Hello from Your Student Body President

Hi everyone,

We want to better connect and engage with you, the student body. To do this, we are going to be informing you via monthly updates about the initiatives we are working on and how your voices can be heard. I hope you like this newsletter and please feel free to reach out to us with any questions or concerns!

Take care,
Michael Hengerer

**STUDENT GOVERNMENT UPDATES**

**Get Involved and Become a Senator!**

There is a vacancy in an Alternate Senator at-Large position and YOU can fill it! Senators at-Large serve alongside School Senators to encompass the student voice of NYU and provide the opportunity for communities outside of school councils to be represented such as students living off campus, athletes, and first generation college students, just to name a few! Check out the application found below.

**MORE INFORMATION**

**Conference Funding Applications: Now Open**

The Student Senators Council’s Conference Fund is now accepting applications. The Conference Fund, which is
celebrating its third year, has doubled the funds available to undergraduate and graduate students attending or presenting at conferences. More information about the application can be found by clicking the link below.

NYU's Affordability: It's a Big Problem

The cost of attending NYU is one of the most pressing issues for many students. This year, Student Government has convened a task-force to find specific ways to make NYU more affordable. The agenda items include increasing financial transparency and information sharing on opportunities NYU offers that helps make student life in New York City more affordable. The task force also has non-student government membership.

Sustainability

The Sustainability Task Force combines the expertise of students on Student Government as well as environmental leadership on campus to address issues of sustainability on campus as it pertains to student life. We collaborate with the environmental organizations on campus, as well as with the department of Environmental Studies and the Office of Sustainability to support and achieve collectives goals that will increase and perpetuate sustainable actions on campus.
Gender

For the current academic year, the Gender Understanding & Inclusivity Task Force is committed to exploring issues around gender that exist at NYU and taking action to alleviate these issues and better the student experience. We have identified several areas where improvements can be made, such as: increasing gender-neutral bathrooms & locker rooms, updating the housing portal to better the gender neutral housing system, and increasing the opportunities for everyone at the university to learn about what gender is and isn’t. We are still looking for feedback and opinions from the student body, so if you have any questions, comments or concerns, please feel free to reach out to student.government@nyu.edu

In Case You Missed It: John Sexton Town Hall

Last month President Sexton joined us for his last ever Town Hall. Students had the
opportunity to ask John anything and everything. We talked about all the hot button issues, “Abolish the Box,” NYU Divest, financial aid and the academic calendar. John also addressed the issue of space and crowded facilities. To close, we got to hear a little bit about John’s plans after the semester. We look forward to having these same opportunities with Andy!

Comments, Questions, or Concerns?

For comments, concerns, or questions, please reach out to NYU Student Government at student.government@nyu.edu, online at nyu.edu/studentgov/, or visit us in-person during our listed office hours below:

Student Government Office Hours
Kimmel 708
Mondays 8:30am-9:30am
Wednesdays 5pm-6pm
Thursdays 12:30pm-1:30pm
University. We advocate for and represent all students on new initiatives and problems at the university.
