distribution of drugs by students and employees is prohibited on premises owned or controlled by the University. If evidence of such activity by any student on University premises is found, NYU will take appropriate disciplinary action, including, but not limited to, probation, suspension, or expulsion. A chart detailing the penalties for student drug violations can be found on pages 8-9 of the Policies on Substance Abuse and Alcoholic Beverages (see link in last paragraph). If any member of the faculty or staff is found to be unlawfully using, possessing, or distributing drugs on NYU premises, the University will take disciplinary action up to and including discharge. NYU employees are subject to NYU’s Drug-Free Workplace Policy, which describes the consequences of drug and alcohol-related violations and lists resources available to employees seeking assistance with drug and alcohol abuse.

In addition to University sanctions, students, faculty, or staff engaged in such activity may be subject to criminal prosecution under federal and state laws. Where appropriate or necessary, NYU will cooperate fully with law enforcement agencies if a student’s use, possession, or distribution of a substance violates the national, state, and/or local laws of the country in which the campus where the incident occurred is located.
To further review the drug and alcohol policies of NYU and other drug and alcohol resources associated with the Drug Free Schools and Community Act, please visit, https://www.nyu.edu/about/policies-guidelines-compliance/policies-and-guidelines/substance-abuse-and-alcoholic-beverages.html.

**ALCOHOL AND DRUG USE PREVENTION AND AWARENESS PROGRAMS**

**AlcoholEdu:** All incoming first-year NYU students are required to complete the two-part, three-hour online course, AlcoholEdu for College. The course provides students with information about high-risk drinking behaviors and associated harms, debunks myths about college drinking, and directs students toward tools and resources for staying safe and looking out for friends such as Action Zone Bystander Intervention and the Wellness Exchange hotline. Students who do not complete the first part of the course have a hold put on their spring semester course registration.

**Small group programming:** The Health Promotion Office leads workshops called “Dicey Decisions” and “Imagine That” which are formatted as interactive quiz shows and deliver health and safety information, as well as, NYU resource information to students who may be at higher risk. The workshops focus heavily on alcohol and other drugs.

**The SAFE (Substance Assessment, Feedback and Evaluation) program,** created by Counseling and Wellness Services (“CWS”), helps students examine their own substance-related behaviors in a safe, judgment-free environment. The focus of the SAFE program is to help students reduce high-risk behaviors and harmful consequences related to their use of alcohol or other drugs, identify motivations and triggers related to their use, and build skills to help promote change.

SAFE program services are provided by a multi-disciplinary clinical team within CWS, and are non-judgmental, non-labeling, and confidential. The SAFE program offers a range of services including individual and group counseling, psychiatric evaluations, and medication management by an addictions psychiatrist, and referrals for outside treatment such as detoxification, rehabilitation, and long-term therapy. Informal clinical consultation to address patients’ substance use issues is offered between the treating therapist and any CWS SAFE Team member.

The SAFE program offers Choices and Change, a harm-reduction group designed to help students explore and discuss any concerns about their substance use and to provide them with information and tools to help make informed choices, and Recovery and Me, a forum where students who are seeking to bolster and maintain their recovery from substance abuse/dependence can seek support around and talk about what recovery means to them; Cannabis Harm-Reduction Support Group, a harm-reduction group designed to help students explore their cannabis (marijuana) use in a supportive, nonjudgmental environment; and Mindfulness-Based Relapse Prevention, a toolkit designed to bring practices of mindful awareness to relapse prevention.

**Programs & Activities without Substances (PAWS)** provides funding for student groups to sponsor substance-free activities at NYU. The central purpose of PAWS is to provide alternative, substance-free opportunities during weekends and other times of high alcohol and other drug consumption.

**RESOURCES FOR FACULTY AND STAFF**

NYU offers all employees access to the Carebridge Employee Assistance Program, which provides a range of support services, referrals to alcohol and substance abuse treatment. Emails regarding these services are sent to all employees multiple times, throughout the year.
ANNUAL DISCLOSURE OF CRIME STATISTICS

Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC § 1092(f)) requires colleges and universities across the United States to disclose information about crime on and around their campuses.

CRIME STATISTICS REPORTING

Statistics for this report are collected from a variety of sources, including:

1. Daily incidents reported to the NYU Department of Public Safety, including those made anonymously, regardless of whether there has been an adjudication of the matter;
2. Incidents reported to designated Campus Security Authorities, including those made anonymously, regardless of whether there has been an adjudication of the matter; and,
3. Crime information gathered from local law enforcement authorities.

REPORTING AREAS

NYU’s statistics include all reports of incidents that are alleged to have occurred in its on-campus and non-campus facilities, as well as crimes that occur on campus public property. Because NYU is an urban university with no walls around its campus, this poses the challenge of reporting crime incidents when, in most cases, these incidents are not on University property and do not involve members of the NYU community.

This Campus Security Report contains maps that show the campus area (as defined by the Higher Education Amendments of 1998), a list of non-campus facilities, and charts providing crime statistics from campus, non-campus, and public property areas. Each incident reported as having occurred in residence halls located on campus and in non-campus locations is listed under both the category of the geographic area and as residence halls in the geographic area.

On-Campus: NYU’s on-campus properties include facilities that fall within the borders of the on-campus map. On-campus properties also include facilities within one-mile of the campus center. These are owned and controlled (by lease or other written agreement) by NYU and are used primarily for supporting the University’s educational purposes.

Non-Campus: NYU’s non-campus properties include facilities that are owned or controlled (by lease or other written agreement) by the University and primarily used for University purposes, but are not defined as on-campus. These facilities include academic buildings, residence halls, and administrative buildings in New York City outside of Greenwich Village.

Public Property: This category includes all streets, sidewalks, and thoroughfares adjacent to on-campus facilities. For NYU, this means including sidewalks and streets that are traveled by thousands of New York City residents and tourists every day, as well as Washington Square Park, a public park that is visited by thousands of people each day. NYU shares responsibility with the NYPD for safety in all of these public places, but does not have jurisdiction over them. While this expanded area of reporting increases the number of incidents disclosed in NYU’s statistical reporting, only a very small percentage involve members of the NYU community.

DEFINITIONS OF REPORTABLE CRIMES

Murder/Manslaughter: The willful killing of one human being by another.

Negligent Manslaughter: The killing of another person through gross negligence.

Rape: Penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

Fondling: The touching of the private parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

Incest: Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory Rape: Sexual intercourse with a person who is under the statutory age of consent.

Affirmative Consent (as defined by the NYU Sexual Misconduct, Relationship Violence, and Stalking Policy): A knowing, voluntary, and mutual decision among all participants to engage in sexual activity. Affirmative consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant’s sex, sexual orientation, gender identity, or, gender expression.

Consent may be initially given, but withdrawn at any time. When consent is withdrawn or can no longer be given, sexual activity must cease. Prior consent does not imply current or future consent; consent to any sexual act or prior consensual sexual activity does not necessarily constitute consent to any other sexual act.

Domestic violence includes felony or misdemeanor crimes of violence committed by—

- A current or former spouse or intimate partner of the reporting party;
- By a person with whom the reporting party shares a child in common;
- By a person who is cohabitating with or has cohabitated with the reporting party as a spouse;
By a person similarly situated to a spouse of the reporting party under the domestic or family violence laws of the jurisdiction in which the crime occurred; or,

By any other person against an adult or youth who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime occurred.

**Dating violence:** Violence committed by a person who is or has been in a social relationship of a romantic or intimate relationship with the victim.

**Stalking:** Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for their safety or the safety of others or suffer substantial emotional distress.

**Robbery:** The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

**Aggravated Assault:** An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm.

**Burglary:** The unlawful entry of a structure to commit a felony or a theft.

**Motor Vehicle Theft:** The theft or attempted theft of a motor vehicle.

**Arson:** Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

**Hate Crimes:** The commission of any of the above listed crimes and the additional crime categories listed below that manifest evidence the victim was chosen because of the perpetrator’s bias against the victim.

**Larceny/Theft:** Includes, pocket picking, purse snatching, shoplifting, theft from building, theft from motor vehicle, theft of motor vehicle parts or accessories, and all other larceny.

**Simple Assault:** An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration or loss of consciousness.

**Intimidation:** To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct but without displaying a weapon or subjecting the victim to actual physical attack.

**Destruction/Damage/Vandalism or Property (except Arson):** To willfully or maliciously destroy, damage, deface or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

---

### CATEGORIES OF BIAS:

- **Race.** A preformed negative attitude toward a group of persons who possess common physical characteristics, e.g., color of skin, eyes, and/or hair; facial features, etc., genetically transmitted and heredity which distinguish them as a distinct division of humankind, e.g., Asians, blacks or African Americans, whites.

- **Religion.** A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being, e.g., Catholics, Jews, Protestants, atheists.

- **Sexual Orientation.** A preformed negative opinion or attitude toward a group of persons based on their actual or perceived sexual orientation. Sexual Orientation is the term for a person’s physical, romantic, and/or emotional attraction to members of the same and/or opposite sex, including lesbian, gay, bisexual, and heterosexual (straight) individuals.

- **Gender.** A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender (e.g., male or female).

- **Gender Identity.** A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender identity, e.g., bias against transgender or gender non-conforming individuals. Gender non-conforming describes a person who does not conform to the gender-based expectations of society, e.g., a woman dressed in traditionally male clothing or a man wearing makeup. A gender non-conforming person may or may not be a lesbian, gay, bisexual, or transgender person but may be perceived as such.

- **Ethnicity.** A preformed negative opinion or attitude toward a group of people whose members identify with each other, through a common heritage, often consisting of a common language, common culture (often including a shared religion) and/or ideology that stresses common ancestry. The concept of ethnicity differs from the closely related term “race” in that “race” refers to a grouping based mostly upon biological criteria, while “ethnicity” also encompasses additional cultural factors.

- **National Origin.** A preformed negative opinion or attitude toward a group of people based on their actual or perceived country of birth. This bias may be against people that have a name or accent associated with a national origin group, participate in certain customs associated with a national origin group, or because they are married to or associate with people of a certain national origin.

- **Disability.** A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments, whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced age or illness.
NEW YORK STATE LAW DEFINITIONS

CONSENT: Lack of consent results from: forcible compulsion; or incapacity to consent; or where the offense charged is sexual abuse or forcible touching, any circumstances, in addition to forcible compulsion or incapacity to consent, in which the victim does not expressly or impliedly acquiesce in the actor’s conduct. Where the offense charged is rape in the third degree, a criminal sexual act in the third degree, or forcible compulsion in circumstances under which, at the time of the act of intercourse, oral sexual conduct or anal sexual conduct, the victim clearly expressed that he or she did not consent to engage in such act, and a reasonable person in the actor’s situation would have understood such person’s words and acts as an expression of lack of consent to such act under all the circumstances. A person is incapable of consent when he or she is: less than 17 years old; or mentally disabled; or mentally incapacitated; or physically helpless; or committed to the care and custody of the state department of correctional services, a hospital, the office of children and family services and is in residential care, or the other person is a resident or inpatient of a residential facility operated by the office of mental health, the office for people with development disabilities, or the office of alcoholism and substance abuse services, and the actor is an employee, not married to such person, who knows or reasonably should know that such person is committed to the care and custody of such department or hospital.

DATING VIOLENCE: New York State does not specifically define “dating violence.” However, under New York Law, intimate relationships are covered by the definition of domestic violence when the act constitutes a crime listed elsewhere in this document and is committed by a person in an “intimate relationship” with the victim. See “Family or Household Member” for definition of “intimate relationship.”

DOMESTIC VIOLENCE: An act which would constitute a violation of the penal law, including, but not limited to acts constituting disorderly conduct, harassment, aggravated harassment, sexual misconduct, forcible touching, sexual abuse, stalking, criminal mischief, menacing, reckless endangerment, kidnapping, assault, attempted murder, criminal obstruction or breaching or blood circulation, or strangulation; and such acts have created a substantial risk of physical or emotional harm to a person or a person’s child. Such acts are alleged to have been committed by a family member. The victim can be anyone over the age of sixteen, any married person or any parent accompanied by his or her minor child or children in situations in which such person or such person’s child is a victim of the act.

FAMILY OR HOUSEHOLD MEMBER: Person’s related by consanguinity or affinity; Persons legally married to one another; Person formerly married to one another regardless of whether they still reside in the same household; Persons who have a child in common regardless of whether such persons are married or have lived together at any time; Unrelated persons who are continually or at regular intervals living in the same household or who have in the past continually or at regular intervals lived in the same household; Persons who are not related by consanguinity or affinity and who are or have been in an intimate relationship regardless of whether such persons have lived together at any time. Factors that may be considered in determining whether a relationship is an “intimate relationship” include, but are not limited to: the nature or type of relationship regardless of whether the relationship is sexual in nature; the frequency of interaction between the persons; and the duration of the relationship. Neither a casual acquaintance nor ordinary fraternization between two individuals in business or social contexts shall be deemed to constitute an “intimate relationship”; any other category of individuals deemed to be a victim of domestic violence as defined by the office of children and family services in regulation. Intimate relationship status shall be applied to teens, lesbian/gay/bisexual/transgender, and elderly individuals, current and formerly married and/or dating heterosexual individuals who were, or are in an intimate relationship.

PARENT: means natural or adoptive parent or any individual lawfully charged with a minor child’s care or custody.

SEXUAL ASSAULT: New York State does not specifically define sexual assault. However, according to the Federal Regulations, sexual assault includes offenses that meet the definitions of rape, fondling, incest, or statutory rape as used in the FBI’s UCR program.

SEX OFFENSES; LACK OF CONSENT: Whether or not specifically stated, it is an element of every offense defined in this article that the sexual act was committed without consent of the victim.

SEXUAL MISCONDUCT: When a person (1) engages in sexual intercourse with another person without such person’s consent; or (2) engages in oral sexual conduct or anal sexual conduct without such person’s consent; or (3) engages in sexual conduct with an animal or a dead human body.

RAPE IN THE THIRD DEGREE: When a person (1) engages in sexual intercourse with another person who is incapable of consent by reason of some factor other than being less than 17 years old; (2) Being 21 years old or more, engages in sexual intercourse with another person less than 17 years old; or (3) engages in sexual intercourse with another person without such person’s consent where such lack of consent is by reason of some factor other than incapacity to consent.

RAPE IN THE SECOND DEGREE: When a person (1) being 18 years old or more, engages in sexual intercourse with another person less than 15 years old, or (2) engages in sexual intercourse with another person who is incapable of consent by reason of being mentally disabled or mentally incapacitated. It is an affirmative defense to the crime of rape in the second degree the defendant was less than four years older than the victim at the time of the act.

RAPE IN THE FIRST DEGREE: When a person engages in sexual intercourse with another person (1) by forcible compulsion; or (2) Who is incapable of consent by reason of being physically helpless; or (3) who is less than 11 years old; or (4) who is less than 13 years old and the actor is 18 years old or more.
CRIMINAL SEXUAL ACT IN THE FIRST DEGREE: When a person engages in oral or anal sexual conduct with another person (1) by forcible compulsion; (2) who is incapable of consent by reason of being physically helpless; (3) who is less than 11 years old; or (4) who is less than 13 years old and the actor is 18 years old or more.

CRIMINAL SEXUAL ACT IN THE SECOND DEGREE: When a person engages in oral or anal sexual conduct with another person (1) is 18 years or more and the other person is less than 15 years old; or (2) who is incapable of consent by reason of being mentally disabled or mentally incapacitated. It is an affirmative defense that the defendant was less than four years older than the victim at the time of the act.

CRIMINAL SEXUAL ACT IN THE FIRST DEGREE: When a person engages in oral or anal sexual conduct with another person (1) by forcible compulsion; (2) who is incapable of consent by reason of being physically helpless; (3) who is less than 11 years old; or (4) who is less than 13 years old and the actor is 18 years old or more.

FORCIBLE TOUCHING: When a person intentionally, and for no legitimate purpose, forcibly touches the sexual or other intimate parts of another person for the purpose of degrading or abusing such person; or for the purpose of gratifying the actor’s sexual desire. It includes squeezing, grabbing, or pinching.

PERSISTENT SEXUAL ABUSE: When a person commits a crime of forcible touching, or second or third degree sexual abuse within the previous ten year period, has been convicted two or more times, in separate criminal transactions for which a sentence was imposed on separate occasions of one of the above mentioned crimes or any offense defined in this article, of which the commission or attempted commissions thereof is a felony.

SEXUAL ABUSE IN THE THIRD DEGREE: When a person subjects another person to sexual contact without the latter’s consent. For any prosecution under this section, it is an affirmative defense that (1) such other person’s lack of consent was due solely to incapacity to consent by reason of being less than 17 years old; and (2) such other person was more than 14 years old and (3) the defendant was less than five years older than such other person.

SEXUAL ABUSE IN THE SECOND DEGREE: When a person subjects another person to sexual contact and when such other person is (1) incapable of consent by reason of some factor other than being less than 17 years old; or (2) less than 14 years old.

SEXUAL ABUSE IN THE FIRST DEGREE: When a person subjects another person to sexual contact (1) by forcible compulsion; (2) when the other person is incapable of consent by reason of being physically helpless; or (3) when the other person is less than 11 years old; or (4) when the other person is less than 13 years old.

AGGRAVATED SEXUAL ABUSE: For the purposes of this section, conduct performed for a valid medical purpose does not violate the provisions of this section.

AGGRAVATED SEXUAL ABUSE IN THE FOURTH DEGREE: When a person inserts a (1) foreign object in the vagina, urethra, penis or rectum of another person and the other person is incapable of consent by reason of some factor other than being less than 17 years old; or (2) finger in the vagina, urethra, penis, rectum or anus of another person causing physical injury to such person and such person is incapable of consent by reason of some factor other than being less than 17 years old.

AGGRAVATED SEXUAL ABUSE IN THE THIRD DEGREE: When a person inserts a foreign object in the vagina, urethra, penis, rectum or anus of another person (1)(a) by forcible compulsion; (b) when the other person is incapable of consent by reason of being physically helpless; or (c) when the other person is less than 11 years old; or (2) causing physical injury to such person and such person is incapable of consent by reason of being mentally disabled or mentally incapacitated.

AGGRAVATED SEXUAL ABUSE IN THE SECOND DEGREE: When a person inserts a finger in the vagina, urethra, penis, rectum or anus of another person causing physical injury to such person by (1) forcible compulsion; or (2) when the other person is incapable of consent by reason of being physically helpless; or (3) when the other person is less than 11 years old.

AGGRAVATED SEXUAL ABUSE IN THE FIRST DEGREE: When a person subjects another person to sexual contact: (1) By forcible compulsion; or (2) when the other person is incapable of consent by reason of being physically helpless; or (3) when the other person is less than eleven years old; or (4) when the other person is less than thirteen years old and the actor is twenty-one years old or older.

COURSE OF SEXUAL CONDUCT AGAINST A CHILD IN THE SECOND DEGREE: When over a period of time, not less than three months, a person: (1) Engages in two or more acts of sexual conduct with a child less than 11 years old; or (2) being 18 years old or more engages in two or more acts of sexual conduct with a child less than 13 years old. A person may not be subsequently prosecuted for any other sexual offense involving the same victim unless the other charges offense occurred outside of the time period charged under this section.

COURSE OF SEXUAL CONDUCT AGAINST A CHILD IN THE FIRST DEGREE: When a person over a period of time, not less than three months in duration, a person: (1) Engages in two or more acts of sexual conduct, or aggravated sexual contact with a child less than 11 years old; or (2) being 18 years old or more engages in two or more acts of sexual conduct which includes at least one act of sexual intercourse, oral sexual conduct, anal sexual conduct, or aggravated sexual contact with a child less than 13 years old.

FACILITATING A SEX OFFENSE WITH A CONTROLLED SUBSTANCE: A person is guilty of facilitating a sex offense with a controlled substance when he or she: (1) knowingly and unlawfully possesses a controlled substance or any preparation, compound, mixture or substance that requires a prescription to obtain and administers such substance or preparation, compound, mixture or
INCEST IN THE THIRD DEGREE: A person is guilty of incest in the third degree when he or she marries or engages in sexual intercourse, oral sexual conduct or anal sexual conduct with a person whom he or she knows to be related to him or her, whether through marriage or not, as an ancestor, descendant, brother or sister of either the whole or the half blood, uncle, aunt, nephew or niece.

INCEST IN THE SECOND DEGREE: A person is guilty of incest in the second degree when he or she commits the crime of rape in the second degree, or criminal sexual act in the second degree, against a person whom he or she knows to be related to him or her, whether through marriage or not, as an ancestor, descendant, brother or sister of either the whole or half blood, uncle, aunt, nephew or niece.

INCEST IN THE FIRST DEGREE: A person is guilty of incest in the first degree when he or she commits the crime of rape in the first degree, or criminal sexual act in the first degree, against a person whom he or she knows to be related to him or her, whether through marriage or not, as an ancestor, descendant, brother or sister of either the whole or half blood, uncle, aunt, nephew or niece.

STALKING IN THE FOURTH DEGREE: When a person (1) Repeatedly commits acts over a period of time intentionally placing such person who is under the age of fourteen or engages in a course of conduct or attempting to place such person who is under the age of fourteen under the age of fourteen or engages in a course of conduct or repeatedly commits acts over a period of time intentionally placing such person who is under the age of fourteen or engages in a course of conduct or repeatedly commits acts over a period of time intentionally placing such person who is under the age of fourteen under the age of fourteen; (2) Causes material harm to the physical health, safety or property of such person, a member of such person’s immediate family or a third party with whom such person is acquainted; or (3) Causes material harm to the mental or emotional health of such person, where such conduct consists of following, telephoning or initiating communication or contact with such person, a member of such person’s immediate family or a third party with whom such person is acquainted, and the actor was previously clearly informed to cease that conduct; or (3) is likely to cause such person to reasonably fear that his or her employment, business or career is threatened, where such conduct consists of appearing, telephoning or initiating communication or contact at such person’s place of employment or business, and the actor was previously clearly informed to cease that conduct.

STALKING IN THE THIRD DEGREE: When a person (1) Commits the crime of stalking in the third degree against any person in three or more separate transactions, for which the actor has not been previously convicted; or (2) Commits the crime of stalking in the fourth degree against any person, and has previously been convicted, within the preceding ten years of a specified predicate crime and the victim of such specified predicate crime is the victim, or an immediate family member of the victim, of the present offense; or (3) With intent to harass, annoy or alarm a specific person, intentionally engages in a course of conduct directed at such person which is likely to cause such person to reasonably fear physical injury or serious physical injury, the commission of a sex offense against, or the kidnapping, unlawful imprisonment or death of such person or a member of such person’s immediate family; or (4) Commits the crime of stalking against, or the kidnapping, unlawful imprisonment or death of such person or a member of such person’s immediate family; or (5) Commits the crime or stalking in the fourth degree and has previously been convicted within the preceding ten years of stalking in the fourth degree.

STALKING IN THE SECOND DEGREE: When a person: (1) Commits the crime of stalking in the third degree and in the course of and furtherance of the commission of such offense: (a) Displays, or possesses and threatens the use of, a firearm, pistol, revolver, rifle, sword, billy, blackjack, bludgeon, plastic knuckles, metal knuckles, chukka stick, sand bag, sand club, slingshot, shuriken, “Kung Fu Star,” dagger, dangerous knife, dirk, razor, stiletto, imitation pistol, dangerous instrument, deadly instrument or deadly weapons; or (b) Displays a course of conduct directed at a specific person, and knows or reasonably should know that such conduct (1) Is likely to cause reasonable fear of material harm to the physical health, safety or property of such person, a member of such person’s immediate family or a third party with whom such person is acquainted; or (2) Causes material harm to the mental or emotional health of such person, where such conduct consists of following, telephoning or initiating communication or contact with such person, a member of such person’s immediate family or a third party with whom such person is acquainted, and the actor was previously clearly informed to cease that conduct; or (3) Is likely to cause such person to reasonably fear that his or her employment, business or career is threatened, where such conduct consists of appearing, telephoning or initiating communication or contact at such person’s place of employment or business, and the actor was previously clearly informed to cease that conduct.

STALKING IN THE FIRST DEGREE: When a person commits the crime of stalking in the third degree or stalking in the second degree and, in the course and furtherance thereof, him or her intentionally or recklessly causes physical injury to the victim of such crime.

**FOOTNOTES:**
- Campus residence halls statistics are a subset of the overall on-campus totals.
- Non-campus residence halls statistics are a subset of the overall non-campus totals.
- Totals reflect on-campus, non-campus, and public property statistics.
- In 2017, there were no hate crimes. In 2018 there was one nationality-intimidation incident at an on-campus residence hall, one gender identification-criminal mischief incident at an on-campus residence hall, and two nationality-intimidation incidents on public property. In 2019, there was one nationality-intimidation incident on public property.
- These statistics capture reports of allegations of the types listed above [including anonymous reports] that have been collated for the purpose of this report. These statistics do not represent findings of any University investigative or judicial processes.
WASHINGTON SQUARE CAMPUS MAP

EMERGENCY CALL BOX LOCATIONS

For immediate communication with the NYU Department of Public Safety, use one of the emergency call boxes at these locations:

- Furman Hall, 245 Sullivan St.
- Houston Street Garage (1/2 block west of Mercer St.)
- NYU Mail Services, 547 LaGuardia Pl.
- Schwartz Plaza at Shimkin Hall Entrance (Wash. Sq. So.)
- Silver Center, 31 Washington Pl.
- University Hall (rear, E. 13th St.) [Not on map]
- Warren Weaver Hall (West 4th St., Gould Plaza)
- Washington Square Village (at playground)
- Washington Square Village (at Mercer St.)
- Washington Square Village (on 3rd St.)
- Washington Square Village (at Wooster St.)
- Waverly Place (between Broadway and Mercer St.)
- Weinstein Hall (rear, at Greene St.)
- 111 Second Ave. (front, Tisch School of the Arts) [Not on map]
- 6 Washington Square North
- 237 Thompson St. (between Wash. Sq. So. and W. 3rd St.)
- 238 Thompson St. (at Wash. Sq. So.)
- 240 Mercer St. (West 3rd St. & Bleecker St.)
NEW YORK UNIVERSITY ON-CAMPUS BUILDINGS KEY

Buildings listed in green type are Green Light Buildings where NYU security officers are posted 24 hours a day. Most of these buildings can be quickly identified by the green light located at the main entrances. All Green Light Buildings are wheelchair accessible. A complete list of both on-campus and off-campus Green Light Buildings appears at left.

**Footnotes:**
- Campus residence halls statistics are a subset of the overall on-campus totals.
- There were no non-campus residence halls in 2017, 2018, and 2019.
- Totals reflect on-campus, non-campus, and public property statistics.
- In 2017, 2018, and 2019 there were no hate crimes.
- These statistics capture reports of allegations of the types listed above [including anonymous reports] that have been collated for the purpose of this report. These statistics do not represent findings of any University investigative or judicial processes.
ANNUAL FIRE SAFETY REPORT
The Higher Education Opportunity Act enacted on August 14, 2008, requires institutions that maintain on-campus student housing facilities to publish an annual fire safety report that contains information about campus fire safety practices and standards of the institution. The following report details all information required by this act for NYU.

DEFINITIONS
The following terms are used within this report. Definitions have been obtained from the Higher Education Opportunity Act:

On-Campus Student Housing: A student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within a reasonable contiguous area that makes up the campus.

Fire: Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

Smoke Detector: A device intended to sound an audible alarm upon sensing products of combustion. A smoke detector may also activate a visible signal and may sound locally or transmit a signal to a central station.

Sprinklered Building: A building in which all parts including dwelling units, common areas, refuse chutes and utility rooms are protected by an automatic wet sprinkler system.

Partially Sprinklered Building: Buildings in which only select areas are protected by an automatic wet sprinkler system.

Smoke Detector: A device intended to sound an audible alarm upon sensing products of combustion. A smoke detector may also activate a visible signal and may sound locally or transmit a signal to a central station.

Fire Drill: A supervised and scheduled orderly evacuation of faculty, students and staff from a facility for the purpose of ensuring the safety of occupants during an actual emergency. Fire Drills are conducted at various times throughout the year to provide occupants familiarization with a facility’s fire safety features and avenues of egress.

Fire Log: A bound log intended to chronologically record any occurrence of fire within an on-campus student housing facility. The log shall record the time and date that a fire occurred, as well as the general location and nature of the fire. The most recent seven (7) days of recordings must be readily available for review. The most recent sixty (60) days of recordings must be available for review within two (2) business days of the request.

Fire-related death: Any death occurring as a direct result of a fire occurring in an on-campus student housing facility, including any individual who dies within one (1) year of such incident.

Fire-related injury: Any injury sustained as a direct result of a fire occurring in an on campus housing facility, which, as a result, requires medical treatment at a medical facility.

Fire Safety system: Any devices, systems or combinations of systems designed and intended to detect fire, and activate alarms, and suppress, or control fires. Such systems may include smoke detectors, heat detectors, sprinklers, or other similar systems.

Property Loss: Any damage to the structure and contents of an on campus housing facility as a direct result of an occurrence of a fire therein. Included in any assessment shall be any damage resulting from fire suppression efforts.

RESIDENCE HALL FIRE DRILLS

STUDENT HOUSING EVACUATION AND DRILLS
Residents receive residence hall specific information about fire safety and evacuation procedures at the beginning of each term from the Office of Residential Life and Housing Services.

The following evacuation procedures are posted on the back of all apartment entry doors:

In the event of a fire, remain calm. Notify the fire department and follow the directions of Fire Department personnel. If you must take immediate action, use your judgment as to the safest course of action, guided by the following information:

If The Fire Is In Your Apartment
• Close the door to the room where the fire is located and leave the apartment.
• Make sure EVERYONE leaves the apartment with you.
• Take your keys.
• Close the entrance door as you exit, but do not lock.
• Alert people on your floor by knocking on doors on your way to the exit.
• Use the nearest stairway to leave the building.

DO NOT USE THE ELEVATOR
• Call 911 once you reach a safe location. Do not assume the fire has been reported unless firefighters are on the scene.
• Meet the members of your household at a pre-determined location outside the building. Notify responding emergency personnel if anyone is unaccounted for.

If The Fire Is Not In Your Apartment
• Stay inside your apartment and listen for instructions from firefighters, unless conditions become dangerous.
• If you must exit your apartment, first feel your apartment door and doorknob with the back of your hand. If they are not hot, open the door slightly to check if there is any flame or smoke in the hallway.
• If you can safely exit your apartment, follow the instructions for a “fire in your apartment.”
• If you cannot safely exit your apartment or building, call 911 or the Fire Department Dispatcher and inform them of your situation. Provide the address, floor, apartment number, and the number of persons present.
• Seal the front door with wet sheets or towels. Seal air ducts and any other openings where smoke may enter.

• Open windows a few inches at the top and bottom unless flames or smoke is coming from below.

• Do not break any windows; they may need to be closed later.

• If conditions in the apartment appear life threatening, open a window and wave a bed sheet or towel side-to-side to attract the attention of firefighters.

• If smoke conditions worsen before help arrives, get down on the floor and take short breaths through your nose. If possible, retreat to a balcony or terrace away from the source of the flames, heat or smoke.

FIRE DRILLS
University policy requires building occupants to evacuate the building in the event of fire alarms/emergencies. To facilitate reinforcement of this requirement, NYU Environmental Health and Safety, in partnership with the Department of Public Safety and NYU Facilities and Construction Management, organize fire drills throughout the year to train the building occupants about the applicable evacuation procedures, in Academic and Administrative Buildings and the Residence Halls.

DESCRIPTION OF ON-CAMPUS STUDENT HOUSING FIRE SAFETY SYSTEMS—RESIDENCE HALLS/APARTMENTS
NYU facilities comply with the local fire safety requirements and with NYU safety policies. Each building holds an up-to-date fire certificate from local authorities and all the equipment is inspected and maintained regularly by security guards in accordance with applicable requirements.

The Residence Halls have a variety of fire safety systems:

• Central fire alarm systems complete with smoke detectors throughout the building and within each resident’s room.

• Automatic wet sprinklers in all public corridors and all resident’s rooms.

• Portable fire extinguishers throughout the building.

• Illuminated signage identifying exit routes, specific exit routes for each room, and push-bar device for all exit doors.

• All exit doors are installed with the push-bar devices with evacuation route charts are placed within each room.

• Monthly inspection of fire protection facilities and suppression equipment.

• Fire drills conducted throughout the year.

Please see the table below for a list of all student residence halls and their fire safety systems, including fire detection and suppression systems, and fire drills conducted.

31 **NYU 2020 ANNUAL SECURITY AND FIRE SAFETY REPORT**
**FIRE SAFETY POLICIES**

NYU takes Fire Safety very seriously and continues to enhance its programs to NYU community through education, engineering, and enforcement. Educational programs are presented throughout the year to faculty, staff, and students so they are aware of the rules and safe practices. These programs, which are available at all campus locations, include identification and prevention of fire hazards, actual building evacuation procedures and drills, specific occupant response to fire emergencies and hands-on use of fire extinguishers.

All NYU residence halls have emergency evacuation plans and conduct fire drills once a semester to allow occupants to become familiar with and practice their evacuation skills.

NYU has been a leader in ensuring the safety of students, faculty, staff and visitors who live and work in NYU operated residences. Automatic sprinkler systems and fire alarm systems are recognized engineered building features that help to provide for a fire safe living environment. All NYU operated residence halls and apartments are provided with automatic sprinkler systems, smoke detectors, and building fire alarm systems to provide early detection and warning of a possible fire emergency. Additionally, Food Service staff members at NYU are trained annually on hands-on use of fire extinguishers and emergency procedures in the event of a fire.

NYU maintains and tests all fire alarms and automatic fire suppression systems in accordance with the appropriate National Fire Protection Association Standard to insure system readiness and proper operation in the event of a fire emergency.

**PORTABLE ELECTRICAL APPLIANCES**

Electric heaters, air conditioners, hot plate burners, and Halogen lighting equipment are prohibited in residence halls.

**SMOKING**

Smoking is prohibited in all areas of all University residence halls. Smoking devices, including, but not limited to, pipes, bongs, and hookahs, are not permitted in the residence halls.

**OPEN FLAME**

Candles, incense, outdoor grills, or any other type of open flame or open coil device are prohibited in all University residence halls.

**FIRE SAFETY EDUCATION AND TRAINING PROGRAMS FOR STUDENTS, FACULTY AND STAFF**

**POLICIES FOR FIRE SAFETY EDUCATION AND TRAINING PROGRAMS**

NYU believes it is extremely important that residents familiarize themselves and their guests with all applicable fire safety procedures in their assigned building. Students are educated on the Fire Safety Plan for their residence halls and New York University Safety Plans within the first ten days of each semester. This training is done by Resident Assistants. Residents who fail to comply fully with applicable fire safety procedures or who otherwise violate rules and regulations related to fire safety are subject to disciplinary action. Students who fail to abide by building emergency evacuation procedures are subject to disciplinary action. In general, residents are expected to maintain reasonable standards of cleanliness to avoid fire hazards and must not obstruct sidewalks, entrances, passages, fire escapes, elevators, lobbies, stairways, corridors, or halls with personal property. The following items are prohibited in the residence halls and will be confiscated:

- Flammable decorations
- Natural or artificial evergreens
- Electric heaters, air conditioners, hot plate burners
- Halogen lighting equipment
- Candles, incense, outdoor grills, or any other type of open flame or open coil device
- Explosives, fireworks, firearms, or ammunition

Students found in possession of prohibited items or who fail to evacuate during a drill or emergency are subject to disciplinary action and referral to a fire safety education workshop.

CRIME PREVENTION TIPS
While the NYU campus is a reasonably safe environment, crimes do occur. In addition to the Clery Act crime statistics, other common crimes that occur on campus are outlined below:

THEFT
Theft is a common occurrence on college campuses. Oftentimes this is due to the fact that theft is a crime of opportunity. Confined living arrangements, recreation facilities, and many open classrooms and laboratories provide thieves with effortless opportunities. Occupants of the residence halls often feel a sense of security and home atmosphere and become too trusting of their peers, while others leave classrooms and laboratories unlocked when not occupied for short periods of time.

It is important to be very vigilant when it comes to suspicious persons. Never leave items and valuables lying around unsecured. Doors should be locked at all times. The following is a list of suggestions to help you avoid becoming the victim of theft:
- Keep doors to residence halls, labs, classrooms locked when not occupied
- Don’t provide access to unauthorized persons in buildings or classrooms
- Do not keep large amounts of money with you.
- Lock all valuables, money, jewelry, checkbooks in a lock box or locked drawer
- Keep a list of all valuable possessions including the makes, models, and serial numbers
- Take advantage of the Engraving Programs to have all valuables engraved with specific identifying marks
- Don’t leave laptop computers or textbooks unattended in labs or libraries, even if it is for a short period of time
- Don’t lend credit cards or identification cards to anyone
- Report loitering persons or suspicious persons to Public Safety immediately; don’t take any chances

IDENTITY THEFT
Identity theft is a crime in which someone wrongfully obtains and uses another person’s personal information in ways that involve fraud or deception, typically for economic gain. This personal data could be a Social Security number, bank account, or credit card information.

Persons involved in identity theft often use computers or other forms of media to assist them.

There are measures you can take to prevent this from happening to you:
- Do not give anyone your personal information unless there is a reason to trust them and the release is for good reason.
- Never give your credit card information, date of birth, or other information over the telephone, unless you can confirm the person receiving that information.
- Complete a credit check frequently to assure there is no suspicious activity.
- Examine financial information often to assure all transactions are authorized and accounted for.
- Use of computer security software on computers and installation of firewalls are good.

ABOUT CAMPUS SECURITY

ROLE, AUTHORITY AND TRAININGS

NYU Langone Health Campus Security is responsible for the safety of all patients, visitors, students and staff at NYU Langone administrative buildings and residence halls owned and operated by NYU.

NYU Langone Health Campus Security Officers are all New York State-certified security guards. As such, their authority to reasonably detain individuals suspected of criminal activity on University property is the same as the authority of any property owner or property owner’s designee. Security Officers have jurisdiction only when on or in NYU Langone Health property or facilities. Security Officers employ the authority of any citizen and may employ citizen’s arrest procedures only as appropriate and necessary.

Services available by Campus Security include:

Access Cards
Access Cards provide an electronic means of controlling access to specified areas within NYU Langone Health via the use of card readers. The security system integrates the ID cards of all active employees with the access card system. Access to specific areas controlled by card readers requires approval from department heads. Employees should not give their ID/Access card to anyone else to use at any time. Please report a lost, stolen and or misplaced ID/Access card to Langone Health Campus Security as soon as possible, so it can be deleted from the system database, preventing any unauthorized use of the card.

Security Van Service
From 11 pm to 7 am daily, Security operates a van and provides a safety escort to the VA on 23rd street, as well as mass transit hubs including Grand Central Station and Penn Station. Please call the Operations Center at x73000 or (212) 263-5120 to coordinate pick-up and drop-off locations 15 minutes before you plan to depart an NYU Langone facility.

Security Escort Service
Campus Security encourages everyone to use the buddy system when walking along city streets as there is safety in numbers. Additionally, a security escort service is available to accompany students, residents, faculty, and staff if they are in a quiet or isolated area of the NYU Langone Medical Center, or simply do not feel safe walking on the street for any reason.
Additionally, if community members are traveling either to or from a facility that is adjacent to, or nearby the NYU Langone Medical Center (such as Bellevue Hospital, Alexandria Center, the Translational Research Building, or the residence halls), a uniformed security officer can meet them at your location and walk with them to their destination. While security escorts are available 24 hours a day, seven days a week, the service is most often requested after hours, when it is dark outside.

To use this service, please call 15 minutes before you wish to leave. Call (212) 263-5120 and Security will arrange for an officer to meet your request at a specified location, such as the main lobby of the building you are in. In rare cases, depending on staffing and workflow, it may take the escort longer than 15 minutes to arrive at the meeting place, but typically, an officer will be available if you call ahead.

WORKING RELATIONSHIP WITH LOCAL, STATE, AND FEDERAL LAW ENFORCEMENT AGENCIES

Campus Security maintains professional relationships with local, state, and federal law enforcement agencies. As a part of this relationship, NYU Langone Health contracts New York City Police Department (NYPD) paid detail officers daily to be present at NYU Langone Health and to liaise with NYPD as necessary. New York University holds a Memorandum of Understanding with the NYPD that outlines the scope of actions necessary to respond to and report crime on campus.

CRIMES INVOLVING STUDENT ORGANIZATIONS AT OFF-CAMPUS LOCATIONS

Local Police Agencies are asked to report any criminal activity involving students or personnel at off-campus locations to NYU Langone Health Campus Security. In addition, students report to NYU Langone Health Campus Security crimes occurring off-campus and NYU Langone Health Campus Security in turn offers assistance and support to students who choose to report to NYPD, whether as a victim or a witness.

REPORTING CRIMES AND OTHER EMERGENCIES

REPORTING TO NYU LANGONE HEALTH CAMPUS SECURITY

NYU Langone Health community members should promptly report all incidents to NYU Langone Health Campus Security, regardless of whether the incident occurred on or off campus. NYU Langone Health Campus Security facilitates the reporting of crimes to local law enforcement agencies and provides other resources to victims, notifying University Officials of serious incidents and other emergencies.

Reports can be filed with NYU Langone Health Campus Security 24 hours a day, 7 days a week via telephone at 212-263-5120, or in person, at 530 First Avenue, First Floor, HCC-102D.

Whether reports are received by NYU Langone Health Campus Security or by a Campus Security Authority (CSA), victims are referred to the appropriate offices or agencies on and off-campus, including law enforcement, counseling and wellness, medical services, Title IX Coordinator and/or student affairs.

EMERGENCY CALL BOXES

For immediate communication with the NYU Department of Public Safety or the NYU Langone Health Campus Security Department, use one of the emergency call boxes located around the campus. Call box locations are illustrated on the NYU Grossman School of Medicine map, available in this report. The 7 boxes placed around campus provide a link to safety along well-traveled routes to, from, and within the NYU area.

Box Features:

- One button triggers an immediate response from the 24/7/365 Public Safety command center or the NYU Langone Health Security Center
- A strobe light flashes when emergency button is pushed
- A blue light at the top of the box illuminates the surrounding area
- Two-way communication allows our Public Safety Officer or Campus Security Officer to speak directly with you
- NYU-distinct branding highlights the boxes against the New York City streetscape

You should push the emergency button if:

- You feel unsafe on campus.
- You feel your safety is being threatened.
- You feel as if you’re being followed.
- You’re experiencing an emergency.
- Your phone has died and you have an emergency.

What will happen when you push the emergency button?

- The emergency call box strobe light will flash, further illuminating the area.
- A member of the NYU Public Safety team or the NYU Langone Health Campus Security team will answer your call and assist you in an emergency. The teams are available 24/7/365.

CALL BOXES ARE AT THE FOLLOWING LOCATIONS

- Greenberg Hall (front, First Avenue)
- Smilow Research Center (rear, FDR drive)
- Vilcek Hall (rear, 25th Street)
- 334 East 26th Street (front, 25th Street)
- Public Health Building (corner, 25th Street and First Avenue)
- Public Health Building (side, First Avenue)
- 30th Street (north side, midway between First Avenue and the FDR service road)
REPORTING TO OTHER CAMPUS SECURITY AUTHORITIES

While NYU prefers that community members promptly report all crimes and other emergencies directly to Campus Security, we also recognize that some may prefer to report to other individuals or offices within the University. The Clery Act recognizes certain NYU officials and offices as “Campus Security Authorities” (CSAs). The Act defines these individuals as an “official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.” Campus Security reviews all crimes reported for timely warnings, includes the reported crime in the daily Crime Log and reflects reported Clery crimes in the annual statistical disclosure.

PASTORAL AND PROFESSIONAL COUNSELORS

According to the Clery Act, pastoral and professional counselors who are appropriately credentialed and hired by NYU to serve in a counseling role are not considered Campus Security Authorities when they are acting in the counseling role. As a matter of policy, NYU encourages pastoral and professional counselors to notify individuals whom they are counseling of the voluntary, anonymous reporting options available to them.

TIMELY WARNING NOTIFICATIONS – SAFETY ALERTS

Timely Warning Notifications are administered via the Broadcast Notification System for all employees, students, and faculty. The Broadcast Notification System is used to send mass emails for serious crimes or crime patterns. Campus Security, in consultation with Emergency Management staff, administrative executives, and telecommunication operations, initiates mass notifications, according to the appropriate segment or segments of the campus, and with appropriate content, including recommendations to shelter in place, evacuate a facility, avoid portions of the campus, or other actions.

EMERGENCY MANAGEMENT AT NYU LANGONE HEALTH

The Department of Emergency Management + Enterprise Resilience (EM+ER) within the Office of the Chief of Staff is responsible for emergency management activities across NYU Langone Health. The department is led by the Senior Director with a Director and two managers and consists of nine full-time and three part-time employees. EM+ER staff hold a wide-range of public safety credentials including IAEM Certified Emergency Manager®, FEMA Master Exercise Practitioner, and DRII Certified Business Continuity Professional. In addition, many of the EM+ER staff are current or former EMT/paramedics, firefighters, and/or police officers. The Enterprise-wide Emergency Operations Plan (EOP) for NYU Health, including the Grossman School of Medicine, is the foundational document for the NYU Langone Health Emergency Preparedness Program. The purpose of the EOP is to describe the doctrine, structure, processes, roles, and responsibilities that comprise the Emergency Preparedness Program. It was developed based on facility- and community-based risk assessments to anticipate and address, patient, staff, students, faculty, and community needs and support business continuity operations.

The Emergency Operations Plan is an “all-hazards” plan supported by a suite of documents, including hazard-specific and functional annexes and appendices. It is administered by EM+ER and is operationalized in an emergency by the NYU Langone Health Incident Command System or “NICS”. More so, the Emergency Operations Plan is aligned with contemporary standards and regulatory requirements from federal, state, and local authorities, including The Joint Commission, the Centers for Medicare and Medicaid Services, the Commission on Accreditation of Rehabilitation Facilities, and the Federal Emergency Management Agency.

When activated for an emergency or disaster, NICS convenes within the Emergency Operations Center to gain situational awareness as well as determine strategic and operational priorities.

EMERGENCY PREPAREDNESS PROGRAM

NYU Langone Health is committed to providing a safe and secure environment across the enterprise for all patients, employees, visitors, students, faculty, and staff through proactive, risk-based emergency preparedness initiatives. Departments from across the enterprise participate in emergency preparedness initiatives to increase the overall preparedness of all stakeholders and to ensure that everyone is aware of resources available to them to educate, train, and support a safe and secure environment. Emergency preparedness initiatives include:

- Active Shooter Training and Exercises
- Evacuation Training and Exercises
- Mass Notification Training and Exercises
- Disaster Volunteer Program

EMERGENCY MANAGEMENT EXERCISES

Each year, EM+ER conducts scheduled discussion-based (e.g. tabletop exercises) and operations-based (e.g. drill, functional, full-scale) exercises with stakeholders from across the enterprise on a variety of timely scenarios designed for evaluation of emergency plans and capabilities. Exercises and subsequent reviews follow the FEMA Homeland Security Exercise and Evaluation Program methodology to ensure that they are meaningful opportunities to better understand the progress of preparedness activities. Emergency response and evacuation procedures are publicized via email and intranet to the community in conjunction with one test per calendar year. All exercises are documented with description, date, time and whether the exercise was announced or unannounced by Environmental Health & Safety and/or Emergency Management.
NYU's Response to Sexual and Gender Violence

NYU Grossman School of Medicine and NYU Long Island School of Medicine (collectively referred to herein as "Schools of Medicine") are committed to providing a safe environment for both students and employees as described in the Sexual Misconduct, Relationship Violence, and Stalking Policy and Procedure for NYU Grossman School of Medicine and NYU Long Island School of Medicine. The policy prohibits sexual misconduct, including sexual assault and sexual exploitation, as well as relationship violence (dating and domestic violence), stalking, and retaliation against individuals who have made good faith reports of such prohibited conduct.

The Schools of Medicine educate community members on issues of sexual assault, relationship violence, and stalking; and pursue disciplinary action against those who engage in acts of sexual assault, relationship violence, stalking, or retaliation. Students or employees who are determined by the Schools of Medicine to have committed an act of sexual assault, relationship violence, stalking, or retaliation, in violation of Schools of Medicine policies are subject to sanctions, up to and including separation from the Schools of Medicine.

The Schools of Medicine offer resources for both students and employees, whether as complainants or respondents, to provide support and guidance throughout the investigation and resolution of reported prohibited conduct. The Schools of Medicine will provide reasonably available supportive measures to a Complainant, and where applicable, to a Respondent. Supportive measures are non-disciplinary and non-punitive. Supportive measures and accommodations, which may be temporary or permanent, may include counseling, extensions of deadlines, modifications of work or class schedules, campus escort services, restrictions on contact between the parties (no contact orders), changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The Schools of Medicine will provide written notification to students and employees containing a statement of applicable rights and options for existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services both at the NYU Schools of Medicine and within the larger community.

Students may refer to the Sexual Misconduct, Relationship Violence, and Stalking Resource Guide for Students at https://med.nyu.edu/education/md-degree/sites/default/files/pdf/nyugsom-student-handbook-sexual-misconduct-resources.pdf and third parties may contact the NYU Langone Health Title IX Coordinator.

Emergency Notifications

EM+ER, in partnership with NYU Langone Health Telecommunications, will, without delay, notify the campus community upon confirmation by designated university leadership or EM+ER personnel of an emergency or dangerous situation, and, when, in the professional judgment of EM+ER, such notification will not compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency. Notification is administered via the mass notification system, Send Word Now ("SWN") for all employees, students, and faculty. SWN is used to send mass emails, calls and text messages for any incident or event that may impact the enterprise, including weather-related emergencies, mass transit disruptions, and life-threatening situations such as active shooters. EM+ER emergency managers, in consultation with Security staff, administrative executives, and telecommunication operations, initiates mass notifications, according to appropriate segment or segments of the campus, and with appropriate content, including recommendations to shelter in place, evacuate a facility, avoid portions of the campus, or other actions.

Security of and Access to NYU Langone Health Facilities

NYU Langone Health Campus Security has incorporated a program of integrated safety equipment and infrastructure within its facilities providing safety and security to the NYU community. Services provided to protect the NYU community include electronic card readers for access control to various areas of the campus; video surveillance systems in several indoor and outdoor locations; panic alarm buttons at various locations within medical facilities; emergency call boxes; and posted Campus Security Officers, contracted NYPD paid detail and/or other contracted personnel at select administrative and educational spaces as well as medical facilities. Residence halls are staffed around the clock with Campus Security Officers or other contracted personnel. There are no officially recognized student organizations with off campus housing facilities.

If the NYPD is contacted regarding off campus criminal activity involving students from the NYU Grossman School of Medicine or Sackler Institute, it may notify Campus Security. However, there is no official NYPD policy requiring such notification. Students suspected and/or accused in these cases may be subject to arrest by the NYPD and to University student disciplinary hearings.

Maintenance of Campus Facilities

NYU facilities are maintained in a manner that minimizes hazardous conditions. Campus Security personnel regularly patrol the campus and report malfunctioning lights and other unsafe physical conditions. Notification is provided to the appropriate facilities personnel for corrective action.
SCHOOLS OF MEDICINE SEXUAL MISCONDUCT, RELATIONSHIP VIOLENCE, AND STALKING POLICY

NYU Langone Health maintains policies on preventing and investigating issues related to sexual misconduct, relationship violence, and stalking and provides guidance on reporting and resolving matters involving such incidents. The Sexual Misconduct, Relationship Violence, and Stalking Policy and Procedure for the NYU Grossman School of Medicine and NYU Long Island School of Medicine applies to students; residents, fellows, and interns; faculty, visiting faculty, professional staff, and administrators. The policy and procedures may be found here: https://medli.nyu.edu/sites/default/files/policy-on-sexual-misconduct-relationship-violence-and-stalking.pdf

NYU GROSSMAN SCHOOL OF MEDICINE STUDENT HONOR CODE

https://med.nyu.edu/education/md-degree/sites/default/files/honor-code.pdf

REPORTING AN INCIDENT

All individuals are encouraged to seek the support of on and off campus resources, regardless of when or where an incident occurred. In the offices discussed below, trained professionals can provide guidance in making decisions, information about available resources and procedural options, and assistance to both a Complainant or a Respondent.

NYU encourages all individuals to report sexual misconduct, relationship violence, stalking, or potential criminal conduct by calling the NYU Langone Health Security Operations Center, the NYU Department of Public Safety, the New York Police Department or the police department or law enforcement agency in the applicable jurisdiction.

The NYU Langone Health Security Operations Center, located at 550 1st Avenue, is open 24 hours a day, seven days a week, with officers available to provide assistance in both emergency and non-emergency situations. For assistance, please call 212-263-5120.

In addition, NYU’s Department of Public Safety, located at 561 LaGuardia Place, is open 24 hours, seven days a week, with officers available to provide assistance in both emergency and non-emergency situations. For assistance, please call 212-263-5120.

The New York City Police Department can be reached by calling 911 or the NYPD Sex Crimes Hotline at 212-267-7273. The Campus Security Department at the NYU Medical Center can provide assistance to those who are considering reporting their experience to police and/or a prosecutor’s office, as well as, assistance to those who have already reported their experiences to these offices. For assistance, please call NYU Langone Health Campus Security at 212-263-5120.

All individuals are encouraged to report incidents of sexual misconduct, relationship violence and stalking to the NYU Grossman School of Medicine Title IX Coordinator, Molree Williams-Lendor at titleix@nyulangone.org or 212-404-3825.

When a Complainant reports an incident, where appropriate based on the nature and manner of the complaint, the Schools of Medicine will take immediate steps to investigate or otherwise determine what happened and work to resolve the matter promptly and equitably. Upon receipt of a report, the Title IX Coordinator will conduct an initial assessment. As part of the initial assessment, the Title IX Coordinator will assess the nature and circumstances of the report, address immediate physical safety and emotional well-being needs, discuss the Complainant’s expressed preference for the manner of resolution and any barriers to proceeding, notify the Complainant of their right to contact law enforcement in order to file criminal charges, decline to contact law enforcement, or seek an order of protection, notify the Complainant of the right to seek medical treatment, including the importance of preserving evidence, assess for pattern evidence or other similar conduct by Respondent, assess the reported conduct for any Clery Act obligations, provide the Complainant with written information about on-campus and off-campus resources and the range of appropriate and available protective measures based on the status of the Complainant, and, advise that NYU policy prohibits retaliation.

PROCEDURES VICTIMS SHOULD FOLLOW

In incidents of sexual assault, domestic violence, dating violence or stalking, it is important to preserve evidence to aid in the possibility for a successful criminal prosecution or obtaining a protection order. Evidence of violence, such as bruising or other visible injuries, following an incident of domestic or dating violence should be documented including through the preservation of photographic evidence. Evidence of stalking including any communication, such as written notes, voice mail or other electronic communications should also be saved and not altered in any way.

Local medical providers can also provide emergency and follow-up medical services to address physical well-being or health concerns and also conduct forensic sexual assault examinations. A medical exam obtained from a hospital or sexual assault response center serves two purposes: first, to diagnose and treat the full extent of any injury or physical effect (sexually transmitted infection (STI) or possibility of pregnancy) and, second, to properly collect and preserve evidence. The exam may include testing and prophylactic treatment for HIV/AIDS, STIs, and pregnancy, a vaginal/anal examination, collection of fingernail scrapings and/or clippings, examination for injuries, and blood testing. There is a limited window of time (typically 72 to 96 hours) following an incident of sexual assault to preserve physical and other forms of evidence. Taking the step to gather evidence immediately does not commit an individual to any course of action. The decision to seek medical attention and gather any evidence will preserve the full range of options to seek resolution through the Schools of Medicine complaint processes or criminal action.

Information about Title IX Procedures for the Academic Medical Center can be obtained by contacting the Title IX Coordinator, Molree Williams-Lendor at titleix@nyulangone.org or 212-404-3825.
ON & OFF CAMPUS RESOURCES

Non-Confidential Support: Student complainants can consult with the Schools of Medicine Title IX Coordinator, who can provide assistance concerning sexual misconduct, relationship violence, and stalking on a non-confidential basis. Support includes providing information about resources and options, accompanying a complainant to receive medical services, as well as to potential on or off campus meetings or proceedings.

  ° Title IX Coordinator: Molree Williams-Lendor at titleix@nyulangone.org or 212-404-3825.
  ° In Person: 1 Park Avenue, New York NY 10016

VICTIM CONFIDENTIALITY

References made to confidentiality refer to the ability of identified confidential resources to not report crimes and violations to law enforcement or institutional officials without permission, except for extreme circumstances, such as a health and/or safety emergency or child abuse. References made to privacy mean the Schools of Medicine’s offices and employees who cannot guarantee confidentiality but will maintain privacy to the greatest extent possible, and information disclosed will be relayed only as necessary to investigate and/or seek a resolution and to notify the Title IX Coordinator or designee, who is responsible for tracking patterns and spotting systemic issues. The Schools of Medicine will limit the disclosure as much as practicable, even if the Title IX Coordinator determines that the request for confidentiality cannot be honored.

The following Officials may provide confidentiality:

• Pastoral Care
• Professional, licensed physicians, counselors and healthcare providers engaged in a physician – patient or equivalent relationship.

The following Officials will provide privacy, but not confidentiality, upon receiving a report of conduct prohibited under this policy:

• Title IX Coordinator or designee
• Employee Labor and Relations
• The Schools of Medicine Department of Security
• NYU Long Island School of Medicine Campus Security

If a report of sexual assault, domestic violence, dating violence or stalking discloses a serious or continuing threat to the campus community, the Schools of Medicine will issue a timely notification to the community to protect the health and safety of the community as required by the Clery Act. In Timely Warnings, Emergency Notifications, as well as in the Daily Crime Log, information is reported in a manner that does not include personally identifying information about persons involved in an incident, unless identification of a Respondent is required by the warning or notification.

The Schools of Medicine provide on campus resources to assist a complainant or respondent in obtaining emotional support through counseling and informing students about relevant resources and services. Emotional care, counseling, and crisis response are available on campus and in the community. The services listed in this section are confidential in accordance with professional standards.

CONFIDENTIAL SUPPORT AT NYU GROSSMAN SCHOOL OF MEDICINE:

NYU Medical Student Health and Wellness Services (334 East 25th Street): 212-263-3280

Corporate Counseling Associates Hotline, 24/7: 1-800-833-8707

Trevor Lifeline, 24/7: 1-866-488-7386 (provides emergency services for LGBTQ Youth)

CONDUCT PROCEEDINGS

NYU The Schools of Medicine strictly prohibit all acts of sexual assault, domestic violence, dating violence, and stalking. In addition to facing criminal action, students, employees, and other affiliates may also face disciplinary action by NYU Langone Health. Individuals found responsible for having committed such a violation face permanent expulsion, termination of employment, suspension, probation, and/or being barred from NYU Langone Health property. Third parties who violate the Schools of Medicine policy may have their relationship with NYU terminated and/or their privilege of being on NYU premises withdrawn.

For students, potential sanctions include: Warning, Censure, Educational Assignment, Probation, Restitution, Suspension of Privileges, Residential Probation, Study Away Site Probation, Residence Hall Reassignment, Deferred Suspension from University Housing, Suspension from the Schools of Medicine, Suspension from Study Away Site, Dismissal from Housing, Expulsion from the Schools of Medicine, and Transcript Notation. Potential sanctions for a violation of the Policy also include requiring the Respondent to engage in a course of counseling, education or training.

Sanctions for Employee Respondents include verbal or written Warning, Reprimand, Censure, Removal of Privileges, Education/ Counseling, No Contact Directive, Suspension, and/or Termination from NYU Langone Health and/or Schools of Medicine employment.

All conduct proceedings will include a prompt, fair and impartial investigation and resolution by officials who receive annual training on, among other Title-IX required topics, the nature and adjudication of these matters and conducting investigations, and hearings in a manner that protects the safety of both complainants and respondents and promotes accountability. Determinations of responsibility for students and employees are made using the preponderance of the evidence standard. Investigators conduct the investigations regardless of whether the respondent is a student or an employee. In all proceedings, including any related meetings, both the complainant and the respondent are entitled to the same opportunities and resources, including the right to be accompanied by an advisor of their choice. In matters involving student
respondents, matters go to a hearing when investigators find that
the reported conduct, if substantiated, would constitute prohibited
conduct. Complainants and respondents shall simultaneously be
informed in writing of the determination made by the adjudicator of
any applicable appeal procedures, of any change to the outcome
prior to it becoming final, and the final notice of outcome. Typically,
the timeframe for the Title IX grievance process begins with
the filing of a formal complaint and will be concluded within a
reasonably prompt manner and no longer than ninety (90) business
days after the filing of a formal complaint. This timeframe may be
extended for good cause as necessary to ensure the integrity
and completeness of the investigation, to comply with a request
by external law enforcement, to accommodate the availability of
witnesses, to account for NYU breaks or vacations, to account for
the complexities of a case, or for other legitimate reasons.

For more information about the investigation process for student
respondents, please consult the Sexual Misconduct, Relationship
Violence, and Stalking Policy and Procedure for NYU Grossman
School of Medicine and NYU Long Island School of Medicine. https://
medli.nyu.edu/sites/default/files/policy-on-sexual-misconduct-
relationship-violence-and-stalking.pdf, and for more information
about the hearing process for student respondents, please consult NYU's Reporting, Investigating, and Resolving Sexual
Misconduct, Relationship Violence, and Stalking – Complaints
Against Students, https://www.nyu.edu/about/policies-guidelines-
compliance/policies-and-guidelines/test-reporting-investigating-
-and-resolving-sexual-misconduct--rela.html.

For more information about trainee (residents and fellows) and
employee respondent proceedings, please consult the Sexual
Misconduct, Relationship Violence, and Stalking Policy and
Procedure for NYU Grossman School of Medicine and NYU Long
Island School of Medicine. https://medli.nyu.edu/sites/default/files/

SEXUAL ASSAULT PREVENTION EDUCATION PROGRAMS
The Student Health Center (SHC): The Student Health Center
educates students and other members of the NYU community
on matters of sexual assault and prevention through its Sexual
Assault Prevention and Response website, which provides detailed
information about sexual and relationship violence, including
definitions, emergency contact information, advice about what to
do first after being the victim of sexual assault, understanding the
experience of being victimized, helping someone who has been a
victim of sexual assault, and resources within the NYU community
and New York City. All healthcare clinicians at the SHC are able to
actively initiate confidential discussions about sexual assault and
relationship violence issues when such matters appear to be of
concern, rather than waiting for patients to self-report. SHC patients
and clients who are victims of sexual or relationship violence are
provided, by secure electronic message, written documentation
of their rights and resources available both on and off campus.

NYU Grossman School of Medicine Office of Student Affairs
publicizes Sexual Assault resources and trainings through town
halls, orientation, and resource guides.

SEX OFFENDER REGISTRY INFORMATION – NEW YORK STATE’S
“MEGAN’S LAW”

Information regarding sex offenders can be obtained by calling the
New York State Sex Offender Registry Information Line at 1-800-
262-3257 or online. Callers must be at least 18 years old and must
provide their name, address, and telephone number in order to
receive information. The Sex Offender Registry Information Line
is open on Mondays through Fridays from 8:00 a.m. to 5:00 p.m.
To learn the status of a specific individual, callers must provide
the individual’s name and at least one of the following identifiers:
the individual’s street address and apartment number, driver’s
license number, social security number, or date of birth. When
seeking information about a specific individual through the New
York State Sex Offender Registry online system, users must provide
that individual’s name and county.

Nationwide information about registered sex officers is available
on the U.S. Department of Justice National Sex Offender Public
Website (NSOPW).

CAMPUS SECURITY POLICIES, CRIME PREVENTION & SAFETY
AWARENESS PROGRAMS

Safety information is provided to the NYU community in a variety
of ways, some of which are specific to students and some that
are specific to employees. Throughout the year, the following is
available to the entire community:

• General information and tips for being safe on campus and
  in New York City are provided online by the NYU Department
  of Public Safety at: https://www.nyu.edu/life/safety-health-
  wellness/public-safety/safety-and-security.html

• Updates concerning specific safety related matters on the NYU
  campus, in the local community, and in relation to events in
  New York City are issued online, through the NYU Public Safety
  social media outlets and through emails (such as Broadcast
  Notifications).

• A daily crime log is available on the NYU Public Safety
  webpage and at the NYU Langone Health Campus Security
  office. The Crime Log reflects criminal incidents reported to
  Campus Security and includes the nature of the incidents, the
dates on which they occurred and were reported, the times at
  which they occurred, and the general location of occurrence,
  and the disposition.

• Safety Alerts and Timely Warning Notifications are distributed
  as necessary to inform the community about safety-related
  issues, risk-reducing precautions, and sources of help and
  additional information.
• Campus Security Authorities receive training from NYU Department of Public Safety on Clery Act Requirements.

MISSING STUDENT NOTIFICATION PROCEDURES
A student will be deemed missing when reported absent from the University at any of its campuses, global sites, or NYU sponsored travel programs without any known reason. The NYU Grossman School of Medicine’s Office of Student Affairs will take the lead in investigating each report and make a determination whether the student is missing in accordance with University policy. When a student is reported missing, the NYU Grossman School of Medicine’s Office of Student Affairs will:

• Initiate an investigation to determine the validity of the missing person report, such as checking the student’s class schedule or clerkship palette, contact the student’s class director or clerkship director, contacting the student by email or phone, verifying student’s missing status by conducting a safety check at the student’s residence, if on campus.
• Make a determination as to the status of the missing student and notify NYU Langone Health Campus Security.
• NYU Langone Health Campus Security will notify local police or other appropriate law enforcement agencies within 24 hours after the University receives a report that the student is missing.

CRIME PREVENTION AND SAFETY AWARENESS PROGRAMS
Students complete safety modules on active shooter training, fire and safety training, and patient training via Human Resources modules during their annual orientation.

NYU POLICIES GOVERNING ALCOHOL AND OTHER DRUGS

NYU ALCOHOL AND DRUG POLICY

ALCOHOL AND OTHER DRUG USE
In addition to policies and practices that emphasize concern for the welfare of individuals, the University also recognizes the importance of maintaining the safety and well-being of the community as a whole. The University therefore adheres to the following guidelines concerning the unlawful possession, use, and distribution of drugs:

1. The unlawful possession, use, or distribution of drugs will not be tolerated on University premises.
2. Upon finding evidence of the unlawful possession, use, or distribution of drugs on its premises by any student, the University will take appropriate disciplinary action, including, but not limited to, probation, suspension, or expulsion.
3. Using regularly established procedures, the University will take disciplinary action, up to and including discharge, against any member of the faculty, staff, or student body found unlawfully using, possessing, or distributing drugs. Faculty, staff, and students should also be aware that, in addition to University sanctions, they might be subject to criminal prosecution under federal and state laws that specify fines or imprisonment for conviction of drug-related offenses. Where appropriate or necessary, the University will cooperate fully with law enforcement agencies.

New York University’s policies on substance abuse apply to students of the Grossman School of Medicine as they do to students of other schools of the University. The University’s policy on Substance Abuse and Alcoholic Beverages can be found online at: https://www.nyu.edu/about/policies-guidelines-compliance/policies-and-guidelines/substance-abuse-and-alcoholic-beverages.html

ALCOHOL AND DRUG USE PREVENTION AND AWARENESS PROGRAMS
New York University is committed to the education of its students, faculty, administrators, and staff about the dangers of drug abuse. We believe that the best way to achieve and maintain this objective is through preventive education about the dangers of drug abuse and compassionate attention to the needs of those who may require help with drug-related problems. To that end, the University provides on-campus support programs and services as well as information about related services that are available in the local community.

For any members of the University community who may have developed a drug-related problem, suspect they are at risk, or seek information about illegal or controlled drugs, several support programs are available. The following programs and services are voluntary and confidential.

Programs Available:

• Grossman School of Medicine Student Health and Wellness Services, (212) 263-5489
• Office of Drug and Alcohol Education, (212) 443-1220
• CCA Work/Life Assistance Program, 1-800-833-8707
• New York City Programs:
  ° Cocaine Anonymous, (212) 929-7300
  ° Alcohol Council of Greater New York, (212) 252-7001; Alcoholics Anonymous, (212) 647-1680
  ° Al-Anon, (212) 941-0094
  ° Marijuana Anonymous, (212) 459-4423

**Footnotes:**
- Campus residence halls statistics are a subset of the overall on-campus totals.
- There were no non-campus residence halls in 2017, 2018, and 2019.
- Totals reflect on-campus, non-campus, and public property statistics.
- In 2017, 2018, and 2019 there were no hate crimes.
- These statistics capture reports of allegations of the types listed above [including anonymous reports] that have been collated for the purpose of this report. These statistics do not represent findings of any University investigative or judicial processes.
EMERGENCY CALL BOX LOCATIONS

For immediate communication with the NYU Department of Public Safety, use one of the emergency call boxes at these locations:

- Kimmel Pavilion (at FDR Service Road)
- Greenburg Hall (at First Avenue)
- Smilow Building (at the Alumni Courtyard pathway)
- First Avenue and 30th Street (NE corner)
- 30th Street (between First Avenue & FDR Service Road)
- Basic Science Building (south side)
- Public Health Building (east side)
- Public Health Building (west side)
- NYU College of Dentistry (north side)

If you cannot use the stairs or a fire escape, call 911 or the Fire Department Dispatcher and inform them of your situation. Provide the address, floor, apartment number and the number of persons present.

• Seal the front door with wet sheets or towels. Seal air ducts and any other openings where smoke may enter.

• Open windows a few inches at the top and bottom unless flames or smoke is coming from below.

• Do not break any windows; they may need to be closed later.

• If conditions in the apartment appear life threatening, open a window and wave a bedsheet or towel side-to-side to attract the attention of firefighters.

• If smoke conditions worsen before help arrives, get down on the floor and take short breaths through your nose. If possible retreat to a balcony or terrace away from the source of the flames, heat or smoke.

FIRE DRILLS

University policy requires building occupants to evacuate the building in the event of fire alarms/emergencies. To facilitate reinforcement of this requirement, NYU Langone Health’s Environmental Health and Safety, in partnership with NYU Langone Health’s Campus Security and Real Estate Development and Facilities Department, organize fire drills throughout the year to train the building occupants about the applicable evacuation procedures, in Academic and Administrative buildings and the Residence Halls.

FIRE SAFETY POLICIES

SMOKING

NYU Langone Health’s facilities are smoke-free, including its residential buildings and outdoor areas. This includes e-cigarettes.

FIRE SAFETY EDUCATION AND TRAINING PROGRAMS FOR STUDENTS, FACULTY AND STAFF

Students complete fire safety training for hospital and administrative spaces via Human Resources modules during their initial orientation. Students also receive fire safety information for their respective housing facilities in the “Guide to Living in NYU Housing” found at https://med.nyu.edu/sites/default/files/a-guide-to-living-in-nyu-langone-housing.pdf
D**E**C**R**I**S**P**T**I**O**N** O**F**  ON-C**A**M**P**U**S**  S**T**U**D**E**N**T** H**O**U**S**I**N**G  F**I**R**E**  S**A**F**E**T**Y** S**Y**S**T**E**M**S—RESIDENCE HALLS/APARTMENTS

NYU facilities comply with the local fire safety requirements and with NYU safety policies. Each building holds an up-to-date fire certificate from local authorities and all the equipment is inspected and maintained regularly by Real Estate Development and Facilities in accordance with applicable requirements.

The Residence Halls have:

- Fire sprinkler systems in the building.
- Interior fire alarm systems in the building.

ABOUT CAMPUS SECURITY

ROLE, AUTHORITY AND TRAININGS

NYU Winthrop Campus Security is responsible for the safety of all patients, visitors, students and staff at NYU Winthrop administrative buildings and residences owned and operated by NYU.

NYU Winthrop Campus Security Officers are all New York State-certified security guards. As such, their authority to reasonably detain individuals suspected of criminal activity on University property is the same as the authority of any property owner or property owner’s designee. Security Officers have jurisdiction only when on or in NYU Winthrop property or facilities. Security Officers employ the authority of any citizen and may employ citizen’s arrest procedures only as appropriate and necessary.

Services available by Campus Security include:

ID Cards
ID Cards provide an electronic means of controlling access to specified areas within NYU Winthrop via the use of card readers. The security system integrates the ID cards of all active employees with the ID card system. Access to specific areas controlled by card readers requires approval from department heads. Employees should not give their ID/Access card to anyone else to use at any time. Please report a lost, stolen and or misplaced ID/Access card to Winthrop Campus Security as soon as possible, so it can be deleted from the system database, preventing any unauthorized use of the card.

Security Escort Service
Campus Security encourages everyone to use the buddy system when walking along village streets, as there is safety in numbers. Additionally, a security escort service is available to accompany students, residents, faculty, and staff if they are in a quiet or isolated area to their private vehicle.

A student, resident, faculty, or staff member leaving from a facility adjacent to, or nearby NYU Winthrop Hospital who desires security escort to their private vehicle may call security at 516-663-2520 and make a request. Please arrange with the Security Supervisor a time and location where to meet (preferably inside the exit door they wish to use or at a central location). The Security Officer will walk with the employee to their vehicle and remain until the student, resident, faculty, or staff member has left.
Working Relationship with Local, State, and Federal Law Enforcement Agencies

Campus Security maintains professional relationships with local, state, and federal law enforcement agencies including the Nassau County Police Department (NCPD) and will liaise with NCPD as necessary.

Crimes Involving Student Organizations at Off-Campus Locations

Local Police Agencies are asked to report any criminal activity involving students or personnel at off-campus locations to NYU Winthrop Campus Security. In addition, students report to NYU Winthrop Campus Security crimes occurring off-campus and NYU Winthrop Campus Security in turn offers assistance and support to students who choose to report to NCPD, whether as a victim or a witness.

Reporting Crimes and Other Emergencies

Reporting to NYU Winthrop Campus Security

NYU Winthrop community members should promptly report all incidents to NYU Winthrop Campus Security, regardless of whether the incident occurred on or off campus. NYU Winthrop Campus Security facilitates the reporting of crimes to local law enforcement agencies and provides other resources to victims, notifying University Officials of serious incidents and other emergencies. Reports can be filed with NYU Winthrop Campus Security 24 hours a day, 7 days a week via telephone at 516-663-2520, or in person, at 259 1st Street, Main Entrance, Lobby Security Desk.

Whether reports are received by NYU Winthrop Campus Security or by a Campus Security Authority (CSA), victims are referred to the appropriate offices or agencies on and off-campus, including law enforcement, counseling and wellness, medical services, Title IX Coordinator and/or student affairs.

Reporting to Other Campus Security Authorities

While NYU prefers that community members promptly report all crimes and other emergencies directly to Campus Security, we also recognize that some may prefer to report to other individuals or offices within the University. The Clery Act recognizes certain NYU officials and offices as “Campus Security Authorities” (CSAs). The Act defines these individuals as an “official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.” Campus Security reviews all crimes reported for timely warnings, includes the reported crime in the daily Crime Log and reflects reported Clery crimes in the annual statistical disclosure.

Pastoral and Professional Counselors

According to the Clery Act, pastoral and professional counselors who are appropriately credentialed and hired by NYU to serve in a counseling role are not considered Campus Security Authorities when they are acting in the counseling role. As a matter of policy, NYU encourages pastoral and professional counselors to notify individuals whom they are counseling of the voluntary, anonymous reporting options available to them.

Timely Warning Notifications – Safety Alerts

Timely Warning Notifications are administered via the Broadcast Notification System for all employees, students, and faculty. The Broadcast Notification System is used to send mass emails for serious crimes or crime patterns. Campus Security, in consultation with Emergency Management staff, administrative executives, and telecommunication operations, initiates mass notifications, according to the appropriate segment or segments of the campus, and with appropriate content, including recommendations to shelter in place, evacuate a facility, avoid portions of the campus, or other actions.

Emergency Management at NYU Langone Health

The Department of Emergency Management + Enterprise Resilience (EM+ER) within the Office of the Chief of Staff is responsible for emergency management activities across NYU Langone Health. The department is led by the Senior Director with a Director and two managers and consists of nine full-time and three part-time employees. EM+ER staff hold a wide-range of public safety credentials including IAEM Certified Emergency Manager®, FEMA Master Exercise Practitioner, and DRII Certified Business Continuity Professional. In addition, many of the EM+ER staff are current or former EMT/paramedics, firefighters, and/or police officers.

The Enterprise-wide Emergency Operations Plan (EOP) for NYU Health, including the School of Medicine, is the foundational document for the NYU Langone Health Emergency Preparedness Program. The purpose of the EOP is to describe the doctrine, structure, processes, roles, and responsibilities that comprise the Emergency Preparedness Program. It was developed based on facility- and community-based risk assessments to anticipate and address, patient, staff, students, faculty, and community needs and support business continuity operations.

The Emergency Operations Plan is an “all-hazards” plan supported by a suite of documents, including hazard-specific and functional annexes and appendices. It is administered by EM+ER and is operationalized in an emergency by the NYU Langone Health Incident Command System or “NICS”. More so, the Emergency Operations Plan is aligned with contemporary standards and regulatory requirements from federal, state, and local authorities, including The Joint Commission, the Centers for Medicare and Medicaid Services, the Commission on Accreditation of Rehabilitation Facilities, and the Federal Emergency Management Agency.
When activated for an emergency or disaster, NICS convenes within the Emergency Operations Center to gain situational awareness as well as determine strategic and operational priorities.

**EMERGENCY PREPAREDNESS PROGRAM**

NYU Langone Health is committed to providing a safe and secure environment across the enterprise for all patients, employees, visitors, students, faculty, and staff through proactive, risk-based emergency preparedness initiatives. Departments from across the enterprise participate in emergency preparedness initiatives to increase the overall preparedness of all stakeholders and to ensure that everyone is aware of resources available to them to educate, train, and support a safe and secure environment. Emergency preparedness initiatives include:

- Active Shooter Training and Exercises
- Evacuation Training and Exercises
- Mass Notification Training and Exercises

**EMERGENCY MANAGEMENT EXERCISES**

Each year, EM+ER conducts scheduled discussion-based (e.g. tabletop exercises) and operations-based (e.g. drill, functional, full-scale) exercises with stakeholders from across the enterprise on a variety of timely scenarios designed for evaluation of emergency plans and capabilities. Exercises and subsequent reviews follow the FEMA Homeland Security Exercise and Evaluation Program methodology to ensure that they are meaningful opportunities to better understand the progress of preparedness activities. Emergency response and evacuation procedures are publicized via email and intranet to the community in conjunction with one test per calendar year. All exercises are documented with description, date, time and whether the exercise was announced or unannounced by Emergency Management.

**EMERGENCY NOTIFICATIONS**

EM+ER, in partnership with NYU Langone Health Telecommunications, will, without delay, notify the campus community upon confirmation by designated university leadership or EM+ER personnel of an emergency or dangerous situation, and, when, in the professional judgment of EM+ER, such notification will not compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency. Notification is administered via the mass notification system, Send Word Now (“SWN”) for all employees, students, and faculty. SWN is used to send mass emails, calls and text messages for any incident or event that may impact the enterprise, including weather-related emergencies, mass transit disruptions, and life-threatening situations such as active shooters. EM+ER emergency managers, in consultation with Security staff, administrative executives, and telecommunication operations, initiates mass notifications, according to appropriate segment or segments of the campus, and with appropriate content, including recommendations to shelter in place, evacuate a facility, avoid portions of the campus, or other actions.

**SECURITY OF AND ACCESS TO NYU WINTHROP FACILITIES**

NYU Winthrop Campus Security has incorporated a program of integrated safety equipment and infrastructure within its facilities providing safety and security to the NYU community. Services provided to protect the NYU community include electronic card readers for access control to various areas of the campus; video surveillance systems in several indoor and outdoor locations; panic alarm buttons at various locations within medical facilities; and posted Campus Security Officers, at select administrative and educational spaces as well as medical facilities. There are no officially recognized student organizations with off campus housing facilities.

If the NCPD is contacted regarding off campus criminal activity involving students from the NYU Long Island School of Medicine it may notify Campus Security. However, there is no official NCPD policy requiring such notification. Students suspected and/ or accused in these cases may be subject to arrest by the NCPD and to University student disciplinary hearings.

**MAINTENANCE OF CAMPUS FACILITIES**

NYU facilities are maintained in a manner that minimizes hazardous conditions. Campus Security personnel regularly patrol the campus and report malfunctioning lights and other unsafe physical conditions. Notification is provided to the appropriate facilities personnel for corrective action.

**NYU’S RESPONSE TO SEXUAL AND GENDER VIOLENCE**

NYU Long Island School of Medicine and NYU Winthrop are committed to providing a safe environment for both students and employees as described in the Sexual Misconduct, Relationship Violence, and Stalking Policy. The policy prohibits sexual misconduct, including sexual assault and sexual exploitation, as well as relationship violence (dating and domestic violence), stalking, and retaliation against individuals who have made good faith reports of such prohibited conduct. NYU Long Island School of Medicine and NYU Winthrop educates community members on issues of sexual assault, relationship violence, and stalking; and pursues disciplinary action against those who engage in acts of sexual assault, relationship violence, stalking, or retaliation. Students or employees who are determined by NYU Long Island School of Medicine and/or NYU Winthrop to have committed an act of sexual assault, relationship violence, stalking, or retaliation, in violation of NYU Long Island School of Medicine and NYU Winthrop policies are subject to sanctions, up to and including separation from the University.

NYU Long Island School of Medicine and NYU Winthrop offer resources for both students and employees, whether as complainants or respondents, to provide support and guidance throughout the investigation and resolution of reported prohibited
available resources and procedural options, and assistance to both a Complainant and a Respondent.

NYU encourages all individuals to report Sexual Misconduct, Relationship Violence, Stalking, or potential criminal conduct by calling the NYU Department of Public Safety, the New York Police Department, Nassau County Police Department or the police department or law enforcement agency in the applicable jurisdiction.

The NYU Winthrop Security Operations Center, located at 222 Station Plaza North, is open 7:00 – 4:00 pm with officers available to provide assistance in both emergency and non-emergency situations. For assistance, please call (516) 663-2520.

The NYU Langone Health Security Operations Center, located at 550 1st Avenue, is open 24 hours a day, seven days a week, with officers available to provide assistance in both emergency and non-emergency situations. For assistance, please call (212) 263-5120.

The Nassau County Police Department can be reached by calling 911 or (516) 573-8800. The Campus Security Department at NYU Winthrop can provide assistance to those who are considering reporting their experience to the police and/or a prosecutor’s office as well as those who have already decided to do so. For assistance, please call NYU Winthrop Campus Security at 516-663-2520.

In addition, NYU’s Department of Public Safety, located at located at 561 LaGuardia Place, is open 24 hours, seven days a week, with officers available to provide assistance in both emergency and non-emergency situations. For assistance, please call (212) 998-2222.

The New York City Police Department can be reached by calling 911 or the NYPD Sex Crimes Hotline at 212-267-7273. The Campus Security Department at the NYU Medical Center can provide assistance to those who are considering reporting their experience to the police and/or a prosecutor’s office as well as those who have already decided to do so. For assistance, please call NYU Langone Health Campus Security at 212-263-5120.

All individuals are encouraged to report incidents to the NYU Long Island School of Medicine Title IX Coordinator, Mlore Williams-Lendor, at 212-404-3825.

When a Complainant of Covered Person reports an incident, NYU will take immediate and appropriate steps to investigate or otherwise determine what happened and work to resolve the matter promptly and equitably. Upon receipt of a report, the Title IX Coordinator will conduct an initial assessment. As part of the initial assessment, the Title IX Coordinator will: assess the nature and circumstances of the report, address immediate physical safety and emotional well-being needs, discuss the Complainant’s expressed preference for the manner of resolution and any barriers to proceeding, notify the Complainant of the right to contact law enforcement in order to file criminal charges, decline to contact law enforcement, or seek an order of protection, notify the Complainant of the right to seek medical treatment, including the importance of preserving evidence, assess for pattern evidence or other similar conduct
by Respondent, assess the reported conduct for any Clery Act obligations, provide the Complainant with written information about on-campus and off-campus resources and the range of appropriate and available protective measures based on the status of the Complainant, and advise that NYU policy prohibits retaliation.

PROCEDURES VICTIMS SHOULD FOLLOW

In incidents of sexual assault, domestic violence, dating violence or stalking, it is important to preserve evidence to aid in the possibility for a successful criminal prosecution or obtaining a protection order. Evidence of violence, such as bruising or other visible injuries, following an incident of domestic or dating violence should be documented including through the preservation of photographic evidence. Evidence of stalking including any communication, such as written notes, voice mail or other electronic communications should also be saved and not altered in any way.

Local medical providers can also provide emergency and follow-up medical services to address physical well-being or health concerns and also conduct forensic sexual assault examinations. A medical exam obtained from a hospital or sexual assault response center serves two purposes: first, to diagnose and treat the full extent of any injury or physical effect (sexually transmitted infection (STI) or possibility of pregnancy) and, second, to properly collect and preserve evidence. The exam may include testing and prophylactic treatment for HIV/AIDS, STIs, and pregnancy, a vaginal/anal examination, collection of fingernail scrapings and/or clippings, examination for injuries, and blood testing. There is a limited window of time (typically 72 to 96 hours) following an incident of sexual assault to preserve physical and other forms of evidence. Taking the step to gather evidence immediately does not commit an individual to any course of action. The decision to seek medical attention and gather any evidence will preserve the full range of options to seek resolution through NYU’s complaint processes or criminal action.

ON & OFF CAMPUS RESOURCES

Non-Confidential Support: Student complainants can consult with the NYU Long Island School of Medicine Title IX Coordinator, who can provide assistance concerning sexual misconduct, relationship violence, and stalking on a non-confidential basis. Support includes providing information about resources and options, accompanying a complainant to receive medical services, as well as to potential on or off campus meetings or proceedings.

- Title IX Coordinator: molree.williams-lendor@nyulangone.org, titleix@nyulangone.org (212) 404-3825
- In Person: 1 Park Avenue, New York NY 10016

VICTIM CONFIDENTIALITY

NYU recognizes the sensitive nature of sexual violence and is committed to protecting the privacy of any individual who reports an incident of sexual violence. Different officials on campus are, however, able to offer varying levels of privacy protection to victims. Privacy generally means that information related to a report of misconduct will be shared with a limited circle of individuals who “need to know” in order to assist in the active review, investigation, resolution of the report, and related issues. All NYU employees who are involved in NYU’s Title IX response receive specific training and guidance about safeguarding private information in accordance with applicable laws. NYU will not release names in the issuance of “Timely Warnings,” “Emergency Notifications,” or in the “Daily Crime Log,” each of which are required by the Clery Act, and any accommodation or protective measure will be confidential unless it interferes with the measure’s implementation. Reports made to medical professionals and licensed mental health counselors will not be shared with third parties without the permission of the disclosing individual except in the cases of (1) imminent danger to self or others; (2) conduct involving suspected abuse of a minor; or (3) as otherwise required or permitted by law.

New York University provides on campus resources to assist a Complainant or Respondent in obtaining emotional support through counseling and informing Students about relevant resources and services. Emotional care, counseling, and crisis response are available on campus and in the community. The services listed in this section are confidential in accordance with professional standards.

CONFIDENTIAL SUPPORT AT NYU LONG ISLAND SCHOOL OF MEDICINE:

NYU Medical Student Health Services (222 Station Plaza North Suite 104): 516-240-7200

CONDUCT PROCEEDINGS

NYU Winthrop and NYU Long Island School of Medicine strictly prohibits all acts of sexual assault, domestic violence, dating violence, and stalking. In addition to facing criminal action, students, employees, and other affiliates may also face disciplinary action by NYU. Individuals found responsible for having committed such a violation face permanent expulsion, termination of employment, suspension, probation, and barred from NYU property. Third parties who violate NYU policy may have their relationship with NYU terminated and/or their privilege of being on NYU premises withdrawn.

For students, potential sanctions include: Warning, Censure, Disciplinary Probation, Restitution, Monetary Fine, Suspension of Privilege, Suspension from NYU Long Island School of Medicine, No Contact Directive, Dismissal from NYU Winthrop and/or NYU Long Island School of Medicine, and Transcript Notation. Potential sanctions for a violation of the Policy also include requiring the Respondent to engage in a course of counseling, education or training.

Sanctions for Employee Respondents include verbal or written Warning, Reprimand, Censure, Removal of Privileges, Education/Counseling, No Contact Directive, Suspension, and/or Termination from NYU Winthrop and/or NYU Long Island School of Medicine employment.
All conduct proceedings will include a prompt, fair and impartial investigation and resolution by officials who receive annual training on the nature and adjudication of these matters and conducting investigations, and hearings in a manner that protects the safety of both complainants and respondents and promotes accountability. The Title IX Coordinator shall handle determinations of responsibility for students and employees, using the preponderance of the evidence standard. Investigators conduct the investigations regardless of whether the respondent is a student or an employee. In all proceedings, including any related meetings, both the complainant and the respondent are entitled to the same opportunities and resources, including the right to be accompanied by an advisor of their choice. In matters involving student respondents, matters go to a hearing when investigators find that a reasonable fact-finder could determine that there is sufficient evidence to support a finding that a policy violation occurred. Complainants and respondents shall simultaneously be informed in writing of the determination made by the Adjudicator of any applicable appeal procedures, of any change to the outcome prior to its becoming final, and the final notice of outcome. Typically, hearings involving student-respondents will be conducted within sixty days of the initiation of the investigation and investigations involving employee-respondents will be completed within forty-five days. This timeframe may be extended for good cause as necessary to ensure the integrity and completeness of the investigation, to comply with a request by external law enforcement, to accommodate the availability of witnesses, to account for NYU breaks or vacations, to account for the complexities of a case, or for other legitimate reasons.

For more information about student conduct proceedings, please consult the NYU policy on Reporting, Investigating, and Resolving Sexual Misconduct, Relationship Violence, and Stalking Complaints Against Students at https://medli.nyu.edu/sites/default/files/policy-on-sexual-misconduct-relationship-violence-and-stalking.pdf

For more information about employee proceedings, please consult the NYU policy on Reporting, Investigating, and Resolving Sexual Misconduct, Relationship Violence, and Stalking--Complaints Against Employees at https://nyumc.ellucid.com/documents/view/4050.

SEXUAL ASSAULT PREVENTION EDUCATION PROGRAMS

The Student Health Center (SHC): The Student Health Center educates students and other members of the NYU community on matters of sexual assault and prevention and provides detailed information about sexual and relationship violence, including definitions, emergency contact information, advice about what to do first after being the victim of sexual assault, understanding the experience of being victimized, helping someone who has been a victim of sexual assault, and resources within the NYU community and Mineola. All healthcare clinicians at the SHC are able to actively initiate confidential discussions about sexual assault and relationship violence issues when such matters appear to be of concern, rather than waiting for patients to self-report. SHC patients and clients who are victims of sexual or relationship violence are provided, by secure electronic message, written documentation of their rights and resources available both on and off campus.

NYU Long Island School of Medicine Office of Students and Diversity publicizes Sexual Assault resources and trainings through town halls, orientation, and resource guides.

SEX OFFENDER REGISTRATION – CAMPUS SEX CRIMES PREVENTION ACT

SEX OFFENDER REGISTRY INFORMATION – NEW YORK STATE’S “MEGAN’S LAW”

Information regarding sex offenders can be obtained by calling the New York State Sex Offender Registry Information Line at 1-800-262-3257 or online. Callers must be at least 18 years old and must provide their name, address, and telephone number in order to receive information. The Sex Offender Registry Information Line is open on Mondays through Fridays from 8:00 a.m. to 5:00 p.m. To learn the status of a specific individual, callers must provide the individual’s name and at least one of the following identifiers: the individual’s street address and apartment number, driver’s license number, social security number, or date of birth. When seeking information about a specific individual through the New York State Sex Offender Registry online system, users must provide that individual’s name and county.

Nationwide information about registered sex offenders is available on the U.S. Department of Justice National Sex Offender Public Website (NSOPW).

CAMPUS SECURITY POLICIES, CRIME PREVENTION & SAFETY AWARENESS PROGRAMS

Safety information is provided to the NYU community in a variety of ways, some of which are specific to students and some that are specific to employees. Throughout the year, the following is available to the entire community:

- Updates concerning specific safety related matters on the NYU campus, in the local community, and in relation to events in New York City are issued online, through the NYU Public Safety social media outlets and through emails (such as Broadcast Notifications).
- A daily crime log is available on the NYU Public Safety webpage and at the NYU Winthrop Campus Security office. The Crime Log reflects criminal incidents reported to Campus Security and includes the nature of the incidents, the dates on which they occurred and were reported, the times at which
they occurred, and the general location of occurrence, and the disposition.

- Safety Alerts and Timely Warning Notifications are distributed as necessary to inform the community about safety-related issues, risk-reducing precautions, and sources of help and additional information.

- Campus Security Authorities receive training from NYU Department of Public Safety on Clery Act Requirements.

MISSING STUDENT NOTIFICATION PROCEDURES

A student will be deemed missing when reported absent from the University at any of its campuses, global sites, or NYU sponsored travel programs without any known reason. The NYU Long Island School of Medicine’s Office of Students and Diversity will take the lead in investigating each report and make a determination whether the student is missing in accordance with University policy. When a student is reported missing, the NYU Long Island School of Medicine’s Office of Students and Diversity will:

- Initiate an investigation to determine the validity of the missing person report, such as checking the student’s class schedule or clerkship palette, reach out to class course director or clerkship director, contacting the student by email or phone, and verifying student’s missing status by conducting a safety check at the student’s residence, if on campus.
- Make a determination as to the status of the missing student and notify NYU Winthrop Campus Security.
- NYU Winthrop Campus Security will notify local police or other appropriate law enforcement agencies within 24 hours after the University receives a report that the student is missing.

CRIME PREVENTION AND SAFETY AWARENESS PROGRAMS

Students complete safety modules on active shooter training, fire and safety training, and patient training via Human Resources modules during their annual orientation.

NYU POLICIES GOVERNING ALCOHOL AND OTHER DRUGS

NYU ALCOHOL AND DRUG POLICY

ALCOHOL AND OTHER DRUG USE

In addition to policies and practices that emphasize concern for the welfare of individuals, the University also recognizes the importance of maintaining the safety and well-being of the community as a whole. The University therefore adheres to the following guidelines concerning the unlawful possession, use, and distribution of drugs:

1. The unlawful possession, use, or distribution of drugs will not be tolerated on University premises.
2. Upon finding evidence of the unlawful possession, use, or distribution of drugs on its premises by any student, the University will take appropriate disciplinary action, including, but not limited to, probation, suspension, or expulsion.
3. Using regularly established procedures, the University will take disciplinary action, up to and including discharge, against any member of the faculty, staff, or student body found unlawfully using, possessing, or distributing drugs. Faculty, staff, and students should also be aware that, in addition to University sanctions, they might be subject to criminal prosecution under federal and state laws that specify fines or imprisonment for conviction of drug-related offenses. Where appropriate or necessary, the University will cooperate fully with law enforcement agencies.

New York University’s policies on substance abuse apply to students of the NYU Long Island School of Medicine as they do to students of other schools of the University. The University’s policy on Substance Abuse and Alcoholic Beverages can be found online at: https://www.nyu.edu/about/policies-guidelines-compliance/policies-and-guidelines/substance-abuse-and-alcoholic-beverages.html

ALCOHOL AND DRUG USE PREVENTION AND AWARENESS PROGRAMS

New York University is committed to the education of its students, faculty, administrators, and staff about the dangers of drug abuse. We believe that the best way to achieve and maintain this objective is through preventive education about the dangers of drug abuse and compassionate attention to the needs of those who may require help with drug-related problems. To that end, the University provides on-campus support programs and services as well as information about related services that are available in the local community.

For any members of the University community who may have developed a drug-related problem, suspect they are at risk, or seek information about illegal or controlled drugs, several support programs are available. The following programs and services are voluntary and confidential.

Programs Available:

- School of Medicine Student Health Services, (516) 240-7200
- Office of Drug and Alcohol Education, (212) 443-1220
- CCA Work/Life Assistance Program, 1-800-833-8707
- New York City Programs:
  - National Drug and Alcohol Treatment Referral Routing Service (http://www.niaaa.nih.gov/Resources/RelatedWebsites/Referral.htm) (800) 662-HELP (4357);
  - Cocaine Anonymous, (212) 929-7300;
  - Alcohol Council of Greater New York, (212) 252-7001; Alcoholics Anonymous, (212) 647-1680;
  - Al-Anon, (212) 941-0094;
  - Marijuana Anonymous, (212) 459-4423;

**Footnotes:**
- Campus residence halls statistics are a subset of the overall on-campus totals.
- There were no non-Campus residence halls in 2019.
- Totals reflect on-campus, non-campus, and public property statistics.
- In 2019 there were no hate crimes.
- These statistics capture reports of allegations of the types listed above [including anonymous reports] that have been collated for the purpose of this report. These statistics do not represent findings of any University investigative or judicial processes.
If the fire is in your apartment:

- Close the door to the room where the fire is located and leave the apartment.
- Make sure everyone leaves the apartment with you.
- Take your keys.
- Close the entrance door as you exit, but do not lock.
- Alert people on your floor by knocking on doors on your way to the exit.
- Use the nearest stairway to leave the building.
- DO NOT USE THE ELEVATOR.
- Call 911 once you reach a safe location. Do not assume the fire has been reported unless firefighters are on the scene.
- Meet the members of your household at a pre-determined location outside of the building. Notify responding emergency personnel if anyone is unaccounted for.

If the fire is not in your apartment:

- Feel your apartment door and doorknob with the back of your hand. If they are not hot, open the door slightly to check if there is any flame or smoke in the hallway.
- Exit your apartment and the building if you can do so safely, following the instructions for a “fire in your apartment.”
- If the hallway or stairway is not safe for egress because of a flame, heat or heavy smoke conditions and you have access to a fire escape, use it to exit the building. Always proceed cautiously when on a fire escape.
- If you cannot use the stairs or a fire escape, call 911 or the Fire Department Dispatcher and inform them of your situation. Provide the address, floor, apartment number and the number of persons present.
- Seal the front door with wet sheets or towels. Seal air ducts and any other openings where smoke may enter.
- Open windows a few inches at the top and bottom unless flames or smoke is coming from below.
- Do not break any windows; they may need to be closed later.
- If conditions in the apartment appear life threatening, open a window and wave a bedsheet or towel side-to-side to attract the attention of firefighters.
- If smoke conditions worsen before help arrives, get down on the floor and take short breaths through your nose. If possible retreat to a balcony or terrace away from the source of the flames, heat or smoke.
The Residence Halls have:

- Smoke/Carbon monoxide detectors.
- Emergency Hallway/Staircase lights & exit signs.
- Multiple means of egress in case of fire: interior stairs, exterior stairs, fire tower stairs and fire escapes.

Please see the table below for a list of all apartments and their fire safety systems, including fire detection and suppression systems, and fire drills conducted.

REPORT ON SAFETY AND SECURITY AT NYU’S GLOBAL ACADEMIC CENTERS

New York University currently maintains Global Academic Centers in Accra, Ghana; Berlin, Germany; Buenos Aires, Argentina; Florence, Italy; London, United Kingdom; Los Angeles, CA; Madrid, Spain; Paris, France; Prague, Czech Republic; Sydney, Australia; Tel Aviv, Israel; and in Washington, D.C. Crime statistics from these centers are contained in this report and are obtained directly from each site administrators’ office. NYU personnel identified as Campus Security Authorities at the Global Academic Centers are trained annually on Clery Act compliance and incident report preparation. Security at the Global Academic Centers is provided by Department of Public Safety contracted security companies or provided by the landlords in buildings where NYU is not the only tenant.

Due to the cultural differences in each of the countries in which NYU Global Academic Centers are located, students who become the victims of crimes are encouraged to contact the appropriate site staff who will assist them in reporting to local law enforcement. However, in the event of an emergency, law enforcement should be immediately contacted. If a crime occurs that requires a Timely Warning Notice, the Academic Centers, in consultation with the Office of Global Programs and the NYU Department of Public Safety, will issue a site-specific Safety Alert to advise community members of the event and potential risks. All incidents are documented and sent to NYU Public Safety in New York for review and additional consultation with site staff whenever necessary.

NYU Public Safety in New York closely monitors travel advisories issued by the U.S. Department of State as well as other governmental and international agencies, and responds appropriately. Public Safety has been granted privileges by the Overseas Security Advisory Council under the US Department of State. These privileges allow for access to in-depth, current information on global affairs. Members of Public Safety and the Office of Global Programs have access to this information and to key personnel in the US Department of State. Designated staff at each Global Academic Center abroad remain in contact with the local US Embassy, as well as with local authorities, for guidance on security matters. The staff at each Center is instructed to closely monitor and adhere to both US and local advisories. Similar vigilance from our exchange partner universities is requested. Appropriate announcements are communicated to students through a variety of mechanisms at each site. In addition, security assessments are conducted by NYU Public Safety in New York and its Global Security Operations Center alerts staff at each site of planned or ad hoc events that may have an impact on the community.

Each site’s academic building is staffed by security guards who monitor access into the facility. While systems for access to facilities
and overall security vary from site to site, entry is restricted to individuals holding NYU identification, and outside guests to the Centers are announced. Modes of access into student housing facilities range from keys used at front doors of apartment buildings to lobby front desk security coverage. All problems, comments, and observations can be reported to site administration. Additional information about NYU Global Academic Centers can be found at http://www.nyu.edu/global/global-academic-centers.html.

POLICIES

All NYU student conduct policies are applicable to the Global Academic Centers. These policies and site-specific security policies and programs are discussed in orientation sessions. Students are encouraged to remain vigilant and be responsible for their personal safety. Students seeking to report incidents or obtain assistance regarding an incident involving one of these policies are advised to contact the appropriate site administrator.

DRUG AND ALCOHOL PREVENTION AND AWARENESS

All incoming students are required to complete a Wellness orientation online training that addresses issues of alcohol and drug use, safety in the city, mental health services, and sexual misconduct before arriving on site, followed by a one-hour face to face orientation when they arrive at the program.

AlcoholEdu: All incoming freshman at NYU are required to complete the two-part, three-hour online course, AlcoholEdu for College. The course provides students with information about high-risk drinking behaviors and associated harms, debunks myths about college drinking, and directs students toward tools and resources for staying safe and looking out for friends such as Action Zone Bystander Intervention and the Wellness Exchange hotline. Incoming students are required to complete the first part of AlcoholEdu prior to their arrival in the Fall semester. The second part of the course tests knowledge retention and must be completed six weeks into the Fall term. Failure to complete AlcoholEdu affects students’ spring semester course registration.

SEXUAL MISCONDUCT, RELATIONSHIP VIOLENCE, AND STALKING

PREVENTION AND AWARENESS

All students enrolled at each of NYU’s Global Academic Centers completed an interactive, online training module that provides education related to sexual harassment, sexual assault, dating violence, domestic violence, and stalking. Students are advised on where to go to receive free and confidential assistance and on where to go to make a formal report to the University if they experience this type of violence. The module also addresses the importance of obtaining consent for sexual activity, and bystander intervention. After completing the online component of the module, students participated in active debriefing seminar with local Student Life and Wellness staff during which they can learn more and ask clarifying questions, particularly around issues of obtaining consent for sexual activity.

The Think About It online educational program, which is mandatory for all students, helps ensure that students understand their rights and responsibilities in the important area of sexual misconduct. The online educational program is mandatory for the entire NYU student body attending any of the three NYU campuses (New York, Abu Dhabi and Shanghai) or Global Academic Centers.

This online course examines the interconnected issues of healthy relationships, substance abuse, and sexual violence, among other topics, through a variety of scenarios and guided self-reflection. Student leaders are exposed to an additional layer of training with a mandatory Bystander Intervention or Consent Workshop. Through the participation in these workshops and in their roles as leaders, these important lessons will be spread to their peers.

SECURITY AND ACCESS IN NYU ACCRA HOUSING

All NYU Accra student campus housing facilities are located within the vicinity of the Labone residential area, which is not contiguous to the NYU Accra campus. Housing facilities have uniformed security guards posted 24 hours a day, seven days a week.

The Church Crescent Student Residence has an electric fence, sensor lighting, and closed circuit surveillance cameras (CCTV) that are linked to a security control room. The housing facility uses card-operated access control doors, alarmed emergency exit doors, and panic buttons in all the student rooms that are also linked to the security company’s command center. The guard posts have remote panic buttons, mobile communication radios, and a stand-by generator for use during power outages.

SECURITY AND ACCESS AT NYU ACCRA CAMPUS FACILITIES

The Academic Center has an electric fence, sensor lighting, and closed circuit surveillance cameras (CCTV) that are linked to the security control room. The guard posts have remote panic buttons, mobile communication radios, and a stand-by generator for use during power outages.

Access to the Academic Center and all other facilities on the NYU Accra campus is controlled by the guard at the main security gate. The security guard inspects NYU ID cards and confirms visitors’ identities before permitting entry. NYU Accra staff work at the Academic Center Monday through Friday from 8:30 a.m. to 5:00 p.m., but on occasion work later and on weekends.

SECURITY AND ACCESS IN NYU BERLIN HOUSING

Students studying at NYU Berlin have two housing options: apartments in a non-campus Student Residence or in a non-campus Apartment Hotel.

Security service at the Student Residence is provided by a contract security company, 24 hours a day, seven days a week. Every student who enters the Student Residence must be identified with an NYU ID card. All visitors and guests are registered with security.

The Apartment Hotel has a reception desk that is staffed at all times. The building is accessible via the front door, which is locked at night. There is one additional entry door through a parking garage that can only be accessed via a secure card swipe system and students have individual key cards for access to their apartments.

SECURITY AND ACCESS AT NYU BERLIN FACILITIES

The NYU Berlin academic and administrative offices and student classrooms are located within the Kulturbrauerei. The operating hours vary according to semester needs. The building is officially closed and secured at 10:45 p.m.

The NYU Berlin St. Agnes is a non-campus building that houses studio art space, performance areas and classrooms. Weekday operating hours vary based on program and course requirements. During hours of operation, the building is accessed by the use of an electronic card reader and NYU ID Card. The building is closed on Saturdays and Sundays. During special events, security services are performed by security staff. Berlin staff is responsible for the development and enforcement of the facility’s access policies.

SECURITY AND ACCESS IN NYU BUENOS AIRES HOUSING

Students studying at NYU Buenos Aires are housed in approximately seventy-five (75) University-provided homestays, which are spread throughout the city of Buenos Aires—mainly in the Palermo, Barrio Norte and Recoleta neighborhoods. Starting fall 2017, a limited number of NYU Buenos Aires students have an alternative housing option available to them at the Concord Callao Residence Hall. These on-campus temporary apartments are located in the exclusive Recoleta district and Metro and bus lines are within walking distances. The front desk is staffed 24 hours/7 days a week and controls access to the main door. Residents are issued an electronic key card to access their individual rooms. There is camera surveillance on the main entrance, common areas (pool, laundry room and gym) as well as the garage and the outdoor area of the apartment building.

SECURITY AND ACCESS AT CAMPUS FACILITIES

NYU Buenos Aires Anchorena
The operating hours for the site are Monday through Thursday from 8 a.m. to 12 a.m., Friday from 8 a.m. to 10 p.m., and Saturday/Sunday from 10 a.m. to 10 p.m. Non-semester hours are Monday through Friday from 8 a.m. to 8 p.m.

The front entrance is the primary means of entry and exit for the building and remains locked during operating hours. The guard is posted immediately inside the lobby entrance area. Personnel must be buzzed in by the guard and display their NYU ID card to the guard for entry. Visitors, guests and deliveries must report to the guard for entry.

There are external security cameras at the entrance and placed throughout the interior of the building. Camera video is monitored at the security desk by the guard and recorded for investigative purposes. There are panic buttons placed in all bathrooms and at the security desk. The secondary means of egress are secured by motion detectors and are locked when there is no one in the building. The main entrance is locked and monitored by an alarm system after hours.

ICAPA BUILDING ANCHORENA

NYU Buenos Aires leases classrooms in the ICAPA building (Aeronautical Personnel Training Institute) located a half a block from the Academic Center. The number of rooms rented by NYU Buenos Aires varies by semester. Access to the building is controlled by the ICAPA receptionist, who opens the magnetic lock on the front door via buzzer and authorizes access to classrooms and ICAPA administration offices. The ICAPA building is open from 9 a.m. to 7 p.m. Monday to Friday and has security cameras that are controlled and accessed by ICAPA management. Classrooms rented by NYU Buenos Aires are for use by NYU staff, faculty, and students; they are kept locked when not in use.

SECURITY AND ACCESS IN NYU FLORENCE HOUSING

Students studying at NYU Florence have a variety of housing options, including on-campus dormitories, non-campus residences, and homestays. The on-campus housing, Villa Natalia and Villa Colletta, is located on the campus grounds. Access to on-campus housing is achieved through card readers, security staff posted at the front gate and inside Villa Natalia and Villa Colletta, and a security alarm system.

Students must show NYU Florence identification to the security staff in order to gain access. The gate is staffed 24 hours a day, seven days a week. The Villa Natalia reception is also staffed 24 hours a day, seven days a week when the program is in session. The Villa Colletta reception is staffed 24 hours a day, seven days a week when the building is occupied. Security technology includes cameras, card readers placed both on entrances and on floors where students live, and panic buttons in the gym and in the student lounges.

In addition to the security staff at the reception areas and gate, there is a roving guard who surveys the entire estate 24 hours a day. The roving guard also does daily checks in the area between the Villa Natalia gate and the nearest bus stop. Other entrances to the campus property are locked and/or automated and monitored via video cameras. On the campus property, card readers are used which allow access only to staff and students who live or work in these facilities. When the program is not in session, the street gate is closed and locked, and visitors must call or ring a bell to speak to security staff to be admitted.

A listing of non-campus housing locations is provided to NYU Public Safety. In most non-campus properties, the main building doors are locked 24 hours a day. In buildings with offices that require the main doors to be open during operating hours, the doors are locked at night and on weekends. Students must access the buildings and individual living spaces using their keys. Some buildings may have daytime porters hired by the building administration. Guests are permitted between 7:00 a.m. and 11:00 p.m. There is an off-campus roving guard that checks NYU non-campus housing buildings between 9:00 p.m. and 7:00 a.m. each night when students are assigned to non-campus housing. Students are responsible for their guests’ access and behavior. The Office of Student Life staff enforces policies related to responsible access to non-campus housing.

SECURITY AND ACCESS AT CAMPUS FACILITIES

The hours of operations for campus services vary. The Office of Student Life is open Monday through Friday from 9:00 a.m. to 5:00 p.m., but staff is present in the office from 9:00 a.m. to 6:00 p.m. The Academic Center is open Monday through Thursday from 8:00 a.m. to 8:30 p.m., and Fridays from 8:00 a.m. to 6:00 p.m. The academic offices are open Monday through Friday from 8:00 a.m. to 5:00 p.m. During the Fall and Spring semesters, Villa Ulivi
Villa Sassetti is a conference center that is also used for classrooms, events, and office space. The building is locked, and access is controlled via a key or card reader unless class is in session, in which case the door is open. Security technology includes surveillance cameras, a security alarm system, and an intercom system. Opening hours vary based on class times. Offices in this building are open Monday through Friday from 8:00 a.m. to 6:00 p.m. Students access the facility through the Villa Natalia gate and walk through the campus internally to arrive at Villa Sassetti. The gate utilized for access is that of Villa La Pietra (see above); the main gate to Villa Sassetti is locked and accessible by guards or staff only. A security alarm, connected to the Villa La Pietra guard post and the security company’s command center, is activated when the building is closed.

Villa La Pietra is a house museum and office building with classroom space and guest accommodations. A 24-hour armed security guard monitors the building, surrounding grounds, and controls access of the main gates, garden, and building doors. A porter is present at night and during the weekend when more than three guests are in residence. Security technology includes surveillance cameras, a security alarm system, and an intercom system. The security alarm is activated when the offices or the museum are closed and is connected to the security company’s command center. The administrative offices are open from 9:00 a.m. to 6:00 p.m. from Monday through Friday.

Students enter the property through the Villa Natalia gate or in some cases through the Villa La Pietra gate and walk through the campus internally to arrive at Villa La Pietra, where access is then controlled by the security staff.

The main gate is located at Via Bolognese 120. Security staff is stationed at the guard post at the main gate from 7:00 a.m. to 11:00 p.m. daily. All gates are locked, automated, and controlled remotely by the armed security guard inside Villa La Pietra. An additional internal automated gate is locked when offices are closed and the building doors are locked except when events or tours (which are always upon reservation) take place, in which case, a guard or staff member is stationed at the entrance. Secondary means of ingress to the building are locked and must be opened by guards or staff.

SECURITY AND ACCESS CONTROL IN UNIVERSITY HOUSING

In 2020, a majority of students lived in NYU London’s two on-campus residences—Byron Court and Guilford House. Both residences have plaques by the main entrance stating that they are NYU residences. Byron Court and Guilford House each have a single main entrance which are on a main street. Access control procedures are almost identical at both residences.

Students can access the residences by swiping their validated NYU ID card on a card reader located by the front doors of both buildings. They are provided with keys to the door to their assigned apartment, which is otherwise locked at all times. Once inside the building, students have to show their ID cards to security staff members, who enforce site access and are located at the front desk in the reception area 24 hours a day. Visitors and guests must report to reception and sign the visitors’ book. Surveillance cameras are located throughout the communal areas of the residence. Video is monitored by security staff and is recorded for possible future use in investigations.

There are a number of non-NYU affiliates living on the first floor of the Byron Court residence; they are private tenants who have lived in the building for many years. The non-NYU affiliates share the first floor with several apartments which are frequently used by NYU visitors, and one student apartment.

NYU London students are also housed every semester at the non-campus Urbanest King’s Cross residence facility, situated in the King’s Cross area of London. The building has a single entrance which can only be accessed with a key fob. Security staff is posted at the reception desk in the lobby.

In Spring semesters, NYU London contracts additional bed spaces at other housing facilities due to increased enrollment. In Spring 2019, the on-campus Scape Bloomsbury residence was utilized. In Spring 2020, the non-campus Stay Club Kentish Town will be utilized. The building has a single entrance which can only be accessed with a key fob. Security staff is posted in the lobby area at a reception desk.

Urbanest, Scape, and Stay Club are responsible for developing and enforcing access control policies. The main entrance to each building is on the main street, and the doors to enter the buildings are accessible 24/7. Once inside the lobby area, there are key fob readers which provide access to the main building and to use the elevators. There are multiple security monitoring rooms, with CCTV outside and inside of the building. Regular patrols are carried out within the residence hall corridors and communal areas throughout the day and night. Students can seek assistance from staff who work on site during set office hours, and from the reception desk which is staffed 24 hours a day. Additionally, NYU London had one student RA living on site to assist students with any problems or emergencies. Visitors and guests have to show identification and sign in with security staff in the presence of the resident they are visiting to gain access to the buildings.
SECURITY AND ACCESS AT CAMPUS FACILITIES

NYU London Academic Centre

The NYU London Academic Centre contains central administrative staff offices, classrooms, student facilities, and faculty offices. During the semesters, the Academic Centre is open Monday through Thursday from 8:00 a.m. until midnight, and on Friday from 8:00 a.m. to 9:00 p.m. (with extended hours during the exam periods).

The front door to the Academic Centre is kept closed during the opening hours. Security personnel are located at the front desk in the reception area. Access to the facility is achieved either through swipe card entry with validated NYU ID card or through alerting the front desk staff by the outside buzzer and the staff activating a door release after obtaining satisfactory identification. Visitors and guests must report to reception for entry.

Surveillance cameras are located in the reception area and throughout corridors on all floors. The main entrance door is locked when the facility is closed and an alarm is set. The desk is always staffed during opening hours and the reception desk telephone number is provided to students as an emergency number.

School of Oriental and African Studies

NYU London students can enroll in courses at the School of Oriental and African Studies (SOAS), located at the University of London. This exchange happens in the fall semester and students can select from three courses in the Languages, Cultures and Linguistics Department. The front door to the main SOAS facility is closed during opening hours. Access is achieved when student and faculty ID cards are shown to security staff members, who enforce site access and are located at the front desk in the reception area. SOAS is responsible for developing access policies and also for enforcing them, as well for security technologies, maintenance protocols, and procedures for accepting deliveries, guest access, and all other policies pertaining to the use of the academic building. Any problems are usually reported directly to reception staff at SOAS, or to a member of staff at NYU London to resolve with SOAS via Security (part of Estates and Facilities) on 020 7898 4900.

Birkbeck College, University of London

NYU London rents laboratory space for Biology classes at Birkbeck College. The front door to the facility is closed but not locked during opening hours. The laboratory doors are kept locked and access is controlled by the Lab Manager. Security personnel staff the front desk in the main reception area. Birkbeck College is responsible for developing access policies and also for enforcing them, as well as for security technologies, maintenance protocols, and all other policies pertaining to the use of the academic building.

University College London

At University College London (UCL), NYU London rents laboratory space for Chemistry classes. The front door to the facility is closed during opening hours. Security personnel staff the front desk in the reception area check IDs and sign in those without UCL ID. UCL is responsible for developing access policies and also for enforcing them, as well as for security technologies, maintenance protocols, procedures for accepting deliveries, guest access and all other policies pertaining to the use of the academic building and laboratory spaces.

SECURITY AND ACCESS IN NYU MADRID HOUSING

Students studying at NYU Madrid have two housing options. They may live in homestays at which they pay rent directly to the home owner, or, as of Fall 2016, they may live in a non-campus residence hall, Claraval Residence. The majority of NYU Madrid students live in apartments in the residence hall, which is a single building dedicated to housing for international and Spanish students currently enrolled in tertiary education courses of study. NYU contracts for use of the building and all of its services with a third-party company.

Residence staff posted at the main entry control access to the building from 8:00 a.m. to 8:00 p.m. daily, and guards control access from 8 p.m. to 8 a.m. Students receive keycards that open the front door and their assigned apartments. Visitors and guests must report to the reception desk for entry.

Guards conduct regular patrols within the residence hall corridors and communal areas throughout the day and night. Surveillance cameras are located throughout the communal areas of the residence; video footage is monitored by security staff and is recorded for possible future use in investigations.

SECURITY AND ACCESS AT CAMPUS FACILITIES

In January 2019, the Academic Center moved to a newly renovated 4-story building located at Calle del Barquillo, 13, Madrid in the neighborhood of Chueca, near Gran Via and Recoletes Streets. The building hours are 8:15 a.m. to 9:30 p.m. Monday through Friday. The building’s street entrance is unlocked during normal operating hours and NYU personnel must use their NYU ID card to tap into the foyer lobby door before being able to access the main area of the building. All visitors must use the intercom at the lobby door in order to be buzzed in by the security guard and must register at the security desk. Security is present at the front desk while the building is open.

There are 24-hour surveillance cameras on the premises, as well as an alarm system that is activated at closing. There are panic buttons in the bathrooms. Secondary means of egress that lead out onto the street are doors equipped with panic bars, and cannot be opened from the outside.

SECURITY AND ACCESS IN NYU PARIS HOUSING

Students studying at NYU Paris have a variety of housing options. NYU Paris has housed students in the Residence Montsouris since Fall 2015. The non-campus residence hall is reserved for NYU students only. It is protected with security cameras and access is controlled by keyed and coded entries. The front entrance is staffed 24 hours a day/7 days a week by a residence staff member and by a security agent at night. Students are housed in individual studios, singles in a suite, and double rooms.

A majority of students live in non-campus residence halls that they share with local students: Fondation des Etats-Unis (FEU) and Maison de l’Ile-de-France (MDIF), residential buildings located within the Cite Internationale Universitaire de Paris (CIUP) and Rose de Cherbourg residence in La Defense, a new residence hall option made available to students in Spring 2019. NYU contracts with a third-party company for use of the single rooms and all of its services. Buildings are protected with security cameras and access is controlled by keyed and coded entries. The FEU front entrance is closed at night and students can have access through the Cite Universitaire security entrance after 1:15 a.m. MDIF’s front entrance is staffed by a residence staff member from 8:00 a.m. to 8:00 p.m., Monday through Friday and from 8:00 a.m. to 12:00 p.m. on Saturdays. A security agent is at the reception desk during all other times. Rose de Cherbourg (La Defense) front entrance is staffed by a residence staff member from 8:00 a.m. to 5:00 p.m., Monday through Friday. A security agent is at the reception during all other times.

A number of students live in homestays throughout the city, which they rent directly from the homeowner. In 2017, the program discontinued the use of studios and shared apartments, which were also rented directly from the homeowner. Also in Fall 2017, NYU discontinued use of a contracted residence hall operated by the Estudines group and located in Eastern Paris.

SECURITY AND ACCESS AT CAMPUS FACILITIES

The NYU Paris Academic Center is located in the 5th Arrondissement, an area that is home to many French universities. The Academic Center is open from 8 a.m. to 8 p.m. The building is closed on Saturday and Sunday.

Access to the Academic Center is controlled by electronic card reader on the main entrance doors as well as card readers on the elevators and stairwells. There are two full-time guards at the entrance of the building to monitor entry, visitors and deliveries. Access to the facility is achieved either through card entry with validated NYU ID card or through alerting the security desk staff by the outside buzzer and the guard activating a door release after obtaining satisfactory identification. Visitors and guests must report to reception for entry. Surveillance cameras are located in the main lobby and reception area and throughout corridors on all floors. The main entrance doors are locked when the facility is closed and an alarm is set which is connected to the security company’s command center.

SECURITY AND ACCESS IN NYU PRAGUE HOUSING

Vinohrady, Prague, Building #1 (Machova): NYU Prague leases the entire non-campus building for residential use by its students. Access is achieved by a magnetic chip and/or by buzzing a security guard who is posted at the front entrance. An NYU ID card must be displayed upon entry. Guests must sign in with the security guard. The security office at this residence hall is staffed 24 hours a day. Students may only access the facility through the front entrance.

Vinohrady, Prague, Building #2 (Slezska): NYU Prague leases the entire non-campus building for residential use by its students. Access is achieved through a security guard who is posted at the front entrance. Students must display their NYU ID cards upon entry and be buzzed in. All guests must sign in with the security guard. The security office at this residence hall is staffed 24 hours a day. Students may only access the facility through the front entrance.

Holesovice, Prague (Osadni): NYU Prague leases the entire non-campus building for residential use by its students. Access is achieved through a security guard who is posted at the front entrance. Students must display their NYU ID cards upon entry and be buzzed in by the guard. All guests must sign in with the security guard. The entrance to the residence is located within the building’s main courtyard entryway. Security cameras monitor the residence and courtyard main entrances as well as the courtyard area. Security camera video is monitored and recorded in the security guard’s office. The courtyard main entrance is not locked however; the guard is on-duty 24 hours a day.

SECURITY AND ACCESS AT CAMPUS FACILITIES

NYU PRAGUE ACADEMIC CENTER

The Academic Center is open Monday through Thursday, from 8:30 a.m. to 7 p.m., and on Friday from 8:30 a.m. to 5 p.m. The entire building is leased by NYU Prague.

Access to the Academic Center is achieved by buzzing a security guard who is posted at the front entrance. Students must display an NYU ID card in order to be buzzed in by the security guard. All guests must sign in with the security guard.

The security office is staffed on Monday through Thursday, from 8:00 a.m. to 7:00 p.m., and on Friday from 8:00 a.m. to 5:00 p.m. One security camera monitors the front entrance of the building; the camera monitor is located in the security guard’s booth. There is only one entrance to this building, and it is locked overnight by key.
NYU ADDITIONAL CLASSROOM SPACE

This building is open on Monday through Thursday from 8:30 a.m. to 7:00 p.m., depending on the class schedule. NYU Prague is currently leasing only the first floor of the building.

Access is achieved through a security guard who is posted at the front entrance. Students pass the security guard, walk up to the first floor reception area, and type a code into the keypad next to the door to gain entrance to NYU space. An NYU employee is posted at the floor entrance. All guests must sign in at the reception area with the NYU Prague staff member. The first-floor reception is staffed during opening hours only, Monday through Thursday from 9:00 a.m. to 7:00 p.m. The main entrance/security office is staffed at all times. Security cameras observe the building area and the security camera monitor is located in the security guard’s booth.

The first-floor entrance to the NYU leased space is locked overnight. The main entrance stays open and is staffed overnight. The secondary entrance is locked at all times.

SECURITY AND ACCESS IN NYU SYDNEY HOUSING

Students enrolled at NYU Sydney all live in a single non-campus building dedicated to housing for international and Australian students currently enrolled in tertiary education courses of study. NYU contracts for use of the building and all of its services with a third-party company. Staff posted at the entry to the residence survey access to the building. Building staff issue keycards for tenant access, and visitors may be admitted by reception staff. Guests can be admitted through the building by front desk personnel during the hours the desk is staffed. When the front desk is not staffed tenants must go to the lobby to provide guests with access to the building. There are surveillance cameras throughout the building. Video streams to the back office and to the Duty Manager's computer.

SECURITY AND ACCESS AT THE ACADEMIC CENTER

The operating hours for the Academic Center are from 8:00 a.m. to 8:00 p.m. Monday through Friday. Tenants and students gain access to the building with keycard fobs. Guests must sign in with the security officer and are required to stay with their hosts for the duration of their visits. Spaces on each NYU level are secured by additional NYU-only keycard readers. Security cameras are placed throughout the building. The video camera feed is saved remotely and retained for investigative purposes.

SECURITY AND ACCESS IN NYU TEL AVIV HOUSING

Students studying at NYU Tel Aviv must reside in the on-campus NYU Tel Aviv housing. The Residence Hall is located at 36 Bnei Dan Street in the “Old North,” a neighborhood in northern Tel Aviv, and provides 24-hour concierge/security services. Students must present their NYU ID cards to gain access, and visitors are required to provide proof of identity. Students must also enter a code to open the gate to the Residence Hall after passing security. Besides security personnel, the NYU Residence Hall also provides live-in Resident Assistants. Students report problems to NYU Tel Aviv staff members either by email, phone or in person, depending on availability and time of day. Students may call staff members’ cellphone numbers at any time necessary.

SECURITY AND ACCESS AT CAMPUS FACILITIES

In December 2017, the NYU Tel Aviv classrooms and administrative spaces moved to a new building. The NYU Tel Aviv Academic Center is also located in the Old North of Tel Aviv, less than five minutes away from the residence hall. The Academic Center is open to students, faculty, and staff Sunday through Thursday from 8:00 a.m. to 8:30 pm. A security guard is present at the main entrance during operating hours and an NYU ID is required for access to the building, which is controlled through the use of an electronic card reader.

SECURITY AND ACCESS

NYU Washington, DC administrative offices, classrooms and student housing are all situated in the same facility.

Students studying at NYU Washington, DC reside at the NYU Washington, DC facility. This facility has 24 hour guard service and access to the building is by NYU ID cards for students and staff, and by government issued photo ID or photo IDs from other higher education institutions for authorized guests of students wishing to visit. The main entrance is open Monday through Friday from 7:00 a.m. to 9:00 p.m. and is automatically locked for card access only from 9:00 p.m. to 7:00 a.m. each weekday night and all day on weekends. Access to the all individual floors is controlled by the NYU ID card and is based on user authorization level.

The facility has an extensive surveillance camera system covering appropriate interior and exterior locations, which records the images for retrieval and investigative purposes. A rear dock loading gate is kept locked to restrict access to the parking spaces and back building entrance.

Students report problems to NYU Washington, DC staff members either by e-mail, phone or in person depending on availability and time of day. The emergency phone (formally duty phone), which is staffed 24 hours a day, seven days a week, can be reached by students as well. Students also have the option of contacting the NYU Public Safety Command Center in New York City.

The official academic operating hours of the site are Monday through Friday from 9:00 a.m. to 5:00 p.m., but one full-time and four part-time staff members live on the premises and are available to the students when they are in the residence.

**FOOTNOTES:**
*On-campus residence halls statistics are a subset of the overall on-campus totals.
**There were no non-campus locations in 2017, 2018, and 2019.
***Totals reflect on-campus and public property statistics.
- In 2017, 2018, and 2019 there were no hate crimes.
- These statistics capture reports of allegations of the types listed above [including anonymous reports] that have been reported in 2019 and collated in New York City for the purpose of this report. These statistics do not represent findings of any University investigative or judicial processes.
