Answer all questions but you can answer some of the questions very briefly, devoting most of your space to one or two questions.

1. What is the difference between first order and higher order theories of consciousness?
2. Give one advantage and disadvantage of each.
3. Which do you prefer and why?
4. Pick one of Lau’s and Brown’s arguments for the higher order perspective. Say what the argument is, what Block’s reply is and what side you favor and why.
