** Selected by Advisement

‡ 6 terms required

---

*The required global component of the major will most often take the form of a semester abroad.

These options include participating in a 2- term or summer study abroad program, participating as a research assistant on an internationally focused faculty research project, interning at an international NGO,
or some other substantive, enriching, globally focused learning activity beyond the classroom.

However, students who are unable to study abroad for a semester may complete the requirement through one of several options, by advisement.

Exceptions to the study abroad requirement may be made on an individual basis, upon permission from the Program Director.
