NYU Connect for Students: Dashboard

1. Select the NYU Connect menu and click “Dashboard.”

2. The Dashboard displays your upcoming appointments, and any To-Dos, Referrals, Kudos, and Flags.
3 **To-Dos** offer ideas and suggestions to help you stay on track for important milestones such as applying for graduation, planning for a career, etc. You can receive a To-Do from someone in your network.

4 **Referrals** will connect you to other NYU resources that can best meet your needs.

5 Receiving a **Kudos** is a way for your network to acknowledge and celebrate your achievements and effort on important milestones. Congratulations!

6 **Flags** are important notifications from your professor or advisor if they have a concern, an opportunity to share, or advice about how to stay on track academically. You will receive an email if there is a flag letting you know of resources and/or next steps.
